I enjoyed peering into the mind of M, M to get a better idea about his motivations in representing himself as an artist, However I came across this book on recommendation by a trusted friend, Regardless I pushed on and only a few pages in it's covered, In his twenty nine years rock idol Manson has experienced than most people have (or would want to) in a lifetime: Illustrated with dozens of exclusive photographs and featuring a behind the scenes account of his headline grabbing Dead to the World tour. I found the initial 2/3rd of the book interesting. The last 3rd felt like filler. If your curious read it. The cover alone almost scared me away. A very intriguing and interesting human.
