Excellent layout very useful for homing in on appropriate words and phrases, **Roget's thesaurus**
 The paper quality was not up to the standard I am used to and was a disappointment, **Roget's**
thesaurus It retains all marks that have made Roget's International Thesaurus® the most popular
 word reference book next to the dictionary, **Roget's thesaurus** Peter Mark Roget's first edition in
 1852 was the development of a brand new principle: the arrangement of words and phrases

according to their meanings[1]

Improved in many ways for the 8th Edition. Glad they brought back the index which is essential. Love the fonts as large enough and easy to read. Worth upgrading from earlier editions. This quality at this price is always happily acceptable. It will be helpful than any other thesaurus or dictionary. The revolutionary achievement of Dr. Dr. Roget's International Thesaurus 8th Edition.
