

Writing Deep Point of View: Professional Techniques for Fiction Authors: Volume 13 (Writers Craft)
 By Rayne Hall 00 Paperback Do you want to give the readers such a vivid experience that they feel the events of the story are real and they're right there? Do you want them to forget their own world and worries and live in the main character's head and heart? This book reveals professional techniques for achieving this step by step. Writing Deep Point of View: Professional Techniques for Fiction Authors: Volume 13 (Writers Craft)

A great instruction manual for writers exploring writing in the deep POV (point of view),

This is the fourth Rayne Hall book I've read and it has improved my work dramatically. I was averaging a university grade of low sixties now I'm certain to get a first in my Masters: These are my go to guides as they're easy to read (we all need that when the late nights Kindle Edition £0: 00 Paperback Explains deep point of view in a succinct way with lots of examples for clarity. 00 Paperback I have read a few books on this series: They dispense with the theory and get straight in to advising you what to try and what to avoid: They can be read in less than 2 hours then you can go to your manuscript and start making powerful changes, The book contains some great advice and examples showing how to write in deep point of view and the pitfalls to avoid, Some of these tips and examples illustrate the difference between common novice errors and the correct way to use deep point of Kindle Edition £0: 00 Paperback I'm a seasoned writer with a couple of books already on Kindle but you can never stop learning, I felt my Point of View could use depth and Rayne has provided a number of ideas to achieve that: I'll be using some of those ideas on my WIP when I edit and I'm sure the Kindle Edition £0. Although a small book it's packed and is worth adding to your writing library! Highly recommended! Kindle Edition £0, 00 Paperback Rayne Hall writes really useful and insightful pamphlets on a wide variety of writing topics, This is yet another star in the firmament of her writing universe: She creates one for every area of writing and I always keep my eyes peeled for the next gem: Writing deep POV sounds obvious but it is often overlooked or skimmed, But Rayne (as usual) gives well structured advice and clear examples. Kindle Edition £0. Kindle Edition £0.00 Paperback Short but to the point. Her insights have Kindle Edition £0.00 Paperback Another really useful book from Rayne. It's harder than it looks to use it consistently. Kindle Edition £0.00 Paperback.
