

Sharing Good Times By Jimmy Carter **Book Sharing Good times** The final year of his presidential tenure was marked by several major crises including the 1979 takeover of the American embassy in Iran and holding of hostages by Iranian students a failed rescue attempt of the hostages serious fuel shortages and the Soviet invasion of Afghanistan. **Book Sharing Good times union** In this wonderfully evocative volume Jimmy Carter writes about the things that matter most the simple relaxed days and nights that he has enjoyed with family and friends through the years and across the generations. **Sharing Good Times pdf converter** Here are lively witty accounts of exploring the outdoors with his father and with black playmates; making furniture; painting; pursuing new adventures and going places with children grandchildren and friends; and sharing life with his wife Rosalynn. **Sharing Good timesys factory** Sharing Good TimesI have mixed views of this book which details many of President Carter's travels and adventures in his post presidential years including both he and Rosalynn learning downhill skiing and mountain climbing after he turned 60. **Sharing Good timesys factory** It also has a bit of the quality of look what I did that you can't do approach -- like being hosted at a Shah's elaborate ski lodge or being able to go fly fishing at special places with some of the world's best anglers. **Book Sharing Good times** But also on display is Jimmy Carter as a link between the old south and the modern world Jimmy Carter as a humanitarian impacting tens of thousands of lives across the globe and Jimmy Carter loving patriarch of his family. **Sharing Good timesys vigiles** Rosalynn is usually at my side when I am mediating taking detailed notes writing down every sentence on which there is agreement and joining in the discussion or passing me written suggestions. **Sharing Good Times booklet** English This is probably the most inconsequential of Carter's "mini-memoirs" having little of the timeless insight of say "An Hour Before Daylight" and covering some of the same ground. **Politics Sharing Good times square** He's not above using the perks of his reputation to get a private tour of a world-famous museum that's closed for renovations or to get a private nature tour in between overseeing third-world elections. **Sharing Good timesys pharmacy** While a lot of the memoir feels a touch like name-dropping (and then the head of the parks department who used to work for me when I was Governor of Georgia took me bird watching. **EPub Sharing Good times union** Carter describes with remarkable honesty what lousy husband he was during his early years of marriage (when he made major decisions without even telling his wife much less considering her opinion) and talks about his process of becoming a partner with his wife and a more full participant in his family life. **Sharing Good Times politics definition** I think he's correct that pursuing with some seriousness these sorts of non-work activities leads to a more fulfilling life and also helps maintain interest and growth during retirement. **Sharing Good Times nonfiction writing** I admire him even more if that's possible! I never knew any of his personal exploits so it was quite interesting to hear about the adventures he has taken with his family -- every generation to date. **Biographies Memoirs Sharing Good timeshare** I was in elementary school and honestly don't think I cared much for him mostly because I thought he had a funny southern accent which seems very superficial of me even as a kid. **Politics Sharing Good times square** English A pretty fun book by President Carter that tells about his childhood in rural Georgia his love of fishing and hunting and nature his family and numerous adventurous holidays that he's taken over the last 60 years in Africa the Himalayas and elsewhere almost always with his wife Rosalynn or the children and grandchildren:

English Jimmy Carter was president back in the years when I really didn't take much interest in who was leading our country, **Sharing Good Times politics definition** I think he was one of the good guys and it's a shame we can't say that about most of our political leaders these days, **EBook Sharing Good times leader** I've not read any of Carter's other memoirs although he has apparently written quite a few. **Sharing Good Times pdfescape** I didn't really know much about his personal life other than the peanut farming business so it was nice to get some background and learn some personal information, **Sharing Good Times booking** But as a memoir and as a book in general the only word that really comes to mind when reading this was that it was very dry. **Sharing Good Times booklet** Perhaps it was because Jimmy himself read the audio & maybe another reader could've given it a little more life. **Sharing Good timesys vigiles** Overall a fairly interesting and informative memoir but definitely not the best I've read. **Book Sharing Good times square** the book centers on family charity and the hobbies of the former President and his family. **Sharing Good timesys vigiles** I loved all of the stories of travels to climb mountains fish bird watch etc, **EBook Sharing Good times leader** Both having their separate lives yet still being very much a couple and enjoying great experiences together along with working to change the world, **Sharing Good Times bookkeeping** The book can jump around a little but the personal accounts are enjoyable: **PDF Sharing Good timesheet** Jimmy Carter is truly inspirational in many ways and I am eager to read more of his writings. **Sharing Good Times politics** English I admire Jimmy Carter for many reasons but I can't get excited about his memoir writing. **Book Sharing Good times square** Too often he gives just the bare bones of a story with little emotion and too few details to make it personal , **Sharing Good timesys factory** which is what I need from a memoir to really learn anything about that individual. **Sharing Good timesys vigiles** I'm keeping Hornet's Nest on my to-read list but might not read any more autobio stuff for a while if ever, **Book Sharing Good timeshare** Carter not only is an accomplished fisherman but is a pretty good runner and mountain climber too.
