How he gathered his team together including Banshee and Storm and how he is trying to both fight the prejudice mutants face from humans and bring mutants and humans together all at the one time.

The uncanny x-men omnibus vol. 2 The Uncanny X-Men: An Origin Story (Marvel Origins) My three month old son was fascinated by the bright detailed pictures and was enthralled as I read the entire book to him - quite a long read for a baby! Like all the picture books in this series this is a lot of fun and seriously quite stunningly illustrated. **The uncanny x men comic book value** The Uncanny X-Men: An Origin Story covers Charles Xavier's journey from childhood to founder of the X-Men and identifies the original team talks about their training then goes into how more mutants were recruited to help find the original team when they went missing. **The uncanny x men comic book value** It's simple enough for my kindergartner to understand -- well except for a passing mention of the astral plane -- but it's not boring; the text is nicely written and the art is great. **The uncanny x men comic book** The Uncanny X-Men: An Origin Story (Marvel Origins) Explaining the X-Men Origins in a format which children can understand is no easy task but this book did it perfectly! The writing was very basic and this made the story very easy to understand. **The uncanny x-men book game marvel book** The illustrations were exquisite and I would like to say a much deserved 'well done' to the Storybook Art Group ! The illustrations made the book very engaging and I could only imagine how much a younger reader would adore them. **The uncanny x-men comic book** This book will definitely be displayed on my bookshelf until I have my own children and can watch as they dive into an epic universe I love! 4/5A full review of this book and another 3 in the Marvel Origins Series will be posted on my blog soon. **The uncanny x-men book game marvel book** I'm a big X-men fan but I never knew Charles' story (I question how much of a fan I am right now if I don't know the story of the CREATOR of the x-men) but I thought that it was such an epic read. **The uncanny x-men omnibus vol. 2** And so he has formed the X-Men-an extraordinary band of men and women including Cyclops Wolverine and Storm-to fulfill his dream and rid the world of violence against man or mutant:
