

Howl at the Moon By LeTeisha Newton Quite a few characters.

Tatiana has been in love with her boss Clyde since the moment she met him three years ago but when she finally has him she realizes her fantasies were much better than reality. It'll take a Fairy GodMother and some help from a smart mouthed angel to make this couple see Happily Ever After! Warning: This book contains heart-stopping voyeuristic alpha male and a woman who is not afraid to show him all she's got! Howl at the Moon

Writing professionally since 2008 LeTeisha Newton's love of romance novels began long before it should have.

As well as with—or without—absolute beauty and fairy tale sweetness: She writes the darker tales because life is hard ... but love is harder. FOLLOW HER ON [{site_link}](#) OUT HER WEBSITE [{site_link}](#) HER ON FACEBOOK [{site_link}](#) HER ON INSTAGRAM [{site_link}](#) HER ON WATTPAD [{site_link}](#) [{site_link}](#) Not a bad read overall. There was just a whole lot going on in the story and all the elements just didn't connect fluidly enough for me, This book isn't identified as a series but it feels as if the story (at least the Aaron/Lea element of it) is to be continued, Howl at the Moon It was a good tale about loving yourself and also learning its okay to be loved by someone even if your are different. I read fast so I had to slow down while reading this one. She's slipped into friends with benefits mode and he's no Prince Charming. Sleeping with Tatiana has awakened Clyde's dormant wolf and now they both have to come to terms with his new side and the unimaginable desire brewing between them. After spending years sneaking reads from her grandmother's stash she finally decided to pen her own tales. As many will do during their youth she bounced from fantasy urban literature mainstream interracial paranormal heterosexual and LGBT works until she finally rested in contemporary romance: LeTeisha is all about deep angst and angry heroes who take a bit loving to smooth their rough edges: Love comes in many sizes shapes and colors as well as with—or without—absolute beauty and fairy tale sweetness: She writes the darker tales because life is hard ... but love is harder: FOLLOW HER ON [{site_link}](#) Writing professionally since 2008 LeTeisha Newton's love of romance novels began long before it should have, After spending years sneaking reads from her grandmother's stash she finally decided to pen her own tales. As many will do during their youth she bounced from fantasy urban literature mainstream interracial paranormal heterosexual and LGBT works until she finally rested in contemporary romance. LeTeisha is all about deep angst and angry heroes who take a bit loving to smooth their rough edges: Love comes in many sizes shapes and colors but a great story, Howl at the Moon Im having a hard time rating this one, Tooo many characters without a back story also it was just too much going on . Fairy drag mother shifters angel best friends and all kinds of wierd interactions.with him gaining redemption at the end of it all. Howl at the Moon 2½ stars. Howl at the Moon Enjoyable read. Confusing and no arc just stuff thrown together . Howl at the Moon.
