

True to the Highlander (Loch Moigh, #1) By Barbara Longley **Book True to the highlander book** She starts irrationally crying at everything and there's one scene where Malcolm literally carries her around and feeds her because she's too distraught and therefore helpless to think straight or take care of herself. **Epub True to the highlander** When you bring a 21st century woman back in time you expect her to have a bit of a backbone right? She's obviously not going to just submit to the 15th century gender norms. **True to the Highlander booker** Alongside good writing and funny moments True to the Highlander was dramatic with a touch of mystery and a lot of Malcolm and Alethia who came to be known as 'True' to Malcolm's clan. **The wickedness of a highlander** Need I say that I love anything that says 'Highlander' hmm? ;) I'm not that big on time-travel theme cause more often than not I end up having to suspend my disbelief to a great level and yet the author was able to avoid the clichés rather well. **True to the Highlander Celtic Fantasy historical figures** Who wants to be known as a 'freak' right? Alethia is not completely comfortable with it but being of mixed origin with her Native American ancestry and heritage to guide her she had had the teachings of the paranormal from an early age. **The wickedness of a highlander** Once she understood to her absolute horror where Giselle had send her and even though his big warrior's body with blonde good-looks threw her completely off-kilter Alethia keeps trying to escape him not knowing what lies ahead of her. **True to the Highlander booking** If just to sort out her life and regroup then escape once she knows what da hell has happened to her! Once at Malcolm's keep it doesn't take a lot for Alethia to feel at home. **Epub True to the highlander** There were plenty of examples like that Malcolm or his clansmen trying to decipher Alethia's 21st century lingo and thinking that the odd sounding words must be something that goes around where she's from. **Celtic Fantasy historical True to the highlander tv** Also tampons an absolute necessity! She finds a pack in her bag and feels rather victorious! With Elaine's help and friendship she also finds new clothes and learns her way about the keep. **Book True to the highlander** On this queue Alethia thinks this would be great if the people here also learn how to communicate through sign language a venture that proves to be successful with many if not all. **True to the Highlander ebook reader** When the nosy clan members decide that Malcolm is not doing enough to stake his claim on Alethia whom they'd thought a match for him they scurry about finding a new 'suitor' for her. **Her highness and the highlander** When Malcolm finds out he's enraged because all he could think of was the danger she was in that he was about to lose her and their baby because Comyn laird follows her to the gallery and tries to kill her when Malcolm and his men burst in to save her. **True to the Highlander Celtic Fantasy historical stock** And when they do Malcolm finds himself in another kind of trouble something that hurts Alethia so much that she decides to ran and find Giselle then map out her next step so that Malcolm doesn't do anything rash and disappoint his clan's expectations. **True to the Highlander booking** When the leader insists on taking her back to their clan castle can she and her costume fool them long enough for her find her way back to the 21st century? This is an engaging story that I couldn't put down. **Book True to the highlander book** What I particularly loved here in True to The Highlander was how quickly the heroine was thrown back to the 15th century getting the story moving straight away while giving just enough information on Alethia's life in her own time for us to understand her uncanny ability to survive and thrive in such a traumatic situation. **True to the Highlander kindle direct** Although they're centuries of civilisation apart Malcom was forward thinking enough and Alethia tied to her historic roots as a biracial part Native American woman was canny enough to meet him halfway creating one of the sweetest and often times hilarious relationships I've read for a long time! I'm no' a Bossamee \*snort\* Recommended in particular to fans of Karen Marie Moning's Highlander series this is the start of a series not to be missed for all lovers of Scottish Romance with a touch of magic! 4 1/2 Stars □□□□1/2ARC provided by the publisher in exchange for an honest review. **The wickedness of a highlander** But not every clan wishes to see King James back on his throne... Sitting atop this powder keg of bloodthirsty rivalries Malcolm of clan MacKintosh takes the mysterious lone maiden he finds along his road as a bad omen...though an undeniably beautiful one. **Book True to the highlander** Who is this willful lass who has so quickly laid siege to his heart? Alethia Goodsky has met all kinds working at the New

York Renaissance Festival but no one like the fortune-teller who tasks her with a cryptic life-saving mission and flings her into the fifteenth century. **True to the Highlander kindle reader** True to the Highlander (Loch Moigh #1) True to the Highlander is one of those historical romances that can lead you a bit astray with the belief that it is a paranormal romance; I grant you there is a bit of magic involved but so many historical novels were written when magic was more accepted and understood so for me I can't agree with that classification. **True to the Highlander booklet** What I can say is that it was a wonderfully written sensual and spectacular historical romance that takes you back to the time of fairies knights and chivalry where though lives of women were hard there were enough good men in the world to give you hope that love could be found. **True to the Highlander pdf** Alethia is a brilliant and breathtaking character with the will and strength to see her through even the most challenging of life experiences: falling in love with a true highlander. **True to the Highlander booker** There was just enough villainy in this story historically accurate too I might add to give the goodness of the MacKintosh clan a foil and give all those sexy men something to do with their time other than drive the women nuts. **The wickedness of a highlander** I have read a lot of authors still early in their careers but I am happy to have gotten in on the ground floor with Barbara and will be spreading the word about her to all my favorite friends. **True to the Highlander book** I can't wait to find out how she handles Robley and Hunter's stories the next two in the trilogy but I will be sure to keep the tissues and chocolate on hand for those after reading Alethia's story. **True to the Highlander ebooks free** 5 of 5 rounded down because it was supposed to be a \*romance\* This book would have been a craptastic romance between Alpha Jerk (the heroine's own words but stunningly accurate) and Mary Sue (our oh-so-perfect heroine) if not for the book's one saving grace - the amazing secondary characters. **Book True to the highlander toyota** : (How many modern day women do you know that are half Native American play violin well enough to get into Julliard Music Academy (!!)) have an eidetic memory can use sign language even though they are not deaf can hunt with a bow and arrow as well as skin their kills can cure common ailments with locally available herbs - even herbs found in other countries hundreds of years ago have mystical paranormal visions etc . **To conquer a highlander** While she has some good qualities and could have been a likable heroine she's not easy to relate to at all and her oh-so-perfect Mary-Sue qualities did impact how much I was able to enjoy the book. **True to the Highlander epub** **air** \*eye roll\* At one point in the story I did feel sorry for her when she was almost gang raped but more because that's a horrible thing to have happen to ANY woman not because I actually liked Alethia as a person. **Highlander comes a horseman** Their romance was nothing I cared much about or rejoiced over their coming together as I have little concern for either of them beyond if they will care for Hunter (their adopted deaf boy). **The highlander there can be only one** The story focused mostly on Alethia from her POV and so the romance gets a bit lost by too many side story lines with her learning her new environment and taking on a deaf orphaned kid. **True to the Highlander epub** As old rivalries boil over into violence Malcolm must learn to trust Alethia who holds the future of the MacKintosh clan in her hands and as they find a measure of love the threat of Alethia being snatched back to the 21st century looms over them,

## **The wickedness of a highlander**

Independent and sassy compared to other 15th century women - but she still capitulated to Malcolm's demands quite a bit. **True to the Highlander kindle direct** She just fell apart and become the biggest stereotype of a pregnant woman. **Book True to the highlander hybrid** grrr 1477817441 My review contains spoilers and they're mostly my thoughts as I went with the book. **Celtic Fantasy historical True to the highlander toyota** True to the Highlander.

# The wickedness of a highlander

The first half wasn't bad but the second half started to fall apart for me a bit, **The wickedness of a highlander** And of course that's how Alethia is depicted - as being outspoken book 1 of Loch Moigh series was my first book by Barbara Longley. **The wickedness of a highlander** The story itself was so much fun that I cruised through it almost without one frustrating moment: **PDF True to the highlander toyota** I have to admit that I've been on a reading slump lately and this book which I requested rather on whim came as a fresh breath of air, **The wickedness of a highlander** When I requested for this book I had no idea it was a time travel story: **True to the Highlander book** The story though starts with our h Alethia coming out of a Renaissance fair where she was working too: **True to the Highlander book** An orphan Alethia had been gifted with 'visions' since childhood a fact she does everything to hide, **True to the Highlander booklet** She's not in denial about her 'powers' yet she doesn't know what she can actually do about it or with it, **True to the Highlander booklet** The answer sort of falls into her lap when she finds drawn to the tent of Madame Giselle an elderly gypsy fortune teller, **True to the Highlander booking** Alethia had previously tried avoiding her because she could sense something in her that always made her uneasy: **True to the Highlander Celtic Fantasy historically** But with the old woman's rambling about her 'fate' and her role as a savior to someone Alethia becomes confused. **Book True to the highlander toyota** And then she's thrown into the 15th century on the path of one Malcolm MacKintosh the heir to the MacKintosh clan: **EBook True to the highlander hybrid** Malcolm was returning to his home when he and some of his fellow warriors find a woman Alethia on their path; more precisely right in front of Malcolm, **True to the Highlander booker** Because she was wearing consume that looked like a medieval era dress they had nothing to be suspicious of not initially, **Book True to the highlander book** Also Alethia's other belongings the stuff like her violin laptop etc: **Book True to the highlander book** she carried with her was in her bag that laid close by: **EPub True to the highlander hybrid** One warrior a mean looking one named Hugh takes particular interest in her when she regains her consciousness. **Book True to the highlander** He thinks Alethia's reply about her origin is sketchy at best so she's fair game for whatever he wants to do with her, **Highlander the series official site** It also doesn't help that her darker skin and beautiful black hair makes her exotic and very attractive, **Book True to the highlander toyota** Malcolm could attest to that cause he himself starts fighting a pull the moment she's conscious. **The wickedness of a highlander** and then things start happening that made me laugh so hard, **Highlander the series official site** Alethia trying to escape calling Malcolm names in 21st century lingo Malcolm trying to decipher what the hell those means: **True to the Highlander ebooks free** gosh it was one big mass of hilarity!Alethia isn't particularly amused when Malcolm very strictly tells her that she's going home with him. **Book True to the highlander vs** Is he good or a bad guy? Can she trust him? Or the biggest one; where can she actually go if not with him? It's not like she knows anyone here: **PDF True to the highlander toyota** er no Alethia did that to Malcolm (don't ask) and even though she calls him an 'Alpha Jerk' (throughout the story mind you) she is forced to go with Malcolm, **True to the Highlander Celtic Fantasy historical figures** The people are nice and though they have their own suspicions about her identity Alethia isn't made to feel like an outsider. **Book True to the highlander hybrid** Malcolm's younger sister Elaine and their mother Lydia were one of the firsts to welcome her with open arms, **True to the Highlander ebooks free** Alethia vaguely tells William Malcolm's father and Laird to the MacKintosh clan about coming from a far away country, **Book True to the highlander book** Because of her darker skin and exotic looks they believe in her story. **True to the Highlander booklet** Alethia even draws a garbled map of the USA not that either Malcolm or William could understand. **Book True to the highlander toyota** Because her father was the chief of their tribe both Malcolm and William deem her as the daughter of a King: **True to the Highlander book** But they're still not entirely sure of what to make of this situation. **PDF True to the highlander hybrid** Malcolm though makes Alethia his 'responsibility' and demands more

than once that if she ever ever needs anything she should come to him, **True to the Highlander epub.pub** It was just way too funny to find a pouting Malcolm when Alethia wouldn't ask him for something she needed or looking for: **EPub True to the highlander tv** And I loved when Alethia would go 'you're not the boss of me' to anything she deemed Alpha Jerk-ish coming from Malcolm. **True to the Highlander pdf** Malcolm's 15th century ear would translate it as 'you're not the bossame' leaving him wondering what the hell she meant by that: **The wickedness of a highlander** This I absolutely loved in this book; the differences shown between the languages from centuries wayyyy apart with clarity. **True to the Highlander booking** As Alethia tries settling in a plan of escape begins forming in her mind. **The wickedness of a highlander** She hides her bag and all the 21st century stuff very carefully in a trunk in hopes of grabbing them when she leaves. **Book True to the highlander vs** At first she's not sure if she could eat the food the hygiene level becoming a big concern: **The wickedness of a highlander** One thing Alethia doesn't like though is being the Alpha Jerk's responsibility: **EBook True to the highlander hybrid** She's way too attracted to him for her own good so being just a 'responsibility' doesn't sit well: **The wickedness of a highlander** But that was only Malcolm's way of telling her he has started to care for her: **True to the Highlander booker** He was a great guy our Malcolm; a responsible man who loved his family and his clan wit everything he has to give, **True to the Highlander epub file** He knows he needs to marry soon as his parents have been nagging him to do. **Book True to the highlander** and as the days passed the notion of marrying Miss Alethia begin looking quite pleasant to our Malcolm, **True to the Highlander Celtic Fantasy historically** :pIn the meantime Alethia kept thinking why is she actually here. **The wickedness of a highlander** By now she has decided it must be Malcolm who'd need saving at some point, **The wickedness of a highlander** He has already mentioned about meeting Giselle once and the information only proved strongly that she is here for him: **EPub True to the highlander toyota** Malcolm it seems possesses something given to him by Giselle that looks like a match of her piece: **PDF True to the highlander toyota** Alethia was so uneasy about her predicament that she sold her piece to a local man at the first chance she got, **The highlander there can be only one** She also rescues a little deaf boy who has been abandoned after his all the members of his family perished. **Book True to the highlander vs** The boy had no one to call his own and seeing him begging for scraps from the people as they ate Alethia's heart broke for him. **Book True to the highlander hybrid** She knows sign language and decides to teach the boy so that he can at the least communicate with her. **PDF True to the highlander tv** With Malcolm's permission and Elaine's help Alethia takes the boy in revealing his beautiful face after a thorough cleanup: **True to the Highlander pdf drive** She also gives him a new name as no one seems to remember what he was called by his family, **The wickedness of a highlander** Hunter becomes Alethia's shadow in a few days forming an unbreakable bond that came into light the same day she took him in that they can communicate through their thoughts: **True to the Highlander Celtic Fantasy historical figures** He also proves to be very intelligent getting along with sign language that Alethia has been teaching him: **Book True to the highlander tv** Gradually it's revealed that Alethia is a girl of many talents, **Book True to the highlander** A gifted musician Alethia won many fans here including William and Lydia also Malcolm's uncle and aunt Robley's parents, **True to the Highlander Celtic Fantasy historical events** At each festival or gathering Alethia is requested to play her violin a piece of instrument very foreign to the people here, **The wickedness of a highlander** But like everything else they took this as a part of a faraway tradition: **True to the Highlander epubs air** Alethia also starts thinking of doing things helping around to earn their trust: **True to the Highlander booker** Bit by bit she begins falling in love with this land and the people who live in it: **PDF True to the highlander hybrid** But it's her unwavering attraction to the Alpha Jerk is what gets to her, **PDF True to the highlander toyota** I thought Malcolm's appreciation of her was plain to see even if the portrayal was a bit medieval-ish for Alethia's liking, **The wickedness of a highlander** This is also why she'd interpret things in a wrong way leaving her confused about Malcolm's feelings: **True to the Highlander book** William the Laird goes on a mission for King James leaving Malcolm the responsibility of the keep, **Celtic Fantasy historical**

**True to the highlander book** He is accompanied by his brother and sister-in-law so Robley and his elder brother Liam are left with Malcolm to share this immense responsibility. **Book True to the highlander book** Robley's family keep is attacked by another hostile clan Hugh being a part of this treachery, **True to the Highlander booking** He was of course trying to bite the MacKintosh arses cause he was kicked outta here for his vile nature. **Book True to the highlander toyota** Malcolm leaves home for days and takes care of it showing that he's indeed a fine warrior, **A highlander for hannah** She of all people knows what it feels like to fall in love so unexpectedly: **The wickedness of a highlander** Poor Liam fell in love with Mairén the daughter of the Laird of Comyn's the arch enemy of the MacKintosh, **True to the Highlander booking** They're truly in love and the girl is entirely innocent of any treachery her father and clan have been responsible for in the past: **Book True to the highlander** But Liam has no idea how can he save his beloved from her piece of sh!t of a father and worse marry her without any objection, **The wickedness of a highlander** Alethia asks him not to give up and talk to Malcolm for a solution. **True to the Highlander Celtic Fantasy historical figures** Alethia also meets a handsome guy at a fair who seemed distinctly interested in Elaine, **True to the Highlander booker** Upon query she confesses to Alethia that she and Dylan are in love, **True to the Highlander kindle books** William wants his daughter to make a prosperous match love doesn't really play a big role here, **EBook True to the highlander tv** Elaine knows that her man will not bring a lot as a second son hence the prospect doesn't look well. **True to the highlanderone** Moreover William has already made a match in Dylan's clan with his eldest daughter, **True to the Highlander kindle cloud** so again another situation that leaves another couple in a tangle, **Book True to the highlander toyota** Here too Alethia asks Elaine to not to lose hope and if possible to stand up for what she wants so badly. **The wickedness of a highlander** Malcolm hears of it alright which ticks him off rather bad: **The book the highlander** Poor guy! Finally he decides that there's no better time than to marry Alethia just about now: **Book True to the highlander tv** which he does without her even realizing it until after the handfasting is done, **The wickedness of a highlander** Now Alethia should've been incensed and she is for some times but she can't deny her feelings for Malcolm's alpha Highlander ways any longer. **Highlander there can be only 1** There's no say what the future holds and she can only make the best of what she found here; a new home a man and his clan to love and care for, **Book True to the highlander** Things do turn out to be rather smashing for Alethia and Malcolm when their new-found intimacy as married couple brings them even closer. **Book True to the highlander** Malcolm even adopts Hunter as his son not only because he knew this would a requirement if he marries his 'True' but also because he has come to care for the boy: **EBook True to the highlander hybrid** Even though her life seems fulfilled at the moment Alethia can't but worry that someday everything would be torn away from her: **Celtic Fantasy historical True to the highlander** She still doesn't know what is it that she has to do in order to save Malcolm: **True to the Highlander pdf drive** In the meantime a couple of months pass by while they wait for William's return and a priest to visit the clan after the winter months to marry 'officially'. **Book True to the highlander hybrid** Good news fills the MacKintosh keep as Alethia finds out she's expecting Malcolm's baby, **True to the Highlander booking** Just about then King James decrees that the clans stop their eternal feuds the son of the Laird of Comyn comes with an apparent peace offering: **Claimed by the highlander** It only enhances when Alethia keeps having vivid visions the very first for her which are as bloody and gruesome as they can get. **Book True to the highlander tv** All about Malcolm and his men falling into a trap cooked up by the Comyns and being brutally murdered in their hands: **True to the Highlander booker** It was heartbreaking cause she would see the chaos unfolding in front of her yet like a specter could do nothing but watch, **Book True to the highlander** When Malcolm learns of her dream he doesn't brush it aside asking for her help. **Book True to the highlander** After the careful planning what Alethia does is to tell him that she's coming with them: **Book True to the highlander tv** There's also the fact that she's pregnant with the MacKintosh heir. **PDF True to the highlander tv** Soon one day Alethia wakes up to find Malcolm gone already to avoid her tagging after him, **True to the Highlander kindle books** Her own gut feeling is telling her that she's going

to lose Malcolm if she's not present there and solve this puzzling piece of mystery: **The highlander the series** I wasn't sure I liked her taking such a big risk while she's pregnant but soon I think I understood where she stood. **Book True to the highlander book** It'd make any girl desperate if she thinks the love of her life is in grave danger, **Book True to the highlander vs** Liam and Robley were probably expecting something like this knowing how headstrong she can be, **Book True to the highlander** She requests Liam to work with her so that he can save Mairén in time before her father kills her (a part of her vision that shook Liam and enraged Malcolm), **Celtic Fantasy historical True to the highlander book** It was a bloody scene full of death and misery an unbelievable experience no doubt. **True to the Highlander booklet** MacKintosh warriors were ready for the Comyns and it seemed like they were winning. **Kindle True to the highlander hybrid** Alethia was ready too watching stealthily from the gallery ready with her bow and arrows. **Book True to the highlander** On their way home Alethia learns from Malcolm's talks with his men about Giselle being seen around the town, **True to the Highlander booking** Mairén is taken in the MacKintosh clan with Malcolm and his family's support, **True to the Highlander Celtic Fantasy historical weather** I thought this is the final conflict which has been solved successfully. **Book True to the highlander vs** But William was yet to return as well as Liam's parents. **The wickedness of a highlander** The scene where Alethia introduces them to the wonders of the future (aka her laptop among other things) was an amazing scene: **Book True to the highlander** The final revelation regarding Alethia's connection to Hunter and the Fae surprised me quite a bit because that thought didn't even cross my mind: **Book True to the highlander tv** I was pretty happy that Alethia chose to stay here with Malcolm's clan instead of returning to the 21st century: **Book True to the highlander hybrid** Definitely recommend if you love highlander and time travel romances, **Book True to the highlander toyota** The next book is Robley's story who it seems has gotten deep with Giselle as well (no I don't mean the way you're thinking), **The wickedness of a highlander** Can't wait to find out what he's up to! This ARC was provided to me by Montlake Romance via netgalley which didn't influence my review and rating in any way. **True to the Highlander booker** 1477817441 A Julliard student violinist works a New York renaissance fair when she finds herself in the tent of a creepy gypsy fortune teller who delivers a confusing message, **The wickedness of a highlander** But that's not as confusing as finding herself suddenly lying on the side of the road surrounded by a group of Scottish highland warriors, **Book True to the highlander** Modern and medieval mix for some humorous exchanges and a sometimes rocky but definitely make you smile love story complete with castles kings swords dirks and daggers, **Book True to the highlander** I loved it! 1477817441 Time to Fall in Love This was my first book from Barbara Longley but it definitely won't be my last: **Claimed by the highlander** It was just pure entertainment inside and out up and down and all around: **EPub True to the highlander vs** I loved it! As Highlander time travel romances go this has to be one of the best I've read not counting the almighty Outlander of course. **Book True to the highlander vs** (Although I try and refrain from calling that a Highlander romance since it's so much more): **True to the highlander one** Next I loved that this would have been a great Scottish romance even without the time travel aspect and how that only added more to it. **Celtic Fantasy historical True to the highlander vs** It wasn't the focus; only coming in to play at certain times but it lent itself brilliantly to some really outstanding scenes: **True to the Highlander book** A particular favourite for me was Alethia playing her violin - at which she is concert-level good - to a stunned and rapt audience who had never heard anything like it: **PDF True to the highlander toyota** And also interspersed were some of the cutest dialogue sections as both Malcolm and Alethia tried to wrap their head around the other's manner of speech: **True to the Highlander kindle** And lastly on top of aaaaaalllll that goodness I just loved the couple! Malcolm and Alethia were a perfect match and their love story was positively delicious: **Book True to the highlander** I listened to the story on my way to work and walking, **True to the Highlander booking** Started slow dragged some but overall kept me wanting to know what was going to happen, **Book True to the highlander** Malcolm was humorous at times and I loved how True put him in his place. **True to the Highlander kindle books** He was steadfast with his love of her even

in the face of leaving everything: **PDF True to the highlander toyota** The time travel was interesting and that gypsy woman is a ton of trouble. **The wickedness of a highlander** I am sure she will be a continuing factor in the series. **The book of the club of true highlanders**
