

Dianthes Awakening (Dia McLearey, #2) By J.B. Miller Dianthes Awakening (Dia McLearey #2) Just FYI this is actually part one in Dianthe's Awakening now when you get the book from Amazon so my review is the same as the one I posted on Darkness because the book I read encompasses both.

Kindle Dianthes awakening legends The book itself is broken into two parts; her initial stay with the Hunt and her acceptance that she can't go home just yet there is a need to learn and love first and foremost. **Dianthes Awakening book** One is deteriorating at an alarming rate while another is missing her lost in finding his place within their group and the Puck - well he sticks to his true form of always having a plan to get the answers. **Book Dianthes awakening** How would she feel if any of her guys saw another attractive man or woman and decided to be intimate with them? She got jealous when a PA spoke to Keir I'm not thinking that she would be too happy if one or more of the guys hooked up with anyone outside of their bonds. **Book Dianthes awakening legends** Oh as her three mates are beside themselves not being able to get to their mate Dianthe won't be alone in her struggles to adjust to even a new life with greater responsibilities. **Book Dianthes awakening** 5 Fae Dominance [here](#)This second (technically third if you count the bonus book) instalment of the Dia McLearey series starts almost immediately after Dia was taken by the Hunt - or rather she went willingly with the Lord and God of the Hunt in order to save the lives of her three mates: Robin/Puck Daniel and Kale. **Dianthes Awakening fantasypros** Relatively quickly after Dia joining the Hunt the Lord and God Cernunnos (Keir) starts to suspect that the Hunt was called as a part of a sham and so he finds it best to keep Dia with them until he can find out who orchestrated the call and why. **Book Dianthes awakening events** Personally I don't mind a bit of F/F action however we know from previously that Dia is a jealous mate and now that she's cheated on her mates I guess I can see why. **Book Dianthes awakening las** JB Miller did not disappoint in the 2nd book of Dia's story, **Dianthes Awakening book** I love that Dia is ever changing and growing and can't wait to see what happens next! Dianthes Awakening (Dia McLearey #2) I give this book a 3. **Dianthes Awakening fantasypros** so where do I start! Dianthe's Awakening is technically the second book in this series and it picks up where we left off: **Book Dianthes awakening blox** She is kidnaped by the Hunt and held hostage until Cernunnos can ascertain who called an unjust Hunt on Dia. **Dianthes Awakening fantasypros** Meanwhile back on the Earth plane we get a glimpse into how her mates are coping with the separation. **Book Dianthes awakening foundation** There are many plot twists throughout the book Dia is discovering more about herself and her powers we see more of her protective side and love for all things. **Dianthes Awakening book** Majority of people/beings are drawn to her intrinsically it's like she lost her human family but is gaining another with the more she meets: **Book Dianthes awakening events** Because this is a reverse harem expect a few combinations (MFF MMM & MF) scénarios it is 18+. **Book Dianthes awakening** I must say though I cringe every time "cunny" is mentioned and there a few more in this one than the others: **Book Dianthes awakening** Enjoy! Dianthes Awakening (Dia McLearey #2) Emotional RollercoasterI found this addition of the story powerful. **Dianthes Awakening fantasypros** I hurt I grieved I burned and learned as I went more about this world and it's characters, **Book Dianthes awakening legends** There were some more interesting surprises and a bitter betrayal but there was hope as well even when all was thought lost, **Dianthes Awakening fantasy** Gah! I loved all of this book so much! Dianthes Awakening (Dia McLearey #2) So good but a cliffyWe learn about the consequences of Dia's actions from the first book: **Book Dianthes awakening blox** I truly did not want to like the Lord of the Hunt but by the end of the book I was rooting for him. **Dianthes Awakening fantasy** All the plot twists hopefully will get sorted out in the next book: **Dianthes Awakening fantasypros** Then maybe we can learn some more about the reason for the Hunt in the first place, **Book Dianthes awakening legends** Dianthes Awakening (Dia McLearey #2) Im an indie author of romance, **Book Dianthes awakening wynn** I write in several genres including Reverse Harem contemporary paranormal and erotic, **Dianthes Awakening kindle unlimited** Visit my Author page! My love for Dia was diminished during this book: **Dianthes Awakening booking** I need her to prove to me that she is worthy of Robin Kale and Daniel because right now I'm not sure she is: **Book Dianthes awakening** Hopefully Dia can recapture my faith and doesn't spent the whole time being whiny and self-absorbed. **Book Dianthes awakenings book** I want more of the Dia that goes out of her way to comfort embrace love her guys and everyone who crosses her path: **Dianthes Awakening pdf reader** Dianthes Awakening (Dia McLearey #2) I grabbed the first book by chance read it loved it stalked amazon until I saw the second book and snagged it, **Dianthes Awakening fantasy** I'm so glad that I found these books amazing story with wonderful characters. **Book Dianthes awakenings book** Dianthe is snatched and brought to a place she's never been just when she thought she was settling into the whole magic with three mates: **Dianthes Awakening epubor** Her world will get shaken again she will need to find the strength to hang in there just a bit longer, **Book Dianthes awakening legends** Meet Cernunnos oh yeah he isn't all he seems not only will he rock Dianthes world the world as he knows it will be rocked and by a very young beautiful sassy female. **PDF Dianthes awakening** Things set in motion that Dianthe thinks to harm her may just be to help her and the world as she has known it. **Dianthes Awakening booking** her mind misses her three mates and her body craves their touch. **Dianthes Awakening fantasy** very hot scenes loved the magic loved the god and his personality: **Book Dianthes awakening events** all around I just loved the story and cant wait for the next one: **Dianthes Awakening fantasypros** I feel like I waited forever for this one and it was so ridiculously

short, **Dianthes Awakening fantasy** This was more of a novella as nothing was really resolved. **Book Dianthes awakening las** Dia is still with the hunt and even though some unexpected things happen while she is there we're still waiting to see what becomes of it all: **Book Dianthes awakening** I'm losing patience which is a real shame because this story really captured my heart from the beginning, **Book Dianthes awakening** Dianthes Awakening (Dia McLearey #2) Dia McLearey reviews: #01 Dianthe Rising ☐☐ here#02 Dianthe's Awakening ☐☐ See below!#03 Dianthe's Darkness TBRBonus book:#1. **Book Dianthes awakenings book** During her time with the Hunt Dia trains with them makes new friends gain more power extends her family and find her last mate (that we know of) to complete her harem. **Book Dianthes awakenings book** I'll admit I didn't really know how to feel about this book! I didn't much like the way Dia just seemed to be okay with being taken away. **EBook Dianthes awakenings book** I mean yes she does try to escape once which was painful to read about because of how ridiculous it was: **Dianthes Awakening pdf** However instead of being devastated with her loss she kind of just replace the people from back home. **Dianthes Awakening fantasy** We don't really hear anything about her missing her BFF Annie only a vague comparison between her and her new bestie Bronach, **Dianthes Awakening booking** She misses her mates yes but she doesn't seem appropriately torn up about the entire ordeal: **Dianthes Awakening fantasy** I did like Cernunnos in the beginning but after he becomes Dia's mate I don't really like him anymore: **Dianthes Awakening fantasy** Actually scratch that I guess it's not him I don't like it's Dia: **Dianthes Awakening fantasy** Everyone seems to be bending over backwards for this special little snowflake and she responds by either being a raging bitch or a petulant child. **Dianthes Awakening fantasy** Honestly I like her best when she's asleep or knocked out: **Book Dianthes awakening** Her personality and double standards are enough to drive any reader insane especially when she has a sexual encounter with Bronach, **Book Dianthes awakening** So far they've all said that sex between mates is fine because they are all in a relationship with each other not just with Dia: **Dianthes Awakening fantasy** But Bronach is not part of her little harem so she doesn't really have any right to go there, **Dianthes Awakening ebook** But I guess the plot will continue to accommodate this little Mary Sue so I don't foresee any problems with that which is a shame. **Book Dianthes awakening** As I've only just read this book now it contains two parts instead of being the two books it originally was, **Book Dianthes awakening las** Which is great because when the end of part one comes up we hardly know anything and we've definitely not moved anywhere in the storyline, **Dianthes Awakening booking** However despite there being two parts in this book I felt unfulfilled when it ended, **Book Dianthes awakening las** I don't want to reveal why but let's just say that Dia is in mourning and seriously needs to get her thoughts and emotions under control, **Dianthes Awakening fantasy** When we leave her she's admitting to having favourites within her harem and she doesn't even spare a thought for two of her four men: **Book Dianthes awakening** So in order to ever make me a team Dia reader I need her to grow the F up and pull her shit together in the next book: **Dianthes Awakening fantasy** Dianthes Awakening (Dia McLearey #2) I really like this story but it was more of a novella than a whole book[1]

Contain language and actions some may deem offensive. Sexually explicit content. MF with MMM scenes. She willingly left with them to save her mates. I had mixed feelings about this book. She cheated. I liked the introduction of Rioghan and the Sluagh. Complicates her ties and powers even more. And I adored her hound. This part of the story was delightful.I was very unhappy at the books end. I needed to understand more of the seasons. Both events were predictable. What wasn't was Dia's reaction. She had already

admitted to caring for Robin more. Then he gets bumped down by Keir. I am eagerly anticipating the next book. I just loved both of them. That changes all that she touches. The new characters were awesome as well. Dianthes Awakening (Dia McLearey #2) LOVE this series but it is taking sooo long. I can't wait for the next book. Dianthes Awakening (Dia McLearey #2)
