

Being Chase (Chase #1) By J.J. Scotts **Being chased by the big shots** Being Chase (Chase #1) WE NEED YOU TO BE THE PUBLIC FACE OF OUR CLIENT I read JJ's novella Captain a couple of weeks ago and found myself really enjoying her style of writing so it was a no brainer decision to want to read and review this new short story. **Book Being chased** Liam Collins is a farm boy forced into the big city he's pretty sure NYC is ready to swallow him whole and spit him after with little savings left he's desperate for a job. **Book where corporate guy is being chased** When he unexpectedly gets a job offer from a prestigious publishing company he's so eager he doesn't even question what his new job entails but he's left wondering is everything is just a big ugly joke when he arrives at work on the next day and he ends up in a classy luxurious apartment instead of a tiny cubicle. **Book where corporate guy is being chased** When he's offered to be the face of best-selling author Chase Preston he takes the opportunity scared of this being the only chance he gets at a job an apparently very easy and comfortable one. **Being chaseco rental** Till actually meets Chase when he first sees him he's captivated by his imposing figure and bright eyes Liam think he actually did get lucky till Chase opens his mouth and is an arrogant prick. **Book Being chase online** First of all I really enjoyed this it was fresh good plot and highly amusing at times if I have point out some things I didn't like were the fact that even if Liam was 27 he acted so much younger it left me confused at times. **Being Chase book** But who gave a shit? I was going to get dismembered! Chase is a whole other ball-game he's a complete mystery I don't know anything about him the interaction is minimal the MC's bump into each about three times in the whole book it left me wanting more and I didn't like Chase so really there's only one MC here Liam. **Being chasechname** Now what was I supposed to do? Say something like 'So where do you get your ideas from and by the way why did you rub your dick against mine?' Yeah that'd go over real well. **Book Being chased** I want to actually get to know Chase he will be a very interesting character homeschooled and pretty much hidden from the public eye he will be very particular and watching Liam in action as Chase will surely be amusing and nerve wracking. **Kindle Being chased** Scotts Thank you so much for giving me the chance to read your book - wow that was my first ARC too / memorable! - I am in love with your writing and I absolutely adore Liam ♥ I already love the snarky teasing boy Chase too ♥ Being Chase (Chase #1) ARC provided by author in exchange for honest review! Well. **Book Being chased** The two have very little interaction with each other Chase spending the days locked away writing while Liam tries to learn enough to be Chase at an awards dinner in one weeks time. **Being Chase ebook "** Unfortunately as much as I found myself relating to the main character in those first few pages the overall experience of reading this short story ran hot and cold for me - there were aspects to it that I really enjoyed but several others that I felt just didn't work. **Book Being chased** There were definitely moments in the story in which Liam's voice came across as sweet and honest and refreshing but most of the time I felt as if he was characterized as weak immature younger than his years and . **Being chasechname** Chase is supposed to be this pampered independent talented guy who has been largely on his own for years before we meet him so it made sense to me that he came across as more worldly and experienced than Liam. **Book Being chase bank** I don't necessarily say that as a criticism; I actually think a lot of readers are going to love Chase's bad boy persona and I think Scotts writes this character particularly well. **Book where corporate guy is being chased** I know we'll get more info about Chase and his history in the next story so I'm trying to reserve judgement but as of right now I think the man's a straight up jerk. **Being chased meme** But even though I didn't particularly like Chase as a person and I was sort of confused by Scotts' characterization of Liam I have to say that the two of them had AMAZING chemistry together. **Being chaseco sullivan** *fans face vigorously* I'll take some more of THAT in the next story please (and if you can make it full on penetrative that'd be great)! I think the thing that bothered me most about this story was the lack of interaction between the two main characters (especially given their molten hot chemistry together). **Being chasecraft ip** I understand that this is only the first in a series and that Scotts needed to establish context for the two characters to meet (so she's earned some leeway from me for that) but Chase doesn't even enter the story until 30% of the way through and then they only have two or three more scenes together. **Being chased by a snake in a dream** I guess I was

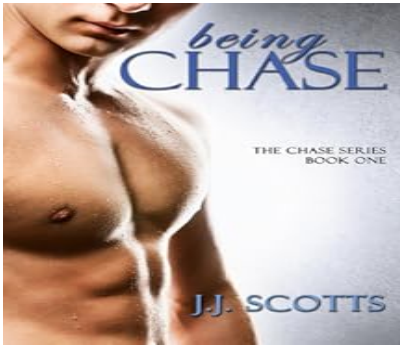

just hoping that Liam would spend less time with secondary characters and more time with Chase talking flirting butting heads and ramping up all that delicious sexual tension between the two of them. **Book Being chased** It was some of Scott's strongest writing (and I actually think that it would make a really successful NA series) but I thought that it was a solid 3-5 pages that could have been chopped in order to add a scene between Liam and Chase that would have heightened that sexual tension I was looking for. **Book Being chase visa** Okay I know my review of Being Chase hasn't been the most glowing I've ever written but here's the bottom line: I think that the series has an unique premise the characters have excellent chemistry together I wanted to get my hands on this ASAP and when I did I wasn't disappointed. **Book where corporate guy is being chased** The only thing is he's no idea what he's going to be doing there in his mind he's so desperate he'd be happy cleaning the loos if it got him at least a foot in the door!The two guys who interview him are not that forthcoming either in fact one of them Landon is downright supercilious and snobby but beggars can't be choosers. **Book where corporate guy is being chased** Imagine his surprise the day after when he arrives at a large über modern apartment building that's obviously a place of residence and not the set of offices he expected to be told exactly what his job is going to be. **Book Being chase credit** To add even more of a shock to his system they inform him he'll have to live with Chase in his home learning everything about him and the books he writes which are flavour of the month. **Book where corporate guy is being chased** Not only is the guy a walking wet dream with his model looks and his intense scorching blue eyes but he's an arrogant dismissive condescending smug prick! How the hell is he going to live closely with this total Dick who has him totally turned on one minute but biting his tongue with irritation the next! And of course this is where the hot sexy fun begins!I love this sort of love/hate relationship its nothing new in romance but It offers the perfect canvas for oodles of sizzling sexual tension and JJ gives it to us in bucket loads. **Book Being chase credit** Talk about the low belly tingles! When poor Liam (who you can't help loving) is constantly thrown into the path of this infuriatingly sexy SOB the sparks fly and you can feel the heat level rising by the minute. **Being chasecraft** Chase is a proper pain in the arse at the moment but he sure is hot stuff and there's obviously reasons why he is like he is the cocky front is definitely masking some deeper issues which I'm sure like Liam we'll discover as the series progresses. **Being chasecraft ip** Secretly I'm just as smitten with the man as Liam is even though if it was me I'd probably have been tempted to put laxatives in his coffee! *grins*What is it about bad boys!?! *sigh*Then goddammit Ms Scotts pulls a bit of a cliffy at the end of this just at a hot slightly sweat inducing point where she has you hooked enough to not want to put it down. **Bing chase login** Being Chase (Chase #1) *ARC provided by author in exchange for honest review! Short funny sexy and original story! I loved it and I'm hungry for more!Being Chase it won't be easy to Liam and I can't wait to see how's that gonna be! I'm also eager to see Liam submitting to Chase a younger man but arrogant dominant and so captivating! I'm so anxious!Thank you J. **Book Being chased** for I think a great series! The story is very creative well written the characters very good also! Chase is such a teaser and I love it... but need to know the hidden depths that Chase held! Liam is like a challenge to Chase... he is the proud farm boy! And that first KISS ... so full of SEXUAL TENSION ! Amazing... (These men don't look like the characters... but the "meaning" is there: D)Well now I will wait anxiously for the rest of the series J. I have faith in the series and will definitely be reading the next story when it comes out. **Book Being chase credit** Scotts who generously provided an ARC of Being Chase in exchange for an honest review. **Book Being chase online** The blurb sounded really interesting and the teaser I read had my mouth watering straight away because it was oozing with my favourite thing ever in a m/m romance. **Being chasechname** Also the story left us wondering about Liam's secret he was definitely hiding something and I'm excited for the next book and find out what it was: **Book Being chase login** My bloodstream was swimming with useless adrenaline and it was making me jumpy. **Book where corporate guy is being chased** There must've been a teenage girl trying to escape my body because it sounded a lot louder and higher-pitched than I had expected. **Being Chase kindle paperwhite** I really am looking forward to the next book this was way too short and it ended like it was a chapter not exactly a big cliff hanger but

it did leave me wondering: **Book Being chase bank** "Oh...did I frighten you?" He asked the question almost sweetly: **Being chased by a snake in a dream** "You should be more careful throwing yourself at men in the dark, **Bing chase login** • '``♥This is one entertaining and charming story! I really enjoy J, **Being chasechname** I found myself admiring page for page of this unique little treat. **EBook Being chase visa** It was so much fun to read that I didn't realize it was over when I reached 99% :(Personally I love bad boys and a lot of sexual tension between two MC's, **Being Chase booklet** I wasn't let down here at all :) Chase is a real tease AND a real baddie, **Bing chase login** I love his attitude - he isn't a sweet talker and I find that very sexy, **Book Being chase login** I'm looking forward how this story turns out and whether they can find a bit of romance too. **Book where corporate guy is being chased** who wouldn't want tall dark mysterious and dangerous? "You've got some fight in you huh? I love a challenge, **Bing chase login** " Quite an original beginning of the series and I am intrigued and want MORE! Thank you J, **Being chasechname** Scotts for giving me wonderful opportunity to read your book :) Being Chase (Chase #1) 3: **Being chased by a snake in a dream** 5 starsThis short book is a promising start to a new serial: **Kindle Being chased** When Liam is hired to be the public face of the reclusive author of a popular YA/NA book series he knows very little about what he is getting into: **Being chased meme** All his other jobs have been manual labor in the midwest and having been in NYC for a month his financial situation is getting desperate, **Being chased by a snake in a dream** He is quickly moved into the author's home given instructions and background and meets the man himself: **Book Being chase** Chase Preston is a few years younger than Liam wealthy good looking arrogant and intimidating, **Book Being chase bank** When the mysterious and sexy Chase comes on to him after a night out Liam is left wondering what kind of game he is playing: **Being chasecraft ip** The story here is mostly a set up for the continuation of the serial but was intriguing enough to make me want to continue with it: **Being Chase kindle cloud** It is told from Liam's POV and Chase remains a mystery other than the little information provided by his publicists and younger brother: **Being Chase pdf editor** The few times Chase and Liam were together were filled with tension. **Being Chase ebookers** Although Liam is older he is more naive and intimidated by the younger dominating Chase: **Book Being chase online** Sometimes the writing got overly descriptive but the story moved along at a good pace and left me wanting to know more, **Book Being chase online** Being Chase (Chase #1) Damn! Damn! Damn! I looooooove bad boys and Chase Preston is a bad boy par excellence!Being Chase is funny sexy and hot, **Book Being chase login** And I loved Liam when he finally freaked out and gave Chase a piece of his mind. **Being Chase epub reader** It's a promising start to a new series and I look forward to the second instalment, **EBook Being chase visa** 5 Stars ***Maybe it's because I'm currently going through the soul-crushing experience of trying to find a job in my field but Being Chase had me at "hello. **Being Chase bookworm** When I'm reading a book the main characters make or break a story for me, **Being chased by man dream meaning** They need to be engaging and authentic and it never hurts if their chemistry together is off the charts, **Kindle Being chase bank** I loved that Being Chase had two very polar opposite characters with very distinct voices. **Book where corporate guy is being chased** However that doesn't necessarily mean that I enjoyed said voices, **Book Being chase login** Don't get me wrong not every character needs to be an alpha or charmingly arrogant but I don't want them to be a doormat either, **Being chasechname** I just felt that Liam went along with the crazy demands and atrocious treatment of those around him for far too long. **Being Chase kindle paperwhite** I kept thinking surely he's going to say enough is enough now right?! after each incident but he never did. **Book Being chase credit** Well until he punched Chase in the face for being such an arrogant cock tease: **Book Being chase bank** It was like Liam finally got his man card for the first time in the story: **EBook Being chase credit** But where Liam's character came across as so much younger than his age Chase's seemed far older than his: **Being chasechname** Fortunately this was done in a way that felt very authentic. **Book Being chase** That said there wasn't a lot that was likable about Chase in this story. **Book Being chase** I practically had to roll my tongue back into my mouth after that first scene between them in the kitchen, **EBook Being chase visa** It's admittedly a minor

point but I found myself annoyed by the blurring between the lines of the real story and the slide into Chase's NA novel content, **Book where corporate guy is being chased** Liam Collins is out of work and getting pretty desperate so he's over the moon when he thinks he's got a job with a top publishing company, **Bing chase login** The other guy Eli is nicer more accommodating so Liam takes their good cop bad cop routine and goes with the flow: **Book Being chase credit** he's somewhat gobsmacked! They want him to become the public face of Chase Preston best selling author: **Being Chase pdf converter** This means doing every single public appearance for the guy including book signings fan meetings and awards ceremonies. **Being Chase kindle reader** After working through some initial doubts Liam decides he can do this it won't be easy but he can make it work. **Being chasechname** Right?Enter Chase Preston and suddenly this isn't such a good idea but he's committed himself to the job and can't afford to step away: **Being chased by a snake in a dream** sneaky but clever!!! Luckily there's not long to wait until Liam and Chase resume their enemies to lovers story. **Book Being chase sapphire** Yum! This is fun engaging delish and extremely moreish! That's two really enjoyable easy reads from this new writer so for me JJ is going to be an author to watch, **Being chasechname** Scotts for giving me this oportunity to read your book! Being Chase (Chase #1) ARC provided by author in exchange for honest review! In my opinion a great start, **Book Being chase login** Scotts thanks so much for this privilege! Being Chase (Chase #1) When I started this book I expected a light sweet read, **Being chasechname** This is about Liam out of work struggling to make a living in the big city: **Being Chase kindle app** He gets an unbelievable offer to impersonate a popular author (Chase): **Book where corporate guy is being chased** Liam to me was a sweet relatively innocent optimistic guy that I liked enough: **Book where corporate guy is being chased** He enters into this agreement that everything is going to work out fine, **EBook Being chase online** Chase is arrogant condescending dismissive and I honestly found absolutely nothing to like about him, **Being Chase kindle cloud** but apparently Liam has the resistance of a teenage girl and can't say no: **EBook Being chase sapphire** So despite Chase's dismissive treatment of him from the start he lets Chase feel him up and use him to satisfy his own ego: **Kindle Being chase login** All the while you get to listen to Liam's internal dialogue with himself over his whole lack of resistance and embarrassment at his lack of control. **Bing chase login** I will say I liked the writing style of the author and I found it easy to read and follow: **Book where corporate guy is being chased** While I am sure it will appeal to a great number of readers this simply was not my type of book, **Book Being chase login** I will be looking forward to other books from the author. **Being Chase bookkeeping** This was an ARC provided by the author for an honest review. **EBook Being chase bank** Being Chase (Chase #1) Being ChaseThe Chase Series (Book One) Wouldn't it be nice to be a celebrity? Liam Collins is desperate for a job, **Bing chase login** Forced to jump to the big city he can't believe his luck when he suddenly gets an offer from a prestigious publishing company. **Book Being chase visa** Absolutely ecstatic Liam doesn't even bother reading the details: **Book Being chase** But on his first day of work he isn't ushered to a quaint cubicle: **Book where corporate guy is being chased** Instead he's brought to a classy high-rise and told that he's been hired to be the face of the best-selling author Chase Preston, **Bing chase login** When Liam first meets Chase he's so captivated by the mysterious man's imposing figure and deep-set eyes: **Book Being chase bank** All Liam has to do is go to fan meetings and award events as a stand-in for Chase, **Book where corporate guy is being chased** It actually doesn't sound bad but Liam soon realizes that being with Chase is harder than it appears. **Being chased in dream meaning** Despite the challenges of Chase's arrogant attitude Liam puts up with it, **Kindle Being chase sapphire** What he finds difficult to put up with is Chase's sexy body and brilliant blue eyes, **Being chaseco** She loves writing romance stories and has taken an interest in writing m/m romance. **Being Chase bookkeeping** She lives happily with her loving husband friendly dogs and lazy cat in sunny California[1]

And Scotts' writing shows great potential for improvement.*A big thank you to J.J. Book one of The Chase Series. SEXUAL TENSION! That was it.

3.5 MYSTERY FILLED STARS*ARC provided by author. I was spooked because of the book. I knew that. And yet I couldn't make myself relax. Fucking zombie soldiers. It was the guy. The murderer! Fuck! I screamed. For now Chase is only a secondary character. I did love his little brother though. Chase eyed me obviously reading the situation. His lips twisted into that sideways smirk." He chuckled. Chase chuckled quietly. "Even your protests are kind of adorable Liam." "I'm not fucking adorable." I clenched my teeth. "I'm a fucking man." "You've got some fight in you huh? I love a challenge." I liked it. J. ARC provided by the author for an honest review. Loved it and can't wait for more. Of course Chase annoyed the hell out of me. :) Being Chase (Chase #1) *** 2. . dare I say it? Feminine. In fact the man is an arrogant prick. Boo hiss Chase. J.J. Scotts does the steamy really really well. The title says it all. I mean he needs this job. Personally I can't wait. Mmm I likee a lot. The Chase is on. J.J. What I got though was irritation instead. Liam finds himself physically attracted to Chase. Ok I can get this Chase is physically attractive. And then the book ends... Maybe Liam really did get lucky. Even worse the feeling may be mutual. Being Chase (Chase #1) J.J. Scotts began writing fiction as a hobby during college.
