

The Matchmakers By Ruth J. Hartman **Book The matchmakers** Soon there's another kitten added to the mix and Jessie finds herself invited to tea with Aunt Agatha...and becoming more and more attracted to Baldwin who doesn't seem the least discommodated by the fact...This story may seem mild in my summation but it's a delightful little tale and the antics of Aunt Esther and the cats move it right along to its foregone conclusion. **St. augustine fl book matchmakers** Ruth's husband and best friend Garry reads her manuscripts rolls his eyes at her weird story ideas and loves her in spite of her penchant for insisting all of her books have at least one cat in them. **The matchmakers book** Ruth's husband and best friend Garry reads her manuscripts rolls his eyes at her weird story ideas and loves her in spite of her penchant for insisting all of her books have at least one cat in them. **Mystery matchmaker of ella pointe** The Matchmakers The Matchmakers is hands down one of the funniest and most endearing novellas that I have read in quite some time! With its unique story-line and over the top yet lovable and quirky characters such as Jessie Agatha (who was probably my favorite character aside from Aunt Esther) The Matchmakers pulls you in and has you laughing from the very first sentence up until the very last line. **The matchmakers book** Each of her stories continues to be different from the last each with its own set of characters that are just so human that it is impossible not to like them! I especially liked the element of crazy cat lady that was present in the main character Jessie. **The Matchmakers kindle app** Regardless of the fact that it made people look at her and treat her differently Jessie never gave up on her cats or her sense of duty towards them and I found that to be admirable. **PDF The matchmakers dc** The fact that the cats played an important role in her finding her happiness at long last was an added bonus to the novella and one that in my opinion sets it apart from others of the same genre. **Matchmaker mysteries a killer engagement** A sweet romance filled with humorous and witty dialog The Matchmakers is sure to satisfy! The Matchmakers Baldwin Rutledge is being badgered by his Aunt Esther to get married...so she may have nieces and nephews to dote on preferably a nephew first. **Book The matchmakers uk** I've read enough Regencies though that I couldn't help but wonder why Jessie's brother Adam would work for Baldwin as a servant if he and Jessie were provided for even though they were fairly poor. **EBook The matchmakers** I recommend this book if you are a fan of cats or not! The Matchmakers The Matchmakers is a cute regency novella about one eccentric Aunt Esther her nephew Baldwin Jessie (I like to think of her as the cat lady) and numerous cats! The story is laugh out loud funny and has some of the sweetest moments as well! Hartman develops not only the human characters but the cat characters also! Hartman's writing made for real life scenes in my mind and I could envision the barn the cats the wind blowing through Jessie's hair! If you want a good laugh and some romance too then you will love The Matchmakers! I received a complimentary copy of this book all thoughts and opinions expressed are my own. **Book The matchmakers dc** The old adage- if you want to know how he will treat you look to how he treats his mother- In this case it is Baldwin's patient and indulgent relationship with his aunt. **The Matchmakers Humor and comedy cd** We have an eccentric aunt Esther Rutledge who has decided her nephew Baldwin Rutledge needs to marry and have children preferably a nephew first! She has no children and is depending on him for a legitimate heir! Trying to get his Aunt away from the subject he brings up that her cat Agatha is getting older and then Aunt Esther decides it is up to Baldwin to help her find a playmate for Agatha:

Not that the cats couldn't get their own furniture. They just choose to shed on someone else's. Hartman's books. This story is short but oh so sweet. We meet Baldwin who has an eccentric Aunt Esther.I received a copy in exchange for an honest review. Ms. This is no more evident than in The

Matchmakers. I loved the characters. Jessie is beautiful and kind and a bit eccentric herself. She owns and cares for 50 cats in an old barn. if she can arrange it. No matter. This book was still fun. The Matchmakers Once again Ms Hartman does not disappoint. This is a sweet and charming love story. Jessie also has a knack for reigning in Aunt Esther too. Enjoy this lovely romance. Funny how a small little animal can bring people together. I started this book and couldn't put it down. Baldwin's driver Adam suggest his sister Jessie Selkirk.) I loved the tea party with hats for cats and humans. Truly this is a fun read and has a HEA ending. The Matchmakers.
