

First Kiss (The Looking Glass #2) By Penny Brandon **The first kiss book** Would I recommend this book? Absolutely! Would I read more from this author? Absolutely I am new to the writings of Penny Brandon but so happy to have found her work and can not wait to read more. **First kiss quiz 5 Stars** WOW!!! After having some difficulties with the first book in this series I wasn't sure how this one would go or if I should even give it a chance - I knew I would though - I am so happy I did! Even though most of the story was gut wrenching it was such a beautiful love story. **Kindle First kissasian** I loved everything about it.

This book asks a provocative question: What if you meet your one true love only to find out he's got a few weeks to live? I liked Joey's spirit. **First kiss fresh gloss lip balm review** It was sooooo great!! You know when you're reading a book and you think please let this happen and it does?!? It did it totally happened! 9781623000448 The day Brenn wandered into an obscure little antique shop and saw the image of his destined love in the magic mirror was the day everything changed. **First kiss fresh gloss lip balm review** Unable to resist flirting with the man when he approached Joey was shocked when Brenn wanted to see him again even after he learned that Joey was ill and lived at the local hospital. **First kiss von first ampere** They say that the mirror never makes mistakes; but how could it be so cruel as to give each man his heart's desire only to crush their hopes for love under the weight of impending loss? While the story focuses primarily on the main characters there are also several excellent supporting characters including Joey's grandmother and best friends Paul and Dave. **PDF First kisskh** I have spent the last three days crying my eyes out and I am running out of Kleenex dammit! I don't know where everyone is hiding all the fluffy stories but I demand one be delivered to me on the hour or someone is going to pay. **First kiss meme** I just need something to make the pain go away.....what's that you say? You are going to let them go at it like bunnies for almost the entire story? Well...you might (might) be forgiven. **First Kiss horror stories** The resolution wasn't exactly how I would have pictured it--and perversely I kinda wanted it to go the other way (even it would have scarred me for life)--but it did make all that pain worth it. **EBook First kissimnee** Poor dude needs to get laid fall in love and go somewhere when the furniture doesn't predict the future (or if it does get one that can give him the winning lotto numbers or something (does Australia even have a lotto?)). **First kiss apple** Though devastated Brenn didn't want to give up on Joey so he offered to look after him and make his last few days as comfortable as possible but was that going to be enough when all Brenn really wanted was for Joey to live? Brenn was everything Joey could have wished for; strong built and with amazing eyes and Brenn was in love with him. **First kiss prompts** First Kiss (The Looking Glass #2) Penny is a complete romantic who believes everyone can fall in love if only they'll open their heart to the possibility which is why she writes those hot erotic stories that will always have a happily ever after. **First Kiss ebook** that is what the synopsis is for but I will tell you if you like m/m books you will fall in love with this one for sure! This had it all: heartache deception (just a wee bit) lust love and miracles. **Kindle First kissasian** What if you find your 'happily' only to realize that the 'ever after' is slipping away? Brenn knows that Joey is The One thanks to the magic mirror but Joey is ready to give up on a life defined by a baffling illness and the wishes of his doctors family and friends. **First Kiss epubor** Brenn's determination to make every minute count is something Joey has almost forgotten and he's not sure if he can reach for joy again without destroying his health and his family,

But I hope to get the chance to read it soon! So. **First Kiss horrortale** Though heartbroken that Joey had limited time Brenn was grateful for the time he had with him: **First Kiss ebook** Brenn and Joey were either doing it talking about the ways they can do it or anticipating doing it. **Book first**

intuition exam The last third of the book -- that's where the magic was at. **First Kiss epubs** I loved the first book Choices and the premise of a magic mirror that reveals your soul mate. **Book first impressions** Although I didn't quite click with this book I will still read the next in the series, **First Kiss ebookers** Oh hell I ignored my challenges and read this right now and OMG my fucking eyeballs are sore! I think I leaked my way through the entire book, **First kickoff** Ignored the fact that I needed to go to the grocery store, **First kiss bouguereau** He might have been a bit lonely but he loved his job enjoyed his family and believed that love would find him eventually, **First french kiss book** The man he saw in the mirror challenged all of those beliefs: **First french kiss book** He knew instinctively that they were meant to be together but how to find him: **First kiss von first ampere** and what to do once he did? Joey locked eyes with the handsome stranger in the bar. **Book first star i see tonight** Having been given weeks left to live and with no hope of finding a cure Joey tries to resist the magnetic attraction he feels towards Brenn. **First kiss book song download pagalworld** He knows that falling in love if off limits it can only end in heartache for them both: **First kiss von first ampere** I would have loved to see these characters developed further as the insight readers are given into Joey's past through these relationships added depth of understanding to the story, **EPub First kiss** First Kiss a well written and edited love story that slowly and steadily builds into a crescendo, **First kiss meme** Brenn and Joey pulled at my heartstrings from the very first page: **Book first impressions** Everyone dreams of finding their true love but no one expects that love to come with such a short timetable: **Book first snow** Penny's writing style is unique and she develops this heart wrenching story with a unique balance of deep emotion and humor, **First french kiss book** I would recommend First Kiss to anyone who loves books with romance mysterious magic and complex plot twists: **First french kiss book** Be warned you will want to read with a box of tissues close at hand! A copy of First Kiss was provided by the author in exchange for an honest review: **Book first snow** 9781623000448 From the moment Brenn saw the man's reflection in the looking glass he knew that it was the man he was destined to love forever, **First kiss apple** From the moment Brenn heard Joey's laugh from across the pub he knew Joey was the man he wanted to love forever, **First Kiss epubs air** All he has to do now is convince Joey of the same thing: **Book first impressions** He is dying and he probably won't even last another month, **Book first intuition exam** So no matter how 'destined' them might be it is a destiny bound to end in heartache. **EPub First kissimmee** Still..Joey can't help but be selfish in this one last thing: **The first kiss book** Three weeks with Brenn's smile and body and love--Joey thinks three weeks could feel like forever in Brenn's hands, **Kindle First kisskh** And after that...well he tries not to think about 'after' any more, **Horror First kisskh** Sometime is hurts learning just how short 'ever-after' really is. **First french kiss book** Ok I am right now declaring a moratorium on all sad books. **First Kiss kindle cloud** Look I know a story about a guy who only has three weeks to live is going to be sad...but this just wasn't fair: **The first kiss book** My angst levels have hit critical and I have been sniffing at the most ridiculous things in the last 24hrs. **First kiss song** In all seriousness I have been waiting for this sequel for a really long time, **First kiss for the seventh time** I honestly didn't think it was ever going to be written: **First kiss book song download pagalworld** It is not the deepest story ever written and yeah healing thru the power of cock isn't my favorite trope but I enjoyed this story. **Horror First kiss me** It did not slack off on the seriousness of Joey's problems but it did a good job of not making it all that Joey was: **EBook First kisscartoon** Not that he was going to die really but that he was going to die and hurt this man that loved him. **First kiss book song download pagalworld** So he tried not to love him--thinking stupidly that if it was only one-sided then somehow Brenn wouldn't hurt quite so badly, **First kickoff** This made me want to shake him...but also try and wrap him up in all the blankets, **First kiss apple** And while the whole sex thing was a bit too much here (for a dying guy Joey sure does have the stamina of a teenager) I did enjoy reading it, **First kiss experiences** It was hot while still taking into account that Joey couldn't really do sex the 'normal' way. **First Kiss horrortale** The amount of time spent in naked-fun-time was a bit excessive but it was also real enough that it helped the story (most of the time) instead of taking away from it: **Book first impressions** By the end when they are at the hospital and Brenn is

holding Joey I was a soggy ball of tears. **First kiss book song download pagalworld** This was a good story and I liked it as much as I did the first book Choices, **First kiss book song download pagalworld** Though if you haven't read the first book don't worry this one can be read as a standalone with no problem: **The first kiss book** This book was provided free in exchange for a fair and honest review for Love Bytes. **First kiss that never ends** Go there to check out other reviews author interviews and all those awesome giveaways. **First Kiss ebookers** 9781623000448 Brenn is drawn into the antique shop without knowing why, **First Kiss kindle reader** Told to look into the mirror Brenn sees a beautiful man who he is told is his soul mate. **First kiss for the seventh time** When Brenn meets Joey he is happy to find his soul mate but devastated when he finds out he is ill. **First kiss prompts** How could fate be so cruel to show him happiness and snatch it away. **First kiss that never ends** This is a highly emotional story that touches your soul and will have you railing at the fates, **EPub First kissimnee** The sexual tension between the two characters is the main theme with lots of steamy scenes sure to make your panties damp. **First kiss yo yo honey singh song** The love that Brenn feels for Joey is so strong it will break your heart as he struggles with Joey's illness. **Book first impressions** There is magic mystery humor despair loss and love woven into a tale so enchanting that you will need to keep the tissues handy, **Book first sentences** 9781623000448 The second Brenn saw Joey's image in the magic mirror he was hooked. **First kiss za** The moment he saw him in real life Brenn knew Joey was going to be his forever. **First Kiss kindle app** Joey was flirty and fun and he had the most gorgeous smile but then Joey told him he was dying, **Book first intuition exam** That would have given Joey something to live for if it hadn't been too late: **Book first snow** He had about three weeks left but that didn't seem to matter to Brenn: **First kiss von first ampere** Brenn wanted to take him home and Joey was willing to go with him but on two conditions. **First Kiss epub.pub** He wanted Brenn to make love to him before he died but no kissing: **First Kiss epubor** However it doesn't mean she'll necessarily make it easy for her men to get there. **Book first sentences** A lover of things that go bump in the night Penny's imagination can sometimes run riot so magic mirrors and evil dolls is only the beginning, **First french kiss book** Imagine knowing with absolute certainty that your life is going to be full and rich and with purpose: **PDF First kisskh** Imagine knowing that everything you do and say will be cherished and respected. **In what book do percy and annabeth first kiss** Imagine then that you're going to be able to spend that life with someone you love unconditionally. **First kiss book song download pagalworld** 9781623000448 I thought the first book in this series was fabulous and this book was good but not as good. **First Kiss horrortale** The premise of the book has an interest paranormal type twist with a "magic" mirror that shows you your true love, **The first kiss book** Brenn sees Joey in the mirror and when he sees Joey in a bar he feels an instant attraction: **Book first impressions** Joey is an interesting character with a mostly undefined fatal illness, **First Kiss kindle store** That illness is where the books falls down a little Joey's explanation and his refusal of treatment don't quite make sense: **First french kiss book** However the story between Brenn and Joey had some very sweet moments: **First kiss quiz** 9781623000448 I so loved this book! I was on such an emotional roller coaster ride with this one: **First Kiss epub**s I had so many heart twinge moments and tears falling that I am glad I was at home when I read it, **Book first star i see tonight** It even had some hotty scenes as well :)The emotions in this book ran so deep, **First kickoff** The story line was off the charts and the dialogue between the characters was fantastic. **First kiss yo yo honey singh song** The description to details were spot on and so easy to visualize, **Book first sentences** I couldn't help but fall in love with both of these men and wish their story could have gone on and on, **First Kiss horror** Reading this story makes one really want to believe in miracles, **Book first snow** This is book 2 of the series but can be read as a stand alone. **First Kiss ebook3000** I have not read book 1 yet especially Brenn and Joey!The one and only negative was that Brenn and Joey's story was over way to fast. **First kiss prompts** I can't wait to read the next book in the series it's time for Simon to find his one true love! 9781623000448 Wonderful - a classic fairy tale with a modern setting. **First kiss boys band** Loved the 'aha!' ending that proves that in romance you never know when fairy tales will come true.www.facebook.com/sassybetareading

9781623000448 4. He faced death with humor and a smile on his face. He didn't let his prognosis get him down for long. Brenn was very sweet with his determination to love Joey. I was prepared for a tearjerker and lots of angst. Instead the book got sidetracked by sex. The final scene in the hospital was incredibly moving. I just wish the rest was like that. I hope it's Simon's story. The poor guy has been waiting long enough. 9781623000448 Oh Yay!!! I've been waiting.kept reading. Brenn thought he was content with his life. It isn't going to be too hard though. They are meant for each other.Except Joey isn't the man Brenn thinks he is. Well...not for much longer. I am emotionally damaged already. And I am thrilled that it was.Joey was strong and stubborn and so freaking brave. But he was also scared. I do want Simon to finally get his man though. Click below. Imagine then you find out he's dying. I didn't want to let them go.I won't tell you what the story is about. I want more I'm not ready to give them up just yet. 9781623000448
