

Forever Red (Black Widow, #1) By Margaret Stohl **Forever red heels**

EDIT 13/10: FOREVER RED IS OUT!EDIT 11/10: JESUS TAKE THE WHEEL THERE'S GOING TO BE A SEQUEL! MORE NATASHA! I! AM! CRYING!EDIT 03/09: The official synopsis is now on GR! and there's going to be an audiobook! and Ava has already made her first appearance on the 616 universe!All we need now is a Black Widow movie. **Forever red heels** EDIT 27/07: I just pre ordered this!EDIT 04/06: I read an excerpt and I just AJDLSFHUW IS IT OCTOBER YET!?! EDIT 24/05: The release date has been pushed back a few days but THERE IS A COVER OH MY GOD BE STILL MY HEART THIS IS ACTUALLY HAPPENING. **Forever red book** It's based on MCU!Natasha meaning that her origin story is not the same as in the comics but I do like what Stohl did with Nat's past and I hope one day we get to see this story on the big screen. **Forever red dupe** Many complained that this isn't a 100% Black Widow book but I'm just going to say that this is a young adult novel and you know what that means: teenagers instalove fast faced plot... Ava and Alex get tangled in Natasha's web and it was so fun and interesting that I didn't care that Nat wasn't in every single page. **Forever red bath and body works lotion** I love both Natashas but there are so many things in Natasha's life that are red jfc the book could be all about Nat doing exercises and watching movies and I would still get excited. **Forever red at bath & body works** EDIT 7/02: THERE'S A RELEASE DATE!!!Expected publication: October 6th 2015----- 15/10/14: 148472643X English review at the bottomLo primero que diré es que este libro es un busca fama ha sido vendido como la historia no revelada de Natasha Romanoff A. **Forever red beetleborgs** no son realmente reveladores lo único que averiguas de ella es que tiene un hermano que ni siquiera ella recordaba lo cual no es impactante si consideras que practicamente no sabemos nada de su familia así que más se sintió así: Ahora bien si no habla de Natasha Romanov ¿De quién habla? Pues preparense porque los verdaderos protagonista son Ava Orlova A. **PDF Forever reddit** y al final mi problema con ella fue que es un personaje poco interesante ni siquiera cuando tiene los pensamientos y habilidades de Romanov deja de actuar como alguien inmaduro y berrinchudo. **Forever red rose** En este caso él tenía una buena historia detrás que queda totalmente desaprovechada tanto por el poco desarrollo que éste presenta como por la poca explicación del lugar de donde salen sus habilidades. **Book forever dog** El conocer la historia de la más grande espia de Marvel queda delegado a segundo plano para centrarse en un romance que nunca se forma del todo y que yo jamás logré creerme. **Forever red communications** Las referencias a otros personajes de Marvel se sienten forzadas y aunque no podría decir que es la más grande porquería que hay para mi es aburrido y decepcionante aunque acepto que si el título y la descripción no prometieran a Natasha no tendría el éxito que logró. **Why do old books have red pages** aren't really developers all you find out it is that she has a brother even she remembered which is not impressive if you consider that practically we don't know nothing about his family so it felt more like: Now if this doesn't speak about Natasha Romanov About who speaks? Well get ready because the real protagonist is Ava Orlova A. **Forever red vanilla rum** and finally my problem with she wasn't an interesting character even when you have a tragic story the thoughts and skills of Romanov she never stop acting like someone immature and spoiled. **Forever Red Science Fiction fantasy books** The interesting points are when Black Widow appears like 40-60 pages in total and this is because it's when the action scenes are given which are the parts that I think are better written but the rest of the book feels heavy boring and repetitive. **Forever red heroes of the grid** References to other Marvel characters feel forced and even when I couldn't say it's the biggest crap out there for me is boring and disappointing although I accept that if the title and description didn't promised talk Natasha this wouldn't have the success that made. **Forever red commentary** What do you expect from the first ever YA novel about a comic-book superhero? That was the question many of us were wondering upon the news that Marvel was branching out into one of the biggest book markets today. **Forever red jacket** Also a tad bit of instalove but I was shipping it so I overlooked for the most part :PSo all in all I really loved this book! I am shocked and delighted because I had less than zero expectations going in (I didn't even think I'd finish the book) but I was deeply invested and brought to tears. **Forever red fragrance notes** 148472643X Margaret Stohl is the #1 New York

Get back in there and edit" and by said I mean yelled and maybe threw things it's all a haze. **Forever red heels** Trained from a young age in the arts of death and deception Natasha was given the title of Black Widow by Ivan Somodorov her brutal teacher at the Red Room Moscow's infamous academy for operatives. **Forever red communications** When children all over Eastern Europe begin to go missing and rumors of smuggled Red Room tech light up the dark net Natasha suspects her old teacher has returned—and that Ava Orlova might be the only one who can stop him. **EBook Forever red** Only then will they discover the truth about the dark-eyed boy with an hourglass tattoo who haunts Ava's dreams... Black Widow: Forever Red features all the heart-pounding adventure readers expect from Marvel written by #1 New York Times best-selling author Margaret Stohl. **Young adult forever red book** When I first started reading the book it seemed that the Black Widow was taking the backseat it was more focused on the kids in the book and she would come in here and there. **Forever red book** They go back to where it all began find out some messed up stuff some really sweet stuff some sad stuff Natasha shows up (because she's Black Widow) they put more pieces together and set out to stop evil Ivan from hurting more kids fight a bunch of dudes some more sad stuff happens and . **Forever red jacket** I'm not saying any more :-))I was really sad at one part though really really sad :- (I cried - don't judge me! But yeah it seems like when something really good happens then is all turns to shite! Either way I loved the book I'm buying the book I love the cover and I want more of these books! 148472643X This is not a book I would usually read but I was at BookCon and I got introduced to Scott Westerfeld at a party and I have read a lot of his work and he had an ARC of this under his arm and I said That looks cool! And the woman next to him just took it from him and gave it to me lol. **Forever red fragrance notes** She was the author so she was cool to do that lol but it really was Scott's ARC he'd been carrying around all day (which I didn't know at the time I just took it) so sorry Scott. **Forever red gif** I love her tormented past I hate how she's the lone girl elevated to play on the block with the other Superheroes but she's organically never going to equal them because she's just not a superhero gene-wise (Hawkeye I have the same feelings about so it's not just a girl thing. **Forever rede canais** It's a fast-paced book with some pretty good writing which makes me think that Margaret Stohl wasn't the dead weight on those Beautiful Creatures books after all (though there is some YA romance here [read: instalove]). **EBook Forever red** Let me explain I think we all know this book came about from Marvel as an attempt to quell the cries of people who wanted more of this strong female character who wanted her to have a solo movie and were dismayed even at the lack of Black Widow merchandise. **Forever redeemer** This book isn't about the ass-kicking character so much as it is about her family connections which is not what I signed up for nor does this story serve the character or is as rich and detailed as her male

counterparts' stories on screen. **Forever red rose** Page 47 finds a reference to Jabba the Hut which is strange because since Marvel and Star Wars are owned by Disney the editor should at least know that it should be Hutt with 2 ts. **Black widow forever red book 3** Emily Meehan is credited as the Editorial Director who did a brilliant job editing this book (per the author's own words in the Acknowledgements section) but she actually did quite a crappy one in my opinion. **Forever red vanilla rum** I'm really tired of this kind of lazy editing from big publishers and it shows that people obviously aren't going to be paying for quality in a book like this nor are they getting the story they thought they would. **Forever red book** I like the characters this is more the marvel comic book version of the Black Widow as opposed to the warmer more flirtatious version played by Scarlet in the movies (however I am sure she would turn on the charm when it is needed). **Forever red communications** I can see this working in a movie setting as a cut scene but it did not work for me in the book format also in some cases I thought it gave too much of the game,

And I can't wait for the whole world to meet them: **Forever reds golf day** EDIT 24/03: A title! Black Widow: Forever Red I'm so emotional right now which is stupid.

Forever red diploma frame

And the three viewpoints were unnecessary and distracting, **Love you forever book reddit** I could have handled the alternating Ava and Natasha but Alex was pointless, **Forever redeemer** Also calling this a book about Black Widow felt a little misleading since she barely seemed to be a part of the story at all until nearly the end, **Forever red book** The only part of the characterization I really enjoyed was the fact that Natasha's voice sounded like movie Natasha in my head and that made it easy to visualize her scenes: **Forever redeemer** WHO OKAYED THIS? WHO READ THAT AND THOUGHT YES.

DNF pg. **Forever red book** That moment when you realize the main character isn't the main character and this is teenage spy bullshit: **Forever redeemer** I took a wrong turn in starting with this contrived mess as an introduction to the literary side of Black Widow: **Forever red christmas lunch** 148472643X Behind the projection mask were the exquisitely cold eyes of Natasha Romanoff agent of S. **Forever red rose** Until I watched Captain America The Winter Soldier and I just needed more: **Forever reds golf day** More stories! More action scenes! So it was then that I decided that I was going to read... all Captain America's comics: **Forever red vanilla rum** I knew nothing back then but I quickly realized that Cap's comics were literally endless so I decided to read about another character. **Forever rede canais** So I thought why not Black Widow? I didn't know much about her so one day I just opened my first comic ever and I changed forever, **Forever Red Science Fiction fantasy books** Natasha came out guns blazing a whirlwind of energy and a part of me that I didn't know existed said there you are: **Forever redeemer** It all sounds romantic as hell but I've loved Natasha ever since: **Forever red heels** I've read all her comics every movie she's in probably seen every picture and now a book: **Forever red book** Forever red that's what they call your kind: **Forever red beetleborgs** As a diehard fan I loved all the little nods to the comics (her past with Bucky Liho the cat being/not being a ballerina etc). **Forever red lyrics** If you know Natasha you'll notice right away that this isn't Natasha Romanova from the comics that is badass mature and old. **Kindle forever red uk** This is Natasha Romanoff younger kinder? And fresh out of the Red Room the brutal place where she was trained, **Forever red science fiction fantasy pdf** Black Widow lo cual esen el 90% de la historia no del todo correcto (por no decir una total mentira). **Forever red**

jacket Natasha aparece en aproximadamente el 30% del libro y funge como personaje secundario y los secretos pues. **Forever rede canais** A adolescente odiosa a la que desee golpear en varias ocasiones Red Widow una chica a la que Romanoff rescató y luego dejó al cuidado de S: **Forever red coral bells** Es el arquetipo de heroína adolescente independiente inteligente guapa pero que no se da cuenta de su belleza spoiler alert: en la práctica no es ninguna de estas cosas, **PDF Forever reddit** Nuestra adorable protagonista pasa casi toda la historia quejándose de que Romanoff nunca fue a verla que ella la necesitaba que estuvo encerrada. **Forever red rose** con lo cual queda demostrado que poder romper traseros no te hace alguien atractivo de leer. **EPub Forever reddit** El otro personaje principal es Alex un adolescente problemático que se enamora de Ava y que a los 3 minutos de conocerla decide acompañarla en las balas y en la tranquilidad, **Forever reds liverpool** La historia se centra en cómo tras descubrir que están enamorados (?) Alex y Ava comienzan un viaje de acercarse/alejarse de Black Widow de S, **Forever red beetleborgs** Los puntos interesantes se dan cuando Black Widow aparece algo así como 40-60 páginas en total y esto se debe a que es cuando se dan las escenas de acción, **Forever red jason** Estas partes fueron las que considero que están mejor escritas pero el resto del libro se siente pesado aburrido y repetitivo: **Forever red commentary** Me es imposible entender cómo la gente se queda contenta con la historia de Black Widow sin Black Widow, **Forever red jacket** _____ The first thing I will say is that this book is a seeks fame has been sold as the undisclosed story of Natasha Romanoff a, **Forever red jason** Black Widow which is 90% of the story not entirely correct (if not a total lie), **Forever Red Science Fiction fantasy books** Natasha appears in approximately 30% of the book and serves as a secondary character and her secrets. **Forever red rose** A obnoxious teenager I want to hit repeatedly Red Widow a girl who Romanoff rescued and then left in the care of S. **Young forever book reddit** She's the archetype of adolescent heroine: independent intelligent beautiful but she doesn't realize about her beauty spoiler alert: in practice isn't none of these things. **531 forever pdf reddit** Our adorable protagonist spends almost the whole story complaining about Romanoff never went to see her that she needed her that she was locked up, **Forever red gift** demonstrating that be bad-ass doesn't make you attractive to read. **EPub Forever reddit** The other main character is Alex a troubled teen who falls for Ava and after 3 minutes of meeting decides to accompany her on the bullets and tranquility. **Forever red vanilla rum** In this case he had a good story behind that is totally wasted because low development and the little explanation for the place from where their skills: **Forever red book** The story centers on how after discovering they are in love (?) Alex and Ava begin a journey to get close/go away of Black Widow S. **EPub Forever reddit** Knowing the history of the largest spy Marvel is delegated to the background to focus on a romance that never gets completely form and I never believe, **Forever red heels** I can't understand how people are happy with the Black Widow story without Black Widow . **Forever reds liverpool** 148472643X Originally posted at Lady Knight Reads WE COULD HAVE ADELE: **Forever red book** She is literally the best part of the Avengers so this book should have been amazing, **PDF Forever reddit** Unfortunately this book went wrong pretty much from the start and okay I should have known that would happen: **Forever red ebook free** I historically have not enjoyed Stohl's solo writing and I'm not entirely sure why I thought this would be any different: **PDF Forever reddit** The characterization was flat especially with Ava and Alex THIS IS THE STORY NATASHA DESERVES: **Is forever red coming back** Now admittedly I've never read the comics so I have no idea if this book was supposed to be truer to those than the movies or something else entirely, **Forever red deviantart** I wanted action and bad-ass Black Widow taking care of business and that wasn't even close to what we got: **Forever red vanilla rum** Seriously I am not here to read about a couple of boring kids making terrible life choices and their instalovey feels, **Forever red bath and body works perfume** Nothing that happened in this book made any logical sense even for a Marvel world: **Forever red commentary** *burns everything to the ground* 148472643X Full Review: <http://leaninglights>. **Forever reds liverpool** If I'm being completely transparent I need to disclose that I had no intention of reading this book. **Forever red gift set** I am a big fan of the Marvel Avenger's movie franchise but I've never read the comics nor have I invested a lot of time into the

characters. **Forever red deviantart** And after the big backlash to the Black Widow storyline in Avengers: Age of Ultron I wasn't that interested to see what happened next, **Forever Red Science Fiction fantasy books** I did manage to grab a copy at my library and figured I wouldn't actually read it but I'd at least take a look: **Forever red rose** 24-hours later I am happy to say that sitting down to read the first chapter spiraled into reading the entire book in a day. **Forever red lyrics** There isn't much I need to tell you regarding the plot or style of Black Widow: Forever Red. **Forever reds liverpool** It's the (sort of) origin story of Natasha as well as the rise of a new Marvel superhero Red Widow. **PDF Forever reddit** I thought the two women's storylines interwove beautifully and I am truly excited to see more from both their stories: **Forever reds golf day** If you are an Avenger fan you will not be disappointed as several of our favorite superheroes make cameo appearances: **Book forever dog** If you are a YA fan you will not be disappointed as there are classic elements and tropes that will give you all the feels: **EBook Forever red** One of my only critiques comes from the marketing and title of the book itself: **Forever red book** The title Black Widow: Forever Red leads to imply that this is solely Natasha's book and it isn't at all: **Forever red book** This book is told in multiple perspectives and dare I say that Natasha's is smaller than others. **Forever redeemer** It does all revolve around her but she isn't the stand-alone MC of the book, **Forever redeemer** And if you think this book is going to 100% remedy the problematic storyline from Age of Ultron I'd say you might be disappointed. **Forever red fragrance notes** As much as the book gave in regards to Natasha's past we still didn't get the full picture: **Forever redeemer** It was moving and you could tell that the author Margaret Stohl truly cared for the beloved character she was writing about. **Forever red rose** *Please note that I read and did NOT like Beautiful Creatures but I still think this book is worth checking out. **Forever red gif** From the author: Goodreads Peeps! Please note I no longer review the books on my shelf stars wise, **Angel forever red dress** I do list books I read and they're all automatically marked as 5 stars. **EPub Forever reddit** From the author: Goodreads Peeps! Please note I no longer review the books on my shelf stars wise, **Forever red jason** I do list books I read and they're all automatically marked as 5 stars: **Forever red dress** That's because a) I don't list books that I didn't like enough to finish and b) I didn't want to delete the ratings I had already given. **Forever red heels** If I particularly love a book and feel inclined to comment you'll still see the comments here, **Forever red jason** Sadly I have to ask: please don't reproduce these comments on book jackets websites or in any other medium for the marketing of books, **Forever red jacket** Thanks so much! ABOUT ME: Writing has gotten me in and out of trouble since I was 15 (back then mostly just in trouble, **Forever red perfume price**) For 10 years I designed /or wrote for lots of video games one of which was nominated for "Most Innovative Game Design" but I lost to a rapping onion, **Forever Red Science Fiction fantasy books** If you know games you get why my two bad beagles are named Zelda and Kirby: **Forever red commentary** School: I spent years in it than a person ever should because let's face it reading books is so much better than having a job, **Forever redeemer** I taught Intro to Film as a TA at Yale and Romantic Poetry as a TA at Stanford. **EPub Forever reddit** Now the Beautiful series has wrapped but you can see the movie on February 13 2013 or read my new book ICONS on May 7th: **Forever red heels** {site_link} Enter the world of the Avengers' iconic master spy... Natasha Romanoff is one of the world's most lethal assassins, **Forever Red Science Fiction fantasy books** Ava Orlova is just trying to fit in as an average Brooklyn teenager but her life has been anything but average: **Forever red science fiction fantasy review** The daughter of a missing Russian quantum physicist Ava was once subjected to a series of ruthless military experiments—until she was rescued by Black Widow and placed under S, **Forever redeemer** Ava has always longed to reconnect with her mysterious savior but Black Widow isn't really the big sister type. **Forever red cologne** To defeat the madman who threatens their future Natasha and Ava must unravel their pasts, **Forever red jason** Uncover a new side of the Marvel Universe that will thrill loyal fans and newcomers alike as Stohl reveals the untold story of Black Widow for the very first time. **Forever red jacket** Forever Red (Black Widow #1) Black Widow so basically YAAAAASSSSS: **EBook Forever red** 148472643X MY BLOG: Melissa Martin's Reading List I loved this book I got it from the library but I'm buying it after this review! LET'S BEGIN The

Black Widow is very deadly: **Forever red commentary** BUT<---- All of this is for a reason and she is in it when the time comes and she's in the whole more than half the ending of the book. **Forever red jacket** Either way the whole story line rocks! Here's how it goes: 1. **Angel forever red dress** There is a little girl named Ava Orlova who Natasha (B Widow) saves from said evil jerk, **Forever red book** Ava doesn't see Natasha until many years later even though she promised she would be there, **Forever reds christmas lunch** There is a dude named Alex Manor that said girl Ava has been dreaming about (like premonitions)5, **Forever red book** Tony Stark helps this trio out now with the beat em up stuff but with the tech stuff: **Forever red rose** So Natasha saves this little girl Ava from the bad man Ivan and thinks she kills him at the same time. **EPub Forever reddit** He did experiments on children even Natasha when she was young: **Forever red dupe** I won't say what all he did or was trying to accomplish but it's not good as villains usually don't do good, **Forever red heels** Years later when Ava is a teenager she runs away from S, **Science fiction fantasy forever red pdf** D who had her in protective captivity and is now living homeless: **Forever red ebook free download** She keeps having these dreams about this boy Alex and they are bizarre because they are so vivid and real and she finds out so is he! They meet at a fencing convention: **Forever red hand sanitizer** It's mind blowing when I finally read what those dreams were about! Sorry. **Forever red fragrance notes** so the two kids meet at the convention and they also meet Natasha: **Forever red lyrics** Ava is ticked off of course since she hadn't seen Natasha since she was a kid and felt like she could trust no one in the world with their promises, **Love you forever book reddit** Ava and Natasha are talking about things Alex bursts into the fray and then they all start getting shot at, **Forever red beetleborgs** Natasha being the Widow gets them out of dodge and heads on over to see Stark: **Young adult forever red uk** the old evil dude (Ivan) he isn't dead --->of course<--- and he's after Ava : **Forever red vanilla rum** I'm not telling you why but Stark tries helping them out with this little problem (that I can't tell you) : **Forever red commentary** and let's just go ahead and add some excerpts! Natasha nodded, **Forever red dvd** Like everyone else she'd heard the sound bites from Tony Stark of Iron Man fame-of Stark Industries fame-of tabloid and headlines and fast cars and fast everything fame: **Forever red fragrance notes** Natasha was silent and focused but Tony talked as he worked. **Book forever dog** Your not-so-dead long-lost Red Roomie shows up in Panama City, **PDF Forever reddit** Excuse me?So you circle the wagons pick up Mini-Me take out Ivan's welcome party hop on Coulson's good ship Lollipop and hitch a ride to S: **Forever red commentary** they are all hanging out with Tony the kids are supposedly sleeping but escaping, **Forever red soles** I'm not a Marvel fan and frankly don't read a lot of licensed TV/Movie-based fiction ever, **Forever regina belle** So this is something i never would have picked up but glad I read! Black Widow is kind of a character I love hate, **Forever red heels**) This book was a pretty cool YA take on her and introduces characters I'd love to see more of in the future: **Forever regina belle** And since I'm a fan of Agents of Shield it was cool to know that world building deeper than I would have known another licensed property: **Is forever red coming back** Anyway for a YA superhero tale with some kickass ladies this is a good candidate! 148472643X Adventures in Babysitting Spy KidsThat's the best way to describe this book. **Forever red coral bells** It's fairly disappointing that Black Widow (Natasha Romanoff) is basically secondary here despite being the titular character. **EPub Forever reddit** To be quite honest I felt like this was not the best effort that could be made from a Black Widow solo story tied in with the MCU: **Forever red commentary** Not only is Natasha underutilized but her very presence with having her own story seems to be the antithesis of giving fans her story, **Forever red jason** Her show is boring and most wouldn't watch it if Peggy was a man--admit it. **EPub Forever reddit**) Anyway this story seems to be about a woman who is defined by her family, **Forever red beetleborgs** Yes SPOILER ALERT: Alex is her younger brother and she also sees Ava as a younger sister: **Forever red gift** I'm actually glad that Bruce is only barely mentioned because the Black Widow/Hulk thing really messes up the perfect ship you didn't know you needed in Science Bros: **Forever red heels** Rant About The Editing:Page 209 finds this bit where there's an extra set of quotation marks even though nobody is talking at the end of the paragraph. **531 forever pdf reddit** Also notice those half page and half paragraph

indents? They're on every chapter. **Forever red bath and body works smells like** Page 389 has a paragraph that is missing not only the beginning letter but a capital one. **Epub Forever reddit** The formatting is odd there are obvious errors and the debriefing scenes that precede each chapter are off-putting, **Forever red beetleborgs** 148472643X I did really want to like this book but it a bit too slow for me: **Book forever dog** This is the part of the book I like but my main problem with the book is it is too slow. **Forever reds christmas lunch** There is almost nothing in the book you will not see coming a few chapters before. **Red is best book** The book is written from 3 perspectives Natasha's Ave's and Alex's: **Ebook forever red pdf** The thing that really does not work for me is transcripts of the deposition at the end/beginning of every chapter, **PDF Forever reddit** The Red Room now defunct was where a young girl Natasha Romanoff was trained/tortured into the super spy and now Avenger the Black Widow, **Forever red beetleborgs** Still bearing scars and trauma The Widow is sent to take care of her one time mentor and head of the Red Room program Ivan the Strange: **Forever red perfume price** However Ivan is not done and still has a few cards to play including a long term plan for Natasha and the world. **Forever red lyrics** For someone who has always know hardship and betrayal this give Widow something she has not had in a long time, **Forever Red Science Fiction fantasy books** There are parts of this book that I though were very good but it is just too slow for me and like I said a bit obvious what is going to happen. **Forever red communications** It is a bit overly ambitious in the plot as well it reminds me of the 80s villains for spy movies. He should not have even existed in this book. THE PLOT IS THE WORST THING EVER THOUGH. SERIOUSLY. 60ish.H.I.E.L.D. the infamous Black Widow herself.Natasha Romanoff.Avenger. Agent. Assassin. Black Widow is the battlefield I will die on.A year ago I wasn't even into comics. I loved Marvel movies but comics? Too complicated.Sweet summer child. The thing is.sooooooooo. Ava Alex this is Tony Stark.Look. It's a small human. Hello small human. He waved and Ava froze. She couldn't help it. Even when the only channel she had was C-SPAN.Hi Mr.--Iron--Stark. Walk me through it again. Your afraid he'll try to tangle with Natasha Junior here.Ava coughed.H.I.E.L.D.'s doorstep.Anyhoo. Let me just say they have some powers too. I'm a thief. This book is very good though. Your bow does diddly against Hulk bicep dude. Instead she spends her time running around after 2 teens. (Yeah Peggy Carter just isn't doing it.We get to see Tony Stark make an appearance.And Natasha's protegé Ava who turns into the Red Widow. It should read Ava not va. The are also a few guest stars and honorable mentions. To me this is origin story. Hope. 148472643X
