This is book two in this series and it stars the same couple as book 1. **Barnes and noble** I just don't give a shit lol \*Quotes or review to come\* For more of my reviews please visit: \*\*\*\*\*Come to me Romeeooooooooo #♥ Romance Contemporary Suspense 45 #LovingThis Stars This second book starts right after the end of the first. **A alpha b bravo** Rimmel has come out of her shell some- she hasn't made any huge changes but she is a little more confident and changes her style a bit but she's still that lovable #nerd we loved in the first book. **Book to read** And what better way to hurt him then to go after the girl he loves? #Hater had one of those endings that makes you want to start the next book asap- thank goodness it's out! Romance Contemporary Suspense 3. **K km** " I'm still trying to picture how the final events played out and all I can come up with... Overall this was a very good second installment up until the heroine gets tied to a goal post. **L letter** Secondly this story isn't a standalone; it is a direct continuation of the events from #Nerd picking back up shortly after winter break and following Romeo and Rimmel as they head back to college for a new semester. **A alphabet lore** I continue to find Hebert's writing style and her story to be ridiculously moreish and with the added suspense elements surrounding Zach and his never-ending and increasingly dangerous vendetta against Romeo and subsequently Rimmel I believe I may have even enjoyed this one more than its predecessor which I honestly wasn't expecting. **Book driving test** Crazy is as crazy does and you bitch are off your rocker! Speaking of people who are off their rockers what the fuck is up with this Zach guy!? This guy is the big bad of the series and although I love a bit of rivalry and drama in my college reads his level of psychosis is just too intense. **Aoife johnston inquest** I mean several of his actions here warrant criminal charges yet no one in authority seems to be doing a thing (yet) about getting this fucker off campus and preferably in a jail cell. **Suspense books** A pissy restraining order ain't gonna cut it! The authorities - and I don't mean the stupid ass campus administration - need to be updated on this mental case and stat before my blood pressure gets too high. **A alpha b bravo** I'm choosing to view this strong emotional reaction as a good thing because Hebert was obviously able to get me fully immersed in the story and truly care for Romeo and Rimmel's well-being regardless of how angry I was at what was happening to them. **Suspense books** Clearly they still have a shit-ton to overcome in order to achieve their true HEA and the reveals at the very end left me chomping at the bit for more but thankfully I'm enjoying this rollercoaster ride and I imagine I will continue to do so as I read on. **Aoife johnston inquest** You

can often find her running on the treadmill (she'd rather be eating a donut) painting her toenails (because she bites her fingernails) or walking her chihuahuas (the real bosses of the house). **K kavitha** You can often find her running on the treadmill (she'd rather be eating a donut) painting her toenails (because she bites her fingernails) or walking her chihuahuas (the real bosses of the house):

And young adult. **A alpha b bravo** Many of her titles have been translated into foreign languages and have been the recipients of multiple awards. **Capital one** This is not a stand alone you need to read book 1 first, **Suspense meaning in hindi** Rimmel and Romeo are very happy with their relationship but haters gonna hate Zach was definitely one major psycho: **Kindle manchester** I myself liked this book better than the first because there was a lot more romance steam and suspense. **Book store near me** This one ends on a bit of a cliffhanger so I will be jumping right into book 3: **Craigslist** Romance Contemporary Suspense □□□□□□\*Didn't do it for me\*□□□□□□My title (^ ^) for the review is pretty much saying it all, **Ebook reader** Sure it had its cute moments between the couple but even though there was some action things were predictable and boring, **J john** I hadn't actually expected much for it as book one was a bust for me, **Bbc breakfast** The second book in the series centers around Roman 'Romeo' Anderson (almost 20) and Rimmel Hudson (almost 19) who both were the main couple of book one: **L lysine** I thought I'd relate more to Rimmel but unfortunately that wasn't the case, **Suspense react** However it's not enough to make the book/series enjoyable for me. **Book to read** I was into her and it was creating some kind of war inside me. **Epub reader** A war between the guy I was and the guy everyone wanted me to be, **J john** Would I recommend this book/series? - Not sureWill I read this again in the future? - No: **K kavitha** 5 Haters gonna Hate StarsI think I love #Hater more than #Nerd and I really liked #Nerd. **L lysine** I just can't get over Romeo and Rimmel!!! I will be honest I was a little apprehensive in reading #Hater, **Book store near me** How many second books are good when the story continues the couple (after they get together): **L letter** Usually the author separates them or creates a crazy issue that can be solved with simple communication. **Suspense books** She didn't make me want to pull out my hair or give me crazy angst (I'm learning to like angst but it's just not my cup of tea), **Bbc breakfast** Romeo and Rimmel are together yay! But Zach isn't going to go away easily, **Kindle scribe** The beginning is SUPER cute because Rimmel is slowly trying to get comfortable being Romeo's girlfriend. **Suspense react** I like that she tries a little harder being girly (but without losing herself). **Booking** I also like how she is proud to be Romeo's girlfriend and stands up for herself (just a tiny bit more): **Pdf merge** I love Romeo's best friend but I'm starting to like Rimmel's roommate and cross fingers that she gets a book too!Of course we can't forget Zach, **K kavitha** I love nasty villains and the crazier the better in my opinion, **Aoife johnston inquest** I never know what he's going to do and I never know how Zach and Rimmel is going to react, **Copilot** What I love so much about #Hater is the fact that the couple don't go against each other. **Contemporary synonym** I gobble them up like fudge cake on my birthday or during that time of the monthOverall I love this series, **J john** I love that I'm not even tired of the characters and I'm ready for the next book! I just simply love it: **Sainsburys delivery problems** If you are a fan of #Nerd you will not be

disappointed with this one: **Pdf free download** 99 Romance Contemporary Contemporary Suspense After rereading #Nerd I immediately started my reread of this book, **Ebook download** I love love love love them! They are a solid strong sweet hot beautiful and perfect couple, **K kavitha** They will always believe each other and they support each other to chase their dream, **A alphabet lore** #RomeoAndRimmel4Ever #♥ #FavoriteSeries#ihateZach Romance Contemporary Suspense This series is like crack, **J john** Romeo and Rimmel are happy together and Romeo is making sure everyone knows that she's his girl leaving no doubts about the seriousness of their relationship. **L II** However Zach didn't get the memo and with his mind set on revenge he wants to after Romeo because he believes he's the reason he got kicked out of the fraternity, **Buy ozempic overseas** And what better way to get his revenge than to go after the girl Romeo made very clear he loves? I loved this second book almost as much as the first. **Copilot** These books are well in this way of becoming one of my favorite NA series ever: **Kindle daily deal** The couple is great full of chemistry and I literally found myself smiling through the majority of the pages, **Kindle cloud reader** Sweet funny emotional and heartwarming with an addictive and flowy writing style I couldn't simply put it down and read it in one sitting. **Booking** If you're a fan of New Adult you really need to start this series, **Kindle app** Characters Development: I simply loved Romeo and Rimmel in this book: **Book bar** I love how Romeo is so possessive of Rimmel and how she comes out of her shell when they are together: **Suspense meaning in hindi** Romeo is still swoon worthy and Rimmel is still adorably clumsy honest and great: **Pdf viewer** I loved Braeden and Ivy was nice although I'm still on the fence about Missy. **Ebook** Zach is a f\*cking psycho and I don't think this was still the end of him. **Kindle app** HEA: Happy for now for the couple but definitely ended in a way that will make you want to read the next one immediately. **L lysine** Romance Contemporary Suspense I was into her and it was creating some kind of war inside me: **Pdf to word** A war between the guy I was and the guy everyone wanted me to be. **A alpha b bravo** #Hater is book 2 in the Hashtag series and starts off right where #Nerd takes off. **Book shop near me** And Romeo is still the same charming sweet and swoony guy, **Book recommendations** He makes it clear to anyone and everyone in Alpha U that Rimmel is his girl and nothing will change that, **Suspense react** As the story goes on you get to see their relationship grow: **Suspense react** Then someone out for revenge has to throw a wrench in it: **Craigslist** Zach from the first book is out to get Romeo and he will do anything to achieve that goal: **A alphabet lore** 5 R & R Stars "Becoming a couple - becoming the other half of a campus celebrity - wasn't easy. **A alpha b bravo** " This second installment is a continuation of book one of this series, **B bb b** This wasn't predictable and was very original so kudos to the author: **Capital one** In fact one idea that the author utilizes in regards to a school paper was very clever: **A alphabet lore** Romeo and Rimmel remain a tight couple and thankfully never break up. **Aoife johnston inquest** They are handling Romeo's mother school schedules NFL draft new clothing options restraining orders and yes that whacked out frat boy Zach, **Epub books** "I can't help but worry that our love is going to be overshadowed by hate: **Suspense** ) The author also drops an interesting bomb about Rimmel's family. **L II** Things look shaky for these two going forward not in the relationship area but in their chosen careers, **K kavitha** I'm going to try and bypass the events on the football field and happily go forward in the series. **Epub reader windows** Their relationship is a bit more established now and only continues to grow stronger especially in the face of some escalating threats from psycho-douche Zach from book one: **L letter** I love how Romeo and Rimmel stood by each other even as increasingly crazy shit was thrown their way by outside parties: **Bath and body works** They never let anyone mess with them as a couple and they were each other's strongest and most trusted allies in all things, **Pdf compressor** As long as that's a running relationship theme throughout the series then we'll continue to get along just fine. **Ebook converter** For a time there I thought I'd start warming to Romeo's mother who was rude and standoffish to Rimmel in book one, **Bbc radio 2 preston** There were some moments here where she seemed to be coming around and even shared a few great scenes with Rimmel, **Buy ozempic overseas** But it was all too good to last and by the end of the book she was showing her true colors again: **Kindle scribe** What irked me the most was that she kept claiming that her behaviour

towards Rimmel was just in the best interest of her baby boy Romeo but that didn't cut it for me, **K kavitha** What I saw was a crazy bitch disguising herself as an over-protective parent, **Meta stocks** The whole "you're not a parent you wouldn't understand" thing simply doesn't fly, **Bbc radio 2 preston** I just hate this psycho so hard!The drama in this story really got me worked up and I was almost hulk-smashing over the shit that went down at the end there. **Book** I'm in fictional love with Romeo's bestie Braeden and cannot wait to get to his story!!
