. A fun read for any comic fan during the holidays. I was like the Hell? Anyway. interesting collection of Harley Quinn's Holiday Adventures. Let me get this out. I didn't like any of the 3 stories. But the 3rd one is the best. For some reason this issue was made for Kids. Like entirely for kids. But it's for kids. That's why I'm not gonna one star this. Cuz this ain't Harley Quinn. This is the Kids channel clown. J after his death. She gets angry enough and does something wrong. Batman comes to stop her but she explains herself. Well anyway. This was all sorts of wack. Of course she falls asleep and is discovered. At the same time she was illustrating "Soul Searchers Co. At the same time she was illustrating "Soul Searchers Co.C. Cuz it's Darwyn Cooke. Cindy's guardians are terrible.The second story's art is very different. It reminds me of a children's cartoon. Harley has a giant head huge eyes tiny nose etc. And that's not necessarily a bad thing. The style is fun and the colours are lively. It's just different from what you're used to. There's one scene that strikes me as very kinky. But maybe my mind's in the gutter. Either way I laughed. There's another double entendre here that makes me chuckle.Overall good stuff. Not quite 4 stars but a solid 3.5
