

All die verdammt perfekten Tage By Jennifer Niven I'm not going to say any more about this wonderful book but to tell everyone to read it! Read it! Understand it! Love it! These things are real! People like this are real! And there should be no room left in the world for bullies or people that don't understand mental illness. **All die verdammt perfekten tage warum stirbt finch** Get off your high horse and let others live the way they want and try to have some compassion! I can't find the other quote I highlighted but I think I got my point across! \*\*I'm going to put the Author's Note in here because I think it is another important thing for people to read. **All die verdammt perfekten tage imdb** \*\* \*\*AUTHOR'S NOTE FROM THE BOOK\*\*Every forty seconds.

### **All die verdammt perfekten tage felix mallard**

Hmm so there's a girl whose name is a colour (Violet) and a boy whose name makes him sound like he burst from the pages of a Dickens' novel (Theodore Finch) and they're both super quirky intelligent and know the names of a bunch of dead poets. **All die verdammt perfekten tage warum stirbt finch** so don't you just hate it when reviewers try to tell you what you should or shouldn't read? And they make universal statements like who could possibly love a book like this? Yeah me too. **All die verdammt perfekten tage warum stirbt finch** "It's my experience that people are a lot more sympathetic if they can see you hurting and for the millionth time in my life I wish for measles or smallpox or some other easily understood disease just to make it easier on me and also on them. **All die verdammt perfekten tage ende** But I think what's important about this novel without giving away too much of a spoiler is that it spreads awareness about mental illness and suicide the same way Mark Haddon's The Curious Incident of the Dog in the Night Time did with autism. **All die verdammt perfekten tage imdb** 9783809026570 Ein Mädchen lernt zu leben - von einem Jungen der sterben willIst heute ein guter Tag zum Sterben? fragt sich Finch sechs Stockwerke über dem Abgrund auf einem Glockenturm als er plötzlich bemerkt dass er nicht allein ist. **All die verdammt perfekten tage trailer** Aber während Violet anfängt das Leben wieder für sich zu entdecken beginnt Finchs Welt allmählich zu schwinden... personalities ya know? Also what the hell were the adults DOING in this book?! Obviously nothing because they completely ignored what was going on instead of getting these people help. **All die verdammt perfekten tage felix mallard** This is due to my being deep in long-term tests of a very forced and inauthentic persona in playing a version of myself who was just way too cool to do all those totally lame things like read or try in school or be an even remotely pleasant or interesting person. **All die verdammt perfekten tage zusammenfassung** However the 17-year-old me who was getting back into reading was mostly doing so through the voracious and uncritical consumption of any YA contemporary she could get her hands on using either her decade-old library card or babysitting money at the mall. **All die verdammt perfekten tage felix mallard** And the whole thing's imbued with a John Green-esque glorification of the "special" people the weirdos and above all the idea that most people who are living their lives are doing it incorrectly in a way that is normal and mundane and so f\*cking worthless and boring. **All die verdammt perfekten tage zusammenfassung** It's an exhausting and frustrating read and while the sheer force of nostalgia (alongside my belief that the author is sweet and well-meaning) prevents me from one-starring it I can't pretend this is in any way a good book. **All die verdammt perfekten tage zusammenfassung** Something about going for the bitchy ones or the crazy ones... "She is different from all other girls" "bitchy Amanda Monk" "you're not just any girl" SLUT SHAMING "Amanda's father owns a chain of liquor stores which is one of the reasons she's so popular. **All die verdammt perfekten tage zitate** ' But does forever have a built in ending...? "even though the Day Of wasn't slutty I feel a little slutty and also kind of grown up" TERRIBLE TREATMENT OF RACE "Charlie is black. **All die verdammt perfekten tage rezension** review to come-----rereading updates In 2015 I loved this book but in 2015 I also had never had a critical thought about anything containing a whirlwind romance and a boy with a quirky name who was characterized as charming. **All die verdammt perfekten tage imdb** "His actions the fact that he embraced life more than everyone else around him! That he saw the beautiful things in our grey world and vehemently refused to succumb to the ugly things that sometimes make it so hard to live. **All die verdammt perfekten tage book** The mood it put me in the trip down my own memory lane... There are books that make you think There are books that make you feel But it's so very rare to experience both. **All die verdammt perfekten tage ende** I learned that not everyone is disappointing including me and that a 1257-foot bump in the ground can feel higher than a bell tower if you're standing next to the right person. **All die verdammt perfekten tage roamer** I came out with severe panic disorder agoraphobia (fear of going outside for me) ocd depression and then came the physical stuff being fibromyalgia and arthritis from all the hard playing I used to do outside before all of this and hereditary with the arthritis I'm assuming. **All die verdammt perfekten tage warum stirbt finch** Often mental and emotional illnesses go undiagnosed because the person suffering symptoms is too ashamed to speak up or because their loved ones either fail to or choose not to recognize the signs. **All die verdammt perfekten tage felix mallard** And while depression really is all consuming and can make you feel like you're made up of not molecules but sadness I feel that a book about depression should show that there is more to people than their illness. **All die verdammt perfekten tage felix mallard** This book does not do a good job of portraying mental illness as it gives no hope and leaves the reader with a false image of a depressed person being nothing more than their depression: **All die verdammt perfekten tage book** I'm not going to add her personal parts of the note because that may not be right to do unless she asks me too. **All die verdammt perfekten tage felix mallard** Which is why I'm not going to tell you to do anything; but I am going to strongly recommend that you consider reading Forgive Me Leonard Peacock instead of this book. **All die verdammt perfekten tage book** Because the theme is the same only I believe it to be so so much better. **All die verdammt perfekten tage roamer** Perhaps it's just me but I am getting so tired of these Lifetime special kind of books that seem to hit me over the head with emotional manipulation: **All die verdammt perfekten tage englisch** John Green of course created his own set of quirky characters to make a humorous book about cancer and now we've reached the same for suicide: **All die verdammt perfekten tage buch zusammenfassung** If you did happen to love The

Fault in Our Stars and other books like it don't let me keep you from snapping this book up - it probably will become a new favourite: **All die verdammt perfekten tage rezension** These characters all feel so fake; like plot tools the author uses to extract our emotions. **All die verdammt perfekten tage book** From the very first page I felt like the book took centre stage and introduced itself as: I am a book about suicide: **All die verdammt perfekten tage roamer** Cry bitches! I knew how this was going to end; I just knew it: **All die verdammt perfekten tage zitate** Apparently it's some flaw in my character for not loving All the Bright Places because these books constantly claim commercial and critical success, **All die verdammt perfekten tage roamer** I should be drowning in my own tears and mucus right now, **All die verdammt perfekten tage zusammenfassung** What century am I in? this is a great novel with an important message aimed at the right audience, **All die verdammt perfekten tage zusammenfassung** At the end of the day that's all we can ask for from a book: **All die verdammt perfekten tage roamer** Whoever you are whatever your condition may be know that: "You are all the colors in one at full brightness. **All die verdammt perfekten tage felix mallard** "Only sometimes you may get enveloped in darkness which when you learn to deal with you find actually accentuates your light, **All die verdammt perfekten tage buch zusammenfassung** 9783809026570 OMGTHIS BOOKHASCHANGEDME 9783809026570 \*EDIT\*Full review here: <https://www>: **All die verdammt perfekten tage rezension** I'm sure the words will come and at that point I'll try to film a review. **All die verdammt perfekten tage book** But for now I'll just think about a million and one things, **All die verdammt perfekten tage warum stirbt finch** My gosh <3Review copy provided by publisher in exchange for an honest review, **All die verdammt perfekten tage ende** Neben ihm steht Violet die offenbar über dasselbe nachdenkt wie er, **All die verdammt perfekten tage felix mallard** Von da an beginnt für die beiden eine Reise auf der sie wunderschöne wie traurige Dinge erleben und großartige sowie kleine Augenblicke - das Leben eben, **All die verdammt perfekten tage warum stirbt finch** So passiert es auch dass Finch bei Violet er selbst sein kann - ein verwegener witziger und lebenslustiger Typ nicht der Freak für den alle ihn halten, **All die verdammt perfekten tage roamer** Und es ist Finch der Violet dazu bringt jeden einzelnen Moment zu genießen. **All die verdammt perfekten tage zitate** The film starring Elle Fanning Justice Smith Luke Wilson and Keegan Michael Key is now streaming on Netflix with a script by Jennifer and Liz Hannah (The Post): **All die verdammt perfekten tage englisch** Jennifer is currently at work on her fourth and fifth novels for young adults with number three— Breathless— coming out September 29: **All die verdammt perfekten tage rezension** Her previous works include four novels for adults as well as three nonfiction books. **All die verdammt perfekten tage book** She divides her time between Los Angeles and coastal Georgia with her husband kids and literary cats: **All die verdammt perfekten tage roamer** {site\_link} Seeing other people's reviews on this book that I really trust made me realise a lot of things that I don't really agree with, **All die verdammt perfekten tage warum stirbt finch** It's kind of written in a way that the characters are nothing but their illnesses if that makes any sense. **All die verdammt perfekten tage warum stirbt finch** It felt like there was nothing else to them except for their depression, **All die verdammt perfekten tage rezension** The writing was nice but other than that I can't really see any redeeming aspects of this novel that could change my opinion back to the way it was, **All die verdammt perfekten tage trailer** The hype for this book was huge and I was so caught up in the huge thing that happened at the end of this book that I failed to see anything else: **All die verdammt perfekten tage felix mallard** I'm really sorry if this is your favourite book or something but people's opinions can change after a lot of deliberation and personal growth and stuff, **All die verdammt perfekten tage buch zusammenfassung** Hope you all understand that I'm just being honest! 9783809026570 Reading is an interesting thing: **All die verdammt perfekten tage roamer** I'd spent the later part of my middle school years and the beginning part of my high school ones not reading much at all. **All die verdammt perfekten tage imdb** It was neither convincing nor fun (for anyone involved) and eventually (mercifully) I gave it up. **All die verdammt perfekten tage trailer** Little to no thought was put into what I picked up or what I thought of it, **All die verdammt perfekten tage felix mallard** When I read this book I mostly swooned at the idea of a manic-pixie-dream-boy with an interesting name and a Penchant For Wandering. **All die verdammt perfekten tage felix mallard** I marked it as read on Goodreads with a five-star rating and a few gushing meaningless sentences: **All die verdammt perfekten tage zusammenfassung** (It's not THAT uncalled for -- my average rating is below three stars: **All die verdammt perfekten tage roamer** ) And some of those outdated teenage ratings of books I can't remember have bugged me: **All die verdammt perfekten tage rezension** All the Bright Places is filled with girl hate and the not-like-other-girls trope. **All die verdammt perfekten tage book** The discussion of mental illness especially medication for and treatment of it is irresponsible and gross, **All die verdammt perfekten tage warum stirbt finch** " (What does that even mean?) But I'm not going to say how he does it. I'm just going to add the basic parts and some hotlines. Then there's that whole death thing hanging over this novel. why does it feel like I've read this before?Err.Oh right.Okay. But it just did not work for me. Not even any surprises. Oh well sucks.And honestly. Augustus Waters and Theodore Finch? Please. I cried. Fuck. I don't like John Green. Fuck the Fault In Our Stars overrated sack of shit. But I don't know why this book got through to me. Don't look down on them treat them like equals. I didn't feel that condescension here. It felt natural. She didn't condescend I didn't condescend. Nobody condescended which is great. Respect begets respect. I digress; let's get to book in the spotlight.Both survive that day. They made me feel alive. You don't need to experience death to know the pain. Heck you don't even have to be a young adult. It captures anger. It captures heartache. What happens to them feels real.Keep your head up.youtube.com/watch?v=DXQBq.I don't even know what to say. 9783809026570 dnfnot a fan. It was just really weird.When I was around 17 I was just getting back into it. It was all the same to me. And there it has sat ever since.Now I indulge in considering myself a critical reader. None more than this one.So recently(ish) I sucked it up and reread.And wow did I gloss over a lot.All the negative reviews of this book are right.Here are some quotes organized by category.GIRL HATE/NOT LIKE OTHER GIRLS'I have bad luck with women. That and the fact that she puts out.'""I knew him even better than that.' Her voice goes slutty. [. Not CW black but black-black." This is just f\*cked up.BODY SHAMING"Too many high school girls are built like boys."The whole character of Mr. Black: "literally the largest man I have ever seen. [.] I'm the only one who is just Theodore Finch.Bottom line: There is so much wrong happening here.-----pre-reviewwelp. You can't stop people from dying. You can't stop them from going away. You can't stop yourself from going away either.It will never do my feelings justice.The sadness I'm feeling is impossible to put into words.It's the kind of sadness that festers in your heart.Maybe it's because this book hit way too close to home.Maybe it's because I know exactly how Violet felt. "I'm fighting to be here in this shitty messed-up world. It's about having control. It's about never going to sleep again."It wasn't the plot or the subjects that moved me.It were the intense feelings this book gave me. I am not perfect. I have secrets. I am messy. Not just my bedroom but me. No one likes messy. They like smiling Violet.It's exactly what "All the Bright Places" did to me.I didn't ugly cry when I read the last page.I didn't sob my soul out.I didn't weep like a little child. Exposed to the eyes of the world."Keep going. Don't stop now. Don't be a waiting person. You lived. You survived a really horrible accident. But you're just ... there. You're just existing like everyone else. Get up. Do this. Do that. Lather. Rinse. Repeat.That's not only a fair warning.It's the bitter truth."□ 9783809026570 \$1. This book is about teen suicide and bullying. Then he had to be euthanized suddenly in Feb. of 2013 from cancer. I even

tell her about it. Her name is Lucy. That's what people say in this world with mental illness. \*QUOTE FROM BOOK\* Amanda stares at her hands. I can only tell you how I felt. Ugly. Disgusting. Stupid. Small. Worthless. Forgotten. It just feels like there's no choice. They won't know I'm gone. Maybe it's better if I was never here. I even asked my parent why they even had me. that's it. I liked Violet too but it's Finch that steals the story. Can you imagine someone messes up your suicide attempt. They should have the crap beat out of them. People like that make me sick. Violet doesn't really want to be around anyone too much. So Violet has her own issues. She won't get in a car things like that. Brings her back to herself. I think Theodore Finch is a wonderful character. I can see how wonderful he is but he just can't. In All The Bright Places Finch worries a lot about labels. According to Mental Health America an estimated 2. If you think something is wrong speak up. You are not alone. It is not your fault. Help is out there.org DIAGNOSING MENTAL ILLNESS IN TEENS - helpguide.org I recommend this book to everyone! [www.melissa413readsalot.blogspot](http://www.melissa413readsalot.blogspot). For this reason I'm lowering my rating once again. 5 star. I may do a video regarding this later. Like the unlit cigarette c'mon man
