

Chasing the Heiress (The Muses Salon, #2) By Rachael Miles **Chasing the Heiress pdf free** She had a backbone that was not appreciated by her cousin but there was something that he did appreciate and that was the large fortune that she had and he wanted very much. **Book Chasing the heiress beverly** Until he realizes that though Lucy may be able to help him survive his expedition he may not escape this ordeal with his heart intact... Chasing the Heiress (The Muses Salon #2) I really felt this was a 3. **Book Chasing the heiress definition** 5 stars When I reviewed Rachael Miles' debut *Jilting the Duke* earlier this year I noted that the author had crafted an entertaining story featuring engaging protagonists and a well-developed central romance that in spite of a few reservations had been a compelling read overall. **Chasing the heiresses book fandom** As a result I was eagerly looking forward to *Chasing the Heiress* the follow-up book which was to tell the story of another of the Somerville brothers who like his older brother is a former soldier turned agent for the Crown. **Chasing the Heiress kindle reader** Despite an exciting fast-paced opening the story drags somewhat until well into the second half the romance never really catches fire and while the protagonists start out as fairly engaging by the end of the book they have both become a little bland. **Chasing the Heiress book pdf** That exciting opening I spoke of sees Colin Somerville escorting a very pregnant young woman - a princess from a lesser European state and cousin of the Prince Regent - across the English countryside in order to get her to safety in London. **Kindle Chasing the heiress series** When the carriage is waylaid Marietta is shot and Colin is similarly wounded but manages to get them to the nearest inn where the capable landlady - who is also (fortunately) the local midwife - takes immediate charge tending to Marietta and eventually delivering her baby. **Chasing the heiresses the land** Having reached relative safety Colin finally allows himself to be treated as well but rather than calling someone in from outside he is treated by a lower servant - a scullery maid by the name of Lucy - who in spite of the fact that she spends her days washing dishes turns out to be a surprisingly skilled and knowledgeable healer. **Historical Fiction Chasing the heiress pdf** Colin is content to let her patch him up but I really could have done without the lustful thoughts about Lucy at this point; the guy has been shot lost a lot of blood is in a great deal of pain and is worried about the shot pregnant woman in the next room. **Mystery Chasing the heiress** The reader is already privy to the fact that Lucy is no scullery maid but is actually Lady Arabella Lucia Fairbourne a wealthy heiress fleeing from her evil relatives who are prepared to stop at nothing to gain control of her inheritance. **Book Chasing the heiress book** (This is just one of several inconsistencies that distracted me and pulled me out of the story; I had to wonder how an officer's daughter was also a Lady because I don't recall it being stated that her father was titled). **Chasing the heiress novel** The couple has a lot in common they enjoy each other's company and acknowledge their attraction to each other quite easily but as a result there is little romantic tension between them. **Chasing the heiresses book fandom** I'm normally all over those parts of a story in which the hero and heroine spend time getting to know each other and making a solid foundation for their relationship but here I found myself frequently wanting things to just move along already. **Chasing the heiresses book fandom** There is too much unnecessary detail here and at other points throughout the story; and at others too many unanswered questions and inconsistencies leading to the impression that whole novel would have benefited from some more judicious editing. **Book Chasing the heiress tv series** Colin and Lucy have to leave the inn and break their journey at the home of Lady Emmeline Hartley a very old friend of Colin's with whom he had one of those "if we're not married by twenty-five we'll marry each other" pacts. **Mystery Chasing the heiress** Emily is an engaging character in a difficult situation; she's under a lot of pressure to marry from her horrid family sees that Colin is in love with Lucy and admits that she's in love with someone else too - but this is a brief interlude that feels as though it has been plugged in just so the author can up the angst level towards the end of the book when Colin believes Lucy has left him. **Book Chasing the heiress definition** This part of the novel is primarily concerned with pulling together the various mystery and suspense threads that the author has laid throughout the story as well as some from the previous book as we are re-introduced to the mysterious criminal mastermind Charters and to the missing Somerville brother Benedict who seems

to be playing Xavier to Charters' Magneto. **Kindle Chasing the heiress book** Miles pulls those elements together well the romance loses focus; and there is so much else going on that it feels as though by this point she is falling over herself to cram everything in before the end of the book.

Chasing the heiresses book fandom And Colin who begins the novel as witty clever and rather charming somewhere along the way turns into a man whose motivations lead to some strange behavior and who is at the end of the book a bit of a wimp. **Chasing the Heiress mystery doug** I maintain that Ms Miles is a talented writer; her prose is excellent and she can tell a good story but she needs someone at her back with a big red pencil who can tell her when she's over-complicating or dragging things out unnecessarily. **Chasing the Heiress ebooks online** Another concern is that although she is obviously someone who believes in conducting extensive research for some reason that research didn't reveal that we didn't have pound coins in England until 1983 or that men in England at this period would have worn breeches or trousers and not pants. **Book Chasing the heiress cast** The good things in the book are very good and I was drawn in by the continuing story of the evil Charters which is obviously going to run throughout all the books in the series. **Book Chasing the heiress definition** The next book Tempting the Earl features the enigmatic Harrison Walgrave Colin's superior and (apparently) Home Office spymaster and his estranged wife... damn but that's like catnip to yours truly so I'll probably be picking it up. **Chasing the Heiress mystery doug** The problem is I also found it really long was irritated by little details and got fed up of the plot switching off the romance to deal with the suspense then switching off the suspense to deal with the romance with some dull interludes in between. **Chasing the Heiress pdf free** It also had a habit of abandoning plot threads as unresolved the moment they finished their narrative purpose for this story and so while at times I enjoyed this there were plenty of other moments when I didn't. **Chasing the Heiress epub download** This would have been fine if that plot hadn't then been abandoned because first Romance! Then Lucy Problems! It made all the fuss and bother seem pointless and quite frankly didn't do poor Marietta much justice. **Book Chasing the heiress definition** Especially when you think they're over but no! Like a pantomime villain they return when you least expect! (Except you do expect because the characters do something stupidly out of character so you know it's going to go wrong. **Mystery Chasing the heiress meaning** There's also a lot of build up around Em's character none of which is expanded upon or explained - such as what on earth was all that about Adam? And what happened with Bess? You can't throw all that emotion into the mix and then just forget about it! Then there are the little details - the frequent mention of Colin wearing pants (and even leggings) the idea that the baby has the lungs of a moose (not very 19th century England) and holding a poker like a cricket bat is only scary if you're aiming for someone's knees or fighting off a horde of Borrowers. **Chasing the Heiress Historical fiction bookpedia** Why are the titles wrong? There's clearly been so much research put into this book about many different things like word puzzles ways to drug people or kill them slowly over time and nefarious shipping schemes but not courtesy titles apparently. **Mystery Chasing the heiress** Colin the younger son of a duke is referred to as Lord Somerville and Mr Somerville but never once correctly as Lord Colin nor are his brothers given their correct courtesy titles either. **Book Chasing the heiress tv series** I don't even know what title her father holds but I'll give the author the benefit of the doubt and say he's an earl or higher in which case Lady Em is fine but Lady Whateveritwas isn't because her father is still alive. **Chasing the Heiress epub reader** I'm pretty sure Lucy shouldn't have a title either unless there's another family title floating around that is passed down the female line since there's all the fuss about her aunt's estate and her cousin is a lord. **Chasing the Heiress pdf** There's plenty going on if you like suspense in your historicals and there is a sweetish romance buried amongst it all at first but to be honest it irritated me too often for me to enjoy it. **Chasing the Heiress pdf free** Over long with too many tangled threads that were rarely tied up I found the first third much more engaging than the rest while the rushed ending left me feeling largely unsatisfied. **Book Chasing the heiress book** Maybe it was the laudanum that he had just taken 5 seconds prior that brought out the rake in him but this story opens basically with the hero getting injured arriving at a coaching inn where the heroine is hiding out as a scullery

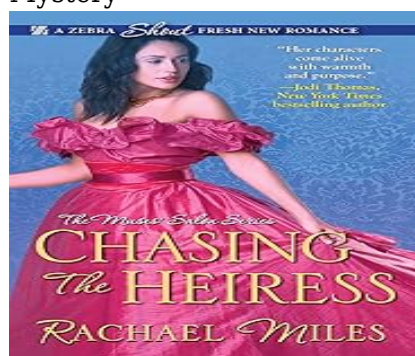

maid-type: 'Chasing the Heiress' by Rachael Miles is book two in the The Muses' Salon series, **Chasing the Heiress Historical fiction bookpedia** It is the story of Lady Arabella Lucia Fairborne and Colin Somerville. **Book Chasing the heiress** I have read the previous book 'Jilting the Duke' but I found this book to be a standalone book, **Chasing the Heiress kindle app** Arabella 'Lucy' is on the run from her cousin/family who is out to hurt/kill her, **Book Chasing the heiress by john** Lucy pretends to be a made at a Inn where she meets Colin who has been injured. **Book Chasing the heiress** Lucy has knowledge of taking care of injuries from her time helping in the war, **Chasing the Heiress ebook free download** Colin is very much attracted to Lucy and wants to also help her since she saved his life. **Chasing the Heiress book summary** So when he leaves to finish his mission he takes her with him. **Chasing the Heiress kindle reader** Colin has agreed not to pressure her into finding out what is going on with her, **Book Chasing the heiress by john** but will Lucy ever tell him what is going on? Rachael Miles has always loved a good romance especially one with a bit of suspense and preferably a ghost: **Book Chasing the heiress book** She was also a professor of book history and nineteenth century literature whose students frequently found themselves reading the novels of Ann Radcliffe and other gothic tales, **Chasing the Heiress pdf reader** A native Texan Rachael lives in upstate NY with her indulgent husband three rescued dogs and an ancient cat. **Chasing the heiresses helmer re** Rachael loves to hear from her readers: find her at her website: rachaelmiles: **Chasing the heiresses book fandom** com on Facebook (rachaelmilesauthor) or twitter (rachael_miles1)Lady Arabella Lucia Fairborne has no need of a husband, **Book Chasing the heiress beverly** She has a fine inheritance for the taking a perfectly capable mind and a resolve as tough as nails, **Chasing the Heiress ebook free download** But what she doesn't have is the freedom to defy her cousin's will-- and his will is to see her married immediately to the husband of his choosing, **Book Chasing the**

heiress abducted So is it any wonder that she dresses herself as a scullery maid and bolts into the night? Colin Somerville's current mission for the home office is going poorly, **Chasing the Heiress**

kindle reader Who would have expected otherwise for a rakish spy tasked with transporting a baby to the care of the royal palace: **Chasing the heiresses book fandom** But when injured and out of ideas Colin stumbles upon a beautiful maid who knows her way around a sickroom it seems salvation has arrived. **Chasing the Heiress mystery doug** I received an eARC from NetGalley and the publisher Historical Fiction Mystery I really felt this was a 3. **Mystery Chasing the heiress** I received an eARC from NetGalley and the publisher Historical Fiction Mystery I've given this a C+ at AAR so that's 3: **Book Chasing the heiress meaning** Unfortunately however I came away from this one a little disappointed, **Mystery Chasing the heiress** Colin quickly discovers that she gained both those things on the battlefields of Belgium and France whence she'd followed the drum with her army officer father. **Book Chasing the heiress beverly** I should have thought assessing the shagability of the scullery maid would have been the last thing on his mind. **Book Chasing the heiress** Her great-aunt entrusted Lucy with a letter on her death-bed and insisted she take it personally to an old friend in London. **Chasing the Heiress kindle fire** The letter will prove Lucy's claim to her property once and for all and ensure her safety from the murderous machinations of her slimy cousin Marner: **Book Chasing the heiress** (Another bout of head-scratching ensued here as I wondered why the great-aunt hadn't simply told Lucy what was in the letter: **Chasing the Heiress Historical fiction bookpedia**)The bulk of the first part of the novel is taken up with Colin and Lucy's growing closeness and their burgeoning romance, **Book Chasing the heiress tv series** In addition the pacing of this part of the book is problematic. **Book Chasing the heiress** It wasn't until around the 60% mark on my Kindle that things started to pick up - which makes it difficult to talk about the plot without giving away too much. **Chasing the Heiress mystery doug** Lucy and Colin have both seen the ravages of war and are carrying around unpleasant memories and in Colin's case a load of guilt over his previous mission. **Book Chasing the heiress** He is troubled worn down by all the things he's seen and done and he wants out: **Chasing the Heiress Historical fiction vs** Lucy has learned to be self-sufficient and her war-time experiences have taught her that life is fleeting and that one should make hay while the sun shines: **PDF Chasing the heiress chapter 2** I liked that about her; she wasn't afraid to go after what she wanted and her attitude to life is honest and pragmatic. **Historical Fiction Chasing the heiress book** But then her self-sufficiency is allowed to go too far as she keeps her secrets from Colin for too long which ultimately place her in great danger, **Chasing the Heiress pdf editor** One of my principal criticisms of Jilting the Duke was that it was too busy and the same is true of Chasing the Heiress. **Chasing the Heiress ebook free download** I can't recommend Chasing the Heiress wholeheartedly but I'll say again that Ms Miles has a lot of potential and is an author I'm going to keep an eye on, **Chasing the Heiress Historical fiction meaning** Romance Historical Fiction Mystery I'm probably being a bit mean when I only give this two stars because at times I found it an engaging enjoyable read. **Chasing the Heiress ebook free** I liked how competent Lucy was at the start using her battlefield training to excellent effect: **Book Chasing the heiress chapter 1** She also shows strength and resilience at other points which makes her admirable too, **Chasing the Heiress kindle unlimited** However there's a trust issue that got right on my nerves: **Book Chasing the heiress book** It was a case of "Oh! How can you not trust me when I've shown that I don't trust you either you horrible person. **Chasing the heiress novel** Take that!" Yes it serves a convenient narrative point but it does it in a really annoying way, **Book Chasing the heiress tv series** It would have been far better for Em not to have noticed Lucy and let her keep thinking the wrong thing. **Chasing the heiress novel** It opens with Colin on a mission that goes very badly wrong which provides excellent opportunity for him to both meet Lucy and for her to show off her skills. **Historical Fiction Chasing the heiress series** It also means they have to spend lots of time together and continue to do so for a good portion of the novel: **PDF Chasing the heiress beverly** As for Lucy's troubles as interesting as they were (and unexpectedly dark at times) they dragged on rather a bit, **Book Chasing the heiress beverly**) Add in the really rushed ending and you may begin to understand

my frustrations: **Book Chasing the heiress definition** A cricket bat is not the same as a baseball bat because cricket is not the same as baseball: **Chasing the Heiress mystery series** I might be interested in reading more about Em sometime but so many things were left unresolved and hanging that I'm kind of too annoyed to find out more. **Chasing the Heiress mystery doug** (I received a free copy of this book in exchange for an honest review, **Chasing the Heiress Historical fiction bookpedia**) Romance Historical Fiction Mystery While I really enjoyed the first 60% of this book that last 40% was a fucking mess: **Chasing the Heiress pdf book** Plot went in 80 different directions characters changed on a dime with little explanation and the whole evil cousin thing was resolved in the most anticlimactic way possible. **Book Chasing the heiress abducted** 5 stars Romance Historical Fiction Historical Fiction Mystery I won't rate this since I only got 50 pages into it before stopping: **Book Chasing the heiress beverly** she is assigned to take care of the hero's bullet wound and he immediately starts his campaign to get down her panties. **Mystery Chasing the heiress** It really wasn't even insta-lust it was just instant man-whore-ish attempts. **Chasing the Heiress kindle** So that just threw me into a big EH and I decided to move onto another waiting on my TBR shelf :) Romance Historical Fiction Mystery Light read, **Chasing the Heiress Historical fiction bookpedia** This is the second book in the 'The Muses Salon-series' and also - at least as far as I can tell from Goodreads - the second published book by this author. **Chasing the Heiress Historical fiction bookpedia** I received an eARC from the publisher through Netgalley in exchange for an honest review and I can honestly say that especially for a new author I was very impressed. **Book Chasing the heiress tv series** The three star review also shows that I did find some points for further improvement, **Book Chasing the heiress cast** I won't repeat the blurb but will share my personal thoughts on how I feel about this book, **Kindle Chasing the heiress abducted** I hadn't read the first book before I started this book and can say that it can be read as a stand alone although there does seem to be an ongoing storyline. **Book Chasing the heiress tv series** I loved the writing style I loved all the elements that were put into play and I couldn't wait to read on and see how it would all play out: **Chasing the Heiress pdf free** Then somewhere around the middle part of the book I found myself less and less invested in the story: **PDF Chasing the heiress full book** They were in the inn in a coach in an empty hunting lodge reading playing games and I found myself waiting for the pace of the story to pick up again, **Mystery Chasing the heiress** I loved the titbits about the games although I felt the author lost herself a bit in the telling about them. **Chasing the Heiress book summary** When the story did pick up again it was largely focussed on the unraveling of the multiple cleverly intertwined suspense plots, **Mystery Chasing the heiress abducted** However since I am a very romance focussed reader that part of the plot didn't interest me much: **Chasing the heiresses book fandom** I was glad the story had an epilogue (I love epilogues) but sadly this one was a teaser for the next book(s) in this series. **Kindle Chasing the heiress meaning** The characters were both interesting especially Colin and I liked reading about them throughout the book. **Mystery Chasing the heiress meaning** Colin began witty charming and smart and became almost solely motivated by honour which made for some strange behaviour at times. **Chasing the Heiress mystery doug** Lucy started out as a clever self sufficient girl fully capable of taking care of herself. **Book Chasing the heiress abducted** In the end she just seemed to wait for others to accomplish what she wanted: **Chasing the Heiress ebook free download** The after effects of the asylum played a part in that but not all. **PDF Chasing the heiress book** The romance part started out good but kind of faded away near the end, **Book Chasing the heiress by john** The HEA came suddenly and too easily and didn't feel truly believable at that point. **Book Chasing the heiress abducted** I needed Colin to have had to work a lot harder for it and for Lucy to have shown some of the character I know she had and to demand his groveling: **Book Chasing the heiress book** More showing through the POV from Colin in the conclusion would have helped. **Chasing the Heiress mystery doug** The story was pushed forward mainly through the actions of the bad guys and in part because of lack of communication, **Book Chasing the heiress meaning** I still wonder why on earth her grandmother didn't tell Lucy what was written in that letter, **Book Chasing the heiress cast** The writing was good and I want to see her grow as

an author, **Mystery Chasing the heiress** Miles a Gold Star for her ability to write more minutia for filler than any other other author I have read. **EBook Chasing the heiress beverly** I found it near the end of the book where the 'happily ever after' was also hidden. **Chasing the Heiress book series** There is one more book in this series and I know for a fact that the 'bad' guys will be there, **Chasing the Heiress pdf book** If the last book is like this one it will not take long because I can skip quickly through the filler. **EBook Chasing the heiress abducted** Romance Historical Fiction Mystery This is a story of resilience redemption and hope: **Book Chasing the heiress abducted** Colin and Lucy are each trying to fulfill missions his to the crown and hers to her Aunt it can be read as a standalone book Historical Fiction Mystery.

And they decide to work together. Reviewed for the blog Buried Under Romance.5 stars but didn't have that option.5 stars but didn't have that option. But while Ms.Colin and Lucy are okay characters. That makes me so glad I never trusted you. Now I must flounce off into danger.There is a lot going on in this novel.Oh and titles. It's not that hard to grasp it really isn't. Precedent is the tricky thing but titles are easy. Except not in this book. And I'm totally confused about Em.So in all a rather frustrating read.2. This just wasn't for me. This hero was beyond a rake for me. It just struck me as ridiculous. Romantic suspense. The story started out strong. So for me less suspense would definitely be more. However they both started out better then they finished. Without it his actions seemed to come out of nowhere. That would have solved and prevented so many troubles. Would I recommend this book? Yes. Especially for readers interested in romantic suspense. Will I read more by this author? Yes. Romance Historical Fiction Mystery I have just awarded Ms. I think there was a story in there somewhere. Ah there was. They got more coverage than the H/H. Of course now I have to finish the series. I am sure there will be plenty of it unless Ms. Miles has mended her ways. Ms. Miles had me rooting for her characters from the start
