Castine Maine writes Jeanne Braham is the place to both begin and to end an exploration of the life and work of the poet Philip Booth: **Book Available light bulb** Merwin and Maxine Kumin among themand Braham's recountings of their friendships and escapades open a window into a tremendously exciting time in late twentieth-century poetry, **Book Available light bulb** Available Light: Philip Booth and the Gift of PlaceReally enjoyed the book: **Available lighting** Jeanne Braham I've been sipping Available Light reading slower and slower as the pages dwindled all too fast. **Book Available lightning** In a short space this measured tribute gives us a feel for Booth's teaching at Syracuse University writing and his life in Castine Maine. **Available lightcyclor** I have my favorites - "Stove" "After the Rebuilding" "Prides Crossing" "Before Sleep" among many others: **Available light lyrics** He was also good when he talked about poetry as in Trying to Say It which I read years ago: **Available Light ebookers** Available Light will send me back to Trying to Say It and of course to the poems. **Available lighting new** A poet is important to you when he won't leave you alone when his work lives with you sending you back to it again and again and thus changes your world. **Book Available lightroom** As he said of the Maine islands to those who it matters it matters a great deal. S. <http://www.centralmaine.com/2016/09/0>. Braham's book is like a good visit with poet. The photos mostly from the Booth family are marvelous.I've been reading Booth's poems since college. I wore out a cassette tape of Booth reading his poems. It's a shame that he didn't do readings. Booth is one of those poets for me. More people need to read Booth. Branham's Available Light should bring him some new readers. Jeanne Braham.
