

Decisively Engaged (Warp Marine Corps, #1) By C.J. Carella **Decisively engagedt** Kindle Edition j'ai mis 3 étoiles parce que j'ai lu jusqu'au bout et que je suis bon lecteur quand il s'agit d'exploits militaires alors que d'autres trouveront ce genre ennuyeux et sans intérêt à réserver donc aux amateurs de combats dans le style America vs the universe et son lot de soldats prêts à tout Chaque page est un massacre sans beaucoup de répit même si la politique et la situation de l'Homme dans l'univers des aliens est vaguement évoquée Cela rappelle tout de même fortement la colonisation (le primitif défendant sa terre contre l'envahisseur plus 'éduqué' (équipé serait plus juste . **Decisively engagedmd**) on sait alors comment cela finira même si l'auteur sacrifie certains personnages plutôt attachants C'est plaisant à lire (y compris les descriptions techniques de l'arsenal militaire) même si on grince parfois des dents tant les traits sont forcés Reste que l'essentiel des batailles se déroule au sol Je m'attendais à des batailles spatiales Ce sera peut-être pour le prochain opus . **EPub Decisively engagedly** discovered his obsession with making up crap and writing it down at the age of 6 when he wrote his first short story back in the days when the Cold War was still on and the only mobile devices were the wrist watch and the walkie talkie. **Book Decisively engagedmd** discovered his obsession with making up crap and writing it down at the age of 6 when he wrote his first short story back in the days when the Cold War was still on and the only mobile devices were the wrist watch and the walkie talkie. **Decisively Engaged booklet** Born in the conflagration of unprovoked alien attack the newest entrant to galactic politics took the few crumbs of hypertechnology gifted to it and ran with them soon expanding over dozens of star systems and establishing a wide trade network protected by its powerful Navy and the dreaded Warp Marines. **Paranormal Decisively engaged synonym** Can the Marines and a ragtag band of civilian and Navy personnel survive long enough to be rescued? Decisively Engaged (Warp Marine Corps #1)If you are American and love military sci-fi this is your book/nay! Series!Everyone else once you can choke down the central premise that the American's are the dominant faction after the cleansing of Earth (not unbelievable just difficult as the jingoism is extreme here) it's a cracking piece of writing great characters concepts and writing are on show here. **Decisively Engaged kindle paperwhite** Set in a universe in which most interstellar species are of the genocide first ask questions never persuasion newly promoted US Warp Marine Captain Fromm arrives to take his new command a weapons platoon on detached duty to protect the humans in the alien Enclave of the xenophobic nation of Kirosha. **Decisively Engaged booking** I don't see how these few Marines weren't eventually totally overwhelmed and slaughtered but then hey there couldn't be a series now could there? ;) Definitely recommended for those who like this genre.

The book skips over some real interesting times and goes to some guy I don't care about out in the alien system: **Decisively engagedt** Did the earth become united? No - he still works for the USA: **Decisively engagedmd** Kindle Edition

Good but not great This book as an example of good solid military sci-fi: **Science Fiction Decisively**

engagedly This is not a memorable book but it's a fun read and worth checking out: **Decisively Engaged fantasy name** Hes been making up crap and writing it down for fun and profit ever since: **Book Decisively engagedly** He's been making up crap and writing it down for fun and profit ever since: **Decisively Engaged booker** {site_link} (WARNING: Contains violence strong language and adult content) They picked a fight with the wrong species, **Book Decisively engagedly** A FIGHT TO THE DEATH: A single Marine platoon tasked with protecting an embassy on a hostile alien planet: **Decisively engagedmd** An embassy - and the human enclave around it - that soon finds itself surrounded by armed mobs, **Decisively Engaged kindle cloud** Given the garish art on the cover I nearly skipped it and I'm glad I didn't: **Decisively Engaged pdf editor** Kindle Edition Warp Marines Up!An excellent beginning to what I hope will be a long series. **Decisively engagedmedia** The Kiroshans dislike of outsiders soon turns hostile and the Enclave is placed under siege, **Kindle Decisively engaged meaning** The battle scenes are extremely well done and the background is fascinating: **EPub Decisively engaged definition** I look forward to reading a lot more stories set in this universe. **PDF Decisively engaged meaning** Kindle Edition Do you like your aliens deep fried broiled or sushi style, **Decisively Engaged booking** Kindle Edition Thoughts as I read it:Of fucking course the USA is pretty much the only nation left. **Decisively Engaged kindle paperwhite** There would be a literal countdown clock going for these poor bastards till some earthman tries to have sex with one: **EBook Decisively engagedly** Then action packed military sci book novel with plenty of dead aliens: **Decisively engagedt** My only real complaint is the number of dead aliens was at times simply too large and massive to be totally believable. **PDF Decisively engaged** Could it use some tightening and have a few typos? Yes but the story! Page turner and then some. **Book Decisively engaged definition** Spent so much time on the throne of reading my leg fell asleep: **Decisively Engaged pdffiller** On to book two after a brief respite with a new mystery writer! Kindle Edition Non stop military action. **Science Fiction Decisively engagedly** Kindle Edition Putting the 'mil' in Mil-SFIImpossible odds mass casualties being-wave attacks heroism and unflinching courage. **Decisively Engaged book** A little light on character development but the narrative moves well and the pace is constant.And I'm done. DNF. It's well written and moves at a good pace. The setting is also well developed. Kindle Edition An intense.

C.J. C.J. A NATION AT WAR: The United Stars of America. I've already bought the next three books in the series. Maybe just shot in the face. No holds bared military Sci-fi. Enjoyed it. Of course everyone else is rendered impudent. Oh the exceptionalism!The 'puppy' aliens are 'cute'. Kindle Edition I was Decisively EngagedLoved this story. At least something slept because I couldn't put it down. Very enjoyable. Dead aliens abound.This was a fun read.I will continue with the series. Worth my time. Kindle Edition.
