

The Mirror's Truth (Manifest Delusions, #2) By Michael R. Fletcher **Book The Mirror's truth and truth** Quite the opposite in fact as reading this was a ton of fun! The story has a very cynical but humorous tone that helps mitigate the horror and Fletcher is fantastic at inspiring sympathy in the reader for his evil characters. **The Mirror's Truth fantasy book** The Mirror's Truth book cover was done by a different artist and let me just say that it's pure badassery and it fully captured what Fletcher envisioned in the world he created. **The Mirror's Truth fantasy book** The Geborene god seeks to remake the world with his obsessive need for cleanliness and perfection.

I was wondering how Fletcher would up the grim dark ante from the amazing first novel 'Beyond Redemption' but boy did he deliver. **Epub The Mirror's truth social** The dialogue and world works perfectly and is incredibly original inventive Natch has his own idea on how the world should be and Konig and his Reflection Failure continue to try and manipulate their own way back to the top of the Geborene religion. **The Mirror's Truth pdf converter** Dare he call upon Bedeckt's old friends Wichtig and Sthelen who Bedeckt abandoned in the Afterdeath and send them to stop the only sane man (self-proclaimed) in the world?The story was a lot of fun. **Fantasy The Mirror's truthfinder login** Audio Note: Still no audio which seems a total travesty! The story follows several POVs giving us a chance to see the same scene from various angles. **The Mirror's truthstream media** I loved the pace there's no time to get bored while I rolled with the characters in the mud when watching the battles or followed them in their journey to finding themselves or losing themselves in the corrupt world with no possible HEA. **The Mirror's truthteller whiskey** Also I couldn't stop laughing as they got so much fun like for example when Stelhen left Wichtig bare-assed and with a dull horse all the clothes dumped in the midden pit ☐

There were many touching emotional moment which melted my heart and some which made me sad too. **The Mirror's Truth epubor** Soo excited to learn about the new creatures stalking it! Or will Bedeckt die before he gets a chance to redeem himself? What happens when the only sane person in the whole world is the craziest of them all? The dead shall rise & with them they will create a war that will tear the very fabric of existence. **The Mirror's Truth book summary** And I'm not just saying that lightly people were telling me it's so much darker then Beyond Redemption of course I didn't believe them because let be honest that book was just a black void of darkness. **Fantasy The Mirror's truths** This novel just like its predessor was a slow burn the first 25% could be considered boring however the concept is interesting enough to keep you engaged at around the 30% mark you won't be able to put the novel down as it gets really intense & keeps that pace until the last page. **The Mirror's Truth book pdf** Maybe even a tad loveable? they have regrets they want redemption some of them even want to be better people so the character development is extremely well done and quite frankly some of the best I've read in a long time. **Book The Mirror's truthfinder login** If I were to compare his prose to another author i would say it's very similar to Abercrombie's writing style however for me I think Fletcher is just that little bit better like a tiny smidgen and that's just because of his creativity he has created a terrible spit and phlegm filled world with terrible characters where everyone is ugly so for me this is one of the most unique and imaginative stories I've read in a long time and contains one of the most different plot-lines I've had the pleasure to read. **Book The Mirror's truths** I also love the fact the story is told in multi person POV there's a lot of story lines going on but they are all wrapped up neatly with a big blood vomit & phlegm stained bow at the end. **The Mirror's Truth fantasy book** It's definitely another one of those thought provoking novels that has you questioning your own sanity and wondering if the person in the mirror is actually a part of your delusions and secretly wants to choke the life from your body for fun remember if the person in the mirror starts talking to you "The mirror ever lies" so you can't trust them. **The Mirror's truthprevails 021** The Mirrors Truth also brings some refreshing themes to the typically tropes your used to in fantasy novels with some mind blowing differentness included in the mix so if your sick of boring books you should definitely check out Fletcher's work. **Book The Mirror's truth and lies** My prior complaints I had with book one were definitely sorted out the word shite is used less and the German names are becoming easier to handle plus don't forget to use this saviour as a reference if you decide to pick up his work it's an absolute must; Beyond Redemption Wiki I love that moment when you see it in their eyes the dawning understanding that you have absolutely and utterly ruttet their lives. **The Mirror's truthunedited author** you should not read these novels if your overly sensitive they contain child abuse rape disturbing themes animal abuse and quite possibly the most cringiest torture scenes ever seriously one had me cowering in the corner and I honestly felt truly ill while reading it. **Book The Mirror's truths** Combined with a well-balanced pacing and the growing tension that accumulated with each page turned the story eventually reached an intricate unforgettable emotional tornado of clashing delusions that left me completely breathless. **The Mirror's Truth fantasy book** One of the biggest challenges in grimdark fantasies is to create lovable characters despite their morally gray code especially in cases like this series where characters tend to be evil and sociopathic. **The Mirror's truthwitch series** However he instead made it even better with more Geisteskranken (The Delusional) appearances — I mean c'mon there's even a DRAGON! Look at the book cover a dragon! — and exploration of Afterdeath. **The Mirror's**

Truth pdf free Typos never bother my reading experience unless it's out of control and that's why it won't affect my overall assessment; I'm just letting you know that there are some here. **Fantasy The Mirror's truth and lies** To do a tiny bit of comparison in overall quality: this series just judging from the two available books are in my opinion better than all books written by Mark Lawrence Brian Staveley and I've read all of them before saying this. **The Mirror's truthunedited author** There are some great ones for sure but none ever made it into my favorites of all time shelves so far except for Abercrombie's books; however Fletcher did it twice in succession with this series. **The Mirror's Truth Science fiction vs** I crowned him as the best grimdark author of all time (but do note that I haven't read Malazan yet at the time of writing this review so I can't say anything for Steven Erikson). **Book The Mirror's truths** There will be more standalone novels taking place in the same world like Swarm and Steel which was just released yesterday and which I'll be reading next; there will also be one more book to conclude this series. **The Mirror's truthmafia** With The Mirror's Truth Manifest Delusions has already cemented its quality as one of the best grimdark fantasies series I've ever read along with The First Law series by Joe Abercrombie and at the same time is the number one most underrated series I've ever read. **EPub The Mirror's truthfinder login** The Mirror's Truth is a sequel that builds upon everything that made the first book so great and all-consuming featuring storylines and characters that are grittier twistier and even more insane. **Science Fiction The Mirror's truthfinder** Livid at being left behind the murderous Kleptic and the self-styled Best Swordsman in the World decide to make clandestine deals of their own returning to the world of the living in order track down Bedeckt and make him pay—slowly and painfully. **Book The Mirror's truth and lies** Beyond Redemption would not have been such a wildly successful book in my eyes if our protagonists had merely been the vile monstrous degenerates they appeared to be on the surface. **EPub The Mirror's truthfinder** In fact with the chapters basically alternating between their POVs each of the three are essentially given their own storyline thus giving way to a lot more character development on an individual level. **Fantasy The Mirror's truth summary** We also get to see a softer side of Stehlen—and if you've read the first book you'll understand why I just burst into incredulous giggles while typing that—but believe it or not it is true; the psycho kleptomaniac woman actually has feelings that go beyond wanting to slit your throat and steal your shit. **Kindle The Mirror's truth book** Of the three protagonists he's the only one whose past is explored in depth and I also find the story surrounding his delusion of being the world's best swordsman to be extremely compelling. **The Mirror's truthunedited author** I think it's safe to say those who enjoyed Beyond Redemption will also love this sequel and after all this waiting and uncertainty I'm glad that The Mirror's Truth has finally found its way into readers' hands:

It's madness, **The Mirror's truthquest vbs** Fletcher has once again surpassed all my expectations this book was incredible, **PDF The Mirror's truth and lies** AND THAT ENDING WAS THE BEST ENDING IVE EVER READ seriously it was fucking crazy, **The Mirror's Truth ebook reader** But the main thing that drew me in was Fletcher's ability to make the vile characters so much more deep and likeable. **Science Fiction The Mirror's truth social** But they are all still insane villains and as the saying goes It's a shite world, **The Mirror's Truth kindle ebook** Fletcher has a way with words his writing is flawless and it's actually full of words of wisdom: **The Mirror's Truth book pdf** I saved so many quotes from this gem because I just adored nearly every sentence: **The Mirror's Truth bookkeeping** Another thing Fletcher does well is he has you on the edge of your seat while your reading: **Book The Mirror's truth and truth** It's a very unpredictable read anything could happen at anytime and he definitely doesn't give a shit about killing his main characters so expect the unexpected. **The Mirror's Truth ebookee** I feel like everyone on earth whines for diversity in books this authors work is so diverse it's ridiculous. **The Mirror's Truth ebook download** It features every type of crazy every skin colour it also explores lesbian relationships: **Book The Mirror's truth and truth** But in saying that if your someone who likes those things but are overly sensitive to violence and triggers eg rape murder torture, **Book The Mirror's truthfinder** Don't touch these books seriously They are incredibly twisted gritty & disturbing: **The Mirror's truthprevails 021** If I see someone read and trash these books I may have to stab them with a blunt object & I'm not even joking, **Kindle The Mirror's truths** "Our scars are reminders of the mistakes we've made" Sometimes the most unpredictable people were the most predictable, **The Mirror's truthquest vbs** all fanart by Quint VonCanonAnother Warning just in case you didn't read the last one. **The Mirror's Truth kindle ebook** He ate the scab so if your a Squeamish petal stay away, **The Mirror's truthquest vbs** Poets and story tellers always went on about how terrible that first kill was remember a road less traveled can make all the difference. **EBook The Mirror's truth social** Who knows? Maybe this could be one of your best reads too, **The Mirror's truthquest vbs** Somewhere in the middle of my read through Beyond Redemption I knew I had to drop any planned reading in my schedule and continue to the sequel immediately. **The Mirror's truthout website** I'm glad I did because this was one of the best reading experiences I've ever had in the genre. **The Mirror's truthstream media** When I stumble upon a fantastic book I always try to savor and stretch my reading time as long as possible: **The Mirror's Truth epub's air** If I fail to do this it means that the book is so good that it ended up overpowering my will. **The Mirror's Truth fantasy book** I ended up finishing The Mirror's Truth in less than two days so go figure. **The Mirror's Truth book** Fletcher has improved upon all the groundwork he established previously in Beyond Redemption. **Science Fiction The Mirror's truth social** The plot is a direct continuation of what happened at the end of the previous book, **Book The Mirror's truthfinder** Bedeckt who defines himself by his list of crimes that he's committed to avoiding strayed once from that commitment. **PDF The Mirror's truth and lies** The Mirror's Truth revolves around the aftermath of that

decision and the chaos it spawned: **The Mirror's truthteller whiskey** While the scope of the plot isn't as epic as before it's equally amazing; maybe even more so in a different way because this time the plot is more character driven: **The Mirror's Truth book pdf** Even with the changes in the narrative direction the book is still filled with a myriad of madness manipulations violence and intriguing philosophies. **The Mirror's Truth bookworm** It's also more brutal engaging and surprisingly more poignant than before: **Kindle The Mirror's truth and lies** The conclusion of this book is one of the best conclusions to a book I've ever read; the sheer brilliance of it is simply indisputable, **The Mirror's Truth kindle store** I believe that no one in this world is completely good: not me not you not anyone: **The Mirror's Truth pdfescape** We have all done some bad things and made mistakes we wish we could take back, **Book The Mirror's truthfinder** The same goes for 'evil' characters; I believe that deep inside them there could be still a sliver of goodness: **The Mirror's Truth booklet** In a way that's the point of grimdark fantasy and why I love the genre, **Book The Mirror's truthfinder** Fletcher nailed this situation with the accuracy of a sniper: **The Mirror's Truth ebook download** As the book shifted its narration to a character-driven style we get to explore more of these deranged characters thoughts and sense of longing especially for the main trio: **Book The Mirror's truth and lies** The stupendous characters' development is one of the aspects that truly made this book superior from its predecessor. **The Mirror's truthwitch series** If Fletcher had stuck with what he made in Beyond Redemption honestly I would've been okay with it. **The Mirror's truthout website** The exposition of Afterdeath and how it influenced and affected the real world is truly amazing; it's like we have two worlds to explore rather than one. **The Mirror's Truth bookworm** Don't even get me started on the Mirror elements which I could gush about but I strongly believe it's something that you have to truly experience for yourself: **Fantasy The Mirror's truth and lies** From my past experiences in the genre a lot of grimdark authors tended to have prose that's more flowery than flowers themselves. **PDF The Mirror's truth and lies** Sometimes the words aren't even necessary other than to make the sentences sound 'cooler'. **The Mirror's Truth book pdf** It ruins the flow of the book for me when I have to think "what the hell is the author is trying to say?" or looked at the dictionary repeatedly: **The Mirror's Truth pdf book** Doesn't mean it's a bad thing at all; I just feel that there should be a line on this because anything that's too much isn't good, **The Mirror's Truth book** No words are wasted everything is crucial and yet it's addictive immersive and easy to access: **The Mirror's truthprevails 021** That said considering that The Mirror's Truth is indie I did find some typos throughout my read: **The Mirror's truthteller whiskey** I also love how each chapter almost always starts with a philosophical passage that's essential to the atmosphere and background of the mad world, **EPub The Mirror's truth social** This one in particular is my favorite: "We are each living a story. **Book The Mirror's truthfinder login** What many of us are too afraid to admit is that we are the authors of our story: **Kindle The Mirror's truths** You are living the result of each and every one of your choices, **The Mirror's truthunedited author** If you are letting others make decisions for you you are allowing them to write your story. **Book The Mirror's truthfinder** Do they have your best interests at heart? If you are unhappy whose fault is that? Don't like your life go write yourself a better one: **Book The Mirror's truth and lies** " Finally I want to address the aesthetic factors and production value. **The Mirror's truthwitch series** Unlike Beyond Redemption The Mirror's Truth is self-published there's a reason for this but it's too long for me to explain here. **The Mirror's Truth Science fiction and art** You can read about it in the acknowledgment section or even just ask the author about it: **The Mirror's Truth book pdf** Beyond Redemption has a cool cover; it was drawn by one of my favorite artists Richard Anderson but which made my reading experience even better, **The Mirror's Truth book pdf** They also look wet under the light if you're looking at it from the right angle: **EPub The Mirror's truths** If all books published by big publishing company were the same superb quality I can guarantee you I wouldn't be reading from e-books ever: **Book The Mirror's truth and lies** The fact that The Mirror's Truth is self-published makes this even crazier and is why I will do everything I can to make sure everyone notices and reads this book: **The Mirror's Truth pdf editor** You can thank me or send me hate mail later but please give it a try first, **The Mirror's truthunedited**

author Honestly speaking grimdark fantasy is one of my favorite genres especially in manga, **The Mirror's truth** **unedited author** Joe Abercrombie has always been one of my favorite authors and he still is, **Fantasy The Mirror's truth social** Now I finally have someone on my list that can share that throne with him: **Book The Mirror's truth and truth** This means the Manifest Delusions main series will be a trilogy. **The Mirror's Truth book summary** Whatever the future holds Fletcher will have my full support not only because I need more but because the world of fantasy needs more of the originality that he can deliver: **The Mirror's Truth book pdf** I know everyone who has read this series will agree with me that if there's an author that deserves our support Fletcher is that author, **The Mirror's Truth bookkeeping** The Mirror's Truth is a sequel manifested from a mixture of superlative imagination and genuine talent that every fan of the genre must read: **The Mirror's Truth book series** I absolutely recommend this book with all my heart brain and delusions. **The Mirror's truthstream media** The only reason you should not read this book is if you're dead in which case you'll still find me enslaving everyone to read this book from the Afterdeath, **The Mirror's Truth book summary** Mwahahahaha!! Pardon me that was my doppelganger speaking I'll shut him up now. **Book The Mirror's truthfinder login** You can find this and the rest of my Adult Epic/High Fantasy & Sci-Fi reviews at BookNest 455 4. **The Mirror's Truth booking** In other words it's even more fucked up than Beyond Redemption...and I loved it. **Book The Mirror's truthfinder** "You didn't actually think it was over for our protagonists did you? In the world of Manifest Delusions death is only the beginning. **The Mirror's truthstream media** Bedeckt Stehlen and Wichtig are back following the complete and utter bloodbath that was the end of the first book: **The Mirror's truthteller whiskey** Only now they've emerged even more brutal bloodthirsty and psychotic than ever before. **Book The Mirror's truth and truth** It all started when the old and wretched Bedeckt filled with the sudden horror of his actions decided that he could not go through with the plans he had made: **Book The Mirror's truth social** Now he must undo the damage caused by his weakness and do whatever it takes to stop Morgan the mad child who has become a god, **The Mirror's Truth kindle store** And if it takes abandoning his companions to the eternal greyness of the Afterdeath then so be it, **The Mirror's Truth book review** Not surprisingly Stehlen and Wichtig react none too kindly to that idea, **EBook The Mirror's truthfinder** With friends like these who needs enemies? At the same time though it would be a mistake to dismiss these characters so casually. **The Mirror's Truth ebook free download** Fletcher drew me in with the complexity of their personalities and relationships and I was glad he continued to build upon these in the sequel, **The Mirror's Truth book pdf** While Bedeckt Stehlen and Wichtig spend much of this book apart we are still treated to the fascinating inner workings of their deep dark scary minds: **The Mirror's Truth pdfescape** The Bedeckt we used to know has become transformed no longer just an old jaded thief looking to end his financial troubles once and for all with the score of a lifetime: **PDF The Mirror's truthfinder login** Now he is a man wracked with guilt and grief struggling to keep what morals (and sanity) he has left. **The Mirror's Truth book review** And finally there's Wichtig perhaps the most complicated of them all: **Book The Mirror's truthfinder** And of course I am once again floored by the originality and excellence in the world-building: **The Mirror's Truth book series** People always complain about the same tired old tropes in fantasy and the lack of fresh ideas when it comes to magic systems and powers, **The Mirror's Truth ebook** To them I say "Take some Manifest Delusions and call me in the morning: **The Mirror's Truth Science fiction and art** " Fletcher has done an incredible job creating this world where magic is madness and those who are the most powerful are also the most unhinged, **Book The Mirror's truths** It's a premise ripe for all kinds of ruckus and mayhem and this sequel pushes the envelope even further. **The Mirror's truthwitch series** Plot-wise The Mirror's Truth is simpler in some ways but it is also stranger bloodier and more violent: **The Mirror's Truth kindle cloud** Fletcher might have just single-handedly redefined the word "insane": **The Mirror's truthprevails 021** Manifest Delusions is not so much a hidden gem but rather an absolute treasure trove of a series to fans of grimdark. **The Mirror's Truth book summary** 455 Where belief defines reality but Bedeckt is going to bring him down. **The Mirror's Truth fantasy book** The two friends he abandoned in the Afterdeath chase

after Bedeckt bent on revenge, **The Mirror's Truth book review** Something cold and evil follows lurking in the clouds above shredding reality with its delusions: **EBook The Mirror's truthfinder** Madness and sanity war stretching and tearing the very fabric of existence: **The Mirror's Truth booklet** Fletcher is a science fiction and fantasy author a grilled cheese aficionado and a whiskey swilling reprobate, **The Mirror's Truth book review** He spends his days choreographing his forklift musical (titled Get Forked) and using caffeine as a substitute for sanity. **PDF The Mirror's truths** Any suggestions that he is actually Dyrk Ashton in disguise are all lies: **The Mirror's truthteller whiskey** Blog (kinda): {site_link} : {site_link} : @FletcherMR Instagram: fletcher_michael_r Michael R. **The Mirror's Truth bookworm** Fletcher is a science fiction and fantasy author a grilled cheese aficionado and a whiskey swilling reprobate: **The Mirror's Truth book pdf** He spends his days choreographing his forklift musical (titled Get Forked) and using caffeine as a substitute for sanity: **PDF The Mirror's truth social** Any suggestions that he is actually Dyrk Ashton in disguise are all lies. **Book The Mirror's truthfinder** Blog (kinda): {site_link} : {site_link} : @FletcherMR Instagram: fletcher_michael_r {site_link}.

Originally reviewed at Bookwraiths.It is damn difficult to top perfection. So these guys escape back into the land of the living.Well Bedeckt is going to put a stop to Morgen's madness. And the ending . . it is just pure Michael Fletcher madness people. Great stuff. Can't put it any more simply than that. The pain and worry of mine my precious boy. anyway. Seriously folks what a goddam rutting mess. I actually adore it. I am now labeling Fletcher the king of grimdark. He definitely knows how to bring the grim to the dark. IT CRUSHED MY SOUL. I RUTTING CRIED. But I did. FEELING EMPATHY FOR VILLAINS IS SACRILEGIOUS ITS NOT RIGHT. Thanks for sucker punching me in the jaw. The Geborene God seeks to remake the world. He wants it perfect and clean. Sanity wasn't real. It was a myth a delusion. however it's true. This book is so much darker then BR. Shite things happen. It is the most delicious meal you will ever taste. And the more complete the betrayal the better the flavour. I will feel personally wounded by your hate. I love these books like a child. Who could love this? No one. No one could love such a vile person. Also there's some weird rutting shite going on. Erdbehüter watched as he eyed a scab licking his lips. She watched hunger and disgust do war. Hunger won. I'm not trying to be pessimistic. That's humanity and it's realistic. The world-building also significantly improved. I personally dislike that. Fletcher's prose isn't like that all. You are living the life you chose for yourself. Don't let this fact discourage you though. However I've been disappointed a lot with grimdark novels. There's no excuse here. Seriously though read this book. 5 of 5 stars at The BiblioSanctum <https://bibliosanctum.com/2016/12/05/>. "War isn't insanity it's the base state for all reality.
