I had a like/dislike relationship with this book and I say that as opposed to love/hate simply because for more than the first half it emoted nothing to me; it evoked nothing from me. **The Extra-Dimensionals epub file** Were this the first book on the paranormal that I read and I can understand the author's need for background but page after page I awaited something I hadn't read or heard of before. **The Extra-Dimensionals kindle books** After also reading Return of the Gods when one starts to put these disparate theories against one another and weed out what just doesn't fit you'll start to see some recurring elements. **The Extra-Dimensionals ebooks free** These extra-dimensional may well be alternatively known as demons (otherworldly creatures lacking souls) manifesting on our plane of existence but unable to maintain their presence on their own. **The Extra-Dimensionals book** When you compile all of these various stories/theories/explanations that people have put forth throughout the years and try to find commonality you realize that once you remove the blinders we wear (we've been taught to wear from kindergarten) as humans and open your mind to the possibility that our very nature is not what we've been told suddenly God angels demons heaven hell etc. **Extra dimensional aliens** have you ever seen the model of how our solar system supposedly moves through space? Because there is nothing they (or we) can do about it. **The Extra-Dimensionals pdf editor** No way to keep the visitors from visiting and gathering data about humanity: **The Extra-Dimensionals ebooks online** No way to stop their surveillance of our planet and the outer space around it, **The extra dimensionals book** The author says it's time for outside-the-box thinking and methods to replace the status quo. **The extra dimensionals book** The Extra-Dimensionals: True Tales And Concepts of Alien Visitors I quit at 22% of reading: **Extra dimensional ghost revealer** This book is not for people who KNOW about aliens and have been researching this area for a while. **The Extra-Dimensionals ebook reader** Author rehashed what other researchers have been saying for decades and has not offered any new concept. **Extradimensional suit control** Some ETs came from other constellations long ago and established home next door to us. **The Extra-Dimensionals ebook reader** DeSouza talks a lot about Awakening as in Great Awakening not the destructive woke culture that has torn our nation asunder, **The Extra-Dimensionals ebook** Considering this book was written in 2015 his work being pre-Trump and events of recent years—rise of Antifa BLM and

other domestic terrorist groups—I think he's onto something. **The extra dimensionals book** Some of the devices they use are actually living machines (a theory I first heard a number of years ago): **The extra dimensionals pdf** Likewise the Grays are hybrid clones capable of exiting in our dimension for an extended period to do the bidding of those other-dimensional creatures: **The Extra-Dimensionals booker** DeSouza gives some of these creatures the benefit of the doubt that they are higher beings and refers to people/groups who seek out contact, **Extra dimensional storage** don't seem like such antiquated or esoteric concepts or even things of legend. **The Extra-Dimensionals kindle** Furthermore when you start applying common sense to what we've been told is scientific fact it becomes even more clear. **The extra dimensionals pdf** Yet we're supposed to believe we're hurtling through space at 6666mph (coincidence?) and we're supposed to believe this while we can trace our familiar heavens back for eons. **Extra dimensional beings** However the takeaway is: Nothing is what we've been taught to believe it is, **The Extra-Dimensionals kindle cloud** The Extra-Dimensionals: True Tales And Concepts of Alien Visitors This book is far outside the realm of my experience and/or what I've been taught. **The extra dimensionals book** At first I thought I would not be able to continue because I could not suspend my disbelief. **The Extra-Dimensionals pdf reader** In fact I took a several month break before my curiosity led me to pick up the book again. **The Extra-Dimensionals ebook** And now I am more open to what is written in the book: **The Extra-Dimensionals ebook3000** It is so far out there that it seems as though it has the ring of truth and may be possible. **The Extra-Dimensionals epub.pub** The premise is that alien visitors are not visitors from outer space. **The Extra-Dimensionals booker** Other researchers such as Jacques Vallee came up with the notion that some beings are interdimensional therefore it is not a new finding. **The Extra-Dimensionals ebook3000** John Desouza if you didn't have any NEW concept to offer to the community it was your moral obligation not to write this book and waste our time and money, **The Extra-Dimensionals kindle cloud** However he then takes that ideal and runs in literally every direction with it. **The Extra-Dimensionals book** I also despise when people write or talk about completely subjective things as if they are fact. **The Extra-Dimensionals pdf editor** By all means present your theory or beliefs but it's an enormous turn off when it's presented in a way that makes the author seem as if they have all the answers. **The Extra-Dimensionals ebookee** Also there seems to me to be a lot of contradictory information when it comes to the extra dimensional theory. **The Extra-Dimensionals epub reader** In one chapter he will explain these beings people are calling ET are actually ED and then in the next he is back to talking about space craft: **The Extra-Dimensionals pdf converter** However I will again reintegrate the fact that I did like the overall statement being made which is wake up, **The extra dimensionals book** “The Extra-Dimensionals” is the stark revelation of where Alien Visitors are actually coming from and to where they are returning, **The Extra-Dimensionals booker** Understanding Extra-Dimensionality is the way to unfold the truth of the paranormal the spiritual and even the physical world: **Extradimensional space 5e** These Visitors have been with us since time immemorial and their messages to us are everywhere around us: **The Extra-Dimensionals book** If we refuse to listen then we are only delaying the inevitable to a time when an alarm will be sounded that is so loud that it will consume everything upon the Earth. **The Extra-Dimensionals ebookee** That comprehension will in turn illuminate every hidden truth of our material existence, **Extra dimensional aliens** Then we will find that for the first time we will finally have the key to understanding everything: **The Extra-Dimensionals kindle app** The Extra-Dimensionals: True Tales And Concepts of Alien Visitors

. No way to stop abduction and experimentation. Humanity needs to wake up before it's too late. The payoff comes in the very latter chapters. The last portion of the book was really interesting. Mr. Personally I would tread very cautiously there. The stars in the night sky do not change. Whether Mr. DeSouza is spot on or not I cannot say. This time I stuck with it and read the entire book. I don't really know you don't really know. None of us do. Etc. The truth will eventually explode into our field of vision
