It turns out Camilla's ex may have been even more dangerous than she initially believed and as bad things begin happening in Pajaro Bay Ryan must work to put the pieces together and figure out the history of her ex before he can get to her and adopted son Oliver. **The Honeymoon Cottage Science Fiction fantasy baseball** Kindle Edition I loved this! It's more than a bit of froth and certainly not a 'steamy hot romance' (I hate reading that in a blurb - it always makes me think of books like FSoG). **The Honeymoon Cottage mystery machine** I adore reading about vulnerable men and Ryan is just that - not a wimp or a macho-man braving it out - he is truly damaged and there is a real sense of more than unhappiness there. **Honeymoon for one book** But The Honeymoon Cottage has that spark of life that many books lack plus a heroine dealing with a con-man ex and father and one of those wacky communities I love reading about. **The Honeymoon Cottage mystery machine** Join Barb's mailing list to get free bonus stories and be first to hear about new book releases: {site_link} Cool Lee writes the kind of books she likes reading: fun and heartwarming romantic mysteries where the good guys treat people with kindness and you can always count on a happy ending. He tried to keep Camilla and Oliver safe which got trickier when he realized a serial killer was after them: **Honeymoon cottage seaside** I loved how protective Ryan was and felt bad that he was so hard on himself, **Honeymoon cottages by the beach** The slow building of feelings between Camilla and Ryan was great in this sweet romance. **Mystery The Honeymoon cottage** I liked the small town where everybody knew what everybody else was doing - all the time, **Honeymoon cottages by the beach** The surprising twist at the end made this book an even better read, **Honeymoon cottages by the beach** She lives in a cozy cottage by the sea on the California coast, **Honeymoon cottages by the beach** While shes writing her next book.

Honeymoon cottages by the beach

I found this one for free on a website somewhere. **Luxury honeymoon cottages uk** I almost put it away a few times but I wanted to finish it. **The honeymoon cottage book** Camilla is on the run with young Oliver having been scammed out of money by her fiancée Dennis and accused of embezzlement by her employer, **Honeymoon cottage seaside** She goes to the sleepy little town of Pajaro Bay and moves into a charming little cottage that Dennis had purchased for her (head scratching moment for me): **The Honeymoon Cottage mystery machine** She meets stalwart cop Ryan Knight (yes Knight) and the predictable love tug of war ensues: **Book a honeymoon vacation** There were many elements of this story that made it interesting to me. **Honeymoon cottages by the beach** I loved the cockeyed cottages the DIY work the quirky characters of the town folk. **The Honeymoon Cottage epubor** The mystery was ok nothing earth shattering but interesting enough:

Honeymoon cottages by the beach This is a pretty solid romance/mystery with believable characters and some excellent conflict to keep the reader engaged.

The Honeymoon Cottage mystery machine You know - Lonely man sees stranded woman and a certain part of his anatomy takes over:

Honeymoon cottages by the beach ;) There was subtle appreciation instead which was as far as I am concerned far more realistic:

The Honeymoon Cottage epubor Kindle Edition I've come to the conclusion that the books with the best reviews tend to leave me cold --- they're just a bit boring (too mainstream),

Honeymoon cottages by the beach Ones with mixed reviews like this book are far more likely to suck me in and keep me happy.

Mystery The Honeymoon cottage I can't really explain what separates books like this from the ones I stop

Oliver. Ryan is the sheriff in the small town Camilla moved to.so I probably shouldn't complain.it sounded kind of cute. It was really kind of dopey. The premise was interesting. I wanted something light and this fit the bill. Kindle Edition A cute mystery romance.Camilla is on the run along with her son Oliver. In the cute little place that she comes she meets Ryan. Kindle Edition This is a 3.5 star mystery romance with a happy ending. A picturesque little town on the coast. A cop with a painful past. Great combination of romance cozy and police procedural. Good character backstories. Likeable side characters. Bonus points for seagulls and an amusement park. Please excuse typos/name misspellings. Entered on screen reader.) but the story develops slowly. The writing is lovely. ;) There is some truly lovely writing.e. She smelled like flowers. She wouldn't meet his eyes. I love that. It resonates with me for some reason. Not to mention wasn't expecting the twist. Really satisfied with this read. I will continue to read the series. If I described the plot they'd sound the same. A fun feel-good read.
