\*\* Special edition eBook cover The stunning and much anticipated final book in the BESTSELLING paranormal romance trilogy Romance Mystery Sins of the father is no exception to the captivating writing by JJ King! I could not put this book down Rose is bound to the LaFlammes in a way that no one could imagine. **Sins of the father comic** Paranormal Romance Mystery So I'm not sure if the book finished the way it did because the author is setting up for a spin off (or maybe they already have) or if it is just to leave a lot of things out there to question. **Sins of the father are visited on the sons** Paranormal Romance Mystery That series is not the one where you concentrate on one couple - with each book you get new one! Here it will be the story of Rose (you will be surprised who is she) and her mate will be revealed later so I will leave him out of review as a surprise. **Sins of the father last fight** Raphael is still trying to get what he wants and create a new generation of Guardians but our character will unite to stop him!This one is full of surprises twists and secrets! To find out what happens go buy the book. You won't be disappointed I wasn't. But none of them is prepared for what comes next. Don't miss this addition to the LaFlamme family story. But overall I am happy with the book. Power given and power taken. Innate power and cultivated power. Power through leadership and power through fear. LaFlammes power come through leadership. It was amazing. The boys were raised as guards or killed at birth. He was looking for the prophesized female. Once that occurred Rose had met her fated mate in Liam. Daphne is expecting. Their laws and declarations will brook no further

arguments. You will not want to miss the climax to this series.... Each written with unique backstories. It continued seamlessly from the previous book. Paranormal Romance Mystery.
