

Winning the Heart of Your Child: 9 Keys to Building a Positive Lifelong Relationship with Your Kids  
By Mike Berry **Winning the Heart of Your childoption option** 9780801093692 MUST READ FOR ALL PARENTS WITH KIDS AT HOME! Practical ways to move from a parent with good intentions to an intentional parent! I loved this book and I'm so glad I read it! I know I will be a better mom for having read this book and I'm super grateful for that! I think it would especially helpful for parents of teenagers. **Winning the Heart of Your childmed** I appreciated his humble and encouraging attitude! I should probably read this book on an annual basis or whenever I feel like I'm failing as a parent! 9780801093692 What a book.

## Winning the Heart of Your childosophy

Librarian Note: There is than one author in the Goodreads database with this name. **Winning the Heart of Your childplus login** I gained a lot of insight as to what I should be thinking about as they get older (although he makes very clear in the book that it is never too late to start using these principles). **Winning the Heart of Your childu** 9780801093692 What can I say about a man who has written well in talking about parenting? I know that I can say that Mike Berry knows what he's talking about as him and his wife Kristin have been parents to eight children through adoption. **Winning the Heart of Your childmind** Another part of what I can say he's done well with this book is that he sounds like Alex Kendrick playing a father and fellow law enforcement officer from Courageous: I don't want to be a good enough father. **Winning the Heart of Your childminder prices** As I come from the upbringing of a father who not only served in the armed forces but loved his children as best he could I can say that one of the worst things a father can do to their children is to frustrate them with shame guilt and hardly next to no love. **Winning the Heart of Your childproof sliding** Since our kids are human beings smaller than us (at least until they hit those teenage growth spurts) and with a lot to learn we as parents are put in the enviable position of teaching them. **Winning the Heart of Your childup** In Winning the Heart of Your Child: 9 Keys to Building a Positive Lifelong Relationship with Your Kids (Baker Books 2019) There is a lot of helpful advice which I like; and he's managed to avoid the feeling that he's the expert and we're all helplessly and hopelessly lost- floundering in the seas of toddler tween teen and young adult. **Winning the Heart of Your childtime** And of course if you're anything like every other child in the country you probably know parents like those he describes as Gilmore Girls Buddy the Elf General Patton and Mr Strickland. **Winning the Heart of Your childu** It's better to start early but very rarely is it too late to get started investing in tomorrow's relationship with your childrenI received a copy of this book as a member of the publisher's bloggers program. **Winning the Heart of Your childusa** 5/5 9780801093692

If you are a parent then this book is relevant for you! I found myself being challenged and getting my toes stepped on in every chapter! Just a few things that really jumped out at me... One of the most important things about parenting-it is what the title says "winning the heart of your child". **Winning**

**the Heart of Your childmed** "Why does it feel so important to us as parents that we get it across that we are the one who's right and their opinion is wrong?! And then there's a chapter about boundaries and how children need (and want!) them. **Winning the Heart of Your childmed** (yes—oh so very difficult!) He goes on about various matters that are key and important but another thing that really spoke to me was that we need to allow and be ok with allowing others to have influence on our children's lives. **Winning the Heart of Your childproofing** This is one reason why it is so important to be a part of a community a church family or whatever where there are other spiritually mature Christians who are able and willing to speak into our children's lives. **Winning the Heart of Your childmed** What is it that we want people to remember about us after we are gone? Are we living in a way that is accomplishing that goal? Parenting is not for the faint of heart and especially as our children get older... (our third daughter is becoming a teenager this week! :O ) it is so necessary and good and helpful to find books like this one that can give assistance in this journey of life. **Winning the Heart of Your childhood learning** I am disclosing this in accordance with the Federal Trade Commission's 16 CFR Part 255 9780801093692 This book is full of practical advice regarding what Mike calls the 9 keys to building a positive lifelong relationship with your kids. **Winning the Heart of Your childview** I think this book does exactly what it promises and if this is your first book about parenting adopted children I think you will dive in and gain a lot of helpful and practical information. **Winning the Heart of Your childplus login** I have voluntarily decided to read and review giving my personal opinions and thoughts 9780801093692 What is my why in parenting? This is the question I take away from the book the one I want to think about occasionally. **Winning the Heart of Your childplus online** Remember that you are in this because you love your child and ultimately you want to raise a human being who lives with character and integrity and who leaves a lasting impression on the world. **Winning the Heart of Your childmed** That sums it up well that is why I try to be consistent that is why I listen and try to answer 10000 questions a day that is why I am trying to teach obedience and respect and responsibility. **Winning the Heart of Your childoption** I think one of them that sticks out to me is to endure the shift that time when your child no longer looks to you for their number one person but instead moves you down to number four and looks to friends culture and other adults first. **Winning the Heart of Your childosophy** He's only been a parent for 16 years and yes he spent 17 years in family/life ministry but I guess for me parenting books should be written by someone who's made it through the trenches and so I struggled to take him seriously. **Winning the Heart of Your childview** And while I don't like making the distinction between adopted and biological children some of their children are dealing with trauma that happened before they were adopted which has led to much more intense parenting. **Winning the Heart of Your childoption** So all that to say I don't want to discredit the book at all y'all! I feel like I read it so fast because I couldn't stop taking in all of the advice Mike offered. **Winning the Heart of Your childmath** A quick read through to get an idea of the book as a whole this time and next time I will work through/write out the Pause to Reflect questions at the end of each chapter. **Winning the Heart of Your childosophy** Highly recommend this one! Just be sure to get yourself a brand new package of highlighters because you're gonna need them! © 9780801093692 Many of us enter parenthood with a perfect vision of what our family will be. **Winning the Heart of Your childtaxcredit gov** For parents who are concerned that their child is pulling away following poor role models or making choices that will lead to pain and difficulty Mike Berry has good news: it's not too late. **Winning the Heart of Your childmath** He offers parents nine keys to maximizing and leveraging their influence to help their children through these difficult years and develop a relationship with them that can weather any storm:

## **Winning the Heart of Your childhood daycare**

I'm just saying what gave me a bit of pause with it: **Winning the Heart of Your childtaxcredit gov** I received this book from Baker Books and was not required to write a positive review: **Winning the Heart of Your childhood daycare** This author writes from the perspective of a parent in the

trenches - not as a parent who has it all figured out: **Winning the Heart of Your childoption** I loved Mike Berry's book Confessions of an Adoptive Parent so I was excited to read his newest title. **Winning the Heart of Your childplace** In Winning the Heart of Your Child Berry seeks to offer parents nine keys to building healthy relationships with their kids, **Winning the Heart of Your childoption option** He reviews various parenting styles shares stories from his own family and gives a lot of hope and encouragement, **Winning the Heart of Your childtime learning** At the end of each chapter he provides questions to help readers process the information that was just read, **Winning the Heart of Your childproofing** As an adoptive parent I appreciated that the author came from a foster/adoptive background because he understands some of the unique challenges that can arise, **Winning the Heart of Your childoption** I am thankful that I read this book now while my children are young (4 5 & 8), **Winning the Heart of Your childmed** While I found some of the information to be common sense there were many times when I was greatly convicted in how I have chosen to parent my boys: **Winning the Heart of Your childplus online** He made me stop and think about my own parenting style and identify what is working and what is not: **Winning the Heart of Your childminding** I found quite a few practical helpful suggestions that I have since put into practice with great success. **Winning the Heart of Your childminder prices** I received an advance reader copy of this book from the publisher: **Winning the Heart of Your childtime daycare** 9780801093692 Winning the Heart of Your Child focuses on nine keys that will help parents to bridge the gap between them and their children and build a better relationship, **Winning the Heart of Your childollhub laura** Berry talks about how to use your time wisely as parents, **Winning the Heart of Your childmed** He encourages us to think about the legacy we want to leave behind and focus on that instead of winning arguments which won't matter in the long run: **Winning the Heart of Your childview** As the father of eight adoptive children Berry reminds us that one of the major roles of parents is nurturing: **Winning the Heart of Your childmed** It's not just the role of the mother - both parents ought to nurture their children, **Winning the Heart of Your childview** Know God - Berry reminded us that Satan is an opponent of family: **Winning the Heart of Your childonga** He seeks to destroy our connection to our children through fear: **Winning the Heart of Your childup** Satan tells us that we are inadequate and that we have already failed to parent our children effectively, **Winning the Heart of Your childollhub laura** Through Christ we have the power to diminish the negative voices which speak lies into our parenting journey and instead focus on the One who is Truth and Light: **Winning the Heart of Your childplus login** While not overtly Christian Winning the Heart of Your Child teaches biblical principles. **Winning the Heart of Your childpilot** This book will remind you that your children are a gift from God and should be celebrated for who they are and supported along their journey: **Winning the Heart of Your childplus login** Know yourself - throughout Winning the Heart of Your Child Berry shared stories from his own parenting journey. **Winning the Heart of Your childos** These stories encourage us to afford ourselves grace as we parent our children: **Winning the Heart of Your childu** We need to also learn to identify the things which hamper us as parents. **Winning the Heart of Your childproofing** Doing this will help us to actively work on those things so we can be better parents parents who pursue the hearts of our children. **Winning the Heart of Your childos** Run your race - the key to being a good parent is to remember that each of us has a unique journey. **Winning the Heart of Your childtime learning** While we are able to follow the same principles and have similar results we have to get away from our practice of comparing ourselves to other parents. **Winning the Heart of Your childosophy** We have to stop comparing our children to other peoples' children: **Winning the Heart of Your childproof sliding** Allow our children to be themselves as we focus on winning their hearts. **Winning the Heart of Your childosophy** I received an advance reader copy through the Baker Book Bloggers program. **Winning the Heart of Your childmind** 9780801093692 If you're a parent this book is a must read. **Winning the Heart of Your childmind** The author takes a pretty wide subject (parenting well) and tunes it in to the most important thing: winning our child's heart and what that looks like. **Winning the Heart of Your childpilot** He gives practical advice and lays out clear guidance on how to

connect with our child's heart rather than having behaviors and drama win: **Winning the Heart of Your childso arabic** He encourages us to watch the way we respond to our children's mistakes and make sure criticism and harshness aren't in it, **Winning the Heart of Your childu** He reminds us to surround our children with other influencers knowing the more love and truth we surround them with the better it can be for their hearts, **Winning the Heart of Your childoption option** This is a book I will keep on the shelf to continue referring to: **Winning the Heart of Your childtaxcredit** We all long for our child's heart to stay connected to us into adulthood where we can enjoy a friendship with them. **Winning the Heart of Your childtime learning** This book encourages us to keep that in the forefront of our mind and gives great examples and ways to do that. **Winning the Heart of Your childmed** In the unpredictable days of parenting it is refreshing to have Berry's voice reminding us the ways we can keep that connection to our child's heart strong. **Winning the Heart of Your childminder prices** Through their blog Confessions of an Adoptive Parent he has been able to amass a readership in the tens of thousands in helping other parents: **Winning the Heart of Your childview** Considering I am in my forties along with my wife of ten years we ought to be parents ourselves but we're unable to have any children but then again I feel I digress: **Winning the Heart of Your childso arabic** With all of that said I feel I can say that Mike Berry's book *Winning the Heart of Your Child* has a great tone and feel to it: **Winning the Heart of Your childtaxcredit gov** Within the pages of the book which I refuse to spoil completely you can expect to find advice on how to better understand and to effectively win your child's heart, **Winning the Heart of Your childollhub laura** I want to be the best father I can be to my children! Finally the last thing that comes to mind is what the Bible says about being an effective parent. **Winning the Heart of Your childminder prices** Paul wrote the words Children obey your parents in the Lord for this is right, **To win the affection of children** "Honor your father and mother" which is the first commandment with promise: "that it may be well with you and you may live long on the earth: **Winning the Heart of Your childtime daycare** " And you fathers do not provoke your children to wrath but bring them up in the training and admonition of the Lord (Ephesians 6:1-4 New King James italics for emphasis), **Winning the Heart of Your childminding** He did his best to show my sister and myself a great deal of love but he did what he could to raise his children to be honoring of others in this life. **Winning the Heart of Your childmath** I received a complimentary copy of this book from Baker Books for a fair and honest review of the pages within it. **Winning the Heart of Your childmed soothie** 9780801093692 Kids they're so cute when they're sleeping but they don't sleep all the time. **Winning the Heart of Your childplace** They need to learn different things at different stages of their maturing and growing up and as they pass from one phase to another they want to learn in different ways, **Winning the Heart of Your childmed** Luckily we have authors like Mike Berry (an adoptive father of eight) who is willing to share some of the truths and techniques that he has found during his parenting career. **Winning the Heart of Your childtime learning** The reason that he makes this book work is that he is so open and transparent about his own issues with parenting- both on the receiving end and as a parent, **Winning the Heart of Your childu** Its not so much 'this is what you should do' as it is 'this is my default position-it rarely if ever has worked and this has worked better in our family, **Winning the Heart of Your childoption** There are 'pros' to winning an argument but there are also 'cons' and Berry discusses those as a lead-in to setting boundaries: **Winning the Heart of Your childu** The core of the book are the 9 keys that he discusses in Part II "Parenting for the Win": **Winning the Heart of Your childproofing** Most the things he talks about are things that common sense should tell us but as manner of us have learned over the years common sense isn't always all that common, **Winning the Heart of Your childmath** These keys remind us about consistency influence involvement along with love listening and legacy: **Winning the Heart of Your childpilot login** All in all this is a great read for parents on any stage of the journey, **To win the affection of children** The first chapter title says it well-"Winning the Argument but Losing the Heart...Pick the Right Fight": **Winning the Heart of Your childup** The chapter begins with this statement: "Sometimes it is easy to forget that you can win the argument and force the right behavior but lose the heart in the process. **Winning the Heart of Your**

**childpilot** This does not mean that parents don't have any influence anymore..., **Winning the Heart of Your childbook** As with any books...it is of course important to remember that this book is not the Bible: **Winning the Heart of Your childtaxcredit** While it offers much helpful advice its words must be held up to the light of God's Word as we determine what God is asking of each one of us in our own lives: **Winning the Heart of Your childonga** Disclaimer: I receive complimentary books from various sources including publishers publicists authors and/or NetGalley. **Winning the Heart of Your childplace** I am not required to write a positive review and have not received any compensation. **Winning the Heart of Your childusa** Mike and his wife have adopted eight children and have a wealth of experience to put into this book: **Winning the Heart of Your childonga** If you have been in the christian adoption community for any length of time there will not be much new information here, **Winning the Heart of Your childollhub laura** The Berry's are a respected name in that community and without a doubt this book will do well. **Winning the Heart of Your childusa** Michael Hyatt said People lose their way when they lose their why, **Winning the Heart of Your childoption option** And to quote Mike Berry the author When we don't know why we are doing something when we've forgotten our purpose we get lost: **Winning the Heart of Your childplus login** But it is easy to lose the long-term focus and just see the day and all its pressures and frustrations and lose heart and patience. **Winning the Heart of Your childpilot** Mike offers some good practical solutions and tips for help on this parenting journey, **Winning the Heart of Your childtaxcredit** You are still on the list and your child is still hearing you even though they might not act like it. **Winning the Heart of Your childtime daycare** Along with that point his next one was to widen your child's circle of influence and bring in other adults who share your values. **Winning the Heart of Your childplus online** A child is more likely to listen to them in five minutes of conversation than they are to you after three weeks of the same conversation. **Winning the Heart of Your childview** And I am not too old to remember that myself other people just made more sense than my own parents even if they were saying the same thing, **Winning the Heart of Your childmed soothie** I still have years until I reach the teenage years but I know they will creep by swiftly: **Winning the Heart of Your childplace** I will say that the one thing I struggled with in this book was trusting the author, **Winning the Heart of Your childmind** He doesn't have enough years of parenting under his belt to make me fully trust him: **Winning the Heart of Your childonga** I will say though that he made some excellent points and I think there's much truth behind what he says: **Winning the Heart of Your childollhub laura** He is also the dad to eight children all of them adopted: **Winning the Heart of Your childplus login** Not only do I love the advice that was given in this book but I love that it is focused on long-term parenting. **Winning the Heart of Your childminder prices** He applies his advice for parents with small children to parents of grown children and everywhere in between. **Winning the Heart of Your childosophy** He also includes parents who have children of their own adopted children or a blend of both. **Winning the Heart of Your childminding uk** But along the way we discover that the children we've been blessed with are real human beings with their own minds ideals and views of the world: **Winning the Heart of Your childproof sliding** Our influence only goes so far and when those children reach the pre-teen and teenage years it may seem to have disappeared completely: **Winning the Heart of Your childproof sliding** Yet at no time in a kid's life is their parents' positive godly influence more critical: **Winning the Heart of Your childtime** *Winning the Heart of Your Child: 9 Keys to Building a Positive Lifelong Relationship with Your Kids.*

. I would definitely recommend this book to any parent. He uses these lies to hinder us as parents. But thank God for Jesus. Our children are different and so are we. My opinions are my own. But that's not the case with my own dad. I was not required to write a positive review. And it is required of parents that we are consistent. This especially changes as they get older.it's just that it's different. The opinions shared here are my own entirely. The publisher provided an ARC through Netgalley. They also adopted a child at age 24 as well
