

## Just for Show kindle store

When Claire an overachieving psychologist with OCD tendencies hires Lana an impulsive out-of-work actress for a fake relationship she figures the worst she'll have to endure are the messes Lana leaves around. **Just for showxpress download** So Claire and Lana navigate convincing friends and family their relationship is real and the guilt of lying to them living together especially when Claire has OCD tendencies and Lana does not and what to do when their mutual attraction grows. **Just for show las vegas** 311 Oh Jae I feel so bad writing this review because I'm such a big fan! I was so excited to start this book come on it's Jae! Lately I've read a couple of amazing fake relationship books and unfortunately this comes the last on my list. **Just for showxpress** Will they be able to fake their relationship? And what if it's not so pretend after all? Lately there's been a few lesbian books on sham marriage or fake relationships with different degrees of success. **Just for showzonegg** Towards the end there's definitely an angst-y vibe first for them to get together and then how will they stay together? Like many romances in this genre at least one of the characters is very well off and model beautiful. **Word for just for show** 85 311 Two thumbs up! When it comes to the fake relationship trope it seems to me writers either knock your socks off or make you wonder why you even picked up the book in the first place. **Just show up book club** Although I really didn't like Claire in the beginning and was wondering if I would even want to continue reading about such a shallow stuck-up control freak of a character I eventually really began to like her as she started loosening up a little. **EPub Just for showdown** 311 \*I received this book from Ylva Publishing for an honest review\* An exciting event occurred last night - I glanced at my Kindle and saw a new Jae book sitting there (this isn't magic or unexpected I had requested the book). **Just show up book** Naturally though I couldn't begin right then and there for reasons except I did and found it hard to pull myself away as I really did need to go off and do something else at the time. **Just for showmance 2023** I then proceeded to gobble 81% in almost one go (if you count 7 hours as one go; one go is that actually a phrase or am I just randomly putting words together again?). **Just for show las vegas** Simple enough reason why it was difficult to pull the book from my hands - I really like both main characters - Claire Renshaw psychologist and Lana Henderson struggling actress & barista. **Just for showztoystore** Lana was there thinking she was there for a film audition (though thought it odd she was the only one in the waiting area); Claire was there because her agent (literary) talked her into it. **PDF Just for show** This is where I was going to slide in things like 'not super thin'; 'not a lawyer or the like'; and the like but I got distracted and when I came back I lost the thread. **This just in book** Long and short - there's a certain cultural clash on obvious display in this book and part of that and part of why Lana is a struggling actress instead of a leading actress is the part in which Lana isn't 'standard' actress thin instead being curvy and comfortable in her larger than normal body. **Just for show entertainment** I'm fumbling around in my brain thinking hard but I can't think of anyone on Lana's side who isn't a previously meet character (other than her mother but never meet) and finally remember her step-sister Avery. **EBook Just for shower** Right so - Lana's mother despite never actually appearing in the book plays a somewhat important role in the book as an example of someone addicted to self-help books and as someone who pulled psychologists into Lana's orbit (and made her wish to avoid them as much as possible - see more conflict since that's Claire's life). **Just for showxpress update** Avery is actually seen somewhat barely (well more than barely but near that) as Lana's boss at the coffee shop Lana works at (though they act more like sisters there than employee/employer). **Just for showzen** Jill and Crash are from Just Physical (and other books but that's the one they star in); Laleh and Hope are from Heart Trouble; and Michele is the Hollywood series character who normally doesn't get to do more than occasionally be mentioned or spotted and is from Departure from the Script (Amanda from that same book is as far as I recall not seen or mentioned). **Just show up book club** (Somewhat strangely Claire makes a joke in the book about maybe needing an actress for a job then jokingly says Grace's name despite Grace never

being mentioned to Claire (Grace is mentioned as someone invited to a party that Lana can't go to told to Lana without Claire present (Grace's Lauren was also mentioned in that same conversation (Grace and Lauren from Damage Control) as were Jordan and Emma from Falling Hard)). **Just for show supercorp** First problem consists of a sequence of scenes that seemed forced and weirdly out of character - not that the action itself was just how everything was being presented as if the characters needed to go from here to there so . **Just show up book club** I watched as the percentages increased as the book got closer and closer to 100% and continued reading what I didn't particularly want to read right then and there though knew there were those who would feeling vaguely cheated for reasons then finally action moved to a few tiny moments out of the bedroom before concluding. **Just for show las vegas** Funny thing to have a problem of course but meh was something I personally had a problem with since I wanted to spend more time with the two in the real part of their relationship, **Just for showxpress driver** And it's not as if she'll enjoy all those fake kisses and loving looks, **Just for Show kindle paperwhite** Right? A lesbian romance where role-playing has never been so irresistible: **EPub Just for shower** What more is there to say? Always a good story always good characters and always a great read. **Just show up book** Am I biased? I don't think so! I always tend to like Jae's writing. **Just for showztoystore** She is easy to read and allows you to connect with her characters, **Historical Fiction Just for shower** The story is an old one that you've probably seen on the big screen: **Kindle just showing battery symbol** But what makes this one better than the rest is that there is a lot of chemistry between the two leads and it is really well written. **Just for showxpress update** Honestly it is a great read and I don't think you will be disappointed: **Just for showxpress 512** Enjoy!\*ARC provided by publisher via Ylva Publishing\* 311 5 StarsI rarely am able to finish a full length novel in one day: **Just show up book** This is not an unusual plot line - one person (usually wealthy) pays someone to pretend or actually be their girlfriend/fiancé/wife: **Just for showmance 2023** I was surprised when I read that Jae was writing such a common plot. **This just in book** Psychologist Claire hires an actress Lana to pose as her fiancée because she is trying to get her book on how to have a successful relationship published. **Just show up book club** The problem her longtime girlfriend dumps her at their engagement party, **Just for show las vegas** She fears no one would be interested in a book by someone who didn't have a successful relationship themselves: **EPub Just for showdown** I also got so bored of the storyline where the ice queen always needs to be rich: **Just for showmance 2023** and falls in love with her opposite who's always suffering: **This just in book** There was a good twist where you get to see some characters popping in from her previous books that was my fav part of the story, **Word for just for show** If there were two of me one would listen to this Breaking Character The Brutal Truth Turbulence and Perfect Rhythm over and over again. **Just for Show epub file** And every time I listen to it I pick up something new, **Cal ripken book just show up 2020** Review: I listened to this the first time a year ago and was craving an Angela Dawe (narrator) fix so decided to revisit it: **Show pictures of cook book of just add magic** I'm so glad I did! Though this trope has been done quite a bit Jae does a better job with it than most. **Just for Show ebooks free** The characters are well fleshed out and engaging and in spite of being polar opposites they have off the charts chemistry: **EPub Just for shower** Interestingly I liked it even more the second time around! Perhaps that's because I've listened to so many audiobooks now that I appreciate when something is especially well done, **EBook Just for showtime** The story is thoroughly enjoyable and Angela's talent brings it to the next level: **Doing something just for show** Her Lana voice was so delicious I could listen to it on a loop, **Just for showzone** When she performs it's like watching a movie in your head: **Just for showmance book** Jae is a great storyteller and if you read her books you'll find little gifts in many of them, **Just for Show ebook3000** She often includes main characters from previous novels as secondary characters in others. **EBook Just for showcase** I'd have to put this in the top five of Jae's releases and that's saying a lot because she's got a terrific body of work. **Just for showxpress download** If you haven't experienced this on audiobook do yourself a favor and get on that: **This just in book** The combination of writer and narrator make this one a must-own: **Just for showzen** 311 This is another fantastic book by Jae a heart warming romance about a fake

relationship between psychologist Claire Renshaw and barista/actress Lana Henderson: **PDF Just for showcase** Renshaw is a successful couples therapist with a mild obsessive compulsive disorder and a big reputation at stake when her fiancée calls the engagement off: **Just for showxpress 512** As an expert in relationships a career changing book deal might fall through if her publisher realises that she's been dumped, **Just for show meaning** Hiring an actress to play the role of her fiancée seems to be the perfect solution at least in theory. **Word for just for show** But when Lana appears in Claire's life with her untidiness her diet full of carbs and tendency to put her foot in her mouth Claire starts second guessing her decision, **Just for showzonegg** 'Just for show' is one of the best (if not the best) I've read so far. **Historical Fiction Just for showbox** As usual Jae likes to deviate from the common stereotypes portraying Lana as a plus size woman proud to show her curves and happy to enjoy food, **Word for just for show** Jae tackles issues such as anxiety and OCD with tact and the rest with a healthy dose of humour. **Just for Show kindle app** She exploits the absurd fake relationship situation with great skill: **Just for Show ebookee** Was this some kind of joke? Then the humor of the situation overcame her: **Just for showzen** "Shouldn't you at least buy me dinner first?" The dialogues are witty the chemistry is off the charts and the secondary characters are spot on, **Just for show las vegas** Jae is a master of the 'show not tell' in lesfic (no wonder she's authored a non-fiction book on the issue) the pace is perfect and the growing chemistry is believable, **Just for showzone io** As a bonus readers can catch up with the lives of Jill and Crash from 'Just physical' and Lelah and Hope from 'Heart trouble' who make their appearance as secondary characters: **Just for Show kindle direct** This book is in my list of recommended books of the month: <https://lezreviewbooks>: **Doing something just for show** ARC provided by the publisher in exchange for an honest review, **Just for show meaning** This was my kind of book! That darn fake relationship storyline just gets me every time: **Just for show las vegas** I think I'm such a sucker for this premise because the author has to really work at the romance. **Just for show las vegas** These are not insta love stories often the characters are opposites or even dislike each other, **Just for showxpress** Authors have to build the chemistry and sexual tension up slowly to make it believable and that is exactly what Jae did here. **Just for show entertainment** Anyone who is not living under a rock and reads lesfic knows Jae is one of the top author talents out there. **Just for show supercorp** She did not disappoint with this book and I easily recommend it to romance fans: **Just for showz** I believe this is a book that should just be picked up and enjoyed: **Just for showmars** There were a few points in this book that I kind of sat back and said "that part was really well written", **Just for showzone** Of course I think Jae always writes well but this book stood out to me at times. **Just for showxpress tutorial** The warmth in parts the realism... this book is not perfect but it made me feel at times that Jae was actually improving her craft, **Just for showzone io** She's at the point in her career she doesn't need to but I think this book was better written than some of her past few offerings, **Just for showzonegg** The sexual tension the chemistry I absolutely believed all of it: **Just for showz** There is some angst in this book but it is not forced it felt organic to the story, **This just in book** There is even an ex in this book but shocker... she is not a crazy ex, **Doing something just for show** It was actually a realistic ex storyline which is so rare in lesfic! As others have mentioned there are a few cameos from characters from other books: **Just for showxpress 512** The secondary characters that showed up the most were Jill and Crash: **Just for showzen** I was really happy about that as I love the book Just Physical and actually think Jill may be one of my favorites of all of Jae's characters: **Just for showz** There also was a new character she was a sister of one of the mains and her job was a stand-up comedian, **This just in book** I actually wonder if Jae might try a book with her next. **Just for showxpress download** I liked her character and you don't see many romances with comedians, **Kindle fire just shows fire logo** If you are like me and enjoy the fake relationship storyline absolutely get this book: **Just for showzen** If you are a fan of Jae's or just a romance fan get this book. **Just for showzone mlb** It was a joy to read such a good book and I can't wait to see what Jae writes next, **Just for shoes** What does she do? She writes a damn good book that's what she does. **Just for Show kindle paperwhite** Every single time I am just floored by the work she puts out: **Cal ripken book just show up** she has a thriving career her book is

complete she is next in line to take over the counseling practice that she works in and she has a gorgeous and successful fiancé: **This just in book** Well that is until Abby her soon to be wife tells her its just not working anymore. **Just for Show epub.pub** So what would this relationship guru who needs to have her book published ASAP do? Well hire a Hollywood actress to fill in of course, **Word for just for show** Of course during that time she has been recovering from a near-fatal car accident that has left her with mental and physical scars: **Just for showxpress chauvet** Lana takes a chance on Claire's proposal because how the hell else is she going to pay these ridiculous medical bills that just keep coming. **Just for show inc** You have seen films with Hollywood A-listers and romance books galore that have had this same idea of a relationship for hire, **Just for showzone io** What is so great about this book is that the main characters are dynamic and adorable: **Just for show meaning** Its a fun read and I adored my time with it! You can always count on Jae to give a quality book, **Word for just for show** It ticks some boxes that are usually fun to read: ice queen fake romance setup opposites attract slow burn: **Word for just for show** And thankfully it's absent of the late break up trope and instalove: **Just for show tawna fenske** I particularly preferred Lana's character especially because she was straight forward and I liked seeing Lana and Claire share their thoughts and feelings, **Historical Fiction Just for show me** Strangely enough that's not something we often see in our romance books: **Just for showmars** There were several cute moments in the story and I kept reading and wanted to find out how it would all get resolved: **Doing something just for show** Lana at least is a counter having imperfections and a little weight on her. **Just for showzone mlb** I wouldn't call this a perfect book but the read is a pleasant and solid romance. **Just show up book club** For me Jae's last batch of books have a paint by numbers feel: **Show pictures of cook book of just add magic** This one though had just enough falling outside the lines to make it worthwhile. **Cal ripken book just show up** Jae has definitely hit the nail on the proverbial head with this novel, **Just for showzone** Lana on the other hand had me wrapped around her finger as soon as she was introduced, **Just show up book club** Full of great dialogue some very sweet moments and loads of sexual tension this is a great novel to read for those hopeless romantics among us! Overall 4.5\* rating: **Just show up book** And as luck would time it I'd just finished a different story right before I noticed. **Just for show meaning** Course I was unnecessarily teasing myself since that 'something' was walk to a train station and commute so my departure from the book was brief, **Just for Show kindle** Both of whom are allowed their own point of views to be seen: **Just for showxpress chauvet** Oh and when I say I liked both main characters I mean separately as their own people and together, **Just for show meaning** Though the two first meet under odd circumstances - at an audition, **Just for show meaning** It wasn't a film audition though but an audition to be Claire's fake fiancée: **Just for showxpress chauvet** But then I'm off chronologically as the reader already knows why Claire might need a fake fiancée, **Show me kindle free books** Strangely enough despite going out of their way (agent and Claire) to find a fake girlfriend for Claire they came up with someone completely different than her norm: **EPub Just for showdown** Bah I keep getting distracted with scenes from the book flashing in my brain messing up my ability to write. **Show pictures of cook book of just add magic** I move to how I almost started this little write up - the game of connecting the dots, **Just show up book club** But let's see if I can do that without just bluntly stating book titles. **Just show up book** I've mentioned the main characters very briefly (read learn for yourself they good people) so something about the side characters now as noted in that mini-paragraph above: **Just for showxpress 512** The previously encountered via other stories side characters are almost entirely meet through Lana Henderson's side of things: **Just for showmars** Interesting thinking to myself there's one character on Lana's side not previously meet; and one character one Clarie's side previously meet. **Doing something just for show** And then there are all those previously meet characters - not previously meet in this book but in previously works, **Just for Show kindle** Lana learned about the audition through her friend Jill who in turn was informed of it by I think her friend Mercedes Soto, **Historical Fiction Just for shower** Jill and her girlfriend Crash pop up several times in the book. **Just for show ruckus** When some pictures are needed to be taken Lana turns to her friend Michele to take them being as she's a professional

photographer: **Just for showmance** And Lana both eats at another friend's family restaurant then later in a different meal eats with that friend Laleh and her girlfriend Hope, **Just for Show**  
**epublishing** I might be forgetting someone but I think I got every character who has previously appeared at least those meet through Lana: **Just for showxpress 512** On Claire's side of things several side characters also wander throughout the book, **PDF Just for show** That would include that literary agent already mentioned (Mercedes Soto) both of Claire's parents are meet several times as is her sister Stephanie, **Just for showzone** And the various people from Claire's work like Renata and Vanessa. **Just for showxpress download** Oh and that character previously meet? Barely in the book is mentioned and is meet - the radio psychologist Dr. **Just for Show ebookers** Though as far as I could tell there is no previous connection between Claire and Christine. **Just for showtoystore** Well I just spent way too much time playing connect the books, **Doing something just for show** Long and short - loved the scenery images characters and story I encountered in this book. **This just in book** I had two specific problems with the book but I worked past them, **Word for just for show** Less vague for those who have read the book - it's the scene that involves Claire and Lana going to the top of the hotel to drink - which weirdly seemed forced. **Just for showtoystore** The second problem I had involved how the book ended in longish sex, **Just for show song** (crap people are talking loudly around me and it's bloody impossible to write a review)Rating: 4. **Just for show ruckus** 89February 6 2018 311

Jae is the author of twenty three award winning romances between women. **Just for show las vegas** She lives in the sunniest city of Germany near the French and Swiss borders, **Just for show las vegas** She used to work as a psychologist but gave up her day job in 2013 to become a full time writer and a part time editor. **Just for show entertainment** As far as she's concerned it's the best job in the world. **Show pictures of cook book of just add magic** When she's not writing she is an avid reader of sapphic books indulges her ice cream and office supply addictions and watches way too many crime shows. It's only for a few months anyway. Just for ShowIt's Jae. Someone needing a partner urgently and advertises for one. I did this one. Jae is so readable it was a breeze. A very enjoyable breeze at that. Not to worry It's Jae. Highly recommend this book. I didn't connect with the characters that's for starters. 311 5+ starsUpdated comments after fourth listen. \*sigh\* I love it more every time I experience it. Truly. It's perfect. Swoooooon. You can't wait for them to get together. Regardless I ate this up with a spoon. And it's not just the one character that appeals. Dawe brings the whole thing to life. Such was the case here. Dr. "I want you to be my girlfriend." For a moment all Lana could do was stare at her. A pleasure to read.Overall a very entertaining well written heart warming romance. Highly recommended. 5 stars.wordpress.com/.See all my reviews at [www.lezreviewbooks.wordpress.com](http://www.lezreviewbooks.wordpress.com) 311 4.5 Stars. I'm going to skip a summary in this review. I don't want to ruin anything or be too spoilerish. I do want to mention a few things though. The actual romance storyline I really enjoyed. It built at such a lovely pace.An ARC was given to me by YLVA for a honest review. 311 Jae she does it every time. I loved her newest novel Just for Show. Loved loved loved it. A classic romance that does everything perfectly! Dr. Claire Renshaw has her life perfectly mapped out. Life according to Claire is going splendidly. I love you but I'm not in love with you anymore. Inset mega-sized dagger right into Claire's ego. Lana Henderson is a starving artist. She has had a well-paying acting gig in two years.The premise of this story is not new. Not new but so very good. Not to mention the chemistry between them is sizzling hot. Every. single.

time. 311 I enjoyed this more than Jae's other books of late.<sup>3</sup> But then needed to sleep. As previously noted though hard to stop reading. Since the book opens with the real one taking off. Or more accurately connecting books to this one. Through side characters. And ex-girlfriend Abby. Christine Graham from Midnight Couch who interviews Claire. Pfft. How to word it hmms. . they did. Wow this is vague. The writing bug bit her at the age of eleven..
