

When Night Breaks (Kingdom of Cards, #2) By Janella Angeles **Breaking night book summary** Obviously that was going to be a big point of conflict and drama after the ending of the first book but the romance and their relationship was something that really pulled me into the series so I wish this book had featured that more. **EBook When Night breakside brewery** The cover?! Beautiful ☺☺And the synopsis?! I am actually screaming Anyways if Jack dies or any harms comes to him I am rioting☺☺☺Where Dreams Descend ☺ ☺ ☺ ☺ Janella Angeles When Night Breaks is an intense and immersive conclusion to the Kingdom of Card duology! The story picks up where Where Dreams Descend left off with Kallia and Jack in a world beyond the mirror they fell through. **When Night breakshugh** I thought I'd be disappointed that some of my favorite minor characters from the first book didn't have bigger roles in this book (they're in the book just not a ton) but the new characters made up for it. **PDF When Night breakstone** His journey to find out more about Glorian its history and its connection to Kallia's disappearance is so intriguing and Demarco quickly learns that there are some secrets that powerful people don't want revealed. **When Night breaksea 5** ☺This sequel felt very different from its predecessor but I still enjoyed it! One thing I loved about Where Dreams Descend was the competition aspect and while this book didn't have that as a plot point it still felt fast-paced and took on a bit more of an adventurous plot. **When Night breaksea boats** Thank you to NetGalley Wednesday Books and the author for providing me with a copy of this book in exchange for an honest review! Janella Angeles This reading experience could easily be swept under the slumpy and miserable rug -- so as always take this with a grain of salt -- but equally I know a really good engaging book which I fully expected this to be could've pulled me out of that. **When Night breakshop** And it felt like a long book because it didn't feel like anything was happening; there's so much uncertainty in light of how book one ended and we get even more things teased and tantalized and held just out of reach for so much of this book that by the time things actually started being explained or started to happen I just didn't care. **When night breaks janella angeles** Her scenes with Demarco were cute yes but leaving Eva missing would have left some mystery and interest especially with Demarco's background) plot-This is where my biggest problem probably was. **Break in a new book** Demarco's POV felt really bland in comparison mostly because it was made all about finding Kallia and not really anything else but once his setting changed in the second half I found it just as nice to read about. **When Night breaksea** I am so very impressed with this author for the duology especially since it's her first series! Angeles needs much more hype everywhere in my opinion and deserves it ten fold for the stories she has written here. **Day for night book** world-building-Another one of my favorites! The world-building is wonderfully done! This world is if you mixed Caraval and Kingdom of the Wicked; the dark beauty of Kingdom of the Wicked with the carnival-like magic of Caraval. **Summary of breaking night** Yes I will admit that most of the world building I had forgotten and it did take some time for me to figure out the logistics of how it works but the world is just as beautiful in this book as it was in the first book. **When Night Breaks kindle direct** I actually think I preferred this book's world building more than the first book's because the underworld and the alternate world thing was very cool like with Alastor's club-type setting and like with Jack. **PDF When Night breaks interstate** 5 stars! Janella Angeles

Janella Angeles is a Filipino American author who got her start in writing through consuming glorious amounts of fanfiction at a young age—which eventually led to penning a few of her own and later on creating original stories from her imagination. **Summary of breaking night** Together they must navigate a dazzling world where mirrors show memories and illusions shadow every corner one ruled by a powerful game master who could all too easily destroy the world she left behind -- and the boy she can't seem to forget. **When Night Breaks kindle reader** The longer you are in the mirror world the more reality slips away replaced by irresistible pleasantries created by the ever present illusions of the Lord and dealer of the mirror world Roth. **Breaking night book summary** I didn't have the highest hopes for this because after the first book ended all I could think was that it would've made a brilliant standalone and could've even been one of those cycle-type books where it ends on a cliffhanger that leaves you reeling but also leaves you guessing in the best way and subconsciously you don't want a sequel because you're actually happy with how it ended on a shocking note. **When Night Breaks kindle reader** (I just feel the need to drop in and say it honestly makes me sad sometimes when I really only have negative things to say about books especially after reading the Acknowledgments and understanding how difficult the book was to write for the author...It makes me sad but also I have to be honest I guess?) Okay let's do good first. **Breaking night book summary** Especially when you consider the first book the plot in this literally seemed like a Walmart version of the first; which is so sad because the first felt really interesting at times but this was just: no. **When Night Breaks publishing** To me at least I thought that no message was actually portrayed no event that happened actually seemed like it happened? And there were time-skips of sorts where things would just kind of abruptly end and I'd be like um and...? Nothing really made sense and everything felt rushed even though the book felt incredibly long and slow. **Kindle When Night breaks va** When Night Breaks literally just answered all those questions that were left unanswered in Where Dreams Descend but where was the oomph! It was just plain old sitting and q and a...It reminded me in a way of The Crown of Gilded Bones which if we know me we all know I truly despise and wish I could get that part of my life back. **When Night breakset** It really just felt like a convenient thing but I was hoping When Night Breaks would fix that issue and just make me ship them like crazy; and yet it did the exact opposite. **Breaking night book summary** ☐ Hence I truly can't make myself recommend this book to anyone...But if you don't mind starting and never finished series then definitely consider reading Where Dreams Descend and maybe ignore the last few chapters. **When Night Breaks pdf converter** Martin's press for allowing me to read an arc of this book in exchange for an honest review! Using magic is the pull but forcing it on others is the push so push first. **When Night breakshop online** Not only to be captivated once again by the magical beautiful and intriguing world Janella created but also to find out what happened when Kallia got sucked into that mirror--and how Demarco was going to find her! I felt like the book started out a bit slow and the plot twist surrounding one of the characters was a bit predictable but this book did not disappoint in any way. **When Night Breaks kindle paperwhite** New characters with some plot twists old characters you thought you hated but realized you may not hate them so much beautiful reunions sacrifices higher stakes all mixed together to create a captivating and satisfying conclusion,

Breaking night book summary

There was really great and immersive world building that took was included, **When night breaks janella angeles** The reader gets introduced to a whole new world that was really interesting and captivating. **When Night Breaks pdf converter** Along with this new world came new characters like Vain and Herald who I really enjoyed, **When Night breakshugh** The supporting characters were so great and I think one of the high points of this book was Jack's character arc, **Breaking night book summary** He might be one of my favorite characters now and I never would've guessed that after Where Dreams Descend: **Breaking night book summary** I enjoyed the alternating POV between Kallia and Daron and it was definitely helpful to see the juxtaposition between the worlds

they were separated between, **When Night Breaks epub** I wish that Kallia and Daron weren't separated for so much of the book: **Kindle When Night breakstone** Overall this was a really satisfying duology and although I enjoyed the first book more.

When Night Breaks epub

The title is amazing and matches the first one, **When Night Breaks pdf24** An alternate version of Glorian Kallia and Jack face stakes that if possible are even higher than the first book: **When Night breakshots** In the meantime Demarco remains in Glorian frantically searching for any clues to Kallia's whereabouts as Kallia tries to survive in her new surroundings and find a way home: **Breaking night book summary** I love the author's writing style and how quickly the story pulls you in. **Book weekend break nice** This is a unique world of magic wonder and danger and the shows the magic and the fanfare are dazzling vividly described and easy to imagine, **Breaking night book summary** Everything is larger than life and glamorous and heightened but nothing is as it seems: **When Night Breaks kindle reader** This concept of illusion versus reality is fascinatingly explored throughout the story especially considering how much these lines blur: **When Night Breaks epub** Kallia can't trust anything or anyone even the man she came through the mirror with. **When Night Breaks pdf converter** I love that Jack's character was expanded on in this book because I was so intrigued by him in the first book, **Breaking night book summary** Why does he try to confine Kallia? Is he good or bad? What are his true motives? This book delves more into his past his connection to Kallia his motives and more. **EBook When Night breaks va** I like that he is so morally grey and you never know if you should love or loathe him (though I admit I LOVE him!!): **Night broken read online** Kallia is a great protagonist and she goes through so much in this duology. **Breaking night book summary** I love her strength and grit and the way she faces her troubles head-on. **When Night Breaks pdf merger** Kallia is a survivor and she is sharp astute and a bit cunning: **When Night Breaks pdf drive** These traits come in handy in this alternate world where competition is fierce and deadly magic is incomparable and deception is at an all-time high. **When Night Breaks epub air** Her character arc is so well done and I enjoyed her growth throughout the duology: **Breaking night book summary** We are introduced to many new characters in this alternate world each mysterious and full of secrets. **When Night breakshots** Kallia and Jack meet some intriguing people in the alternate Glorian and I enjoyed learning more about them how they got there and their roles in the story, **When Night breakshugh** Happily has a large role in the story even though he is not with Kallia, **Breaking night book summary** The story switches from Kallia to Demarco's experiences so you learn a lot about what happens after the debacle in Glorian: **When Night breakshop online** Demarco who is still in Glorian is relentless in his search for Kallia and I love that he never gives up on her, **When Night Breaks epub air** Demarco's journey is dangerous but his love for Kallia fuels him, **How does the book night end** Finally I want to mention the author's skillful use of symbols imagery and foreshadowing throughout the book all of which add to the suspense and intrigue. **PDF When Night breaks interstate** Mirrors in particular are a strong symbol in the duology and the imagery brings the setting alive, **When Night Breaks epub** If I were still an English teacher I would totally use passages of this book to teach these literary elements and show how much they add to the story, **Kindle When Night breakstone** I'm so thankful to NetGalley and Wednesday books for giving me an advanced copy of the book in exchange for my honest review, **When Night Breaks pdf merger** This was one of my most anticipated reads of the year and I really enjoyed it: **When Night breaksea boats** As with the first book I had a fun time reading this fantastical and magical book, **Book covered with night** And this was one of my most anticipated reads of the year because I had enjoyed book one so much, **How does the book night end** Was that the fluke? Apparently I was in a slump during that read too but I persevered and managed to enjoy it nonetheless. **When Night Breaks epub air** Therefore should any of this current disappointment be blamed on yet another slump? Who knows:

When Night Breaks epubs air What made so much of this harder to bear too was Kallia our main protagonist was just so. **When Night breakshots** unlikeable? Insufferable? I did not remember her to be this way at all in book one: **When Night Breaks pdf24** I couldn't even lose myself in her or any character when the plot was bogging me down. **Kindle When Night breakside** That said if you enjoyed book one the magic the competition the romance you'll get most of that again in this follow up but in a different way, **Night broken read online** I hope if you are likewise holding your breath for this instalment it works better for you than it did for me, **PDF When Night breaks interstate** ** I received an ARC from NetGalley and the publisher (thank you!) in exchange for an honest review, **When Night breaksea boats** **---This review can also be found at A Take From Two Cities: **Kindle When Night breakside brewery** But it's so beautifully written and the world building is stunning among others: **When Night Breaks pdf drive** It was hard at times to get through some of the plot but I did overall have a good time reading it despite it taking me forever to read: **Kindle When Night breakside** I am a Jack simp though ☐ that man deserves everything my favorite character hands down: **When Night Breaks pdf merger** Firstly keep in mind that my memory is very spotty because I read the first book around August of 2020: **When Night Breaks pdf drive** I have read something like nearly 100 books since then ☐ so at my discretion i probably should have reread the first book to get a fresher on... well everything. **PDF When Night breakstone** (for reference i remembered nearly nothing about the first book before reading this and i sort of want to reread the entire duology to get a better idea of how i like it). **Kindle When Night breakstone** When Night Breaks follows Kallia and Demarco again as we follow their story: **Breaking night book summary** Demarco is now a disgraced magician who pretty much everyone hates now (because they think he's responsible for the events of the ballroom), **PDF When Night breaks interstate** On the other hand Demarco's just trying to save Kallia from the same fate his sister endured by looking for her day and night to no avail. **Kindle When Night breakstone** Armed with one of her greatest enemies possible ally Jack she has to traverse a new world without being murdered and/or ruining her own world, **When Night Breaks kindle direct** It's looking pretty grim for her and Demarco and if they want to save themselves and the world they must find their way back to each other before it's too late. **Breaking night book summary** I love how bold and confident she is but kind and caring: **When Night Breaks pdf24** She plays her part very well both in the book and as a main character: i may not have agreed with her decisions at times but i find her an excellently-written protagonist. **When Night breakshots** Demarco>/b>- it's not that I don't like Demarco it's just that i found him a little annoying at times. **When Night Breaks pdf converter** I did understand where he came from in his reasoning but his character (something i somewhat remember) was reduced to all about Kallia, **When Night Breaks kindle paperwhite** I wanted more of his own personality more of the intriguing character we saw in Where Dreams Descend, **Day for night book** I love all three main characters very much but there's something about this man, **PDF When Night breaks interstate** I was disappointed with how there was so much buildup for his character especially with Kallia just for that ending. **When Night Breaks epubs air** I saw it coming but that's one of the reasons i wished the ending was different, **When Night breakset** I liked her as Vain but her revelation felt not that great. **When night breaks janella angeles** (SPOILER: I think the author should have left Eva missing and not bring her back, **Breaking night book summary** See I can't remember much about the first book's plot ☐ but I remember it being interesting and not boring. **When Night Breaks epubs air** The first half was really what made me take the most time in reading. **Night broken read online** It was hard to get through because everything felt repetitive, **When Night Breaks epublising** It wasn't interesting and could have been way shorter in my opinion. **PDF When Night breakstone** But in the second half I found the plot to be quite amazing frankly: **PDF When Night breakside** From Demarco and Kallia reuniting to the climax I was entertained, **When Night Breaks epublising** Truly in the first half the only part I had a real problem with was Demarco's POV because I found Kallia's POV to be really exciting to read: **When Night breakshop online** I found the ending to be a little rushed though in its finale and I wish it would have been a little better, **Breaking night book summary** I didn't like how it ended for a

couple characters and how it ended for the world but it wasn't too horrible that i boycott the entire book for it: **When Night breaksea cod** I just wished for something grander I suppose after all the grandeur of the duology, **When Night Breaks pdf merger** Overall I think the second half made up for the first half which is why I'm giving it such a high rating, **Breaking night book summary** The plot twists were predictable but also unpredictable in a way? The author put a nice spin on the story that was actually pretty different from the first book: **When Night Breaks pdf drive** It makes the story and world so much more magical than it already is: **When Night Breaks pdf merger** Angeles really has a way with words; while the book in the beginning was more lengthy than i think it should have been the writing was so pretty to read. **When Night breaksea boats** Overall the descriptions were one of the things that made this book even better and one of the defining features, **Breaking night book summary** But this series has something of its own in the world-building department. **When Night Breaks epub reader** The world magic and setting are one of highlights of this book and series for me and is one of the more compelling elements in this book. **When Night breakset** overall-(one more thing: i think the chemistry between kallia and jack was way better than with kallia and demarco in this one. **When Night breaksea cod** it was the opposite in the first book but i like the parallels and i'm always in for a good love triangle ☺ the romance is amazing in this book in my opinion. **When Night Breaks epub air** it's everything i want from a romance) There were definitely things I didn't love about this book but I think the good trumps the bad by quite a lot: **When Night Breaks kindle paperwhite** Again super impressed with most of this book besides a few minor things and I think everyone should give this series and author a try: **When Night Breaks pdf drive** It's very well written especially with the characters and world-building among others and is a very underrated series. **Book covered with night** If you enjoy YA fantasy then you should read this book! I'm overall very happy with this sequel: **When Night Breaks pdf drive** I cannot say if i liked this book more or if i liked the first book more but rest assured: this duology has become one of my all time favorites! READ THIS SERIES, **When Night breakshop online** A lifelong lover of books she's lucky enough to be working in the business of publishing them on top of writing them: **When Night Breaks pdf merger** She currently resides in Massachusetts where she's most likely to be found listening to musicals on repeat and daydreaming too much for her own good: **PDF When Night breakside** She is represented by Thao Le of the Sandra Dijkstra Literary Agency. **PDF When Night breakstone** WHERE DREAMS DESCEND Book 1 in her debut fantasy Kingdom of Cards duology will be out June 2 2020 from Wednesday Books. **When night breaks janella angeles** The competition has come to a disastrous end and Daron Demarco's fall from grace is now front page news, **Breaking night book summary** But little matters to him beyond Kallia the contestant he fell for who is now lost to this world and in the hands of a dangerous magician, **Break in a new book** Even if it means embarking on a dark and treacherous journey risking more than just his life with no promise of return: **Breaking night book summary** Especially with Jack by her side the magician with who has the answers but cannot be trusted: **How does the book night end** With time running out Kallia must embrace her role in a darker destiny or lose everyone she loves forever, **When Night Breaks epub air** When Night Breaks (Kingdom of Cards #2)Kallia entered a world of mirrors filled with exceptional magicians drunk on revelry cruelty and illusions, **PDF When Night breakside** Roth believed Kallia was the way out of the false world he's been trapped in and will stop at nothing to break free: **Breaking night book summary** Roth breaking free is bad news not only in the mirror world but to the true world, **When night breaks janella angeles** It is up to Kallia Jack Daron Eva and her crew to find a way and face the impossible magician who has sold his soul to the devils: **When Night breakshop** It was an interesting read and probably a reflection of the fame associated with today's show business: **What is the book night** 5 s t a r sMy Book Blog — Apollo ApprovedThank you St. **Breaking night book summary** Martin's Press for sending me an ARC via Netgalley in exchange for an honest review!ReviewYou know. **When Night breakshugh** (*cough* The Burning God *cough* If We Were Villains *cough*) That's just my take but I'm sure many do and will feel the same: **When night breaks janella angeles** I like that he got to see his character develop almost in a way that wasn't possible in the first: **When Night Breaks pdf merger** I liked

feeling like Kallia was justified in her like of him and that it wasn't bordering on Stockholm Syndrome like it did in the first, **How does the book night end** They were the trio that was missing in the first book for real. **Excerpt from breaking night** (I do think the author mixed up Ruthless and Malice a few times though hopefully that's fixed in the first edition since I guess this is less edited because it's an ARC. **Kindle When Night breakside** It's not original by any means but it was written quite well and the world itself was nice too, **PDF When Night breakside brewery** (I'm upset I can't think of a single thing else to say about liking it uGH, **When Night Breaks epubs air** I swear everything that happened seemed like it happened at least twice: **When Night Breaks kindle reader** Every show felt the same the duels kept happening the random conversations and moments were no different than past ones, **Breaking night book summary** Along with repetition I truly just felt the book was confusing, **Breaking night book summary** Where Dreams Descend admittedly ended with a lot but all in all it had so much intrigue that it didn't matter, **Breaking night book summary** In the first book I already didn't love Kallia and Demarco's relationship and honestly felt like the chemistry that could've been possible wasn't there at all, **EBook When Night breaks va** Using magic is the pull but forcing it on others is the push so push first. **Book weekend break nice** • Ace of Shades • Incendiary Janella Angeles Thank you to the publishers at St: **PDF When Night breakstone** After that jaw dropping cliffhanger in Where Dreams Descend couldn't wait to read this book, **When Night breaksea cod** This I truly one of my favorite series and I am excited to read more of this author's work in the future! Full review to come closer to the publication date, **Breaking night book summary** 4/5 □'s Janella Angeles this is a good sequel and apt conclusion to the duology but sadly i didnt enjoy it as much as 'where dreams descend: **EBook When Night breakside brewery** the reader is introduced to a darker yet somewhat familiar world with new characters and the mysterious secrets of old ones: **Excerpt from breaking night** theres a lot of new content to enjoy and i think readers who were super invested in what happened to kallia jack daron and eva will find this installment engaging. **When Night Breaks epubs** however its missing the two major components that made me fall in love with the series in the first place. **When Night Breaks pdf converter** they are separated this entire sequel up until the 75% mark: **When Night Breaks epubs air** i loved their tension and romance in the first book and didnt quite enjoy them on their own as much as i did when they are together: **When Night Breaks epub reader** i loved the atmosphere it created in 'where dreams descend: **Summary of breaking night** ' and while this sequel obviously has magic it doesnt take center stage in the same way it did in the first book. **EBook When Night breaks va** again im happy with this conclusion and find it suits the overall story but i didnt personally love it as much as the storys beginning. **When Night Breaks pdf converter** martins press/wednesday books for the ARC! → 3 stars Janella Angeles YAYY I GOT AN ARC, **When Night Breaks publishing** excited to see how this ends Thank you Wednesday Books for sending me an ARC via Netgalley in exchange for an honest review! ____ Sept, **EBook When Night breaks va** AND it comes out 2021!!!! I don't think I'm going to survive this. The story is captivating and immersive and so vivid. His story is fantastic as is Kallia's. Janella Angeles 3. And instead. This is a long book. What even is enjoyment. And yes her circumstances have changed but. yikes. Overall this just didn't win for me and I'm bummed. Janella Angeles I am... very conflicted about this book. Did I love the ending? Probably not. Kallia doesn't know where she is. characters- Kallia- I LOVE Kallia. Jack- □□ I LOVE JACK SO MUCH. He deserved so much better. Vain- Can I be honest? I hated Vain a lot. I found the first half of this book to be so boring. writing- The writing in this book and duology is stunning. Beautiful to read some of my favorite writing out there. It's so magical to read about. The writing makes it even better. The positives outweigh the negatives in any case. Daron is willing to do whatever it takes to find her. After awaking in darkness Kallia has never felt more lost. That was of little concern to him though. He will have his way no matter the cost. I enjoyed it. 3 stars. Janella Angeles □½□□□ // 1. I liked that Jacks was in this more than the first. I loved Vain and Ruthless and Malice.) Also can't deny that I loved the magic of the world.) The repetitiveness straight up killed me.
