

A Mrs. Miracle Christmas By Debbie Macomber Each book of this series is going to feature a new lead couple so the books can be read as a standalone or in any order and understood although some characters do carry over book to book keeping to the Angelic theme. Most contemporary romance fans will be familiar with Debbie Macomber's stories so I shouldn't need to say how wonderful her writing is but I will anyway for those that may not have tried her books yet. I hadn't read the others in this series but the story flows smoothly as if a standalone and such a beautiful.

Heartwarming in so many ways wrapped up in cookies and tea with a strong helping of faith and a belief of miracles. Macomber injects her sense of humor and names a trio of angels Shirley.
