

Borrowing Blue (Made Marian #1) By Lucy Lennox This is a gentle romance and I loved the fact that it never once resorted to stupid misunderstandings or the like to twist the drama Blue and Tristan are open and honest and it's refreshing. **EBook Borrowing bluehost** I have a huge to-read list including several books I've been waiting ages for but this was such a lovely sweet feel good romance that I'm going to continue on and read the next book 'Taming Teddy' it's worth mentioning that this series is on kindle unlimited as well. **Borrowing Blue book** am I the only one? ☹☹ I saw some of my friends got offended by the sexual remarks made by the elder members of the families but I just found them witty and extremely hilarious. **Borrowing Blue epub**s the way he wanted to help Blue from embarrassing encounter with his ex and the way he kissed him for the first time and pretended nothing is wrong while Blue is gasping like a fish on land. **Borrowing bluefire** The guy is sweet.

Solid gold!!! ☐ It was so cleverly plotted and realistic and it really makes me see all those hilarious and ridiculous things that happen at weddings all the time. **PDF Borrowing blue** ☐☐☐☐☐Audible reviewStory - ☐☐☐☐☐Narration - ☐☐☐☐☐Michael Pauley just freaking rocks! ☐Listening the crazy Marian gang on audio made me laugh and smile and happy all over again despite currrently suffering a very nasty flu. **Borrowing bluej download** I read A LOT and it's hard to keep the list updated! {site_link} an alternate cover edition can be found here Blue: When my ex walks into the resort bar with his new husband on his arm I want nothing more than to prove to him that I've moved on. **Book Borrowing bluehost** Right? Fair warning: Blue and Tristan's story contains smoking hot scenes of man parts touching pee-in-pants descriptions of grannies cursing and the sweet improbability of two strangers finding their happily ever after when they least expect it. **Borrowing Blue booklet** There were a few things that are keeping me from giving this a higher rating:- all the side characters except maybe for Jude and Jamie felt very one-dimensional to me- John's character didn't feel very realistic to me - I didn't get why Simone would want to marry John all things considered- Sheila's character didn't make any sense other than to cause drama- Jeremy is another cliché character whose actions didn't make sense- personally I wouldn't feel comfortable around people like Aunt Tilly- I don't remember ever reading a book with this many sex scenes. **Book Borrowing blue** The plot was weak and consisted of extramarital affairs homophobic brothers vengeful exes and Blue running (and I don't mean metaphorically; he would literally take off jogging) away every time his lil' ol' feelings got hurt. **Book Borrowing blue cross** So many things just didn't make sense: Why did Sheila want to get back together with Tristan if she was really in love with John? Why is Simone marrying a homophobe when she has gay brothers?Why did Tristan's employee grab him by the throat with no explanation? Seriously this random plot point was never discussed again. **Borrowing Blue epub**s Also and this has to be mentioned the whole thing with Aunt Tilly and Granny making loud sexual remarks about their nephew/grandson while the family (including children!) looked on in amusement was not only NOT FUNNY; it was flat-out inappropriate. **Book Borrowing bluestacks** Does he have a tight ass? More to the point when are you gonna fuck him?Let's imagine an uncle or grandfather making similar comments about a niece/granddaughter saying that she looks freshly fucked or that this guy of hers must have a large dick and give it to her good. **Book Borrowing blue** Why should it be any different when such remarks are aimed at a man? 302 This is author Lucy Lennox's first book and she did a nice job! The sex was great the angst was low and the boys were adorable. **Borrowing bluekai** *swoon* Neutrals: ► This book had tons of family drama mostly from Tristan's side of the family but I was oddly okay with that since the author didn't wallow and wallow in a cesspool. **Borrowing bluej download** Where I swoon so much it's a wonder I'm not passed out! Where I smile and sigh and gasp and just wallow in the awesomeness of it all!Blue Marian is part of a huge successful close knit family. **Borrowing bluej download** So why couldn't they spend the week together and enjoy this undeniable connection before it was time to part ways? The only problem is that the man that Blue's sister is marrying? It just happens to be Tristan's brother! "His

body was like a playground and I wanted to be the only kid allowed on it. **Book Borrowing bluey** The only thing keeping him sane is the absolutely gorgeous man next to him at the bar the man in question is Tristan and apart from the fact that he's obviously straight he seems perfect in every way. **Borrowing Blue fiction definition** Tristan is happy to play along and make Blue's ex see that he's moved on but the kisses between them are the hottest most incredible ones Blue has every had and he's trying to wrap his head around the fact that the best most intense kiss of his life came from a straight guy. **Borrowing bluehost** I loved both Blue and especially Tristan well all the characters really the Marians are great with Aunt Tilly being the funniest and Jude the most intriguing just what the blurb says. **Borrowing Blue bookworm** There is one friend of mine that I really really respect and usually whenever she gives 5 stars to books I make sure to read them and when she gave 2 stars or lower I skip those books. **Book Borrowing bluey** She only gave two stars to this novel so I was really skeptical about starting this series but I saw some of my other friends gave this book 45 stars so I was like WTH I'll try. **Borrowing blueeq** It's childish super-melodramatic it's clearly written by a female author trying hard but never succeeding to represent an adult male mindset and - what is way worse - it is also sometimes latently sometimes directly bi-phobic and misogynic. **Borrowing bluec** Instead the attempts at humour ended up giving me this tooth-achey feeling you have when you witness something stupid done by someone you used to respect and now want to be miles away. **Book Borrowing bluey** Oh and something I really really hate: ex-wives who are painted being cold bitches not wanting romantic relationships and children in short women who pushed away the poor bluidy weeny gay-bi-whatever-hunk into the arms of a sooo much better gay partner: **Borrowing Blue pdf converter** But it was on Kindle Unlimited and the blurb intrigued me: **Borrowing Blue pdf converter** There wasn't too much to the story.

I really liked Blue and Tristan: **Book Borrowing bluehost** Their relationship was very much insta-love and too sweet at times but I didn't mind, **Borrowing bluehost** Great connection and great dialogues between the two of them: **Book Borrowing blue cross** They just started to feel repetitive and boring and sometimes the timing was odd 302 **Borrowing Blue** was vaguely enjoyable and sexy but way OTT on the family drama. **Kindle Borrowing bluey** Sorry but I think trying to choke your boss is really fucking crazy: **Borrowing bluefire** So young man how long have you been fucking Big Blue here? Sometimes good old-fashioned hot sex is just what the doctor ordered, **Borrowing Blue booklet** Pros: ► I loved the humor which was pretty constant throughout: **EBook Borrowing bluetooth** ► I think the resolution at the end was decent if not fairly predictable, **Borrowing bluekai** Cons: ► For the first third of the book I kept mentally saying I can totally tell that a woman wrote this story pretending to be in the head of two gay men: **EBook Borrowing blue's** It got considerably better but I couldn't get that thought out of my head for a good while, **Borrowing Blue kindle store** ► Metric fucktons of sex enough that by 70% I was entirely skimming over any scene involving an orgasm: **Kindle Borrowing blue's** The humor and two extremely likeable MC's carried the book for me. **Borrowing Blue epubor** It was well-paced and I never got bored even if at times I was completely rolling my eyes. **Borrowing blueeq** This was definitely just an escapist read for me but a decent 4-star story in my opinion, **Borrowing bluekai** -----** My free copy of the story was obtained through Kindle Unlimited, **EBook Borrowing bluestacks** 302 **Borrowing Blue** is the first book in the Made Marian series by Lucy Lennox: **Borrowing Blue pdf editor** While I have read several of Lucy's newer books I haven't had a chance to start this series even though I've been intending to for a long time. **Book Borrowing blue** This is one of those books where I want to highlight every other sentence because it's all so amazing, **Borrowing bluekai** His baby sister Simone is getting married and they're holding the wedding at a nearby winery, **Book Borrowing bluey** On Blue's first night there he sees his ex who is there with a date a very young date and he decides to head to the bar to drink away his feelings: **Book Borrowing bluestacks** Only a very sexy stranger sits next to him and offers to help him get his own revenge with the hottest kiss of his life, **Borrowing Blue book** A kiss from a man who is gorgeous funny kind and oh so very straight: **Borrowing Blue pdfiller** Maybe it was just an excuse helping him to get back at his ex by kissing him. **PDF Borrowing blue cross** One kiss led to two and it was clear there would never be enough, **Borrowing bluekai** Blue would be at the vineyard for a week for all of the pre-wedding festivities, **EPub Borrowing bluehost** " As the week progresses Tristan and Blue's attraction turns into more, **Borrowing Blue kindle** These two don't waste any time getting to know each other's bodies, **Book Borrowing bluestacks** At the same time their week includes plenty of wine crazy grannies and a lot of family chaos which it seems the Marion family is good at, **Borrowing bluehost** "I had known him for ten seconds and I already felt as if he was as critical to my survival as food and water, **Borrowing bluec** So many steamy moments! There's so much potential for future books. 302 3.5 Stars!This one was pretty good. I'm always a little scared with a new author.And overall it was pretty good. The writing was good. Somehow it reminds me of Mama Mia movie . ☐ I Absolutely adore Tristan character. He was gold since from the very beginning . ☐ Oh . totally lovely character. ☐I really also like Blue character so much. I'm so glad that I gave this book a shot. And all these books are available on KU.LucyLennox.LucyLennox. So fine we make a deal: one week. The author managed to make it believable. And I loved the dog. A good fuck ought to fix him right up.Tell us about this stud muffin. I wouldn't call that banter. I'd call it sexual harassment. It could have been about 4 chapters shorter. The last 75% of the book felt like filler. 302 This story worked pretty well for me. Mostly. ► There were a decent number of feels. ► Blue's family was really great and accepting. ► Blue's bells. Events happened then you just sort of moved along. I finally did and I'm completely in love.Tristan is the owner of Alexander Vineyard. He felt drawn to the man in the bar. Because it was all he could think about doing. He had to have his lips on him. Feelings grow. Not to mention the chemistry."This book was everything I hoped it would be and more. So many giggle moments. So many swoony moments. There is no way I'm not continuing the series. I can't wait.<https://www.facebook.com/groups/Carol>. In other words it's got it all baby! Well almost. Cake would help. There was some cheesy dialogue here and there. Things move pretty fast between Tristan and Blue. Definitely insta-love but it didn't bother me too bad.

Tristan and Blue were pretty cute together. Some LOL moments. Oh and the steam level was good. A+ I'd call it a win. 302 Wow . I'm sooo glad that I gave this book a shot. Ok . very long introduction already. Let's start the review. ☐Oh My GODDDD!!!! ☐ I love this book. ☐ Let's start by the cover. Look at those two cover models. Uh huh . Mama wanna ravish that gorgeous bastard.)and that's only the ones I looked for. I think the neologism is external shame. Ick. It was all rather boring. How Tristan came to own up to his bisexuality was. offensive. Not interesting. Not romantic. Unerotic. Double-ick. 302.
