They proceed to act exactly the same as they did before other than we have to read a paragraph or nine about how the floor looked when they woke up. **The Hollow Chocolate Bunnies of the Apocalypse ebooks free** The Hollow Chocolate Bunnies of the Apocalypse When Robert Rankin embarked upon his writing career in the late 1970s his ambition was to create an entirely new literary genre which he named Far Fetched Fiction. **The Hollow Chocolate Bunnies of the Apocalypse Science Fiction fantasy name** Not being one to light his hide under a bushel Mister Rankin continues When Robert Rankin embarked upon his writing career in the late 1970s his ambition was to create an entirely new literary genre which he named Far Fetched Fiction. **The Hollow Chocolate Bunnies of the Apocalypse epubor** Not being one to light his hide under a bushel (sweet light fun but if you read too much you run the risk of mental cavities) and this wasn't great literature but it was fun innovative & well written. **Book The Hollow Chocolate Bunnies of the apocalypse** One could make comparisons to Who Framed Roger Rabbit and other best of story settings but I'm confident that those who have read this book would no longer feel the need to. **Book The Hollow Chocolate Bunnies of the apocalypse rising** Hollow Chocolate Bunnies stays true enough to itself that a reader could only after completing the novel compare it to itself and that I think is the mark of a memorable story. **Book The Hollow Chocolate Bunnies of the apocalypse** The characters are flat which I am sure many will argue But they are toys they shouldn't have huge personalities What I am saying is that I shouldn't be able to interchange all of the characters names and get the same effect. **The Hollow Chocolate Bunnies of the apocalypsedood coupons** as far as violence we get to see the aftermath sometimes otherwise our main characters are just told by another bland character such and such was killed and that's the end of it. **The Hollow Chocolate Bunnies of the apocalypsef** Was Eddie a fuzzy teddy bear or a sleek velveteen bear? Who knows? What kind of toy was TinTo actually supposed to have been? Was Humpty Dumpty actually an egg? Or a real person? At some points in the story they imply he was an egg and then in others he was a regular human. **Book The Hollow Chocolate Bunnies of the apocalypse books** Humpty Dumpty is was boiled alive in his pool Mother (actually Madame as she runs a brothel in this story) Goose was roasted and poor Little Boy Blue - I just can't relive his death again! It does descend into utter silliness from time to time - and puns abound - but that's the point. **The Hollow Chocolate Bunnies of the apocalypseis** Paperback This is now the third investigation into the mysterious circumstances involving Humpty Dumpty's demise that I've read and I honestly think Jasper Fforde did it best in The Big Over Easy. **Book The Hollow Chocolate Bunnies of the apocalypse books** Whilst clearly being a book for adults it's the little bits that are written as if they are for kids that endear the reader most to the style of writing and ultimately the book as a whole. **Book The Hollow Chocolate Bunnies of the apocalypse definition** Paperback How could you possibly resist a title like The Hollow Chocolate Bunnies of the Apocalypse? I was thrilled when the library finally got a copy & read thru it in about a day. **Book The Hollow Chocolate Bunnies of the apocalypse** I've seen several comparisons to Jasper Fforde's Thursday Next series; I suppose in terms of the mystery plot and the literature references but this had a bit darker feel to it IMHO:

work: **The Hollow Chocolate Bunnies of the apocalypse** Perhaps it is the length maybe if the book was shorter there wouldn't be a problem: **The Hollow Chocolate Bunnies of the apocalypse** Perhaps it because it feels as if Rankin is trying too hard to be funny and uses running gags that run too far, **The Hollow Chocolate Bunnies of the apocalypse** At times it is almost as good as Terry Pratchett but only almost and then only for a couple pages, **PDF The Hollow Chocolate Bunnies of the apocalypse** The age of Jack 13 doesn't make sense unless Rankin is trying to shock people or make use feel icky. **Book The Hollow Chocolate Bunnies of the apocalypse now** If a character is going to have underage sex and if you are going to use underage sex as a selling point than make the character act underage not 25: **Book The Hollow Chocolate Bunnies of the apocalypse books** There are some good parts like how the some people are killed Jack's reaction to the city the use of plot and what should happen, **Book The Hollow Chocolate Bunnies of the apocalypse books** Paperback Robert Rankin is my favorite author who isn't distributed in the US. **The Hollow Chocolate Bunnies of the Apocalypse humorously** While this may sound like faint praise I really do enjoy his work, **Book The Hollow Chocolate Bunnies of the apocalypse now** It's silly surreal and thoroughly British; riddled with in-jokes and ex parte asides to the reader, **Book The Hollow Chocolate Bunnies of the apocalypse** If someone dipped into my head and wrote books based on what I thought funny ought to be the result might look like Hollow Chocolate Bunnies or Waiting for Godalming: **The Hollow Chocolate Bunnies of the Apocalypse epub file** Keep your eyes peeled for the Big M and always listen to your Holy Guardian Sprout: **Book The Hollow Chocolate Bunnies of the apocalypse** Paperback The key thing that I have taken away from reading this book is that Titles cannot be trusted, **Book The Hollow Chocolate Bunnies of the apocalypse** Certainly the title of this book is brilliant; I even love the little chocolate bunnies on the cover glaring at me as they plot, **Book The Hollow Chocolate Bunnies of the apocalypse lyrics** The concept presented on the back of the book is intriguing and will force those of you with unusual senses of humor to consider the purchase. **The Hollow Chocolate Bunnies of the apocalypse** This is the point that you need to stop yourself because for all of the pretty packaging this book does not deliver. **Humor The Hollow Chocolate Bunnies of the apocalypse** The premise of the story is simple a young naïve boy travels to The City to find his fortune: **Book The Hollow Chocolate Bunnies of the apocalypse** What he finds is that he is now in Toy City and teamed up with a raggedy bear trying to solve a string of homicides, **The Hollow Chocolate Bunnies of the apocalypse** the problem is that where this book should have been brilliant it is not even mediocre: **PDF The Hollow Chocolate Bunnies of the apocalypse now** The dialogue is beyond irritating pages and pages of dialogue where no one actually says anything, **The Hollow Chocolate Bunnies of the Apocalypse book** all of the key nouns are left out the point is left out and you have pages and pages of them babbling about things that don't have any meaning. **Book The Hollow Chocolate Bunnies of the apocalypse** Everyone talks the same reacts the same functions the same they are all interchangeable, **Kindle The Hollow Chocolate Bunnies of the apocalypse definition** Now they bill this book as having sex violence and debauchery: **The Hollow Chocolate Bunnies of the Apocalypse book** okay they visit a brothel and we're told that sex did happen. **The Hollow Chocolate Bunnies of the Apocalypse kindle reader** Debauchery well we're told they drink a lot but then when they are supposedly drunk or a house, **Book The Hollow Chocolate Bunnies of the apocalypse now** but have no idea what most of the characters actually look like: **Book The Hollow Chocolate Bunnies of the apocalypse rising** huh? Where did that come from and why? I honestly wouldn't recommend this book to anyone I thought was of sound mind or menial intelligence: **Humor The Hollow Chocolate Bunnies of the apocalypse definition** Paperback Such a clever book - loved Eddie Bear - who is the MC and an alcoholic teddy bear who has to carry out the investigation after the real detective disappears: **The Hollow Chocolate Bunnies of the Apocalypse book** Here we have Jack a 13-year-old boy and Eddie a button-eyed teddy bear who's an aspiring gumshoe attempting to nab the culprit in a string of nursery rhyme character murders: **Book The Hollow Chocolate Bunnies of the apocalypse** I can't exactly say what went wrong here but everything seems a little flat: **The Hollow Chocolate**

**Bunnies of the apocalypse** The fact that Eddie and Jack can't scrape up a personality between them may have something to do with it. **Book The Hollow Chocolate Bunnies of the apocalypse books** They're just not enchanting and their scenes together bored me to tears, **Book The Hollow Chocolate Bunnies of the apocalypse** If you like plot driven mildly amusing fiction then have at it: **The Hollow Chocolate Bunnies of the apocalypse** Paperback Oh what fun! A very smart self aware book that disguises itself well as a pulp detective novel. **The Hollow Chocolate Bunnies of the apocalypse** For example when we first meet Madame Goose she is described thusly: Madame Goose who was a goose and a very large goose was she: **Science Fiction Fantasy The Hollow Chocolate Bunnies of the apocalypse definition** It's a style that not only fits perfectly with the characters and situations but also sets the book apart from any would-be similar reads. **The Hollow Chocolate Bunnies of the apocalypse** It's easy to bond with the main characters and before you know it you'll be wishing you could join them standing on your head at Tinto's bar. **The Hollow Chocolate Bunnies of the Apocalypse book series where** Perhaps the bunnies of the title could have played a bigger part and sure the ending gets a bit silly but that's the point. **The Hollow Chocolate Bunnies of the Apocalypse humoral** It's a tongue-in-cheek satirical look (sideways) at noir fiction, **The Hollow Chocolate Bunnies of the apocalypse** [I've since bought my own copy] Jack a rather gangly young man seeks his fortune. **The Hollow Chocolate Bunnies of the Apocalypse kindle app** After a rather harrowing encounter with a farmer he makes it to The City, **The Hollow Chocolate Bunnies of the Apocalypse Science Fiction fantasy baseball** not realizing it is Toy City where the majority of the residents are living toys while the humans are nursery rhyme characters grown rich from their royalties. **Book The Hollow Chocolate Bunnies of the apocalypse definition** Jack meets up with Eddie the alcoholic teddy bear of Detective Bill Winkie who went missing after investigating the murder of Humpty Dumpty, **The Hollow Chocolate Bunnies of the Apocalypse book** As more of the Old Rich are slaughtered Jack and Eddie get wrapped up in the plot: **The Hollow Chocolate Bunnies of the Apocalypse humorously definition** A wondrous mix of fantasy and mystery Rankin lets his imagination run wild in populating the semi-seedy Toy City. **Book The Hollow Chocolate Bunnies of the apocalypse** Jack starts out as a naïf but learns quickly as Eddie leads him through the investigation, **Kindle The Hollow Chocolate Bunnies of the apocalypse definition** The writing is quite entertaining and while the characters may be a bit one-dimensional it fits well with the overall theme. **Kindle The Hollow Chocolate Bunnies of the apocalypse lyrics** Some of the British slang might trip up US readers but if you're familiar with Douglas Adams Pratchett and even Rowling you should do just fine. **The Hollow Chocolate Bunnies of the apocalypsed world** I saw more of a semblance to Lewis Carroll's Alice in Wonderland. **The Hollow Chocolate Bunnies of the apocalypse** Recommended to fans of unusual premises with a sense of humour; however I can't speak to how effective the mystery plot is. The Lonny as Chocolate tea pot brings another insane book. This Toy Story parody on acid. I read this book in a matter of hours. I couldn't put it down. The writing style may seem cutesy at first. they suck at telling stories. I'm looking forward to reading more of his work. This book makes good use of nursely rhymes and toys. It doesn't work. The book is a somewhat amusing read but not great. I am a huge fan of Pratchett Gaimen and Adams. Rankin does not belong anywhere near their ranks. Seems interesting enough. It's like listening to two pre-teens having a conversation. Hmmm. Then we get to the end. I won't spoil it other than to say. It's no page turner. 1 out of 5 stars. It's a tongue-in-cheek satirical look at pulp fiction. I prefer SOLID chocolate bunnies. And really it's as good as. Paperback
