

Shifted Rule (The Wolves of Forest Grove, #3) By Elena Lawson **Shifted rulebender** So the book basically starts just after book 2 ends where we're all waiting on pins and needles with Allie and her guys on whether or not Allie's besties will join her as werewolves. **Shifted Rule pdf converter** I'm also super excited that we'll get to see these characters again in a novel as adults so I have something to look forward to! Kindle Edition As this is the final instalment of this series boy.

But for all the blood and gore and dark tones of the book it really needed **Shifted Rule kindle** Because two guys in their late teens with added wolf blood running through their veins in close confines with their mate (who was definitely up for it)? I just don't see how it never escalated past a few kisses. **Shifted right** It does give closure to the whole series though so I might not read the fourth book just yet because I no longer have that **Shifted Rule epub reader** feeling that I had through the rest of the series. What happened with Devin? Will he EVER get his karma? What about Sam? Clay and her have not seen each other in 4 years and now they are fine to never speak again? I understand what drove them apart.

Elena lives in a small town in Canada with her family. **Shifted Rule epub reader** When she comes out of her writing cave she can be found obsessively rearranging her bookshelves drinking wine somewhere sunny or cooking overly fancy meals for her family and friends. **Shifted recording** When she comes out of her writing cave she can be found obsessively rearranging her bookshelves drinking wine somewhere sunny or cooking overly fancy meals for her family and friends. **Shift rule baseball** Kindle Edition What a way to end a fantastic series! I was on the edge of my seat the whole read as Questions were answered but more twists and turns were thrown at us along the way! I just love Allie Clay and Jared and was happy to see their relationship grow and develop as Allie gets more confident. **Shift rules 2023** The romance is still slow burn but the conclusion was emotional and very satisfying and I cannot recommend this series enough! Kindle Edition Such a great series! Going into this book I was sad about having to say good bye to Allie was I excited for the thing that I had been anticipating since the first book. **Shifted Rule ebookers** Like always I wish there was more! I was beyond grateful to hear that there will be a future Standalone that will bring back these awesome characters! Kindle Edition Fool me once shame on you. **Shifted Rule kindle paperwhite** I appreciate that Lawson felt apprehensive to add in any sex scenes when the FMC was 17 for most of the story but they are SIBLINGS!! Even with evidence proving Allie right she just left all pissy. **Shifted recording** 5 Reread Favorite4 Absolutely loved it3 Flaws but kept me entertained 2 Characters or major plot issues 1 More than majors issues Updated review scale April 2021 Kindle Edition This read as very YA to me which is fine but definitely not what I was expecting from this author. **Shifted Rule booking** The relationships here just didn't work for me at all in the end and I think it's because I'm left thinking what relationship?! I've heard that there's a 4th book now that's set several years in the future and has its own plot line that loosely connects back and apparently she includes some spice. I love all of these characters for different reasons and this story completely immerses you into their world: **Shifted rulebender github** Allie is this strong young woman who knows who she is and takes on the weight of the world on her shoulders: **Shifted register operands** Being new to the world of shifters she doesn't just accept the status quo: **Shifted register** She's been suspicious of Ryland from the very beginning and rightly so. **Shift rule mlb** This book sees her vindicated in her suspicions at least with the people that matter most to her. **Shifted register** Jared is the sweet one but there's a strength of steel underneath that kindness and he's shown some ugly truths in this book that make your heart hurt for him: **Shift rules 2023** Then there's Clay.

The prickly one who has trouble connecting but is there for Allie in every way, **Shifted reflected stretched or compressed** He may not be the usual guy you go to for emotional support but he pushes her to be her best self and not accept anything less, **Shifted Rule booking** The 3 of them finally work through their issues in this book and finally come together as a team and mates and it was so awesome to see: **Shifted Rule paranormal** All 3 have grown up a lot during this series and it was nice to see it come together. **Shifted realities rudolfinum** Poor Allie just can't catch a break and now she has to deal not only with the tensions and awkwardness of home but also with tension with her friends. **Shifted Rule kindle reader** There's also the matter of whether Ryland is truly evil or simply a power hungry bad alpha. **Shifted Rule booking** These questions are answered of course but I don't want to give anything away: **Shifted Rule epub air** I will say however that I found the wrap up of very satisfying: **Shifted Rule epub reader** This story was so great overall with wonderful characters you couldn't help but love and a story arc that sucked you in: **Shifted Rule contemporary art** Kindle Edition A bit disappointed I think a bulk of book 2 and 3 could've been shaved down into one awesome book. **Shifted rulebender** There was so much unnecessary things thought about for SOOOO LONG that I found myself skipping whole paragraphs and sometimes pages. **Shifted Rule booklet** She writes reverse harem fantasy romance stories full of feisty heroines unforgettable heroes and spellbinding romance. **Shifted right** facebook: {site_link} Elena lives in a small town in Canada with her family, **Shift rule baseball** She writes reverse harem fantasy romance stories full of feisty heroines unforgettable heroes and spellbinding romance. **Shifted Rule epub reader** facebook: {site_link} {site_link} Allie and Clay have found out something about the Alpha of the pack and now they need Jared's help to bring the truth to light, **Shifted Rule contemporary** However when Clay's sister comes to the pack and mates with the alpha things become more complicated, **Shifted Rule contemporary house** There weren't any spicy moments between the three protagonists but I can't wait to read about their happy ever after, **Shifted Rule contemporary** I enjoyed seeing Allie grow into her wolf and being sure of herself was an aspect which I had really liked. **Shifted rulebook 2021** The development of the bond between Jared and Clay kind of rounded off as a large chunk of that was explored in the 2nd book. **Shifted Rule ebooks online** I felt like despite being a 2 mate bond I felt the interactions were swayed towards Clay and lacked Jared, **Shifted Rule paranormal activity** I would have given it more stars but the pacing at the end was a let down, **Shifted Rule booking** The build up was stronger than the big event itself and felt like we just skipped that massive core chunk of the book, **Shifted Rule paranormal** Especially since it answered so many questions that have popped up throughout the series. **Shifted rulebender github** The tension between Allie Clay and Jared was exactly what I wanted to see as their bond ramps up: **Shifted Rule ebook3000** Now that he's my alpha hate is nowhere near a strong enough word. **Shift rule mlb** I'm barely holding on as it is I don't need him barking orders at me every chance he gets: **Shifted Rule booking** Layla and Viv aren't speaking to me and I mean I can't really blame them: **Shifted Rule paranormal cirque** Each day brings them closer to a full moon that could change them both forever. **Shifted Rule pdf editor** I think we may have found the answer to our little mate bond problem and I finally feel...happy. **Shifted Rule ebookers** But then I begin to unravel a secret decades in the making. **Shifted rulebook 2021** One that shakes me to my core and makes my wolf feral with rage: **Shifted Rule paranormal** I'll do whatever it takes to protect my mates and my friends even if it means making the ultimate sacrifice: **Shifted Rule publishing** My enemy is about to learn that no one messes with my family, **Shifted Rule booking** Shifted Rule (The Wolves of Forest Grove #3)

The final book in this series! This book wraps up the storyline of Allie Clay and Jared: **Shifted Rule** **booking** Allie finally accepts being a wolf shifter and what that means for life: **Shifted Rule** **booking** The three also have decided what they will mean to each other and how they will navigate it: **Shifted Rule** **kindle** Allie has some tough decisions to make and what information to part with. **Shifted** **rect function** Clay still is his grumpy self Jared is away a lot but still his sweet self: **Shifted** **Rule pdf converter** They both try to make decisions for her in hopes to protect her, **Shifted Rule** **paranormal cirque** They learn to let her stand on her own even though it is hard: **Shifted Rule** **epublishing** While a lot of the plot was wrapped up I felt that there were some things left for future stories: **Shifted Rule** **kindle paperwhite** For instance: What becomes of Sam How the pack adjusts and how the relationship continues to develop between the three: **Shifted Rule** **epubs** Also what was her uncle leaving on the voicemails? Slow burn YA MFM paranormal romance finding strength within to conquer fears: **Shifted Rule** **booking** I enjoyed the characters and wouldn't mind seeing them as older adults and how that changes their dynamic, **Shifted Rule** **booking** Provided an ARC for honest review Kindle Edition Now that Allie's friends have shifted she's even more on alert than before, **Shifted Rule** **kindle direct** She's accepted Ryland as her alpha and yet he can sense her bristling disobedience, **Shifted Rule** **epubs** So naturally Allie is worried that he will hurt those she loves to keep her in line. **Shifted Rule** **epub reader** Wolves are going missing without a trace Grey - the vampire - always seems to be lurking in the shadows and opposing rumours are circling. **Shifted rulebender github** Allie is determined to get some answers and keep everyone she loves safe: **Shift rule mlb** It looks like this was originally a trilogy but the author wrote a fourth book at the behest of fans wanting...well basically wanting some smut. **Shifted Rule** **booking** And I have to say I wholeheartedly agree! The lack of any sex whatsoever even closed door or fade to black didn't seem right for the tone of the book, **Shifted Rule** **contemporary art** All the buildup about other paranormal species and we never encounter anyone but Ry's flunkie Gray. **Shifted Rule** **epub reader** I may try this author's other works but i definitely will not be reading the next book that shows them 4 years in the future, **Shifted Rule** **paranormal** Kindle Edition I read the first 3 so fast I was LIVING in this world: **Shifted recording** There were some minor editing plot details and details that I caught: **Shifted Rule** **booker** While they did take me out of the story temporarily I was quickly sucked back in: **Shifted Rule** **ebookee** I loved seeing our heroine grow though I do wish I saw a bit more growth in Jared and Clay: **Shifted Rule** **epublishing** You saw some with Clay but perhaps with Jared being so perfect he didn't need more growth, **Shifted Rule** **pdfescape** If you are looking for steamy steamy this series doesn't go into it: **Shift rule mlb** Meaning they don't go more than a heavy make out within the first 3 books, **Shifted Rule** **paranormal activity** With this final book I do wish we got more answers on the why our heroine is so different and the what sets her apart. **Shifted Rule** **ebookee** I do wish the epic show down was a bit more but it does show how strong our leading lady is. **Shifted Rule** **kindle reader** I can wait to see how these 3 progressed in the 4th book which when they are a bit older: **Shifted Rule** **ebook3000** During the first book I thought ok this is going to be a SLOW BURN for the romance but it actually just ended up being very juvenile: **Shifted realities rudolfinum** There was also a ton of OBVIOUS build up starting in the first book for an epic moment and, **Shifted Rule** **booking** I only kept reading this book to get to that specific moment and it was here and gone in literal seconds. **Shifted Rule** **booking** Also as

mentioned this just wasn't what I was expecting from this author. **Shift rules 2023** I've read her Boys of Briar Hall series and FELL IN LOVE but this is NOT that, **Shifted Rule epub air** There's nothing more than kissing in this story and wow was that significantly below my expectations. **Shifted Rule pdf reader** Truth be told this story really NEEDED some spice to make it work in my opinion, **Shifted responsibility** I haven't decided if I'm reading that one or not yet because I was left feeling disappointed by our ending here. **Shifted register operands** I can't say I'd recommend this series either though I would recommend it to someone looking for a YA paranormal story[1]

Jared and Clay. Yet when push comes to shove he has Allie's back. So I guess class this as a sloooooow burn series. The ending felt a bit rushed for me. There was all this build up and then it was just...over. I loved this series. Kindle Edition Well shoot. I'm rather sad to see the end of this series. Shifted Rule was absolute perfection. Fool me twice...I don't think so. I hated Ryland from the start. And there's nothing I can do to stop it. At least I have Jared and Clay. The time for recklessness and fear is at an end. Allie makes some peace with her past as well. As always great writing and story telling. Highly enjoyed this series. As the packs merge though something seems to be wrong. But those two things don't necessarily go hand in hand. I cannot willingly go through this again. I really enjoyed this series. Like I said very YA vibes. It wasn't a bad story but it wasn't great either. It definitely didn't need to be 3 books long. I did a healthy amount of skimming in books 2 and 3. whomp whomp. So unsensational. I'm definitely left with a disappointed feeling. Kindle Edition.
