

NosFairytale (Deskonton Tales #1) By Derick M.M. Lewis **NosFairytale pdf reader** I also think the action scenes would have possibly been more elevated if they were written in the 3rd person and wouldn't be totally against this entire book being the that point of view rather than 1st.

NosFairytale kindle unlimited Our main character goes through a thousand and 1 people it seems to find one person to protect his love and it was cool at first but I was definitely over all these interrogations by the 5th or 6th middle man/woman. **No fairytales burrito review** I made this vow to myself a year or so ago to no longer waste my time reading books I don't even vaguely like after 50 pages but I pushed through (albeit with quite a lot of skimming) since it was won in a Goodreads giveaway and I always feel like the author deserves an honest review to go with that whether it be good or bad. **No fairytales burrito review** I also enjoyed how much action is in this book! ☐☐☐ I mean there is so much of it! You will read through one action scene and find yourself in another only moments later. **NosFairytale bookkeeping** Though the story picks up a bit around halfway in I had some problems with the writing that I Personally didn't like; Such as the Past-Tense writing and how it feels like the Main Guy is always paraphrasing as he's telling us this tale. **NosFairytale epubublishing** It makes me almost feel like I am sitting around listening to him talk rather than actually being there! And like he's leaving some stuff out instead of telling me exactly what was really said. **No fairytales wraps** "The crowd went oooohh" does not need to be turned into "The crowd gave the ooh that sounds like a crowd of people after hearing a good insult" English I received this for free in a Goodreads drawing. **NosFairytale epub air** And in this story we follow a certain vampire one who's name I really could not remember so I am going to call him NomNom as he tries to defend his girlfriend Norine from those who are trying to take her. **NosFairytale book** So reading this a person would probably figure that NomNom was hired into this organization in the first few pages and his girlfriend was killed around 20 pages later or at most 50. **No fairytales burrito review** I can imagine that if I hadn't had known I would've been a lot more into the first 130 pages of the book wondering what was going to happen if he was going to be able to succeed in his plans etc. **No fairytale no story** Okay well what about the hair? Like if he's eating a chick with really long hair will he eat that too? Or what if it's a guy with really hairy legs or arms or chest? And if he does how does that work? Is he like a cat or something and spit out hairballs everywhere (or maybe not he can eat dirt)? And fingernails and toenails? Does he eat those too? I mean I honestly can't imagine how that would taste good at all they're made of dead cells. **NosFairytale pdf reader** None of it is gratuitous since these acts form the spine of the story as the protagonist tortures murders and sometimes eats his way through opponents as he dismantles the human trafficking ring that killed Nadine the love of his life. **No fairytale no story** The premise was a solid 4/5 different kind of vampire than the mainstream type we're used to like the whole eating the flesh part instead of just drinking blood being able to walk in daylight etc. **NosFairytale kindle app** But the keyword there is 'ideas' because the execution was an EXTREMELY poor 1/5 stars and caused me to not be able to enjoy much of anything this story had the potential to offer. **NosFairytale kindle unlimited** So many times I thought to myself What adult speaks like this???? Although we are never given a specific age given the more mature contents of this book and the fact that he's a vampire leads me to strongly believe he at least lived to his late twenties/early thirties before he was turned. **NosFairytale book** I found that the constant movement from one location to the next drew me away from the plot of the book and the violence was tolerable even though the description of the fighting was just too much and hard to imagine. **NosFairytale ebookers** I think the real death of reading the book was when it involved the horrendous description of a sexual assault and molestation of a child that just caused a complete lack of interest in the remainder of it: Which I often didn't and thus initiated the process of a shit ton of skimming on my part, **NosFairytale kindle** There's also an abundance of captain obvious statements that made me cringe every single time, **NosFairytale pdfescape** The violence and the gore is perfectly fine and I love that kind of stuff but all the other flaws overshadowed these decent sections of the story, **No fairytales wraps** The overall way some scenes were written were so wordy that it killed even those better parts for me. **No fairytales burrito review** But in case you were wondering.

NosFairytale epub.pub

I won a copy of this book through Goodreads Giveaway, **NosFairytale epubor** ☐It's been years since I have read any kind of vampire story though I used to be a big fan of them. **NosFairytale pdf editor** (And I'm not talking about the Twilight kind but more the Anne Rice kind. **NosFairytale epubor** ☐♂)With that being said I have to make sure my Review is Honest, **No fairy tales anita baker** *Interestingly enough I did find myself thinking sometimes that this would have made a better movie than a book, **NosFairytale epub file** ☐This is obviously a book about ☐♂ Vampires who instead of only drinking blood also eat and consume most of the human body usually leaving only the bones. **No fairytales wraps** ☐ Which I admit would make it much easier to remain undetected, **NosFairytale booker** I did love how much Detail was put into this book usually that's where a book will lose me ☐ when there's just not enough. **NosFairytale pdf merger** But the detail in Nosfairytale was kind of both really great and at times just a bit too much. **NosFairytale ebook reader** I'm usually not a bit squeamish but some things had me feeling a little green ☐ when reading it, **No fairytales wraps** ☐The story itself is obviously pretty Dark ☐ which I also don't have any problems with, **No fairytale no story** And I enjoy reading about the Morally Grey Characters in most books: **NosFairytale booking** And the main guy here is definitely Grey if not Morally Black (if that is even a thing?☹☐♂) He's definitely not a Good Guy: **NosFairytale ebook3000** Lol Be prepared to read about alot of Dark things such as Kidnappings torture rape and murder. **NosFairytale kindle unlimited** With any book I pick up I like to feel that I am there but this is just my opinion and I'm not saying it's bad for everyone else, **NosFairytale pdfescape** And despite the things that I liked about this book I had a really hard time with staying interested and actually finishing it. **No fairytales wraps** But I don't DNF a book unless its just really really bad, **NosFairytale pdfescape** I did stay just interested enough to finish it despite the overwhelming feeling of being disconnected to the characters and having a hard time caring about what happened to them. **No fairytales wraps** Without giving spoilers I did like what happened near the end for the most part: **NosFairytale pdffiller** I had some suspicions that turned out to be true ☐ which I am actually glad for. **NosFairytale epub air** And the very last sentence probably peaked my interest more than anything else in the story, **NosFairytale booker** ☐And Lastly the BIGGEST little thing that bugged me the most is that The Main Character did not have a NAME! ☐☐☐ Or just wouldn't say what it is. **NosFairytale pdf reader** It's probably that more than anything else that had me feeling disconnected to him: **NosFairytale pdf24** It made me feel like I didn't really know him and because of that I didn't really care what happened to him: **No fairytales groentewraps** It's just such a small thing to have annoyed me all the way to the end of the book, **NosFairytale booker** ☐ I did my best to leave a truly honest review on Nosfairytale: **NosFairytale epublising** I truly dislike when I read a book that I didn't love and have to criticize it: **NosFairytale pdffiller** ☐ I know that the Author has worked very hard writing this book and I am a person who hates to make others feel bad, **No fairytales groentewraps** Nosfairytale is an ok book and I gave it 3 stars ☐☐☐: **NosFairytale kindle app** I have read A LOT of books that were much much worse: **NosFairytale pdf24** And I am Very Thankful to be given the opportunity to read and review it. **NosFairytale pdf merger** I even tried moving into the middle to see if it's any better to give motivation but it did not help. **NosFairytale pdf editor** The idea behind the story is interesting but the writing makes me want to pull my hair out, **No fairytales wraps** It's one of those books that it seems the author uses 6 words when 1 would do, **NosFairytale booker** With that being said I enjoyed the book I liked the different take on vampires and I liked the cartel story line: **NosFairytale pdf converter** however I thought this was very well written and a good story line. **No fairytales burrito review** I received this book for free from goodreads contest and I would definitely recommend it to my friends. **NosFairytale epub file** I look forward to reading other books from this author English I won this book on a Goodreads Giveaway: **NosFairytale pdffiller** NosFairytale has a pretty basic concept: Vampires aren't like what Twilight portrayed them as: **NosFairytale kindle app** They are like everyday people blending into society but they will happily consume you if they are hungry. **NosFairytale kindle app** What

gives this book a spark though is how these vampires will consume people, **NosFairytale booker** Unlike normal vampires who just drink blood in NosFairytale vampires actually eat people: the blood the fat the meat the intestines, **No fairy tales anita baker** And when he fails we see how far he'll go to get revenge: **NosFairytale booking** It had some interesting twists throughout and different characters that allowed the story to continue, **No fairytale no story** One problem I had was that there was a lot of unnecessary words and situations that I felt didn't progress the story: **NosFairytale epublising** If anything these words/situation/side-stories just caused me lose the pace of the actual story. **NosFairytale bookworm** I mean learning about how Norine got her dog (and why she got it) was important to the story but it definitely shouldn't have taken 5 or 6 pages to tell it, **NosFairytale pdfescape** In the summary we are told that NomNom is hired into this criminal organization by Mr. **NosFairytale ebook reader C** and then his girlfriend Norine gets killed because of enemy competition: **NosFairytale ebook3000 C** at around the halfway point of the book (for reasons that I will not say) and Norine was taken from him around 30 pages later: **NosFairytale kindle app** I knew throughout the entire first half of NomNom running around and doing whatever that he was eventually going to join under Mr. **NosFairytale pdf editor** Anyway the last two problems I had are not really that major but they are there. **No fairytales burrito review** Well I guess I did but not really in depth enough to answer some questions that popped up into my mind. **No fairytales burrito review** They have nothing nutritionally valuable in them so they would taste like nothing: **No fairytales tortilla** And how would you even chew that? And for the final problem. **NosFairytale pdf merger** This one is really just a personal opinion but I wasn't a big fan of the writing style, **NosFairytale kindle** It was more of I said that I wanted to eat him and he said he didn't want me to eat him. **NosFairytale book** It just felt that for me it was harder to connect to characters since I had no clue of their mannerisms or of the way the talked: **NosFairytale epublising** It was an interesting idea that really interested me and the ending was something I wasn't expecting, **NosFairytale pdf** English

I received a review copy of this book from GoodReads: **NosFairytale pdf24** NosFairytale by Derick Lewis asserts that the commonly accepted characteristics of vampires are just a smokescreen to hide the reality of their presence among us: **NosFairytale pdffiller** It's an interesting premise and NosFairytale is a book that commands your attention and keeps you compulsively reading just to see where it goes: **No fairytales tortilla** However the writing is a little rough in spots and could have used a skilled editor to smooth out a few spelling and usage errors and maybe some awkward transitions: **NosFairytale pdf24** There's some sex described and a whole lot of violence with cannibalism definitely present as well so be warned if you're sensitive: **NosFairytale bookkeeping** It's a very compelling revenge saga marred slightly by a weak ending and some grammar issues. **NosFairytale kindle unlimited** English I don't even know where to start with the massive amount of issues I had with this book but I'm just going to jump right into it. **NosFairytale epub.pub** He also rambles and goes off on tangents so often that progress in the story is agonizingly slow however that's not the only reason progress in this story was lacking, **NosFairytale pdf** Circumlocution is a HUGE issue in this story and clearly was used to fill the pages, **NosFairytale pdf** I felt like a lot of sentences in general were just more fillers than necessary to the actual plot, **NosFairytale**

pdfescape The major lack of real dialogue gave me a really disconnected feel, **NosFairytale pdfescape** There is zero dialogue! 'He said' 'she said' and 'I told him' can only go so far, **NosFairytale booker** Would be a thousand percent better probably with actual dialogue and would also help with the overly wordiness as well: **NosFairytale bookkeeping** There is constantly way too much repetition in a single paragraph: **NosFairytale pdf24** When every sentence in a 7-8 paragraph starts with 'I wanted to' or some other 'I' statement is repeated no the ending wasn't worth pushing through it: **NosFairytale ebookers** Although it probs would have had a greater impact if I wasn't so exhausted and ready for the story to be over by the time I got there, **NosFairytale pdf** English I have to admit that I stopped reading this book at about 2646 location (as I couldn't find a page#). **NosFairytale kindle unlimited** It was interesting at first chronicling a man who had been turned into a vampire and his life thereafter, **No fairytales burrito** He was made out to be a kind of a hero as he fought a criminal group and the search for the boss: **NosFairytale epubublishing** I am sure it was meant to be a little unfeeling and callous due to the premise of a vampire but it was just too much for me. **No fairy tales anita baker** Child sexual abuse is not something I want to read about, **No fairy tales anita baker** I received this book in a contest that was done by Goodreads: **NosFairytale epub** English Not my normal reading genre but found I did enjoy the storyline English Good read: **NosFairytale epub.pub** Guy turned into a vampire and the things he got involved in. **NosFairytale ebookers** He fell in love and created a vaccine that made him financially comfortable. **NosFairytale pdf editor** Needs to be proof read many errors and sentences missing connecting words, **NosFairytale booker** I myself have killed both good people who were cared about and people who had no business enjoying life on Earth, **NosFairytale epub.pub** I kept to myself until I fell in love with a nice girl Norine. **NosFairytale ebook reader** Like a rare heirloom tomato I see her as worth cultivating rather than eating: **NosFairytale pdf24** When my girlfriend Norine's house is broken into and the police don't move on the case fast enough I leave a trail of bodies on my way to confront Mr. **NosFairytale epub reader** C offers me a job--in exchange Norine gets to keep breathing. **NosFairytale epubublishing** In the dark underbelly of this city gangs struggle to control the same turf supplying live warm bodies for a vampire-controlled mail-order food service, **No fairytales wraps** If I don't stop the human trafficking then she may never be safe; and if I do then vampires all over the South will be out for my blood[1]

It made me not want to finish the paragraph. This wasn't My Type of Vampire ☞ story. My Husband would have loved it though. But he's not really a reader. He prefers to watch movie versions instead. I try to give them all a good chance. There. I'm sorry. English Received this in a giveaway. DNF. I have tried very hard to get into this book. It's definitely wordy. So I did enjoy it. English I normally do not read books of this type. And nobody would know that they did it. Everything but the bones. The plot all together was not too bad. But I had a few problems with this book. Another problem I had was the summary. Nope. NomNom joins under Mr. So the summary was a gigantic spoiler. C and his girlfriend was going to die. And it was kind of upsetting for me. One was the description of NomNom eating people. I didn't really get the full picture of it. For example he eats people leaving only the bones left. I didn't really like how there was no true dialogue. I only received the summary of what they said. Like I said I liked the book. Not a horrible book but definitely not the best. This isn't your average vampire novel. I did not like NosFairytale at all. So many other unique and interesting ideas honestly. The main character sounds like a child/teenager half the time. This book could honestly have been 50-60 pages shorter. And when I say major lack I mean there is none. He also had to work for Mr. C. The identity was genius. Such as a and the etc. English We vampires don't fear the sun. We walk among you picking off clueless humans. I keep her ignorant of my true nature. C one of Atlanta's most ruthless crime lords. Impressed at my bloodthirsty methodology Mr. Stuck I'm now a thug-for-hire out to take down Mr. C's enemies. This service threatens my Norine's life. NosFairytale (Deskonton Tales #1).
