OMG it was perfection! ARC courtesy of author in exchange for an honest review Find me on: 270 'DOTTED LINES' is the fifth book in Devney Perry's 'Runaway' series. **Dotted Lines kindle unlimited** Although I've only read the previous book in this series (Forsaken trail) I still fell in love with and connected with these characters and their struggles as young teens.

But neither forgot about the other. **Abc dotted lines worksheet pdf** Other than that this was read in record time and I loved every single minute of it! 270 3. **A b c d dotted lines pdf** I shed a few tears- Did I laugh? Not really - Did I swoon ☐? Karson was a good guy but I didn't really swoon- Cliffhanger? No- HEA? Yes- Epilogue? 23 years later and it brought all the couples together. **Dotted lines desmos** "How could anyone in Clara's presence not want to fall into her orbit" ☐ The following are my thoughts about this book: - The first chapter was all this buildup and excitement of Clara finally seeing Carson and him finally getting the car (we only waited 5 books for that to happen). **Book Dotted linest** if you are a parent of minor children.

Clara is a single mom and she drives to visit Karson to give him the car that's been driving across the country throughout the series. **Book Dotted lines** The premise of this series and the fact that is written by one of my favorite authors got me hooked from the very beginning and now we sadly have reached the beautiful conclusion. **Dotted lines across my excel sheets** We've been waiting for Clara and Karson's happy ending for what it seems like forever and I can now say it was the perfect end to this long road trip of love stories. **Book Dotted lines muggulu** Dotted Lines is the fifth and final installment in Devney Perry's Runaway series and it's the last trip with the red Cadillac because it finally reaches his rightful owner: Karson Avery. **Kindle Dotted linest** But Clara is terrified of facing the feelings she has always had for Karson.

Devney is a Wall Street Journal and USA Today bestselling author who lives in Washington with her husband and two sons. **Dotted lines in ppt** We go back 12 years to where these characters initially met where Karson and Clara formed a friendship turned more whilst they were young till present day where he finally gets the Cadillac he lived in when he was homeless. **Dotted lines crossword clue** This is a pretty angsty read with characters that stole my heart chemistry that sizzled across the page and an epilogue that was not only perfect for Clara and Karson the only male and original in the junkyard helps to look out for them. **Dotted Lines book** In book 1 Londyn took the Cadillac that she used to live in and had restored on a trip to give it to Karson she saw Karson and Londyn together even heard them having sex even the way she described the way he'd hold Londyn was painful to me. **Dotted lines co 3** Now I can't remember how long Karson and Londyn were together but it was a while yet I'm to be convinced that a very rushed couple of weeks together was enough for Clara and Karson to fall so deeply in love that it's able to sustain through 12 years? 4) In the present Clara has a son but her relationship with his father didn't work out she goes to Karson they

chill out for the day along with the sweet August was my reason for 2 stars btw) with the entire crew. **Dotted Lines book** This couple wasn't given justice maybe if they'd had more time together it would've worked but in all honesty Karson should've been paired with Londyn and Clara left to find her own HEA. **Dotted lines for tracing** No actual cheating as he broke up with his girlfriend before having sex with the h ☐ He'd looked her up on Facebook once saw pics with her child's father and that's why he never tried to contact her after When the h returned Kason and his girlfriend didn't have sex he said he'd never been so glad for period week. **Dotted lines for writing** Maybe it was the emotional punch of the second chance romance? Maybe it was the innocent love that formed between two teens that have been through hell and found safe haven in one another. **Book Dotted linestar** A majority of this book was set in the past which gave us all the background feels when it came to these two I especially enjoyed seeing first hand the protectiveness Karson placed over Clara. **Dotted lines in powerpoint** When it came to these two in their teenage years their timing wasn't right for them to be together even though they cared about each other deeply they went their separate ways on the face of a man was the smile from the boy I'd loved. **EPub Dotted lines** Here's a recap so far: - Book 1: Londyn took a road trip to return the restored Cadillac to Karson but got sidetracked along the way and fell in love- Book 2: Gemma picked up where Londyn left off with the intent to get the Cadillac to Karson. **Dotted lines notebook** - Book 4: Aria brought the Cadillac to her sister in Arizona and ultimately fell in love with Clara's boss Now it's Clara and Karson's turn to find their HEA and it starts with Clara and her five year old son driving the Cadillac from Arizona to California to return it to Karson. **EPub Dotted linest** * The following words/phrases were used to describe Hero: protector reckless vibe angry defiant rebel good incredible shameless flirt- Who is the Heroine? Clara (30) assistant to billionaire Brody Carmichael (who married her twin in the previous book). **Dotted line grid closet system** * The following words/phrases were used to describe Heroine: a hugger had ageless wisdom had a realistic vision of the world a good listener good mom sweet beautiful tender heart make sure you have a will with a named guardian. **Dotted Lines kindle app** ""on my darkest nights when the ghosts escaped their confines at the California border and drifted into Arizona it was the memory of Karson's smile that chased them away""She hadn't been mine for a long time. **Dotted Lines booklet** 4 stars 270 This is definitely my favorite book of this series and I just loved the angst and how well this wrapped up everyone's story! This is a second chance romance and I actually really liked how we got the first half of the book as a flashback to when Karson and Clara were falling in love in the junkyard. **Dotted Lines booking** Highly recommend! CHECK OUT MY BLOG HERE: 270 I am so in my feelings right now I can't even tell you! I could feel myself getting more and more invested in this series as it went on. **Dotted line book** Not only because Karson and Clara's story was so sweetly satisfying but because it went one step beyond that and gave us this magnificent epilogue that wrecked me in the best way. **Dotted Lines book** Dotted Lines was absolute perfection and I can't recommend it highly enough! ~ Shelly 5 Stars***Somehow I knew Dotted Lines was going to end up being my favorite of the excellent Runaway series! Clara had had a crush on Karson throughout their time in the junkyard: **Dotted line jumpsuit black** Her emotional reaction to their time dwindling down to the day they would all be going their own ways had me choking up repeatedly, **Dotted Lines epublising** Within a few pages this author had me engulfed in the story and experiencing all the young heartache that Clara was experiencing, **Dotted lines notebook** Although we've seen bits and pieces of the kids junkyard lives.

BAM.we are taken back 12 years to their time in the junkyard. - Goodbyes are hard. When they left the junkyard.I am a mess of feelings right now. {site_link} www.devneyperry.com. {site_link} www.devneyperry.com. His smile is as captivating as ever. His eyes have the same roguish glint. But timing is still working against her. Karson's story is one we've been waiting for. The past always adds to the present. As always we get an ever better look this time around. Perry puts her pen and

paper to it. As the girls turn 18 they separate. This left a really bad taste in my mouth. As always this is entirely MY opinion yours may differ. It was time to say goodbye. To get back to life in Elyria. To Holly. She and I had a shot. We had a chance at a future. Not even Clara. Not the women I'd met along my way. And between us streaked those dotted lines. It was such a bittersweet thing to read this book. Like I could swim across the ocean and back. She was . . . she was my Clara. Twelve years ago. Today. Here I was still hanging on her every step. Clinging to every word. Every smile. Whatever it was it just worked. And I devoured it. Older Clara hasn't changed much. She's a little wiser and now with an adorable son. It seems like their reunion still isn't the right time. There's so much emotion that's packed into this book. I cried like a baby at one part in particular. Karson is not my typical alpha hole. And between us streaked those dotted lines. She was the soul on earth I was made to find. Bonds formed but ultimately they went different directions. Probably a mouse. And two runaway teens. - Today was the day. "The story was told in 2 parts. The second half was "now". Twelve years after they parted ways. Verbally abusive / drunk parent. Parents killed by drunk driver. - POV: first half (then) told from Clara's POV. Second half (now) told from Karson's POV. So at 16 he ran away. Single mother to 5 year old August. Parents killed in a car accident when she was ten. Has had a crush on Karson since she was 15. Gah. I love that trope. - The 2nd half felt rushed. - The 2nd half only told from Karson's POV. - The epilogue. It's hard to say goodbye to them. ☹️Quotes☹️ "I wanted love. I wanted a man to hold me at night. I wanted a man who made me feel cherished. My mind acknowledged that truth. But in my heart . . . she'd always felt like mine. To move past them." "Sometimes the best cars get rescued" I said. "That's what happened to the Cadillac." "Oh." I grinned. "Exactly." "You were the rock." Clara spoke for Londyn. "You were the glue. You saved us all when you found that junkyard. There were that sweet connection between Karson and Clara. This book is too short. Anyway a good ending. Time is never on their side. She knew it had been my mountain to climb. God how I had missed her. OH MY. But now let's focus on Clara and Karson. And that ending! My God. That epilogue was PERFECTION. Therefore I am rating Dotted Lines with 4. I was consumed by it. I was positively weepy over it. Test their resolve and their mettle. I loved the bond between mother and son. And with their friendships still intact. ~ Missy 5 stars 270.
