Good story the first half of the book. I wanted to give it 3.5 stars . I'm looking forward to the promised following books. Yet we know so little of the East. This book helps to address that inequity. Enjoyed it immensely. Kindle Edition A pretty entertaining read. I found the writing was good most of the way through. Kindle Edition I received an advance reading copy. This book gives you everything you want and more. G.A. Especially the romance between the Hero and the slave girl. Some details about daily life are well told. (Like the chariot hooligans' back in the day). Also training and war scenes were well written and dynamic. Kindle Edition Rome has fallen into darkness
