

Cute but Psycho By Beatrix Hollow **Cute but psycho bunny** She befriends Baz because he's venomous and has special privileges in the asylum and basically uses him for protection and to make Orson jealous enough to snap and end up locked up like her when he exposes his secrets. **Cute but psycho wallpaper** I'd also say this book is a true RH because there is love all around the author holds nothing back so if M/M is not your thing you probably want to skip it for that alone. **Cute but psychoghost** I can't recommend this book enough for people who love crazy AF characters and are not afraid of getting down and dirty with these paranormal psychos it was such an adventure and I already can't wait for a re-read of this one! And that epilogue just wrapped it altogether perfectly I couldn't have enjoyed it more. **Cute but psycho svg** Criminally insane people falling in love--it's just as messed up as you would expect but then throw in the supernatural twist? This book is hard to explain without giving any spoilers. **Cute but psycho beatrix hollow** 75 girl with the tendency to lust over blood stalked her therapist found bodies in his basement and got committed to an asylum for criminally insane killers who thought themselves monsters. **Cute but psycho meaning** or did they now dicks round up orson (the therapist) :a vamplicked her period bloodnemo :thick thigh thick trunka werewolf shifter i think baz :venomous snakecant take physical contact w breathing ppl so seek companion to the deadthe only one ive got notes for (his pov)'I was wearing nothing but tight boxer briefs as I swung Frank around in my room a smooth dance between friends—nothing gay. **Cute but psychogenic polydipsia** Although really if a place calls itself an asylum that's one huge red flag! Then bringing up vampires ten minutes into the tour? Red flag two!“Now Rachel” a male voice slithered in. **Cute but psycho bunny** “This is the strangest porn I’ve ever seen” Bree said and I tried to look at it from her viewpoint watching a massive beast of a man like me grind against a man in a clown mask while we both told each other how much we hated each other. **Cute but psychogenic** interesting as i found this book it didnt make me have the desire to read on / wanna know whats going to happen next like it shouldve anyone who likes rh will def enjoy this. **Cute but psychoghost** and if i didnt at least upper3starred this one then thats my cue to take a damn break from the trope coz theres sumn wrong w my brain Cute but Psycho I'm certifiably insane. **Cute but psycho but cute** Author Note: Full-length STANDALONE! This is a why choose/reverse harem dark paranormal romance where the female lead does not need to choose between her three male love interests. **Cute but psycho dog shirt** Content warnings/tropes & other details: Breathplay/Edgeplay Erotic Asphyxiation Blood play Period/Menstrual Sex Graphic violence/gore Knife violence Death/murder Dub-con and forced submission primal play knotting/vibration DVP DP Domination/submission consuming bodily fluids (blood menstruation c\*m) spitting masks three-ways four-way anal mm mmf rough oral squirting forced hospitalization forced medication abusive hospital staff nonconsensual experimentation Cute but Psycho3. **Cute but psycho hoodie** She stalks him to a basement one day and realises that he is a serial killer but Orson turns the table and sends her to an asylum proving that she is the one who killed the ppl. **Cute but psycho bunny** and not like killing each other in a romantic or sweet way ( idk if there is any kind of killing like that) but they legit want to kill each other cuz of fun and revenge kinda. **Cute but psychographics** It kept me hooked till the end i dont read that much dark fucked up books like this which is why i didnt like some parts cuz they were so psychotic but overall i enjoyed reading it a lot. **Cute but psycho significado** Cast of characters: Bree - dhampyr (half-vampire) struggles with her mental health stalker obsessive Orson - vampire therapist serial killer pervert Baz/Basil - basilisk venomous so he can't be touched plays with corpses has lived in the asylum since he was 10 Nemo - 'werewolf' genetically modified/experimented on since before he was born has always lived in the asylum So going into this it seemed like Orson was going to be a huge focus of the book and after the beginning he just really wasn't. **Cute but psycho wallpaper** My main problem with this book (aside from it being way too fucking long for the kind of book it is) is that since it's a reverse harem not only should everyone be distinct and interesting on their own (I feel that was done well enough) but you should also like everyone equally and Orson was definitely the odd man out aside from Bree's obsession with him. **Cute but psycho shirt** Like I said above Baz and Nemo have history and although it's complicated and contentious you believe in their bond but they never really fully

warmed to Orson they just kind of tolerated him and referred to him as the perverted serial killer because he's obsessed with being choked and gets off on it. **Cute but psychogeriatric** The patients were allowed too much freedom despite rules the main characters were allowed to be alone together way too much no surveillance or monitoring no matter what rules they broke. **Cute but psycho mizyu** Also the main bad guy evil scientist was supposedly trying to observe Nemo's reactions to medications to sell him to some unknown person (that plotline got completely forgotten) but only got data by asking questions after that they all refused to answer. **Cute but psycho happy bunny** I love the 'Content warnings/tropes & other details' at the end of the blurb for this book probably the longest one I've ever seen and every single thing on that list happens some more than once so if something on that list doesn't sound fun don't read this lol. **Cute but psycho deutsch** I rank this book dark on my darkness scale\*cupcakes & sprinkles | ivory | dove grey | light grey | grey | light dark | dark |dark dark | pitch black Cute but Psycho Someone tell me how I completely bypassed the blurb of this book and the cover where it says a PARANORMAL ASYLUM REVERSE HAREM and completely missed the fact that there were vampires in this book. **Cute but psycho mizyu** Girl obsessed with her therapist finds out there's much more to him then meets the eye and ends up locked up in an insane asylum where she meets two other monsters who make up her harem. A wild & HUGE fucking mess and I ate it up like my last meal. **Cute but psycho dog shirt** I've always had a thing for legit crazy characters and this author did an exceptional job of truly making them off their rockers, **Cute but psycho but cute** I think I legit may start stalking her now because this book was the answer to my sick and twisted prayers: **Cute but psycho fashion nova** I mean one guy keeps dead bodies for friends & another is a literal serial killer obsessed with blood, **Cute but psycho but cute** And then the way the heroine got off on it with a sparkle in her eye really sucked me in lol: **Cute but psycho fashion nova** The setting takes place in an insane asylum and really this is where all the characters belong, **Cute but psycho buzos** As the book is so long.

### **Cute but psycho mizyu**

Locks her up in the asylum and plans to have her essentially live as his pet there under his control and medication, **Cute but psycho but cute** Bree is crazy and not at all down with that so she forms a revenge plan while still acknowledging that Orson is her soulmate and she loves him no matter what. **Cute but psycho agency** In getting to know Baz though she falls for him as well because who wouldn't. **Cute but psycho meaning** Nemo is Baz's archnemesis/frenemy and Bree mostly interacts with him through forced proximity experiments and they become close reluctantly, **Cute but psycho buzos** Both Baz and Nemo.

### **Cute but psycho svg**

Some of the relationships are more on the slow burn side but once the heroine decides a man is hers there's no getting away from her, **Cute but psycho shirt halloween costume** Her obsessions were horrifyingly sweet and at the same time truly scary lol I loved it. **Cute but psychogeriatric** Like a bloody episode of True Blood where the blood lust rules all: **Cute but psychogeography** I honestly don't even know what to say about this book. **Cute but psycho meaning** Just a bunch of certifiable monsters living life in a monster Asylum: **Cute but psycho hoodie** There's no deep plot or overly developed relationships just one crazy fun ride, **Cute but psycho significado** It kind of read like a novella in that sense except it was 500 pages long, **Cute but psychogeriatric** The guys weren't any better which was just a cocktail of disaster in the most entertaining way. **Cute but psychojohn** For a pretty lengthy book I got through it fairly quickly: **Cute but psychogeography** It was just so entertaining reading about what they were going to do next. **Cute but psycho agency** It fit them perfectly as I didn't see how else it could have went, **Cute but psychogenic** The only thing I didn't like was how they got to the end, **Cute but psycho meaning** It was a bit of a jump and happened too seamlessly for me, **Cute but psycho cropped sweater** If you're looking for a not too serious

mmmf that's dark and twisted about all kinds of unhinged monsters and spice you should pick up this book. **Cute but psychojohn** Cute but Psycho Cute but Psycho aka Insane but Good was not what I was expecting: **Cute but psycho cropped top shirt** I wish it had more development between Nemo and Baz and a bit more of plot over smut but overall it was an incredible read, **Cute but psychogenic polydipsia** If you're in the mood for some insanely hot mm pick this up. **Cute but psycho mizyu** All I know is that I loved it and it left me wanting more lol Cute but Psycho This book was so so strange, **Cute but psycho wallpaper** I suggest reading the free preview and seeing if this is your brand of messed up! 5 stars for me! Cute but Psycho 2: **Cute but psycho meaning** My fingers gently grazed down his cheek feeling the texture of his skin against mine: **Cute but psycho cropped hoodie** He wasn't a very lively dance partner but I was willing to forgive him considering Frank was a corpse. **Cute but psychojohn** '(her pov)"Room! Now!" Rachel screeched and I felt like throwing a temper tantrum because this was not fair, **Cute but psycho shirt halloween costume** Drink the poison or be locked in your room! What the hell kind of place was this? It wasn't like the other mental hospital I'd been to: **Cute but psychogenic** Me and the nurse's eyes rounded and our heads jerked towards the new addition to our act, **Cute but psycho buzos** He was probably going to offer to chop me in little pieces and put me in the dinner shake but not before rubbing each one of my pieces on his psycho crotch. **Cute but psycho wallpaper** Nurse Rachel's entire demeanor changed even if she was trying to act like it hadn't: **Cute but psycho beatrix hollow** Jesus even she was scared of this guy!"Go back to your seat" she said but didn't dare even look at him. **Cute but psycho crop top** I raised a curious eyebrow and decided the hell with it I wasn't going to look at him either. **Cute but psycho costume** I certainly didn't want to attract the attention of anyone who liked wearing skin over their face, **Cute but psycho svg** I turned my head in the opposite direction and tried to guess what Lunch Lady Carol was up to, **Cute but psycho significado** Perhaps figuring out how to turn rusty tetanus nails into a meal, **Cute but psycho but cute** "Look I don't normally like to swing my big dick around" the guy said and my head jerked back around because fuck it he was now speaking my language, **Cute but psycho shirt halloween costume** Instead of looking at his Venom mask I eyed his crotch and tried to guess which line was fabric wrinkles and which line was dick imprint, **Cute but psycho but cute** "Talk about throwing bricks in glass houses" I said with a snort, **Cute but psycho mizyu** "What's that supposed to mean?" Harry said with a heavy cockney accent: **Cute but psycho costume** He hadn't actually had that accent when alive but I thought it somehow suited him in death. **Cute but psycho happy bunny** "It means both you and Frank are always watching me jerk off" I said pushing away from the table and snatching up my mask and gloves: **Cute but psycho meaning** Today was a plague doctor mask complete with gold details attached to the leather beak and framing the black goggle eyes. **Cute but psycho cropped sweater** "You do realize you literally prop us up to watch you right?" Frank said. **Cute but psycho deutsch** I ignored him then shoved them both under the bed while Rachel started to knock on my door again: **Cute but psychogenic** These two had been my friends for quite a while now and yet they looked the same as the day they died, **Cute but psycho but cute** I hated his fucking body and his fucking face and his fucking smell that was swirling in my head making me dizzy. **Cute but psycho wallpaper** I shook my head trying to dislodge the confusion in my head. **Cute but psycho beatrix hollow** "Stop caressing my cock you fucking weirdo" Baz rasped over his should. **Cute but psychogenic nonepileptic** His gloved hand pressed into the hand that gripped his cock. **Cute but psycho but cute** Instead of trying to pull me off he pushed against my hand and encouraged it up and down, **Cute but psychogenic polydipsia** A little breathy noise fell from his mouth and my cock was leaking again, **Cute but psycho but cute** What the hell? He was supposed to throw me off him kick my gut and tell me to fuck off. **Cute but psycho crop top** Baz went ramrod still and sucked a breath through his teeth, **Cute but psychogeriatric** "But you know I think this is doing something for me" she added nodding her head. **Cute but psycho deutsch** the premise was not boring and the couples were pretty hot + each character has their own personality. **Cute but psycho deutsch** which is why i cant really explain why it took me soooooo long to finish (with the help of some skimming at that): **Cute but psycho cropped top shirt** I'm in The Asylum committed as a danger to

myself and others: **Cute but psycho cropped sweater** See this place is made for supernaturals too dangerous to let roam free, **Cute but psycho cropped sweater** The doctors the staff the family members that helped put us here are all in on it trying to convince us magic is just another delusion. **Cute but psycho cropped sweater** Aren't we all just perfect test subjects for inhumane experiments? Well the doctors think so at least, **Cute but psycho shirt halloween costume** Unfortunately for our zookeepers we're the most dangerous supernaturals there are and we haven't been taking our medicine: **Cute but psychogenic** An ultra rare basilisk so poisonous he can't leave any skin exposed, **Cute but psycho dog shirt** A genetic marvel one of the few dhamphyr to ever exist and probably just a little, **Cute but psycho crop top** It's about Bree who has been obsessing over her therapist Orson. **Cute but psychogeography** Bree there meets with Baz who everyone is scared of and Nemo who is an experiment. **Cute but psycho agency** Seriously this book is so fucked up and i loved each second of it, **Cute but psycho but cute** Its a paranormal rh book with dark humor these 4 are literally psycho: **Cute but psycho sweatshirt** They want to kill each other all the time but dont cuz they love one another simultaneously, **Cute but psycho hoodie** This book might be really fucked up in every way but there are some emotional scenes, **Cute but psycho but cute** It was so intriguing and different from the other books and it takes place in an asylum and the characters are not sane: **Cute but psychogenic** 5-3 stars?This was entertaining in a cringey gory kinky scary movie kind of way. **Cute but psychojohn** Not only that but even as an anti-hero he's super unlikeable: **Cute but psycho cropped hoodie** He's a prolific serial killer who targets Bree for her blood which would allow him to walk in the sunlight, **Cute but psycho mizyu** He's also been Bree's therapist for 3 years and she's obsessed and stalking him. **Cute but psychogeriatric** When she messes up his years-long plan he frames her for his crimes aside from being the most feared people in the asylum are just really tender-hearted little cherubs, **Cute but psycho svg** Neither of them enjoys killing and honestly they both just crave love and affection, **Cute but psycho but cute** So aside from being a little unhinged they were both cute and adorable and had a whole backstory together since they've lived there so long. **Cute but psycho agency** Here are Baz's words on him: I just wanted them-my pack-Bree and Baz: **Cute but psycho sweatshirt** I grimaced at him and he smiled widely like the pervert he was, **Cute but psychogenic** So while Orson evolved from his evil disdain for Bree and all living beings in general I wish he had formed a deeper connection with everyone: **Cute but psycho but cute** It didn't even seem like Bree loved him as much as the others honestly, **Cute but psycho but cute** And \*spoilers\* throughout the book Nemo reveals that Baz and Bree are his mates: **Cute but psychogeography** but not Orson and he's a shifter so having mates means something. **Cute but psychogeriatric** Bree claims they're all her soulmates but kinda weird that the reverse isn't true, **Cute but psychoghost** the asylum setting was fun for obvious reasons but literally nothing about it made sense. **Cute but psycho agency** like dude install one security camera and all of your problems would be solved, **Cute but psycho but cute** Obviously if this setting made sense it wouldn't be any fun to read because the characters would never interact but ya know just gotta point it out: **Cute but psycho cropped hoodie** There's also a lot of MM in this more than any other RH book I've ever read: **Cute but psycho shirt** The period scene was hilarious and kind of nostalgic in a 'Oh so that's how Edward would've acted during Bella's period if Twilight was a porn' kind of way: **Cute but psycho but cute** Overall I had a pretty good time reading this it was just a bit long and ridiculous. **Cute but psycho cropped top shirt** This book was about an "asylum for unhinged supernatural killers" but so much more than that: **Cute but psycho hoodie** I don't think I've read a book with so much f\*\*king in my life, **Cute but psycho meaning** ☐ Everytime I thought I might would just stop reading I was so sucked in with the plot that I literally had to keep going, **Cute but psycho but cute** Not that I mind lots of seggs in my reads but this was like a lot ALOT, **Cute but psycho costume** I will have the sound of skin slapping in my ears for a few: **Cute but psycho cropped sweater** Vampires wolves and unspecified monsters—oh my! I need a strong coffee asap! **Cute but Psycho** I was riding the high of this story until it hit around the 90% mark. **Cute but psycho deutsch** There is just something about someone calling themselves bad\*ss that makes it a little less so: **Cute but psycho meaning** it was just strangely TOO simpleBeyond that

little hump that made me scratch my head it picked up again with an amazing epilogue, **Cute but psycho wallpaper** It's been sitting on my kindle app for ages just waiting to be read and I had no idea, **Cute but psycho mizyu** It's not just vampires she's got a harem of monsters and they're all unique to say the least. **Cute but psychogeriatric** I don't even know how to explain this one but let's try, **Cute but psycho significado** Did I mention the sword crossing? It's there and it's fantastic, **Cute but psychogenic polydipsia** And Mates! Y'all there's knotting!! I almost forgot the knotting: **Cute but psychogeography** I seriously think I need to start reading more PNR cause this one took me on a wild ride i wasn't sure I wanted to get off of. **Cute but psycho agency** The only thing I was craving was a little more romance but Im not even mad: **Cute but psycho lyrics** Definitely pick this one up if you haven't already and love dark gory unhinged monster p0rn[1]

I loved this book with every fiber of my being. It was seriously insane. This book won't be for everyone. But it was all for me and easily a favorite now. They are beyond nuts but mostly nuts about each-other. It was the perfect blend of insanity & hilarity. With that being said this book was HOTTTT. Cute but Psycho This was a wild ride. I really enjoyed it. I love an FMC with no morals. She knew what she wanted and she went for it. I liked the ending. So. Strange. You either love it or you don't. It was the Venom guy. Just great. The creepiest fucker I'd ever seen was now here.(his)"I bet she likes listening to them fuck" Harry grunted. Funny thing about my venom it kept corpses looking fresh. baz nemo 'No! I didn't I hated him. I didn't like his cock. I didn't like his deep voice and muscular chest. Just like what happened before. But he wasn't and it confused me. I ground my teeth."I hate you. Just stay still" I said biting his shoulder.'overall interesting for sure. it was also well written on top of that. everyone fucks everyone. i did just not that much. Just ask my amazing therapist. He's my soulmate and a vampiric serial killer. There's no one I'd rather stalk more. Except no more late night slinking for me. They tell me I'm delusional which they aren't wrong.except about what. They plan to keep us here forever--sedated and docile. Yeah. it's time to bust out of the loony bin. A genetically modified super alpha wolf monster. My dreamy serial killing vampire therapist.Oh and me. more crazy than most. Nighty night Asylum. Don't let the nightmares bite. There are m/m scenes.8 This book was dark psychotic but so fascinating. I dont know what to say. Baz is my favourite he is crazy. Each and everyone of them are crazy. Cute but Psycho 2. Definitely OTT nothing makes sense but still kind of fun.
