## Book Falling For The pilotcat

There is a HEA ending. I do encourage you to give this one a chance. I love that best friends turn to lovers. It was a great way to do also. There is so much between these two. Katie liked him but did not even realize it. Tony is a gentleman through and through. Grab the series and read it all. It is great. Troy Tyler or Dax doesn't know of anyone that is single. It is steamy and entertaining. I've really enjoyed the author's books. Can't wait to see what she puts out next. Tony and Kate have been friends for years. It's almost Christmas so he needs a girlfriend. In comes Kate to fake being his girlfriend. Hey what are friends for after all. It felt more like the story was being told to me. This was a new discovery for both of them. The book was an ok read. Kate: I've always been one of the guys. I don't know if Tony is worth the risk. I have no idea if it'll go well. Desperate times call for desperate measures. I can control myself around her and keep my cool. Probably. I hope. Their chemistry was fabulous and red hot. I loved this book. This was a quick easy read for me. This is a well-written book with great characters. Yes Texas with the Fort Balerno crew. Kindle Edition This book is an easy-breezy read. I found myself finishing it quickly. The characters have off-the-chart chemistry. I especially like the friends-to-lovers trope. Their bond didn't falter as a result. I highly recommend this book. Also read it during Winter break. It'll be more magical. Kindle Edition.
