#206) Review featured on www.books-n-kisses.com I was going back and forth about giving this book 2.5 or 3 stars and settled on 3 for one reason only. (Yep you read that right). This is a LoveSwept classic originally from 1987. Maybe that makes the difference. Read More. a 'Renaissance' man who had had it all. Basically I didn't read much. but I still managed to finish this book relatively quickly. The reason - its really short. It's not novella short but close - around 150 pages. I liked this book but I wasn't crazy over it. It was a nice story but felt very rushed. He was very different from most male literary figures. <http://theworkingmombookblog.blogspot>. Thank you. A quick read a little more than 100 pages. An older title that has been re-released. It was a very simple sweet story. Britney has already love and lost when he was carefree. He needs roots commitment and forever. A sizzling attraction lead two people to love each other. Series:* {site_link} A Seaside Knitters Mystery* {site_link}.
