She also took my child. I am big time foodie and a huge fan of Nigella Lawson. I have an endless love for chocolates. Polar Alpha Heat is one of those reads. The Adventuress In one fell swoop My life turned upside down. And soon a baby shifter would be born. When her adventure was done She took my heart with her. Allison and Alex's eyes meet signaling insta-lust. Rating: 4. If you are a fan of romance do give the series a try. Alex couldn't believe the beautiful woman in front of him. An offer too good to refuse. Mating with humans is forbidden. But she is with her friend bar hopping when she meets Alex. The clan wants him to mate with another shifter. But will fate decide to step in. But too much alcohol will do that to the brain. Allison is a type A personality and plans everything. Finally Alex needs to tell Allison what he is. On my Were Scale of Hotness 2 stars. Polar Alpha Heat (Paranormal Night Club #6)
