Thank you Thank you for sharing a book that is age appropriate for toddlers I have been searching for stories for my son every night thanks again Myrtle the Tiny Turtle Myrtle the Tiny Turtle

Childrens Myrtle the Tiny turtleboy

Myrtle the Tiny Turtle is a cute little story about the adventures of a curious turtle and the making of a new friend. **Book Myrtle the Tiny turtles** I appreciated the rhyming next as it is a nice way to increase a child's vocabulary. **Book Myrtle the Tiny turtle tv show** The simple text and illustrations are also a good tool in helping young readers make predictions. I liked the simple illustrations in vibrant colors. Each illustration captured the essence of each line. The text is appropriate for this age group
