4. Just gave me all the feels I needed. 224 Loved Kaiyo. I hate waiting for the next book. I wonder who it will be about. 224 Nancy and the naga Fab story. I really enjoyed the characters especially in this one. This series never disappoints. He was definitely surrounded by mystery. He's resourceful has skills and underworld ties. I loved reading about a female lead with my name. Nancy found a nice cabin to live in. Follow Nancy and Kaiyo's story into love and into Nagara. Guaranteed HEA. Obviously she chose the mines. The summary basically says everything. It's roughly the same for this whole series. Loved her a lot actually. It doesn't mean he won't entice *wink*. While he is most definitely that he's also well he's pretty sweet to Nancy. He also does everything he can to keep her safe. As you might guess that's another point in his favor. Too bad Kaiyo was in the mood to be a gentleman. When she sees a chance to escape she takes it. The only problems he can't fix are his own. But Kaiyo's past is about to catch up with him.
