

Tattoos Tequila: To Hell and Back with One of Rocks Most Notorious Frontmen By Vince Neil **Book Tattoos tequila drinks** But he doesn't seem to really feel it's his fault.

PDF Tattoos tequila

But except for saying what awful people and liars they are he never actually tells what they do that is so awful. **Book Tattoos tequila sunrise** Instead Vince Neil just rambles off awful things that he did but which he doesn't see what the problem is and if there is a problem it's with the person who had the problem with him. **Tattoos Tequila kindle paperwhite** Or maybe he is not a sociopath.

I know they have done nothing to gain his respect but its obvious that he saw them as nothing but pure sexual objects to be used. **Tattoos Tequila bookkeeping** There were portions in which he would state something as happening one way but then in an interview with one of his exes or a manager they state that it happened another way or at another time. **Kindle Tattoos tequila rose** He says that when he started his solo career after being fired from Motley Crue in 1992 that his first tour was with Van Halen and that it was their first tour with their new lead singer Sammy Hagar. **Tattoos Tequila ebookee** After fatal drunk driving conviction where he not only killed his passenger but hit another car with two young people with life long consequences whereas he got county jail time of 18 days as a trustee and a girl was brought in for sex in the cell. **EBook Tattoos tequila rose** I believe Sager did a really good job of putting it all together and mixing in stuff from interviews with Vince with interviews with other folks such as Vince's ex-wives and his two living children. **Tattoos Tequila booker** It would have been nice to have more of the group besides Nikki in there but it was probably understandable since there appears to be quite a bit of bad blood still within the group. **Tattoos Tequila ebook reader** Vince Neil does a lot of talking about other peoples' problems but I'd like to know what his were? All through out the book he never owned up to his shortcomings with the band. **Tattoos Tequila kindle** What would have been better was to interview some of the people who he made mean comments about (sharon osbourne and izzy stradlin) just to see what they had to say about him and how they would describe certain instances. **Tattoos Tequila booker** Tattoos Tequila: To Hell and Back with One of Rocks Most Notorious Frontmen

Vince Neil is an American vocalist and musician best known as the lead vocalist of heavy metal band Mötley Crüe. **Tattoos Tequila kindle** Alas as a friend said 'it's brain candy!' Vince Neil One isn't supposed to quote from ARC's in reviews but I'm not a paid reviewer and well this isn't exactly a unique incident. **Book Tattoos tequila** Sammy Hagar joined Van Halen in 1986 and is first featured on the album 5150 which Van Halen toured in support of and would even headline metal extravaganza The Monsters of Rock Tour. **Tattoos Tequila pdf drive** I'm not necessarily proud of what has stuck in my head or my love for the band in my early teen years he knew he was driving the car but his description of the events makes the accident seem like an act of God rather than a

Rock Star who had two too many drinks who was racing his car around and lost control. **Tattoos Tequila pdfescape** They are all too a little aw-shucks with the same antiquated cliches that no one would really say or maybe one person would but to get so many people saying them is a little weird. **Tattoos Tequila kindle direct** Her side of the story is that she came home one day and found that Vince Neil had been fucking some girl in their house and told him to stop sleeping around bringing nasty groupies and porn stars into their home and to be careful of getting AIDS or other diseases which she feared could harm their baby that she was carrying. **Tattoos Tequila kindle direct** He is finally 'getting his book to clear the air' about what really went down with Motley Crue and to get back at those scum bags Nikki Sixx and Tommy Lee but rather a developmentally retarded 50 year old man who has never matured past being 15. **Tattoos Tequila pdf editor** Some of it could be Vince Neils own skewed view of the world but a serious fact checker needs to be put on this book STAT! The amount of errors is huge and really hurts the book. **Tattoos Tequila bookkeeping** Vince Neil I'm a longtime Crue fan and I think that Vince is indeed one of Rock's greatest frontmen but what really triggered me reading this book at this time is that while I had long known that Vince and his ex wife Sherise had lost their beautiful 4 year old daughter Skylar to a terrible disease with Sherise's return to the spotlight in the reality show Ex wives of Rock I wanted to see how even with all his fame and money that Vince handled such a huge loss and survived. **Tattoos Tequila kindle app** I already knew to expect him retelling his chunk of The Dirt but SERIOUSLY!? He went into even less detail in his own book! He could have told so many good stories! He barely even talked about Skylar. **Tattoos Tequila kindle** I know there was a disclaimer in the beginning; but don't you think that he could of at least got the date of Crues first gig correct when he had a flyer in the pics of that gig with the date on it? When I read Dirt I fell in love with Crue all over again and wondered why Nikki wasn't my favorite. He appears just as Mike Sager meets him like he is reluctant: **EPub Tattoos tequila rose** We understand Vince is not into talking about himself or his band mates but he really does. **Tattoos Tequila pdf filler** Mike just has to twist his arm a little and then stand back and watch the shit splash on your shoes: **PDF Tattoos tequila brands** Actually the voice of the book changes for the better and that's when I assume the author took over any dialog and changed it to a different format, **Tattoos Tequila epub** I approve because Vince was only going to give shallow responses that built his ego. **PDF Tattoos tequila sunrise** I'm glad his kids get a say in the end but that doesn't seem honest musings: **Tattoos Tequila ebook reader** The ex-wives each get to talk and they seemed a bit more honest: **Tattoos Tequila kindle unlimited** I think the kids with their limited exposure to their dad dodged a bullet. **Tattoos Tequila kindle reader** I loved The Dirt the Motley Crue Bio that came out in 2001: **PDF Tattoos tequila rose** It's up there with Klaus Kinski's autobiography and Johnny Rotten's for complete unintentional hilarity and awesomeness: **Tattoos tequilaberry's salad** I figured though since I always thought he was an asshole this book would have some enjoyment: **Kindle Tattoos tequila jalisco** The problem is that Vince Neil a) claims to not remember a whole lot of what happened and b) Vince Neil does very little wrong in Vince Neil's view of things: **Tattoos Tequila pdf editor** When he gets to the part where he killed the drummer of Hanoi Rocks in a drunk driving accident; he feels sorrow that his friend is dead. **Tattoos Tequila kindle** He feels like it sucks for the people who he harmed in the other car. **Tattoos Tequila epub.pub** I'm fairly certain after reading this book that Vince Neil is a sociopath, **Tattoos Tequila booker** I've been using that term a lot lately but I think he really is. **Tattoos Tequila pdfescape** He doesn't appear to feel remorse except for when he feels that he should display it to get him out of trouble, **Tattoos Tequila kindle app** It made me sad for the girls that put themselves in that situation, **Tattoos Tequila kindle direct** I feel like many of them must have been looking for some kind of self esteem or affirmation by seeking a sexual encounter with a rock star, **Tattoos Tequila kindle app** I see nothing but degradation in that fact that rock star had sex with you for a half hour: **Tattoos Tequila epub file** You aren't even the only girl of the night and are one of thousands. **Tattoos Tequila ebook** I know the rest of the guys in the band and many more famous men and even many regular men in general. **Tattoos Tequila bookworm** have that sort of view towards women but the older I get the less tolerant I am able to be of that attitude,

Tattoos Tequila booker In other reviews I've read of this book I've heard it described as poorly written but I could not disagree more. **Book Tattoos tequilas restaurant** I found the book so engrossing that I couldn't put it down. **Tattoos tequilaberry's salad** Vince Neil is a talented individual with a lot of demons but whatever you think of him or his music.

This book was Vince's memoir of his life. **Book Tattoos tequila** It was all it was supposed to be; a famous rockstar detailing his life and his rise to fame. **Kindle Tattoos tequila rose** He discussed his children his wives his dislike of his fellow bandmates the fatal car accident rehab and everything in between and I enjoyed it. **Kindle Tattoos tequilas restaurant** I'm a little disgusted at all the cheating he did which he doesn't seem to have any remorse about. **Book Tattoos tequila** I'd have liked to have heard more from his ex wives more than just the few pages we got from each of them: **Book Tattoos tequila sunrise** * I won this book in a giveaway in exchange for an honest review: **EPub Tattoos tequilas restaurant** Vince Neil Well if you like having a conversation with a stoner you would like this book, **Tattoos Tequila pdffiller** Vince Neil has really nothing good to say for his bandmates in Motley Crue and he talks of his ex-wives as if they were put on earth to nag him to death, **Book Tattoos tequila** Excuse me Vince but if you are married to one and screwing five others then the one you are married to has the right to nag: **Tattoos Tequila bookkeeping** Considering the lifestyle you chose you should feel very fortunate that any woman would marry you let alone put up with all your crap, **Book Tattoos tequila** Also he can't remember half the stories he tells or he tells them incorrectly. **Book Tattoos tequila** Then at times he starts to state his reasons for doing what he did only to say that he doesn't remember why he did what he did. **EPub Tattoos tequila jalisco** Ummm excuse me Vince but Sammy Hagar by that time had been with Van Halen for seven years: **Tattoos Tequila booking** The 5150 album Hagar's first with the band was released in 1986. **Book Tattoos tequila sunrise** He states that he feels that he did not get enough punishment for the 1984 car accident that killed Nicholas Razzle Dingley of Hanoi Rocks and permanently injured two others: **Tattoos tequilaberry** I felt that he still feels really guilty about that accident: **Tattoos Tequila ebooks online** This book was not only frustrating to read but it just flat pissed me off: **Tattoos Tequila ebookers** He makes every excuse in the world for his behavior but does little to rectify it: **Tattoos Tequila pdf converter** I guess it's a typical rock star book but it was very disappointing. **Tattoos Tequila ebook** I'm reviewing the book here because Vince Neil the man I'd been driving drunk for about as long as I'd been driving: **Book Tattoos tequila brands** His wife doesn't pick him up after release and he managed to find home and it was empty, **Tattoos tequilaberry's salad** Vince knew he deserves it but jumps right back in to the lifestyle, **PDF Tattoos tequila rose** Author shows in the story how Vince is older but instead of being wiser just sadder, **Book Tattoos tequila** There is depth in the writing and I wish I could rate writing higher but I don't want Vince any more on people's minds or wallets: **Tattoos Tequila bookkeeping** I've been a fan of Motley Crue for a long time since Shout at the Devil and have read many of the books about them, **EBook Tattoos tequila sunrise** I can see why Vince feels the way he does about the bandmembers although there was certainly a lot of cause for anger to go around, **Tattoos Tequila booker** Vince Neil I read the majority of this book in one day: **Tattoos Tequila ebooker** I think any fan of Motley Crue will enjoy reading the book. **Tattoos Tequila ebooks free** I thought it was interesting and at times shocking to hear about Vince Neil's sex life and his dislike of mostly everyone including his bandmates, **Book Tattoos tequila** It makes me wonder why the others wouldn't contribute anything to the book: **EPub Tattoos tequila rose** In other reviews references are made about the biography The Dirt: **Tattoos Tequila ebook reader** If your going to read this book then it makes sense to get the whole story by reading the other one as well: **Tattoos Tequila ebooks online** It would be very interesting to hear other perspectives of how things may have really happened, **PDF Tattoos tequila rose** As much as I liked the band/Vince Neil growing up I can't take everything he says as the absolute truth. **Tattoos Tequila ebook** I have to question the

accurateness of his personal accounts within the story. **Tattoos Tequila bookkeeping** I'm not saying he's a liar I'm just saying that how one person perceives something is different from how another will perceive something. **Tattoos Tequila ebookers** I do like how the book is told in a chronological order in his voice: **EBook Tattoos tequila** I liked reading the excerpts from people in his life of stories that either confirm or contradict his own: **Book Tattoos tequila jalisco** Regardless I enjoyed the book because it leaves you with many questions still to be answered. **Kindle Tattoos tequilas restaurant** Vince Neil So where do we start? I remember when we did The Dirt the Mötley Crüe book I was interviewed at The Grand Havana Room in Beverly Hills, **Tattoos Tequila epub** A lot of people think I didn't get to say much in The Dirt. **Tattoos Tequila kindle reader** All those years in rehab and counseling--the talking cure? I can't say I really got that much out of it. **Tattoos Tequila ebook reader** All that cure and I should be cured by now don't you think? All this talking: **Tattoos tequilaberry's** So forgive me if it's a bit hard for me to slice open a vein and let my blood run red all over this page for you, **Tattoos Tequila kindle unlimited** I'll fight you or I'll f*ck you but chances are I'll be hard pressed to sit there and talk to you, **Tattoos Tequila kindle** Still who do you think gets laid more me or you? But time does change a man: **Tattoos Tequila kindle reader** A bottle of Jack Daniel's and uncooked hot dogs do not make for a particularly well-balanced diet, **Book Tattoos tequila** It might look like we were trying to do that but speaking for myself death was never my intent: **Tattoos Tequila bookkeeping** I just wanted to feel good you know? I was just looking for that kick that high: **Book Tattoos tequila sunrise** Healthier than a syringe full of cocaine powder like I was doing back in '81 with my girlfriend Lovey that's for sure: **Book Tattoos tequila jalisco** And if I don't hear the word pussy again for the rest of my life I'll die happy! I saw Motley Crue in their farewell tour: **Tattoos tequilaberry salad** Kinda wish I hadn't read this book - took the 'romance' out of the final tour. **Tattoos Tequila pdf drive** At first there was some talk of a stadium tour but that fizzled out, **Tattoos Tequila ebook** I ended up settling for second billing on the latest Van Halen tour-- the first for their new lead singer Sammy Hagar. **EBook Tattoos tequila brands** After 221 pages of being fed bullshit I finally marked a passage as one that I can easily say is just wrong, **Kindle Tattoos tequila rose** Follow where I'm going with this? There is something wrong with what Vince Neil is saying. **Tattoos Tequila ebook** I still have large portions of my brain unintentionally devoted to all kinds of Motley Crue minutia: **Tattoos Tequila epub** This trend of blaming others while walking around like an angel continues but the book has some other peoples voices interjected here and there telling their side of the story: **Tattoos tequilaberry's salad** At first I hated these other voices which along with the 'voice' of Vince Neil I'm fairly (98. **Tattoos Tequila pdf** 97%) certain that they are not the real words spoken but 'characters' constructed from real interviews by the co-writer Bob Sager. **PDF Tattoos tequila sunrise** Vince Neil describes his second wife (the ex-mud wrestler) as becoming a germophobe when she got pregnant and this stopped him from having any friends over. **EPub Tattoos tequila jalisco** This last part should either be ignored or viewed as a I told you so after the release date of this book in September: **Tattoos Tequila ebooks online** I know I'm reading an ARC and this could be fixed but it doesn't seem like the kind of book that anyone is going to fix up anymore. **Tattoos Tequila ebook** Not that Vince Neil will ever know he mentions a few times that he doesn't read books and has no intention of starting with this one: **EPub Tattoos tequilas restaurant** I think the chapters on the loss of Skylar are the best in the book: **Tattoos Tequila ebooks free** For all his faults there is no question that Vince deeply loves his little girl and is devoted to her memory: **PDF Tattoos tequila brands** I feel a lot of sadness for what he and Sherise had to go through. **Tattoos Tequila epub file** To his credit Vince allowed a lot of other people a voice in this book including people who have less than complimentary things to say about him such as his ex wives: **Tattoos tequilaberry** That was an open and honest thing to do and I give him credit for that: **Kindle Tattoos tequila rose** However there were things about what he had to say in this book that deeply bugged me, **PDF Tattoos tequila rose** Although I knew that he was a notorious womanizer and had lived a wild life he always seemed soft spoken and kind in the interviews I've seen him do, **Tattoos Tequila epub** The first read flag came when he first briefly described getting together with his

third wife Heidi Mark and described her as a hot piece of ass: **Book Tattoos tequila brands** I would be so offended if my ex husband said that about me as I'm sure she probably was, **PDF Tattoos tequila** Yeshis life certainly hasn't been boring or uneventful and that makes for some interesting reading. **Tattoos Tequila ebook reader** Vince Neil This book is the prime example of what it is to quarter-ass writing a book, **PDF Tattoos tequila rose** What the hell?I don't even want to think about how many times the book says as the story goes. **Tattoos Tequila ebook reader** and then wraps up a massive event of Motley's career (or maybe just a fascinating story) in one paragraph. **Tattoos Tequila pdf** During some parts I felt like I had already read what he was saying in the exact same words from The Dirt, **Tattoos Tequila pdffiller** The only parts of the book that were truly worth reading were the introduction maybe the first chapter and the interviews with other people: **EPub Tattoos tequila drinks** Honestly the way Vince rambles about how much he loves the business side of things makes me question if he truly wanted to write this book. **Kindle Tattoos tequila rose** It seems like it was more of a way to make some quick cash. **EBook Tattoos tequila sunrise** On top of that all he did was crap on all the other band members: **Tattoos tequilaberry** All he did was whine and brag about how good he was at this and how good he was at that how many cars he had and how rich he is and bla bla bla: **Tattoos Tequila ebookee** I read it twice and I also loved and read two times Heroin Diaries (which was wonderfully written But Nikki Sixx is a talented writer) : **Kindle Tattoos tequila jalisco** Of course if you are a Crue fan it IS a must read; but you will be greatly disappointed :(Vince Neil.

But it's there. That book is so fucking good. I was kind of hoping for the same from this book. I didn't get what I wanted.I never really liked Vince Neil. He always reminded me of an asshole. Sort of a walking asshole with with blond hair. Case in point. Why they can't be trusted. He does no wrong. Really. He's manipulative and charming when he wants to be.Sounds degrading to me. It's a wonder the whole band didn't die from AIDS.Overall I enjoyed this. And if you like misinformation you will like this book. Otherwise don't waste your time. That was frustrating to read. There is one portion that I know was completely inaccurate. I will give him credit for one piece. That's what you get when you drink and drive. Vince Neil I finished it. It had never been a problem. The author makes an honest appraisal of that situation.So overall the writing format was ok. Biographies are difficult. Rocker bios even more egos involved had to truly difficult. Vince Neil I actually liked this quite a bit. It was hard to put down. There's two sides to every story. In this book we are only getting his side. Only one band member wrote a section for the book. Other people have refused as well. That book has gotten many favorable reviews. Then the book wouldn't have been so one sided. It's probably true. I didn't read it. I'm not that big a talker. Some people can f*ckin' talk . eat up all the oxygen in a room in no time flat. I don't tend to run my mouth. It's b*llshit. War stories. War wounds. I know I know. Old rock stars fall hard. I'm forty-nine years old. I'm five-foot-nine 170. The spandex is over. I've had three plastic surgeries. I ain't twenty-one anymore. It's a miracle we survived at all. We are all very lucky we didn't kill ourselves. These days I've got businesses to run. I like the action. Something to get your heart pumping. But you got to admit.those days are a lot more fun to talk about.It amazes me that these men are still alive. That their spleens and penises and livers haven't exploded. Had a blast.Exposed entered the Billboard charts at #13. Exposed was Vince Neil's debut solo record. He recorded and released it sometime after 1992. I grew up loving Motley Crue. That's probably the nature of doing a book like this. Anyway back to what I was saying. And caused a lot of

fights between them. There are so many more things like this in the book. There is a serious lack of editing in this book. There are capitalizations missing. Grammatical errors. The wrong words being used. Factual problems. I hope I'm wrong. They are truly heart wrenching and poignant. I just hate his whole attitude towards women especially groupies. He didn't even half-ass it. It was so disappointing. Ew. I would not suggest reading this book at all. Just go out and read *The Dirt*. It's so much more enjoyable. Vince Neil I'm sorry but I'm a HUGE Motley Crue fan. In high school I had the biggest crush on Vince Neil. But this book was HORRIBLE. There were also a lot of inconsistencies. That book was awesome and was well written
