Two families at war. The language the actions of the characters the descriptions.all were interwoven into an enjoyable tale. I especially liked the the main characters. Para and Mun were fleshed out and flawed.just the kind of characters that keep me interested.I'm looking forward to reading more from this author.I didn't finish it. I got about halfway and then stopped. This isn't my type of book. It doesn't draw me in to the story. And the female lead character.Got book through First Reads.
