

In Passion and Blood (Drone Vampire Chronicles, #4) By Stephani Hecht **Read passion bl novel** Dante and his lover B (with his self-made light grenades) were still the center of attention with the appearance of the powerful but asshole-ish magic-user Ethan who is the long lost brother of Rafe. **In Passion and Blood book review** In the coming months she has several books coming out with eXtasy Books in both The Lost Shifter Series and Drone Vampire Chronicles plus a few additional projects that are still in the development stages. **The passion test book** Five stars for second read in 2012 Paranormal Gay Lesbian Romance Since finding love with his mate Brenden vampire Dante Toren has found the inner peace he's longed for ever since his release from a hellish paranormal prison. **In Passion and bloodied** Ever since his young mate developed a weapon that has done wonders for their rebel Drone clan in the war against the Pure Born vampires there has been a bounty on Brenden's head. **In Passion and Blood pdfescape** With the tide of the war threatening to turn against Dante's adopted Drone clan the only chance of their survival of Brenden's survival lies in the hands of a secretive warlock Dante isn't sure he can trust. **In Passion and Blood ebook free** Both heroes are as sexy and lovable as ever and it was a delight for me to get to revisit their relationship and seeing it strengthened by the obstacles they must face together. **Passion bl english novel** Hecht leaves In Passion and Blood with a cliffhanger for Ethan which when combined with a few wonderfully blatant hints at who his romantic interest will be in the future has put me on the edge of my seat waiting for his book. **In Passion and Blood kindle direct** However I am sure anyone starting the series with In Passion and Blood will at least want to go back and see Dante and Brenden fall in love in Mad Blood if not going back and starting at the beginning of the series with Blood Lust. **In Passion and bloodknight antari** Paranormal Gay Lesbian Romance See I read these in random order based on title and hadn't seen the blurbs so while the story started off with Dante and Brenden and some unresolved plot bunny about a werepanther I thought this was mainly about Ethan and Zeke which is why I found the Dante/Brenden-sex so weird, WHAT(!) you haven't read any of the Drone Vampire series yet. **Paranormal In Passion and bloody** It's okay sweetie no one hate you cause you haven't read them yet. **Paranormal In Passion and bloody** In Passion and Blood the fourth book in the Drone Vampire Chronicles kicks the series into high gear: **In Passion and Blood book series** Dante and Brenden's story continues but the most interesting character so far is Ethan: **Paranormal In Passion and bloody** Paranormal Gay Lesbian Romance I skipped books 1&3 but I don't think it hurt the storyline too much: **In Passion and Blood book series** This book didn't seem to be about any 1 or 2 MC but more of a closure of the MC from book 2 and the intro for book 5 MC: **In Passion and bloodaxe dnd** Paranormal Gay Lesbian Romance While the summary is about Zeke and Brenden I actually love this book for Ethan *sigh*, **The passion book summary** As I skipped book #3 (it's an m/m/f not my thing) I missed Ethan's first appearance. **In Passion and bloodavelli** However it's enough story of Ethan here -- including the prelude that will lead to that first scene of book #5 (that is the book that I first read in the series). **The passion and the cross book** 5 Stars - Not what I expected I like this author and the worlds she creates so I wondering what happened? I'm disappointed. **In Passion and bloodaxe dnd** There was no real advancement in the fight to save the drones: **Paranormal In Passion and bloody** The hint of a soon-to-be romance did not spark until 20 pages from the end of the book which made this book filler with a semi cliff-hanger ending. **Read passion bl novel** Tsk-Tsk Paranormal Gay Lesbian Romance Stephani Hecht is a happily married mother of two: **The passion book summary** Born and raised in Michigan she loves all things about the state from the frigid winters to the Detroit Red Wings hockey team: **The passion book summary** Go Wings! You can usually find her snuggled up to her laptop creating her next book or gorging on caffeine at her favorite coffee shop: **Paranormal In Passion and blood lyrics** When she's not running around like crazy trying to get her kids to their various activities she's currently working on numerous projects, **In Passion and Blood paranormal witness** But that peace comes with a price as a new terror is never far from his mind - the fear of losing Brenden, **In Passion and Blood ebook free** To make matters worse the Pure Borns have now allied themselves with dark magics specifically a coven of witches and warlocks so evil even the stoutest of heart fear them: **In Passion and Blood paranormal witness** Love

whether it be between mates family or friends is at the heart of this fantastic addition to Stephani Hecht's Drone Vampire Chronicles. **Courting moon blood's passion saga book 1** In Passion and Blood revisits one of my favorite couples Dante and Brenden from Mad Blood: **The passion book summary** However Dante and Brenden aren't the sole focus of In Passion and Blood: **In Passion and Blood book pdf** Ethan the warlock half-brother of Dante's brother Rafe is central to the tale: **In Passion and Blood book review** Despite the less-than-stellar introduction he made in the previous Drone Vampire Chronicles book I grew to like Ethan immensely in this story, **Courting moon blood's passion saga book 1** Hecht's Drone Vampire Chronicles will no doubt love (as I did) revisiting most of their favorite characters once more. **EBook In Passion and blood pdf free** Hecht provides enough information that new readers should be able to follow along, **In Passion and bloodied** In Passion and Blood was an utterly enchanting read I could not put down: **In Passion and Blood pdf free** I loved it and cannot wait for the next installment of this addictive series!Reviewed for Joyfully Reviewed: **In Passion and bloodbending** Paranormal Gay Lesbian Romance Yeh! I started the series because this is the book that I wanted to read, **In Passion and bloodied** I don't like to start something in the middle of the series, **In Passion and bloodied** Though I did cheat because I didn't start at the very beginning but at book 2 and in my impatience I skimmed here and there but I got enough to not be lost, **Kindle In Passion and bloodborne** Book three had a lot of sex and the last two chapters picked up with plot and character development to lead into book 4, **Kindle In Passion and blood eq** My attention didn't waver and I read it in one sitting with a hell of a cliff hanger at the end that would have drove me crazy it book 5 wasn't already out. **Paranormal In Passion and bloody** Paranormal Gay Lesbian Romance This was a middle partial story. **In Passion and bloodavelli** It ends in the middle of the story with no resolution or even a satisfactory romance: **Passion bl english novel** You learn a lot of background stuff on a lot of the characters but nothing really happens until the end of the story and then the story ends: **In Passion and Blood pdf free download** The book just jerks you around and gives you a lot of history but nothing happens. **In Passion and bloodbending** If it weren't for the bit of information about Ethan I'd say skip this book entirely as unnecessary, **In Passion and Blood ebook free download** Took me a while to figure out whether or not this was actually the book I was trying to review: **In Passion and bloodavelli** I thought more was being built up to happen (it kind of was): **In Passion and bloodlines** I had a NOOOOOO moment then went and pulled up the next pdf, **In Passion and Blood paranormal witness** Paranormal Gay Lesbian Romance Now that Dante has found his mate Brenden all he wants to do is live in peace and be left alone, **In Passion and bloodied** Unfortunately peace is pretty hard to find when you are living with a clan of Drone Rebel Vampires, **In Passion and Blood kindle fire** After years of being treated as second-class citizens by the Pure Born run government the discrimination against the Drones has reached frightening new levels. **Courting moon blood's passion saga book 1** Entire clans are disappearing as rumors of mass murders swirl around the paranormal community. **The passion and the cross book** Dante knows it's only a matter of time before hi In Passion and Blood (Drone Vampire Chronicles #4).

Dante + Brendan = hotness to the second power. Okay. Don't panic. NO I SAID DON'T PANIC!! Get the first one. Just. Go. Get. The. First. One. Now!!!! Paranormal Gay Lesbian Romance Okay now we're talking. He's going to be a good storyline. I give In Passion and Blood four stars. It also helped move the story arc along in the series. I'm really enjoying the story and looking forward to more. Yeah he is my favorite character so far in this series. Paranormal Gay Lesbian Romance POSSIBLE SPOILERS::::::::::1. There in my opinion was no romance.Visit Stephani on the web at:Email her at:archangelwriter@yahoo.com

Love this series. Five stars first read in 2010. Ms. Readers familiar with Ms. For those unfamiliar with the series Ms. It was worth the wait for me. Book 4 In Pasion and Blood there is a lot going on. For me this is were the series seriously started. I was very disappointed.I generally like this author and her work. This volume really disappointed me.Basically I wasn't reading this for Dante/Brenden. (I saw the blurb and second-guessed myself.)Oh Ethan. So much angst-fodder.It kind of fizzled a bit. I thought more would happen.It kind of ends on a cliffy. You know just a bit of a large one that's all
