

Special Forces: Soldiers Part II -Director's Cut By Aleksandr Voinov **Special forces hulu** The three cycles Soldiers Mercenaries and Veterans were written between April 2006 and November 2008 and have 70 chapters in total comprising around one million words (the equivalent of around 15 full-sized novels). **Special forces books non fiction** I was born in 1973 so while Special Forces: Soldiers Part I -Director's Cut took place in the first part of the 80s a period I have not real memories of apart the fact that I thought Soviets were the bad guys and lived in a sad part of the world and couldn't express themselves and they were poor and I was afraid of an imminent nuclear war this second part takes place in the second part of the 80s and it stops in 1989 before the fall of the Berlin wall. **Special forces korea** I really hurt for Vadim because he has built his life to conform to a certain society to meet certain expectations but not only his meeting with Dan has turned his life around but it's like history is conjuring against him to rattle the place he has found for himself. **Special forces in the world** It was very interesting to read Vadim's arc in the story: he seemed a cold-hearted bastard at the beginning a selfish man who lived at his own terms but in the end he revealed his generosity and vulnerability in every aspect of his life. **Special Forces ebook3000** There are still two books to go to finish the series so I don't know if this will be confirmed but I feel Vadim has been fighting for Dan and endangering his life for him more than what Dan has been doing. **Book Special forces synonym** There is more love than lust in this part of the story but neither Vadim nor Dan are able to free themselves from desperation from an anguish that comes maybe from their restlessness. **Special forces group 2 apk** It is one thing to have a "convenient fuck" in a war whenever they find the time for it (and let's be honest no matter how many feelings they might've had for each other in the first book that they didn't realize it wasn't more than that) but a complete different thing to openly fall in love admit that to themselves and each other and to risk everything for each other. **Special forces dead drop key dmz** The first (real) kiss after six years the complete and utter trust they developed and the realization that the war (and the why and who and what) didn't matter anymore that the only thing that is still keeping them alive and sane is the precious little moments they spend with each other. **Books special forces** Dan wanting to save a (East) German Soldier of the Soviet Army just because he was "too fucking young to die" was one of those things that just made me realize how much they have changed. **Special forces book series** All those aspects of their personality like love tenderness caring that they buried under deep walls and their hard exterior to survive the war start to come to the surface again. **EPub Special forces synonym** From the very first page my heart thumped away in terror horror and utter disbelief the brutality of war is profound but yet so simple! After years of rendezvous Dan and vadim have become something so much more than in the last book. **Special forces book series** Paperback I read the Special Forces: Soldiers Director's Cut Parts 1 and 2 edited together (chapters 1-19) and since there is no such version to be find here in Goodreads I hope that this is the right place to post this review on. **Book Special forces definition** Overall I found all the small details and gestures extremely touching: when Dan kept bringing Vadim those peanut butter protein bars and how Vadim started to use Dan's "aye" expression. **Special forces foundation** Maybe the fact that I got to see how the understanding respect and love began to grow between two men who came from two totally different worlds? Or maybe the way they used sex to express themselves to each other when the words felt too difficult to be spoken aloud and when the only thing they wanted to have was to be able to feel something and not to be completely numb? Or maybe the peaceful funny moments in the shelter of the uncountable safe houses they shared? Or how about Dan arranging a surprise for Vadim — a room with the pools in Kabul? And Vadim bying the prayer beads for both Dan and Katya? And what about all the not-so-common pet names they called each other? This book will make a wonderful re-read! I enjoyed the powerful way the story was written. **Special forces logo vector** 'Vadim had no idea what that more was apart from being together...' Paperback This is part 2 of the Soldiers part of this series and OMG this book had me riveted to it:

The safe houses; they have a deeper meaning than any "normal" date two people can have. **Special forces logo vector** Paperback I can't imagine anyone reading Soldiers and not continuing on to every book in this series. **Special forces in the world** If you're an MM reader you need to give yourself the gift of a couple of weeks to read this series. **Special forces badge** Paperback 'Soldiers' is the first book of the Special Forces series which covers 25 years in Vadim and Dan's life: **Special force skill** With suffering.

Special forces cadets book 7

Special Forces is an epic work of military gay erotic fiction, **Special forces dead drop key dmz** This is the epic story of a Soviet Spetsnaz soldier and a Scottish SAS soldier, **Special forces books 2015** Vadim Krasnorada and Dan McFadyen are two enemies who meet in the line of duty during the early days of the Soviet Union's last war in Afghanistan, **EBook Special forces** (This is a not-for-profit paperback edition) Special Forces: Soldiers part II: chapters 12-19, **Book Special forces** Special Forces: Soldiers Part II -Director's Cut{site_link} {site_link} {site_link} Stealing the words from Dan I guess this really sums it up: so goddamned perfect and yet so flawed: **Special forces charitable trust** It's the same thought that kept coming to me while reading and it could be referred to either characters to their relationship to the situations they find themselves in: **Book Special forces synonym** In the chapters from 12 to 19 Vadim and Dan keep meeting and nurturing their love while the world changes and falls apart around them, **Special Forces Historical fictionmanai** I remember that period very well and it was interesting to read it through the eyes of a Soviet soldier like Vadim. **Special forces jojo siwa** Dan and history are the crises that force him to re-invent himself. **Special forces foundation** I don't know what's about Dan that doesn't make me want to trust him: **Historical Fiction Special forces definition** It's as if Dan is more equipped to deal with what comes his way while Vadim needs to be protected. **Special forces books** I have the impression that Dan is not as willing as Vadim to sacrifice everything for the other man. **Special forces foundation** This second part of Soldiers shows the love between the two men the way they allow themselves tenderness and slowness and cherishing. **Special forces books** Their physical and mental connection deepens and they not only show their love to each other they are also able to tell the words, **Book Special forces** This makes every feeling incredibly intense and every hour they spend together is earned and every memory is to be cherished and relished, **Book Special forces** I am going to take a break of a few days before tackling Special Forces - Mercenaries Part I because this story is consuming me: **Special forces loon** Paperback To describe this book in one word: EPIC!The character development in this part of Soldiers simply blew my mind: **Special forces pfp** The beauty of it was the small steps in which it happened. **Book Special forces synonym** Every time they met there was a little bit more intimacy a little bit more tenderness more caring more love. **Books special forces** They made each other human over the years what is not only visible when they are together but in every situation, **EBook Special forces synonym** Though I am not sure I would call those character developments changes because the core of their characters stay exactly the same: **Special forces dead drop key dmz** It is not enough anymore to see the other for just a few hours every few months: **Special forces books 2015** They need more they start to get weary because the war is not their goal anymore they go out of their way to make the impossible possible: **Special forces book series** Dan quitting with the forces to go privately back to Afghanistan to be with Vadim again: **Special forces book series** Vadim going to the UK embassy to beg for information about a wounded (or possibly dead) Dan: **Special forces around the world** Both starting to plan their further life together; without war: **Special forces group 2 apk** I absolutely loved their small declarations of love and devotion, **Special forces books** There are many books out

there where you get the impression that "I love you" is used too early too much. **Book Special forces** What is even more beautiful is that they show their love for each other more than they say it and literally risk their life for each other: **Special forces books 2015** All those little token's the care packages violence pain killing. **Special forces foundation** did I mention suffering? ^^ It starts with Dan buried alive in a mass grave. **Special forces logo vector** *urrrrrrgggghhhh* The description is so realistic you can literally smell the stinking rotting bodies, **Special forces books non fiction** "Some of the bodies were half-burned skin had turned to ashes torn open in the heat to reveal raw and half-cooked flesh underneath, **Special forces lioness** " Vadim and Dan's relationship shifts from fucking and only 'taking the edge off' to love tenderness and dedication, **Book Special forcesports** It's not a conventional love it's an extraordinary love that can survive the worst of humanity, **Special forces hulu** My Russian cunt my enemy my comrade my prisoner my gaoler and my life. **Book Special forces synonym** While reading part two of 'Soldiers' I hopelessly fell in love with Dan and Vadim. **Special Forces Historical fiction books** But if I had to choose I would pick Vadim and his tender vulnerable Russian soul well hidden deep inside the cruel soviet soldier: **Special forces knife** Had anyone told me in the beginning I could feel this way I would have rolled my eyes or flipped them the bird, **Book Special forcesports** ^^ Like Soldiers One I couldn't read the book at one go. **Special forces charitable trust** Some scenes were so cruel and/or so emotional that I had to take a break read some fluff and try to process my thoughts: **Special forces book store fort bragg** Having gone through the roller-coaster journey for their first 10 years I can't wait to see what happens in the remaining 3 books: Mercs Part I and II and Veterans: **Special forces codes** It shattered my heart put the pieces back together to shatter it again: **Special forces jump wings** Paperback More or less batshit-crazy-spectacular action-packed writing plus fucking: **Special forces pfp** Can barely muster the calories to load up the iPad with the next installm—oh dear. **Special Forces ebook** That is never more highlighted than in the first chapters of this novel. **Book Special forces synonym** Both killers too fucked up for humanity who find a home in each other, **Book Special forcesports** There are no words for the thing that they share it is immeasurable and undefinable, **Book Special forcesports** Four years of pain hatred lust mercy greed and decency and the bond is forever forged in the mountains of genocide: **Special forces book series** I have never read of a love like this it is so intense awesome fierce and possessive, **Special forces dead drop key dmz** I shall just die if anything should harm either of these men, **Special forces association** I am a lioness and a tiger fierce and snarling guarding their hearts forever. **Historical Fiction Special forces** My Russian cunt my enemy my comrade my prisoner my gaoler and my life: **Special forces book series** 'Oh dear lord! What can I say but to tell you that every step of the way I was living and breathing these characters. **Special forces book series** It took me five long nights to read this because I read passages over and over I never wanted to forget them, **Special forces book series** It is fiercely erotic and the possessive intensity is palpable: **Special Forces Historical fiction meaning** I have never wanted to be a gay man more in my life. **Special forces logo vector** I just cannot recommend these books enough! I have read hundreds and hundreds of books but these are without a hesitation the very best of the best for me, **Book Special forcesports** I've come across some books that I find extremely hard to write a review of — this one is one of them: **Special forces pfp 1080x1080** It's not that I don't have anything to say quite the contrary but I feel short of words and I feel at lost from where to start, **Special forces dead drop key dmz** But most of all I feel that I'm not worthy to say anything about it, **Book Special forcesports** That's how very humble the impressive writing and the magnitude of the story made me feel. **Special forces foundation** Special Forces: Soldiers is a story (or actually the beginning of the story) of two equally strong men. **Book Special forces** It all starts when Vadim and Dan Russian and British soldiers collide in the worst possible way in the middle of the war in Afganistan: **Special forces fortnite skin** From the very beginning we are shown that these men are not nice not likable and at times it even seems that they have very little humanity left in them: **Special forces books non fiction** Despite of all the cruelty in Vadim's and Dan's behavior the authors make the reader slowly but surely fall in love with the characters. **Special forces**

foundation In fact the reader falls for them probably a few hundred pages before the two men themselves recognize and acknowledge their love for each other. **Best special forces books** And before that sweet moment we watch how they struggle to survive at first fighting each other and later on becoming each others safe harbours. **Special forces books** It is fascinating to see how these uncompromising men start to bend for one another start to make sacrifices and to take care of one another: **Special forces group 2 apk** Even the strongest men fall sometimes — and when these two do fall both in turn the other is there to catch the tumble. **Special forces cadets book 7** And those just might be the sweetest moments in the storyline, **Special forces books non fiction** After only one read I have a hard time analyzing which were the aspects in this story that affected me the most: **Special forces charitable trust** The situation in Afganistan and its rough but captivating landscape and weather is described effectively even lyrically. **Special forces books** The intense fighting scenes even the most horrific ones are written beautifully — not glorifying the war killing and mutilating but to make it tangible. **Special forces creed** When there are rapes torture mass graves and snipers shooting children and women it sure doesn't sound like a traditional love story: **Special forces group 2 apk** Nevertheless words "amor vincit omnia" came to my mind more than once while reading this book, **Special force shirt** Because even though Vadim and Dan are surrounded with all the destruction violence and death their journey together is not without hope. **Special Forces ebook** I truly wish that love conquers all for these two proud men in the end: **Special forces creed** While reading I highlighted so many lines that there is no way I could include them in this review: **Special forces book series** But if I'd have to pick just one it might as well be this one by Dan: "You're as close to a fucking home as I get, **Special forces books non fiction** That must be the highest compliment anyone can say to another, **Special Forces kindle unlimited** Such a simple phrase but somehow it captures the whole arc of the 19 chapters in a nut shell, **Special forces book series** I'll never forget this story about two strangers enemies who proved that home can be a person not a place, **Special Forces Historical fictionmanai** Will anything else I read ever make me feel so much?How can I possibly review this? I don't know if I can actually bear to read Mercenaries, **Special forces lioness** ' He'd promise anything meant it would die defending this man would live and die and suffer for him. **Special Forces Historical fictionmanai last** ' He tried a smile took Dan's hand and ran it over his face. **Special forces foundation** In this part i definitely saw Vadim and Dan's relationship move to a more emotional level: **Special forces books 2015** This was more about sexual need but about emotion love and belonging: **Special forces books 2015** Watching Dan come to need him and love him absolutely melted my heart. **Special forces book store fort bragg** This story still had all the raw cruel harsh violent reality of war and at times it was hard to read. **Special forces book series** But at the same time i found myself missing meals and losing track of time i was absolutely absorbed in this story and for a few hours nothing existed except this world, **Special forces pfp** While i have read many books that have moved me and will stay with me this is indeed a unique story that I will never forget. Paperback Best.Book.Ever. I think my hands actually shook to get at more. I couldn't get enough of these two men or this series. You won't regret it.The second part of 'Soldiers' begins where part one stops. It is only suitable for an adult audience. Behind enemy lines respect and finally love grow.but that's only the official version. I hate to see him so lost.Vadim is still the most interesting character in my opinion. I hope I am wrong. The only difference is that they become more human. The thought alone makes me shudder. In search of him Vadim shifts corpse after corpse. Piss and shit and the stench of death. They finally realize that there is more much more. Just you always you. Love you."Dan. Always him. Always and again and again." „I have no home anymore. you're as close to a fucking home as I get. In my opinion Vadim is the most interesting character. Five stars for an exceptional book beyond comparison.I'm wrung-out. There it is. Suppose a small peek wouldn't harm anyone. For the next three days. Paperback War is filthy. An angry reaper that destroys every fiber of humanity. Genocide senselessness twisted pain and survival. I am desperate for them. Desperate for their happiness and their survival. ' You.just you always you . Words unthinking. Love .you. The writing is just stunning superb and destructive. It nearly killed me. I experienced everything with them everything.The sex is

not just sex. I'm telling you all this with a lump in my throat. I am terrified to read on but I have to. I never ever want this to end. Anyway here are some of my thoughts on chapters 1-19. Two enemies — but most of all two humans.” (Chapter 14 page 442). Paperback Review to come. Initial thoughts: I am broken. I'm not okay. “Vadim kissed that hand again looked up. ‘We won't die. We'll never die. I promise. ‘Never alone again. Rest. I'll be here. ‘We fucking deserve more than what we got so far. We'll take it. Just get ourselves something more. I absolutely love Vadim such a tortured soul. My sincere gratitude to the authors for a superb book. Paperback
