

Special ForcesVeterans (Special Forces, #3) By Aleksandr Voinov **Special ForcesVeterans pdfescape** There was a lot of telling in stead of showing which decreased the intensity of the story and it seemed like a lot of loose ends needed to be tied in any way possible. **Special ForcesVeterans pdf reader** It was truly exhilarating to be able to follow 25 years in the lives of Dan McFadyen and Vadim Krasnorada and it is with an ache in my heart that I say goodbye to them. **Special forces book series** The wedding was simply beautiful but not being able to see them make love for the first time after getting married really struck me in a bad way especially since this book severely lacked private Vadim and Dan time. **Special ForcesVeterans pdf drive** There were however many beautiful moments: the tent scene Dan wondering if Vadim will love him after his 3 month therapy Dan meeting Kisa Vadim resolving things with Nikolai Dan telling Maggie he loves her Vadim's reaction to Duncan calling him brother-in-law and of course their wedding with the steel rings and Vadim's blue cufflinks. **Special ForcesVeterans epub** Best LOL moment hands down goes to Hooch when he asked Jean at their first meeting Did you cry? Love Hooch and Matt but I thought it was so out of character for Hooch to make up with Jean. **Special ForcesVeterans ebooks online** I was rivetted by the start and I did have a moment where I thought this is going to be great but once it got to the point where Dan and Vadim went to visit Jean after Pascal's death I thought well the greatness in this story is gone. **Special ForcesVeterans epub file** In Special Forces: Soldiers Part I -Director's Cut and Special Forces: Soldiers Part II -Director's Cut we get to meet both men who start off as enemies in the Afghanistan war in the 1980s: Vadim a soldier in the Soviet army that is occupying Afghanistan and Dan a British SAS agent working undercover with the Afghan tribes to train them to fight against the Russian invaders. **Special ForcesVeterans pdf drive** Forbidden encounters over 10 years tighten their bond until they realize that they're sharing a love for one another that neither Mother Russia nor the Western countries would ever approve of. **Special ForcesVeterans bookkeeping** Unable to deal with his trauma Vadim runs away which results in Dan taking the coward's way out of their relationship starting to work as a mercenary in various battlefields of the time thinking that Vadim no longer wants him anyway wherever he may be. **Special ForcesVeterans pdf converter** While Vadim struggled to find back to a mental state that allowed him to lead a life of any kind he realized that even though he was no longer the man he was before the torture he had no home no family not even a country to return to. **Special ForcesVeterans epub** Vadim never really understood that the reason why he didn't need to fear losing Dan to someone else was the fact that Dan wasn't ever looking for a relationship after Finland not even with Vadim. **Special forces veterans peace officer course** And after 'breaking' with Dan whom I really liked in Soldiers I spent the rest of the books in constant fear that Vadim might do something that would make me despise him as well. **Special ForcesVeterans booking** There were actually quite a lot of scenes where I would have preferred Vadim to walk away and not participate but still he managed to find his way into my heart and stay there. **Special ForcesVeterans kindle unlimited** At the beginning of Special Forces - Veterans Vadim is working hard to make a home in New Zealand together and to build a military consulting career for both men that allows them to continue traveling the globe and earning money while not putting themselves in danger anymore. **Special ForcesVeterans pdf merger** Dan falls into a deep depression because of his handicap and stops talking to Vadim for about a year until he finally comes around and manages to find a purpose in life again. **Special ForcesVeterans kindle books** The first half of Veterans deals with a high ranking African Colonel who seduces Vadim during the year that Dan stopped being there for him but the Colonel keeps on stalking Vadim for months. **Special ForcesVeterans ebooks online** They manage to convince (and seduce) the lawyer to give testimony against the Colonel to prevent the man from ever going after another guy again while also showing the handsome lawyer what love and man on man sex feels like (the poor guy never had anyone but hookers because of the scars that remained on his body after the Colonel's sadistic torture). **Special ForcesVeterans pdf** Vadim finally reaches a peaceful understanding with his ex-wife Katya and manages to get in contact with his children and Dan finally accepts having a daughter with a woman he hated becoming a father figure in the young girl's life. **Special ForcesVeterans ebook reader** Personally I would have

preferred to see Dan and Vadim deal with their families and children in more detail and following them on that path but instead the story mostly centered on sex whenever and with whomever the plot made it possible. **Special ForcesVeterans ebook** Is this Stockholm-Syndrome speaking or what LOL?I spent more than a full year reading this series giving rather low ratings to the Mercenaries books (or to be more precise: to Dan) and I will never be able to fully understand characters having an open relationship like Dan and Vadim have (I am convinced that this will wreck an intimate relationship sooner or later) but still this series is the most intense epic you will find in this genre. **Series about special forces** 5 stars and a Federal Cross of Merit for Vadim but need I even mention that? Special ForcesVeterans (Special Forces #3) So ends the epic BR with Mark! I'm not sure what I'm going to do now. **Special ForcesVeterans pdf drive** a casual glance at my gibbering status updates—quite literally a cry for help on one occasion—confirms what i say: this story will thrill you chill you fuck your skull with razor cocks leave you for dead in an alley in kabul and then scoop up your bloody remains and make a sausage out of you. **Special ForcesVeterans kindle direct** Who was him? His identity? Straight? French? Bi? Russian? Gay? And considering how much I could see all the other characters presented to us I can't help but wonder if his lack of personality was on purpose. **Special ForcesVeterans pdf editor** If I ever read anything like this again I will consider myself the luckiest woman in the world!From the breathtaking mountains of Afghanistan the dust of the Dessert in Iraq to the horror of the Balkans. **Special ForcesVeterans ebooks online** That was never the question was it? But would it ever be enough? Because it had all been a motherfucking nightmare and the solution was so simple right there and under their noses. **Sf special forces books** Christ there are no rules! My preconceived safe and sane romantic ideals have been beaten into submission with words and actions that defy my very moral and monogamous view of the world. **Special ForcesVeterans ebook reader** The rules have been deleted and inscribed with a great big 'screw you put this in your pipe and smoke it this is what happens in a gay man's world' Now maybe I'm wrong I don't know many gay men but that was the message I got. **Special ForcesVeterans pdf drive** Special ForcesVeterans (Special Forces #3) What's left to say after the first 3 reviews really?More of the same maybe?I just finished the book and I have to admit I'm a bit disappointed with the ending. **Books about special forces** Considering how the series begun and how many emotions both good and bad that we got through the whole series I think its weird how little emotion we got in the end which should have been a really big thing. **Special ForcesVeterans pdfescape** And if you've read my reviews of the first 3 books you would also know how much I didn't like how much I despised and hands down hated how they slept with their "buddies". **Special ForcesVeterans pdfescape** Cheating bastard!The fact that Dan after getting proposed to by the guy he's supposed to love more than anything goes straight to the phone to have phone sex with Jean pisses me off to such a degree I can't even begin to write it. **Special ForcesVeterans kindle direct** I wanted some kind of "I love you always you and only you"- hint no more buddies - which I definitely didn't get considering they were screwing everyone during their wedding days. **Special ForcesVeterans pdf converter** Thanks for that guys!I did give 2 & 3 5 stars because they got to me even if it was with negative feelings more than positive but this one I can't give 5 stars which is a shame but hey that's life,

## **Special ForcesVeterans epub**

Special Forces is the story of a Scottish SAS soldier and a Soviet spetsnaz soldier. **Series about special forces** Two enemies who meet in the line of duty during the early days of the Soviet Union's last war in Afghanistan. **Special ForcesVeterans ebooks free** This epic spans across over twenty-five years of their lives. **Latest special forces books** It's harsh and violent but life is cruel and they just do what they need to survive, **Series about special forces** Special Forces - Veterans is the third and last cycle of the Special Forces epic which consists of three cycles and about a million words. **Special ForcesVeterans pdf** The first cycle is Soldiers and the second one is Mercenaries (in two parts), **Special ForcesVeterans booking** This print version is the original version of Special

Forces as it was edited at the time of first publication on Marquesate's website: **Special ForcesVeterans pdf editor** The Veterans cycle was published between November 2008 and April 2009, **Sf special forces books** This print version of Special Forces is strictly non-profit and print cost only, **Special ForcesVeterans pdf reader** The paperback of this original version is available from Lulu: <http://www>, **Special ForcesVeterans pdf converter** The ebook version is available for free download and the original chapters remain as a free read on Marquesate's website: <http://www>, **Special ForcesVeterans booking** Special ForcesVeterans (Special Forces #3)Veterans is the fourth book in the epic Special Forces series and it's the final part of Dan and Vadim's story, **Special ForcesVeterans booking** And it breaks my heart to give it 35 stars but Veterans just did not come up to the standards of the previous three books. **Special ForcesVeterans kindle app** It didn't show the same level of enthusiasm attention to detail depth or nuance as the rest of the series, **Latest special forces books** To me the rawness and honesty of the Special Forces series got lost, **Special ForcesVeterans ebooks free** In this series full of extremes the authors always still managed to maintain some nuance and a vast amount of gray: **Special ForcesVeterans kindle direct** Actions and characters were layered and often (morally) ambiguous: **Special ForcesVeterans epub file** This time some things were overdrawn black and white out of left field or downright over the top, **Special ForcesVeterans booking** The story just felt a little rushed and unfinished at times. **Series about special forces** I also had trouble recognizing the characters in the beginning. **Special ForcesVeterans booking** Partly because of slight changes in writing style and partly because of some out of character actions, **Special ForcesVeterans kindle books** I understand that times have changed and the men's change in age and lifestyle validates changes in thoughts and behavior but the shift -to me- was very sudden, **Special ForcesVeterans booking** So it took me a while to get used to the new feel of the book but once I did I really did enjoy the story, **Special ForcesVeterans pdf drive** Dan and Vadim are such phenomenal characters and it was great to be part of their journey in life in a stage where they're getting 'old and decrepit' as Dan put it. **Special ForcesVeterans epub** We revisited a lot of old characters and met some new ones which all served its purpose in the development of the characters of the men and their relationship: **Special ForcesVeterans pdf reader** And eventhough I have the unreasonable wish for Dan and Vadim to stay young forever (as in their Soldiers time) there's no denying growing older becomes them, **Special forces book series** Special ForcesVeterans (Special Forces #3) \*\*\*\*\*Review contains spoilers\*\*\*\*\* 4: **Special ForcesVeterans booklet** Twenty-five years of passion anger violence loneliness torture and above all LOVE, **Special ForcesVeterans booking** I miss them already! Veterans is the final book in Special Forces and although I did love it I had a few problems with this book, **Special ForcesVeterans ebook** My expectations were higher mainly because it was the last installment and I wanted everything tied up but it didn't quite reach that point for me, **Special forces veterans scholarships** Vadim and Dan had gone through so much over the years but to see them so emotionally disconnected was heart-breaking. **Special ForcesVeterans booker** They always had something between them even if it was anger but for them to be so estranged and practically accept being this far apart was horrible. **Latest special forces books** Although Vadim's outdoor excursion was perfect (took him long enough to get off his ass)! The biggest problem was the ending. **Series about special forces** I was so happy they got married but I needed more and Vadim and Dan deserved more as well, **Latest special forces books** Why not show more of Vadim and Dan and leave out some of the non essential people such as Beauvais?This leads me to my second complaint. **Special ForcesVeterans booklet** Much of the book was focused on Dan and Jean's relationship, **Special ForcesVeterans pdfescape** Dan and Jean have always irritated me but when I don't get more of Vadim and Dan and combine that with the ending it puts me off in a very bad way. **Special ForcesVeterans kindle store** To see Dan fucking Jean and then to have Jean tell Dan he loved him was too much to take: **Series about special forces** Thank God Dan never said it back or elaborated on his feelings because that would have been the end for me: **Special ForcesVeterans kindle direct** There were many missed opportunities to see just Dan and Vadim together. **Special ForcesVeterans booking** Not only on their wedding night but also when Dan had

to leave Vadim so he can begin his therapy and he asked Vadim to make love to him but we get nothing: **Special ForcesVeterans epub file** Wow I really felt for him and never saw that one coming, **Special ForcesVeterans bookworm** I loved how Dan was genuinely shocked and would only say yes if Vadim was marrying him for love and no other reason. **Special ForcesVeterans pdf reader** I loved the part when Dan was staring at Vadim thinking of the past. **Special ForcesVeterans kindle store** Everyone else no matter who or where and what paled in comparison to Vadim. **Special ForcesVeterans booker** I cried laughed out loud got pissed (more times than I wanted) but as always I loved every moment with Vadim and Dan: **Special ForcesVeterans ebook** Whenever I hear the words lapis lazuli the Afghan mountains energy bars and Russkie I will always think of Vadim and Dan and smile. **Special ForcesVeterans bookkeeping** Thank you for one of the best series I've ever read! Special ForcesVeterans (Special Forces #3) I don't know. **Special ForcesVeterans ebook reader** I basically finished the series as I had read the first two and wanted to know how the story would end. **Special ForcesVeterans pdf** He just rubs me the wrong way which is great if Dan hadn't kept sleeping with him. **Special ForcesVeterans ebook reader** If Dan had stopped sleeping with him I actually think I would have liked Jean more, **Special ForcesVeterans ebook** I know this might be just me and yes perhaps I am all about the happy ever after I thought the book started off really well: **Special ForcesVeterans booklet** Then it felt to me like it descended into one big how many times can we fit sex in, **Special ForcesVeterans booking** It angered me that even when Vadim said he didn't like them having sex with others it carried on as apparently agreeable to both of them. **Special ForcesVeterans ebook reader** I'm still a little shocked as I really loved Soldiers and now part of me wishes that I had stopped reading after the first book and just imagined my own ending: **Sf special forces books** I will definitely re read Soldiers again in the future but won't be going back for another serving of Mercenaries or Veterans. **Books about special forces** Special ForcesVeterans (Special Forces #3) I hope I'll be able to find coherent words for a review, **Special ForcesVeterans booking** Looking back at 25 years in the life of these two completely different men who found love in a world of blood and gore completely swept me off my feet. **Special ForcesVeterans kindle unlimited** Consider this a spoiler-laden (!) review of the whole series not just the last book: **Special ForcesVeterans epubs** A terrible event brings them together and an act of violence and revenge seals their fate. **Special forces book series** Just when the war in Afghanistan comes to an end their affair is discovered by the KGB the Soviet secret service and Vadim is imprisoned as a traitor: **Special ForcesVeterans epub file** This is where Special Forces - Mercenaries Part I begins (and continues in Special Forces - Mercenaries Part II), **Special ForcesVeterans ebook reader** Two years of torture manage to break Vadim while Dan desperately uses all his contacts in the diplomatic circles of Europe to help release him: **Latest special forces books** Just when things finally progress Dan learns that Vadim has been executed: **Special forces veterans scholarships** Officially - but not really- dead now the KGB trades the broken Vadim for a couple of hundred thousand pounds and hands him over to the British government, **Sf special forces books** No longer the deadly but passionate lover he knew during their years in Kabul but a broken shell of the man he once was. **Special ForcesVeterans booking** So he fought hard to find his way back into the world of active duty and he became a mercenary finding Dan again, **Special ForcesVeterans booking** Dan who had moved on and had affairs with numerous guys in the meantime. **Special ForcesVeterans kindle store** Even when the two got together again Dan refused to stay monogamous hurting Vadim with his sexual promiscuity and his tendency to not only make friends but lovers: **Sf special forces books** Especially Vadim's insecurities about Dan and his lovers Jean in particular were painful for me. **Special ForcesVeterans booking** Yes he loved Vadim just like he allowed Jean to love him: **Special ForcesVeterans bookworm** His connection to Vadim and their past made Dan accept that Vadim and he belonged together: **Sf special forces books** But at no time did I think Dan was real relationship material, **Special ForcesVeterans booking** And that's why I felt sorry for Vadim who was willing to be a caring and loyal domestic partner despite all the shit Dan pulled on him: **Latest special forces books** I love how they made it through 25 years together but I will never ever be a

fan of Dan's sadly, **Special ForcesVeterans kindle books** Ok before this review turns into a love letter for Vadim I'll wrap it up ;-). As they grow older it's Dan's health that becomes the largest obstacle in the man's life: **Special ForcesVeterans booking** After his knee surgery and his ensuing physical handicap that removes him from active duty forever Dan feels useless and dead, **Special ForcesVeterans pdf editor** Dan and Vadim realize that the guy is a dangerous sadist who already crippled a British lawyer many years earlier, **Special ForcesVeterans pdf drive** The second half of the book with both guys being in their 50s is mainly about tying up loose ends in their lives: **Special forces veterans scholarships** And finally their marriage - the final closure of probably the most epic love story in the genre. **Special ForcesVeterans epubor** Still I am so in love with the story and the many years that it encompasses: **Special ForcesVeterans pdf converter** Although I hated Dan's promiscuity his lovers actually grew on me over time especially Matt and Hooch (whose book I'm gonna read asap): **Special ForcesVeterans pdf drive** I disliked him and how he treated and cheated on his wife Solange. **Special ForcesVeterans pdf merger** I also totally disliked Dan's closeness with him telling him things that went on between him and Vadim that should have \*stayed\* between him and Vadim. **Special ForcesVeterans ebooks online** So Jean this is for you: And finally I need to confess that Vadim Krasnorada is definitely my favorite character. **Special ForcesVeterans pdf merger** I don't think I ever got to know a book character as thoroughly as him. **Special ForcesVeterans epubor** He stands out like a gold coin in a treasure chest filled with silver. **Special ForcesVeterans pdf editor** He's a rapist an assassin he killed countless people and even contemplated killing his stalker in cold blood - but still I love him with all my heart. **Special ForcesVeterans kindle app** It gave me depression at times made me question my own attitudes at others, **Special ForcesVeterans kindle direct** And now I just \*have\* to read every single book by this author. **Special ForcesVeterans booking** I hope they're not all multi-thousand pages novels like this masterpiece here. **Special ForcesVeterans booking** Special ForcesVeterans (Special Forces #3) {site\_link} {site\_link} {site\_link} here's the thing, **Special ForcesVeterans kindle direct** this book—and the overall three-volume epic it concludes—isn't finished, **Special ForcesVeterans booking** it's semi-currently undergoing a righteous edit and the difference between the edited text and the original is notable. **Special ForcesVeterans pdf** it is a work of staggering ambition—hubris even—or maybe just balls the size of my head, **Special ForcesVeterans kindle books** too much to review with my typical mix of douchebag flippancy and stentorian gravitas: **Special ForcesVeterans pdf reader** and god forbid i try to summarize as so many here on goodreads inexplicably feel compelled to do: **Special ForcesVeterans booking** so what then does the mad dominican have left to say of such a book as this? what's left?this:it's not finished it's not perfect and it's not always very good. **Special forces veterans scholarships** but when it is—and it is for hundreds upon hundreds of pages at a time—it is nothing less than a work of comprehensive genius, **Special ForcesVeterans ebook reader** it is simultaneously one of the more libidiously violent stories you can read, **Special ForcesVeterans booking** in fact it wouldn't be anywhere near as gloriously sentimental without the heinously-devised tribulations visited upon the main characters, **Special forces veterans peace officer course** when it's done when the authors are finished editing it and then release it pay for it. **Special ForcesVeterans ebook reader** it's completely blown my head up and what more could you ask for really?besides Dan presenting Vadim with Konstantinov's head on a plate for a wedding present of course, **Special ForcesVeterans pdf** Special ForcesVeterans (Special Forces #3) Dear Lawd how I wish to have a way with words to describe how much this series gave me as a reader and as a person. **Special ForcesVeterans booking** It gave so much freedom to my mind to wander and linger and question and accept and be awed: **Special ForcesVeterans booking** It gave me a degree in tolerance a master in forgiveness a PhD in acceptance. **Special ForcesVeterans booking** Special Forces is a lifetime journey of blood and darkness and hatred and compassion and passion and despair but above all love in one of the harshest and cruel backgrounds created: **Special forces veterans scholarships** And that life shaped these two men who went through hell and back. **Special ForcesVeterans booklet** But it all paid off as they ended this journey as equals living freely and truly to themselves with no pretences:

**Special ForcesVeterans kindle app** There were a few let-downs down the road but what represents a few niggles in a 1. **Special ForcesVeterans ebooks online** 2 fucking million words story? Nothing absolutely nothing because the whole greatness of its core overshadows that by thousands of miles: **Special ForcesVeterans epub** And I'm so in love with Vadim's troubled soul Take my strength. **Special ForcesVeterans ebook** I don't think I have ever felt so connected to fiction characters before and as such it pains me immensely to see them go: **Special ForcesVeterans booker** I try hard not to label people but I wanted to stick a label on him so bad, **Special ForcesVeterans pdfescape** This series is hands down the most perfect fucked up life journey I have ever read and I will be forever a captive in Dan and Vadim's fiction world, **Special ForcesVeterans pdfescape** You think together we make something like a whole? Yes Yes I do: **Series about special forces** □□□ And on that note I am rating these four books with all my heart a constellation of stars: **Latest special forces books** Special ForcesVeterans (Special Forces #3) 25 Years! And now it's over: **Special ForcesVeterans ebooks free** Living the last 25 years vicariously through a million words taking me through the passage of time places and seasons has been an experience I shall never forget: **Books written by special forces** You were my pain and my joy and I shall love you forever: **Special ForcesVeterans ebook reader** This story the pleasure and the pain will forever be with me. **Special ForcesVeterans kindle app** All of it every moment every comrade lover friend or foe: **Special ForcesVeterans booker** This was just the most emotionally charged exhilarating frustrating and heartbreaking adventure, **Special ForcesVeterans pdfescape** I cannot decide if it was an addiction or an all-consuming absorption or both? Veterans is a fitting ending in so much that everything has evolved and to a point resolved: **Special ForcesVeterans epub** There is no longer a physical war to be fought but there is a war of the minds and internal emotions that has the potential to destroy everything. **Special ForcesVeterans bookkeeping** Dan needs to escape his depression and self loathing and Vadim finally faces his own emotional trauma in a head on brutal fight for his sanity, **Special ForcesVeterans booking** Both these fights left me raw and desperate for hope again, **Special ForcesVeterans booking** You made me into somebody I would have wanted to become if I'd ever thought about what I wanted to be that wasn't about a record or power or a rank or some. **Latest special forces books** If all that was gone and stripped away the man I am I am because of what you did what you made me feel all those years, **Special ForcesVeterans booking** It was never meant to be it was always going to be a hard won victory to find peace understanding and acceptance. **Special ForcesVeterans epub** Love was always there the binding kind that seemed to conquer it all. **Special ForcesVeterans bookkeeping** !This book would have been the perfect closure for me if it hadn't been for certain events in the end: **Special ForcesVeterans epub file** To me it was an echo of all that was wrong with their relationship for all those years. **Special ForcesVeterans ebooks free** It had no place in this ending not for me! None of it made sense it was ridiculous that we were getting the POV from Beauvais and his new lover. **Special ForcesVeterans kindle unlimited** Hooch and Jean!! Made me fume! WTF? I could not believe it! You see I think I have come to understand what has happened here. **Special ForcesVeterans kindle unlimited** Certainly not when it comes to sexual faithfulness and exclusivity and some other things too. **Books about special forces** I would like to say a huge thank you to everybody who held my virtual hand while I read these: **Special ForcesVeterans kindle books** Thank you for putting up with my tantrums and foul language my gifs and my tears! I couldn't have got through it without you. **Special ForcesVeterans pdf reader** You know who you are I won't name names cause I scared I'll forget someone: **Special forces veterans scholarships** I might not have loved all these books equally but the series? 5 STARS!! Thank you to Mr Voinov and Marquesate for giving these books to us for free. **Special ForcesVeterans pdf merger** I haven't spent a cent of my book budget this month and have decided to donate it to the Red Cross:) Special ForcesVeterans (Special Forces #3) 4 Stars, **Special ForcesVeterans pdf editor** Yes I've had many issues with this series but I wouldn't have missed reading it for anything: **Special ForcesVeterans kindle store** And if you've read my reviews of the first 3 books you'll know how much I've cried over Dan and Vadim, **Special ForcesVeterans pdfescape** I've grown so close to these two guys so the

fact I didn't even get teary eyed at their wedding is quite a statement to how much I really didn't feel it: **Special ForcesVeterans ebook reader** Well I could handle Vadim and Hooch for some reason but Dan and Jean? Jesus Christ: **Special ForcesVeterans booker** He's supposed to be one of the good guys but I hate him more than I've ever hated a villain in any book, **Series about special forces** It makes me growl grind my teeth and yeah well if you could see my face as I'm writing (and thinking) about that scene now you would know how much I hated it: **Special ForcesVeterans epub file** That's just fucking pathetic and so disrespectful I can't even stand it. **Special ForcesVeterans ebook** After book 3 I was worried that I wouldn't get the ending I wanted: **Special ForcesVeterans epub file** The last 3 books in the series I'm glad I read could have done without them though I think. **Special ForcesVeterans ebooks free** They made me more angry and full of aggression than anything else: **Special ForcesVeterans pdf editor** They definitely re-kindled my hatred for 'sharing' in stories which I had overcome at one point, **Special ForcesVeterans booking** I'll cherish it and cuddle it and keep it in my heart forever and always: **Special ForcesVeterans booker** And in my Dan and Vadim world there will always be them and only them. Behind enemy lines respect and finally love grow . but that's only the official version. This is the only version that is authorised by [Marquesate.lulu.com/content/paperback.marquesate.org/special-for](https://lulu.com/content/paperback.marquesate.org/special-for). Unfortunately: it wasn't the ending this series deserved. Don't get me wrong: this is not a bad book. My major problem was that Veterans felt like an epilogue. A mellow epilogue. Prayer beads energy bars boots scars blades and a bullet.And so ends the story of Dan and Vadim.5 stars for the book but 5 stars for the series.I just finished Veterans and what a sad day it is. I can't believe my journey with Vadim and Dan is over. In the beginning Veterans gripped me and drew me in. This wasn't acceptable especially for the last book. Sorry but I felt a bit cheated. And I couldn't believe Vadim's run in with Konstantinov.I thought the proposal was absolutely perfect.Vadim still was the man he'd always wanted. His Russkie. His cunt. Dan smiled at last.This was quite an intense journey. I really wanted to like this book. I still hate Jean and he was in this book a lot.I'm peeved that Dan and Vadim weren't monogamous. Grr. Yes I know strong feelings. I think that would have made me happier.Oh well in my imagination I can pretend it never happened. Dan finally gets to meet Vadim again but he's different. I had a huge problem with Dan from this point on. He only had Dan. I never grew fond of Jean though. He had no right spilling everything to Jean. I mean of all time. His past his thoughts his motivations. Yes he has dark sides. I can only recommend this series with all my heart. I am lost. Review to come.further the fucking thing is massive. a story that spans 25 years? a million words? yeah.too much in other words. just too bloody much there.at length naturally.with gifs. and one of the most romantic.this is some story boy.and then it will make you cry like a ninny.read this. at your peril—but read it. maybe twice. It has been an incommensurable experience.What an undeniable representation of epic love. Tie me up. Chain me. Force me with your will. and Dan's irreverence. Oversexed. Underfucked. Kinky. Those three words spelt hell. I never could picture Jean. Dan and Vadim my warriors. I have been a slave to this epic story. An almost life changing experience for me. For me this was the hardest battle of them all.“You made me human. I stand by that.delusion I was chasing.” It's not an easy journey for Dan or Vadim. It had just been hidden: Love. Fair and square. Just love. Honestly I hated those orgy scenes. Why I feel the way I do.The authors have changed the rules. It's quite simple. The rules of contemporary romance do not apply here. But love to all.An epic story.I've read all of it with my lovely friend Andrea.Review soon. I would have liked. Well just a bit more than what we got. A really big moment for them. Nothing less than bawling my eyes out. Or feel them I should say.I would have liked. I don't know just something more I guess. I hate Jean. Just. 100%. Pure. Hate. Anyway. Not so much anymore though.The first book in the series though. That one I'll take with me everywhere I go.2 men 2 soldiers. 2 lovers. Special ForcesVeterans (Special Forces #3)
