Back to Her Teens: A Lesbian Ageplay Spanking Romance Audible Audio Edition: Clarine Klein Kitty Benson Clarine Klein: Books If ageplay isn't your thing then this book probably isn't going to be up your alley. It's got cute brats getting punished and blushing and despite being about kinky people doing kinky stuff it still manages to be INCREDIBLY sweet!! Some very hot scenes with lots of embarrassment abound. It might be my favourite smut Back to Her Teens: A Lesbian Ageplay Spanking Romance Audible Audio Edition: Clarine Klein Kitty Benson Clarine Klein: Books The author takes the reader on an amazing fun trip of the developing relationship of these ladies. Back to Her Teens: A Lesbian Ageplay Spanking Romance Audible Audio Edition: Clarine Klein Kitty Benson Clarine Klein: Books Clarine Klein did it again with another great spanking story. Clarine Klein and Kitty Benson together made a phenomenal romance novel filled with very real and relatable characters detailed and vivid scenes of love passion and very adorable brattitude. This is a book that got me to explore and really think about myself a lot as an age player and ended up figuring out a lot me by going along with Rhen for her roller coaster of a new life. Back to Her Teens: A Lesbian Ageplay Spanking Romance Audible Audio Edition: Clarine Klein Kitty Benson Clarine Klein: Books There's a distinct lack of mommydom ageplay/spanking stuff out there and this is a breath of fresh air that pushes all of my buttons! Back to Her Teens: A Lesbian Ageplay Spanking Romance Audible Audio Edition: Clarine Klein Kitty Benson Clarine Klein: Books The novel reads like a Japanese light novel. It was the inclusion of these lovely pieces of artwork done by two of the most talented artist the anime spanking community has produced in recent years that really made the novel as a whole feel like a Light Novel. Back to Her Teens: A Lesbian Ageplay Spanking Romance Audible Audio Edition: Clarine Klein Kitty Benson Clarine Klein: Books I will be honest I got about 2% into this before giving up. The fact that Rhen did not simply say "Ma'am my name is Rhen Mathews kindly go check your list of students when you do not find that name check the name of the college soph that is supposed to be starting work here when you find that Rhen Mathews is supposed to be starting here ask yourself how I could know that if I was not her then finally kindly direct me to the nearest phone as you have assaulted me and attempted to falsely imprison me and whether you assist or not I will be reporting it to the police and I am confident that the authorities will look kindly upon you for your crimes if you do not interfere with my ability to alert them:

I like stories of domestic discipline especially when ageplay is involved. If you enjoy stories of mommies or aunts age regressing grown girls and introducing them to strict discipline and childish punishment then you simply MUST read this book. Back to Her Teens: A Lesbian Ageplay Spanking Romance Audible Audio Edition: Clarine Klein Kitty Benson Clarine Klein: Books Not very believable and characters not at all credible: But if it's something you're into then ohhhhh boy this is definitely the story for you: While the book delves into some areas I am not fond of the author writes so

beautifully that I did not mind the scenes: Impressive dedication to real life strict OTK discipline but without going over the top. A lot of hand spanking but also a nice hairbrush session. Thank you to the author Back to Her Teens: A Lesbian Ageplay Spanking Romance Audible Audio Edition: Clarine Klein Kitty Benson Clarine Klein: Books I didn't care for this book. After I read the first two chapters I knew I was hooked for the rest of the book, The ageplay aspects in this book are especially hot and really capture the entire dynamic many of us associate with spanking: Back to Her Teens: A Lesbian Ageplay Spanking Romance Audible Audio Edition: Clarine Klein Kitty Benson Clarine Klein: Books I got so much than I bargained for, I picked this up as a good way to distract me from holiday woes thinking it was just some kinky book: To say I identify with Rhen would be the understatement of the freakin decade: I caught myself squirming and biting my lip red faced even finishing the busted bottom brat' sassy sentences times than I reaaaaaally care to admit: This is what I get from this book it's not some plotless raunch fest: Even if you don't relate to either main character you'll find than one reason to love this book. Even if it's just to see what that brat is up to next. It's no lie when I say this is now one of my favorite books: While spanking is mentioned I found that it's woven into the story, As in the story is allowed to develop and does not surge from one spanking to the other, The pictures done by the wonderful Pastel Hime and AshlyOTK are treats. " Frankly says to me that either Rhen is an idiot or the entire story takes place in CloudCuckooland where you don't even need to be entirely consistent. . This story is one of the best I've ever read. Maternal style love and discipline are the underlying themes. Not awful but still struggling to finish it. Beautiful book. Maybe age play is not my thing. It is so much .This is book full of real people living their lives. It's a loving gentle story about helping people grow.through a series of TOTALLY UNFAIR.but totally deserved punishments. It's kinky wholesome and just a great read. Now I got a new favorite book and a new friend. It's so freakin awesome. The author's prose is clean the pacing is good. The character development feels real. A flaw I've found in many such works. And add so much to the story
