The stories are all well structured and I felt satisfied by the endings something I don't always say when talking about this genre. **Secrets of the rainforest book** Underground railway I must say I don't read much fiction especially womens (I'm male) however on the strength of the other reviews Cally's reputation the low price and the fact this book is a compilation of quick reads I thought why not ? Maybe as I'm getting older I'm getting softer or maybe I just want some throwaway fast reading upon my Kindle but whatever I am so glad I bought this. **Secrets and rainlynn** Thank You !
