

Stupid Things Parents Do to Mess Up Their Kids By Dr. Laura Schlessinger

Indeed! Stupid Things Parents Do to Mess Up Their Kids I don't have time to write everything I want to say but I would classify myself as an attachment style parent and so I thought this book would be traditional style but since I picked it up I can't put it down. Stupid Things Parents Do to Mess Up Their Kids Every potential parent and every new mommy contemplating going back to work early should read this book! The tone of the book is a bit authoritative yet the advice is sound! A good book.

: She is blunt but that is what a lot of parents need to hear. Too many parents are chasing their own dreams while their kids suffer: She is basically of the type that says do the work or you pay later with kids that never grow up and get in trouble: I have read tons of parenting books and I am glad I picked this one up, I don't agree with EVERYTHING but I wouldn't mind getting her other books after reading this one, Stupid Things Parents Do to Mess Up Their Kids item arrived as indicated and very happy to receive it. Stupid Things Parents Do to Mess Up Their Kids

Stupid Things Parents Do to Mess Up Their Kids : Schlessinger Dr. Laura: : Libros Stupid Things Parents Do to Mess Up Their Kids This book is very well written with no psychobabble: It brings a very interesting reflexion on what parents should and should'nt do to do their job as parents. Stupid Things Parents Do to Mess Up Their Kids Perhaps the greatest book ever that makes the argument for tradition for strong family values and putting kids needs first: Feminism materialism parental "me first" narcissism are all clearly argued against. It is time for us to wake up read books like this and learn something about what really works for the traditional family concept that strengthens America. have nothing to say because it was on time. Yes this book is negative. For all you "one star raters 1. Did you actually read the book? 2. Guess what Dr. Laura is entirely CORRECT with her conclusions
