

Bodyguard book 3

In a dangerous world everyone needs protection Bodyguard Hostage is the new thriller from Chris Bradford bestselling author of Young Samurai Bodyguard is a bulletproof action adventure series that fans of Cherub and Alex Rider will love This is Lee Child for younger readers a teenage Jason Bourne for the next generation With the rise of teen stars the intense media focus on celeb families and a new wave of billionaires adults are no longer the only target for hostage taking blackmail and assassination kids are too That's why they need a young bodyguard like Connor Reeves to protect them Recruited into the ranks of a covert young bodyguard squad year old Connor Reeves embarks on a rigorous close protection course Training in surveillance anti ambush exercises hostage survival and unarmed combat hes put through his paces and wonders if he will actually survive the course But when the US President summons Connor to protect his impulsive teenage daughter Connors training is put to the ultimate test For Connor discovers that the First Daughter Alicia doesn't want to be guarded She just wants to have fun And with no clue Connor is her bodyguard Alicia tries to elude her Secret Service agents and lead Connor astray But unknown to her a terrorist sleeper cell has been activated Its mission to take the presidents daughter HOSTAGE And dont miss Bodyguard Ransom coming soon Bodyguard: Hostage (Book 1) Is a well-known author some of his books are a fascination for readers like in the Bodyguard: Hostage (Book 1) (English Edition) book this is one of the most wanted Chris Bradford author readers around the world. **Bodyguard license** The greatest mistake an author can make when writing for a teenage audience (sadly made by John Grisham in his Theodore Boone novels) is to assume that it can't cope with well written books and complex plots. **EPub bodyguardz replacement** The son of an SAS soldier who heroically gave his life to save an American diplomat Connor is recruited by an organisation which provides teenage bodyguards (buddyguards) to protect children who may be the targets of assassins or kidnappers. **Bodyguardz** In desperation her father the President decides to employ Connor to be her bodyguard to stick by her side at all times particularly when she tries to get away from the secret service. **Bodyguard kiba 1973** Charles Bodyguard: Hostage (Book 1) Love this series of books! Bought for my 13 year old son who hated reading but now can't get him to stop reading!!! He's read all the bodyguard series and now on to the samurai warrior ones! I'm now reading Bodyguard ones they are fantastic!! Bodyguard: Hostage (Book 1) This book is an amazing book now going onto the last one. **Bodyguard kiba 1973** Also my brother had read these books and told me about them i got WARNED!! That i would get addicted and I DID!! Bodyguard: Hostage (Book 1) This is the first book in the series a young Kickboxing champion Connor Reeves 14yrs is chosen to become a Buddyguard yes its a silly name but thats what the author calls it Connor meets Colonel Black who runs the organization Colonel Black tells Connor his father lost his life as a bodyguard and knew him Connor starts training joining 15 other boys and girls they trained in many situations that they could find themselves in Connor was put in Alpha team 12 weeks passed President Mendez of America was concerned about his daughter consistently giving secret service agents the slip while guarding her Colonel Black knew the President and Connor was chosen to be her friend as they were the same age he could then protect her A middle eastern group are plotting to kidnap Alicia the Presidents daughter one day car bombs went off around Washington this was the diversion needed to grab Alicia Connor and Alicia were told they were going to a safe house but were put in a cell President Mendez must release certain political prisoners or Connor and Alicia would be killed on camera America does not negotiate with terrorists even though the Presidents daughter was in danger its up to Connor now My verdict I like Chris Bradfords books this one was fairly predictable I hope the Bodyguard series storyline improves Bodyguard: Hostage (Book 1) Having read a lot of books I've found that the first book in most series' usually focus a lot on introducing the series and can seem not as action packed. **Pdf guardia civil** Once again Chris Bradford has gone to the greatest lengths possible to make his books authentic and exciting the whole way through; he has even trained to

become a fully qualified Bodyguard. **Bodyguardz** Chris has then used this knowledge to create an absolutely brilliant action/adventure story packed full of real bodyguard techniques and believable characters which have been explained and introduced in ways that prove Chris has had his audience in mind from the start. **Bodyguard magickal** Bodyguard: Hostage is never patronising to its young readers (or to the many adults who will also be captivated by the novel): **Bodyguard magicka 2** Just as Alex Rider and the young James Bond series come to an end we now have a delightful new fourteen year old hero in Connor Reeves: **Book bodyguard of lies** Connor's first mission is to protect the teenage daughter of the President of the USA, **Bodyguard kiba 1973** But there is reason to believe that dangerous terrorists may be trying to kill or kidnap her: **Bodyguard bumpers** But I can assure you that if you like a rip roaring adventure you will love this book. **Bodyguardian mini plus** It is sad that modern publishers insist on putting their products in pigeon holes. **Bodyguardz** Fifty years ago this book would have been directed at both teenage and adult readers: **Bodyguard season 2** The result is that Bodyguard is sold as a children's book and adults will only come across it by chance, **Bodyguardian mini plus book** Bradford has shown he can write a wonderful thriller which is a great deal readable and fun than anything produced by Jeffrey Archer or Dan Brown: **Bodyguard license** But because it is marketed as being for children the adults who rush to buy everything by those two authors will think it beneath them. **Bodyguard season 2** I was hooked on straight away just like young samurai and alex rider by Anthony Howerits (if thats how it spelt). **Bodyguardz** As a result; I have never bothered to reread those first books: **Bodyguardian mini plus** That said I am currently rereading Hostage for the third time; and have only had it for little over a week. **Bodyguardian mini plus book** For me the book went from good to great to fantastic and the last chapters left the book on a solid level: EPIC. **EPub bodyguardz replacement** I cannot wait for the second book which is coming out next year! I would highly recommend this book and the whole future series to everyone: **Bodyguard beyonce** You can also keep up to date with Chris Bradford's events news and send him your questions and support on Facebook at: and: Charlie Bodyguard: Hostage (Book 1)

. Chris Bradford has not made that mistake. The story is fast paced gripping and wonderfully escapist. She Alicia is extraordinarily pretty and high spirited. She hates the constant presence of secret service agents. So naturally she keeps trying to escape from them. More than that I cannot tell you. Now however the publishers have to choose between the two. That is a pity. They will be the losers
